FUTURE PROSPECTS.

The minimum support price of sugarcane has not been increased by the Government: However, the sugar selling price is depressed below economical level and the Pakistan Sugar Mills Association has requested the Government to export excess quantity of sugar. During the cane crushing season 2017-2018, we have already crushed 85,758 tons of sugarcane at an average recovery of 7.8 % and have produced 6,245 tons of sugar
