DETAILS OF DEMANDS FOR GRANTS  
AND APPROPRIATIONS

## 2014 - 2015

VOLUME I & II  
Current Expenditure

VOLUME III  
Development Expenditure

GOVERNMENT OF PAKISTAN  
FINANCE DIVISION  
ISLAMABAD

## Preface

Annual Budget Statement for financial year 2014-15 is tabled in the National Assembly of Pakistan to meet requirements of Article 80 (1) of the Constitution of the Islamic Republic of Pakistan, which stipulates that for every financial year an Annual Budget Statement showing estimated receipts and expenditure of the Federal Government for that year be laid before the National Assembly. Similarly, pursuant to Article 73 (1) of the Constitution, a copy of the Annual Budget Statement is transmitted to the Senate of Pakistan.

To facilitate understanding the details of the expenditure included in the Annual Budget Statement, this publication captioned “Details of Demands for Grants and Appropriations 2014-2015” is being tabled as supporting information. Article 80 requires that the sums required to meet expenditure described by the Constitution as expenditure charged upon the Federal Consolidated Fund, as further explained in Article 81, and the sums required to meet other expenditure (voted) be shown separately. To enable a clear recognition of the sums required to meet charged expenditure, these are shown in italics and identified as Appropriations proposed to be made. Grants identified by distinct codes in the document are the sums required to meet the voted expenditure proposed to be made from the Federal Consolidated Fund within the meaning of Article 80 (2) (b).

The details for demands are provided in three volumes, Vol-I and Vol-II for Current Expenditure and Vol-III for Development Expenditure. Further, pursuant to pattern of reporting prescribed by the Constitution and followed by the Annual Budget Statement, both for Current and Development Expenditure, a clear distinction has been made between Expenditure on Revenue and Expenditure on Capital Account. The estimated expenditures are reported on gross basis. Wherever any receipts or recoveries are expected, the estimated reduction in expenditure is shown below the relevant demand.

The budget information is reported in this publication from Function-cum-Object perspective. It describes which entity is expected to spend resources on what objects of expenditure like employee related expenses, utilities, motor vehicles and travel etc. The Functional Classification that provides a perspective about the purpose on which money will be spent like general public service, defence affairs, public order and safety etc. is also indicated for each Grant or Appropriation. The volume of the publication, commonly called the “Pink Book”, explains detailed information from Function perspective on all levels, while from Object perspective it is reported at Major and Minor head levels except employee-related expenses, which are reported at Major, Minor and Detailed levels. The accounting circles through which the budgets of individual entities will be processed for payments against budgeted amounts are also clearly identified. For day-to-day working of Ministries and their departments, this document becomes the basic reference point for expenditure management and control.

Waqar Masood Khan  
Secretary to the Government of Pakistan
