Quaid's Concept of Islamic Banking

"I shall watch with keenness the work of your Research Organization in evolving banking practices compatible with Islamic ideas of social and economic life. The economic system of the West has created almost insoluble problems for humanity and to many of us it appears that only a miracle can save it from disaster that is now facing the world. It has failed to do justice between man and man to eradicate friction from the international field. On the contrary, it was largely responsible for the two world wars in the last half century. The Western world, in spite of its advantages of mechanisation and industrial efficiency is today in a worse mess than ever before in history. The adoption of Western economic theory and practice will not help us in achieving our goal of creating a happy and contented people.

We must work our destiny in our own way and present to the world an economic system based on true Islamic concept of equality of manhood and social justice. We will thereby be fulfilling our mission as Muslims and giving to humanity the message of peace which alone can save it and secure the welfare, happiness and prosperity of mankind."

Quaid-e-Azam Muhammad Ali Jinnah
Founder of the Islamic Republic of Pakistan

On the occasion of the Opening Ceremony of The State Bank of Pakistan on July 1, 1948.

Mobile Banking Application

The Mobile Banking Application for Smartphones, available on both the Android and Apple platforms, is designed for customers on the move. The application allows customers to instantly check their account balance, view the last few transactions of each account, pay utility bills, top-up mobile phone credit and transfer funds between accounts. With over 40,000 downloads in the first four months, the application has been very well-received and is one of the most popular applications on both Android and Apple App Stores in the region.

Internet Banking

Meezan Bank's Internet Banking facility allows customers to access their accounts 24/7 from the comfort of their homes, offices or anywhere in the world. The facility is both reliable and secure – using firewall, Transport Layer Security and 128 bit EV SSL encryption, giving one the ability to manage accounts, generate account statements, pay utility bills and even request for payorders, cheque books as well as issue stop payment instructions conveniently and safely. Customers can also use this facility to invest in Al-Meezan funds and manage their investment portfolio. Registration for Internet Banking is easy and almost instantaneous through the Quick Registration page on Meezan Bank's website.

WebPay

While e-commerce has continued its unabated march across the globe, including Pakistan, some customers are understandably reluctant about using their debit cards online. The Meezan WebPay service addresses this concern. When customers wish to use their Meezan Debit Card online, all they have to do is call the Bank's phone banking service and ask for their card to be authorized for online usage. What makes WebPay so secure is that the card is only authorized for a short period of time, as required by the customer, after which it is again blocked for online use. This ensures that customers can safely use their debit card online with the convenience of being able to buy anything, anytime and anywhere – even from a retailer on the other side of the globe.

SMS Banking

The easiest way for customers to check their account balance or view the last three transactions in their accounts is the Meezan SMS Banking facility. Accessible from any cellular device – not necessarily only a smartphone – the SMS Banking service is extremely easy to use and is available free of cost to all customers. A unique feature of this service is that customers can also temporarily activate or deactivate their Meezan VISA and MasterCard Debit Cards just by sending an SMS.

Meezan World Intranet Portal

Linking some 7000+ Meezan Bank employees together is Meezan World, a collaborative intranet portal built on the ground breaking technology of IBM Websphere and IBM Connections platform. The features of the portal go beyond those of just a data repository and news update channel. This portal allows employees to manage projects with cross functional teams and is a virtual hot desk for them, letting them work from any Meezan Office in case of an emergency. The Portal also allows users to develop workflows, greatly adding to the efficiency of business processes. Meezan Bank is first the bank to have implemented such a large scope intranet portal in Pakistan.

ATM Service

With over 350 ATMs in more than 95 cities nationwide, Meezan Bank's ATM network allows customers to withdraw cash using any 1-Link branded ATM card. These include all Visa, MasterCard, UnionPay cards issued by banks in Pakistan along with Ufone's UPaisa ATM cards. At a Meezan Bank ATM, customers can also pay their utility bills, top-up mobile phone credit, transfer funds and print mini account statements.

Deposit base of the Bank grew by an impressive 31% from Rs. 290 billion to Rs. 380 billion. The extensive branch network, quality of service and excellent brand image of the Bank were the key contributing factors behind the growth. The deposit mix of the Bank also improved with CASA contributing 71% to the mix as against 68% last year. The Bank's strategy of aggressive marketing campaigns to enhance current accounts paid off and the share of current account in the deposit mix increased to 31% as against 29% last year.

Notwithstanding low demand for financing, both short and long term, the Bank was able to increase its total financing portfolio by Rs. 48 billion to register a growth of 38% during the year, which is substantially higher than the overall banking industry financing growth of 6%. The portfolio is well diversified by sector and maturities are also comfortably balanced with 70% in short-term (upto one year) and 30% in long-term. Advances to Deposit Ratio (ADR) of the Bank now stands at 46% as against 44% last year.

In 2014, return on deposits increased to Rs.15.4 billion from Rs.12.5 billion. The reason for this rise was increase in deposit base to Rs. 380 billion at December 31, 2014 from Rs. 290 billion as at December 31, 2013.

Non Funded income increased by 36% from Rs. 3.5 billion in 2013 to Rs. 4.8 billion in 2014. This was mainly due to higher volume of ancillary business handled during the year. NPL and Coverage Ratios

Administrative expenses of Rs.10.5 billion have increased by 26% during the year, mainly because of higher human resources cost due to induction of staff, salary increments and opening of new branches - an investment which has borne fruit for the Bank, as evident from strong growth in deposits and profits over the years.

Chairman's Review

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

Alhamdulillah, it gives me great pleasure to present the Annual Report of Meezan Bank for the year 2014.

The Bank completed 12 successful years of Islamic Commercial banking in Pakistan, and during this period, has maintained its position as the leading Islamic bank of the country. As always, the Bank also achieved excellent business results this year with its deposits and after-tax profit growing by 31% and 16% respectively.

A significant achievement of the year was the successful acquisition of HSBC Pakistan and conversion of all its assets and liabilities into Islamic modes. I would like to thank the management of the Bank for the hard work, focus and commitment with which they completed this transaction in a very short time-frame. I am also very grateful to the Shariah Supervisory Board and the Shariah Advisor for their support and guidance in converting a conventional banking operation into Islamic – by no means an easy task.

I am happy to share with you that the Board of Directors of the Bank recently reaffirmed their faith and commitment to Pakistan by approving the most aggressive branch expansion plan in the history of the Bank – a total of 122 new branches in the year 2015, more than double the highest number of 67 achieved last year. This will take the total branch network of the Bank to 550 and provide easy access to Islamic banking to people in more than 130 cities and small towns across the country.

The Bank is focused on building a strong technology infrastructure with the help of the latest hardware and software to ensure that its customers can conduct their financial transactions in an efficient and secure manner. We are also excited about the key new strategic initiative, which is awaiting regulatory approvals, to launch branchless banking services in collaboration with major service providers. This will enable thousands of people, who otherwise do not have access to regulated financial services, to open mobile banking accounts and conduct financial transactions through an Islamic banking platform.

Meezan Bank will Insha'Allah continue to lead the way in introducing new and innovative Islamic banking products through its research and development efforts. To support this initiative, the Bank has in place a team of over 40 very well qualified and experienced professionals that are dedicated to research and product development. This team is also responsible for Shariah-compliance and audit - so as to ensure that all activities of the Bank are in accordance with the procedures and processes laid down by the Shariah Supervisory Board and the Shariah Advisor.

My sincere gratitude to the State Bank of Pakistan, Ministry of Finance and the Securities and Exchange Commission of Pakistan for their continuous commitment to establish a viable Islamic financial system in the country. I sincerely appreciate the efforts being taken by the Government of Pakistan to increase the usage and awareness of Islamic Banking in the country. Following

from my review in last year's Annual Report, I am also delighted to note that Government of Pakistan's Steering Committee for the Promotion of Islamic Banking in Pakistan has done sterling work and the first report of the Committee has been submitted to the Government. I would like to take this opportunity to thank the State Bank of Pakistan for their efforts to address the issues being facing by Islamic banks. Also worthy of special note is the implementation of a new product by the State Bank of Pakistan to help Islamic Banks manage their excess liquidity.

I would like to thank all members of the Meezan team across Pakistan for their hard work and dedication that made it possible for the Bank to achieve such commendable results.

Establishment and growth of Islamic banking in Pakistan has been possible only because of the trust and support of the millions of people of Pakistan. My sincere thanks to the people of this country for supporting the cause of Islamic banking and making it a success.

I would also like to thank our valuable shareholders, members of the Shariah Supervisory Board and my fellow Board Members for their unrelenting efforts in making Meezan Bank the largest and fastest growing Islamic bank in Pakistan.

Directors' Report to the Members

On behalf of the Board of Directors, we are pleased to present the eighteenth Annual Report and audited financial statements, setting out the detailed financial results of the Bank for the financial year ended December 31, 2014.

Meezan Bank has completed twelve years as a full-fledged Islamic commercial bank. During this period the Bank has the distinction of being the fastest growing bank in the industry and we are grateful for the blessings of Allah ﷻ and the commendable team effort that has allowed us to become the dominant leader of the Islamic Banking industry. With a network of 428 branches in 117 cities and a total deposit of Rs. 380 billion, Meezan now represents over 50% of the total deposits of the dedicated Islamic banks operating in the Country. Throughout this journey the Bank has remained committed to its Vision of establishing 'Islamic banking as banking of first choice'.

A significant achievement during the year was the successful acquisition of the Pakistan operations of HSBC Bank, one of the leading retail banks in the world. All assets and liabilities stands amalgamated into Meezan Bank and these have now been converted into Shariah compliant products. 10 branches were added to our network and 324 employees of HSBC became part of the Meezan family as a result of this acquisition.

This is the second acquisition for Meezan Bank. Previously in 2002, we acquired and successfully converted the banking operations of Societe Generale in Pakistan into Islamic banking through a very similar transaction.

Economic Overview

The year 2014 started on a high note with European Union granting GSP plus status to Pakistani Exports in January 2014. The economy started to take a turnaround with GDP growth of 4.14% for 2013-2014 as against 3.7% in 2012-2013. Stabilization of foreign exchange reserves, appreciation of rupee, exceptional increase in home remittances, by Pakistani workers abroad, to \$15.84 billion in 2013-2014 from \$13.92 billion in the previous year paved the way for economic recovery and growth. This was supplemented by successful launching of Euro Bonds worth \$2 billion, foreign currency Sukuks worth \$ 1 billion in the international market and auction of 3G/4G licenses for \$1.1 billion. Stock Market witnessed a bullish trend with KSE Index crossing 32,000 points.

Home Remittance

Agriculture sector grew by 2.12% as against 2.88% last year. Industrial sector expanded by 5.84% against the growth of 1.37% last year while large scale manufacturing posted a growth of 5.31% against the growth of 4.08% last year.

Internationally, oil and global commodity prices witnessed a significant decline. Oil prices have fallen to less than \$50 a barrel. The same is being passed on to consumers gradually by the Government which would reduce the cost of doing business. The current low oil prices could salvage some of the lost growth momentum. Broadly, however, growth in large-scale manufacturing would remain constrained due to energy bottlenecks.

Inflation is also substantially lower at 6.1% from a high of 13.7% in 2010. Low inflation and other monetary measures has allowed the Government to curtail budgetary imbalances and cut interest rates. The benchmark policy rate, the Discount Rate, has been cut by 150 bps (50 bps in Nov 2014 and 100 bps in Jan 2015). These measures are expected to boost corporate earnings and improve the competitiveness of Pakistan's exports. Foreign exchange inflows are expected to remain on track. Further, government intends to revive the economy and boost investment in the country.

Inflation

Our Performance

Alhamdulillah, Meezan Bank recorded commendable all round results for the year ended December 31, 2014. The Bank's profit after tax increased to Rs.4.57 billion from Rs. 3.96 billion earned in the previous year, reflecting an increase of Rs. 613 million while the Bank's total assets reached Rs.437 billion, up 33% from Rs. 330 billion in 2013.

The Bank's branch network grew from 351 branches in 103 cities to 428 branches in 117 cities, opening of 67 new branches and acquisition of 10 branches from HSBC. Meezan Bank is now the 8th largest bank in the country.

Deposits increased by 31%, closing the year at Rs. 380 billion from Rs. 290 billion a year ago; almost three times higher than the banking industry average deposit growth rate of 11% during 2014. This performance is especially impressive in light of the fact that the current account in the mix improved from 28% in 2013 to 31% in the 2014. Bank's CASA deposits were 71% in the mix as against 68% last year.

Extra focus and resources were deployed to aggressively grow the Bank's financing portfolio, which jumped by 38% to Rs. 176 billion from Rs.128 billion last year. This growth is significantly higher than the banking industry's financing growth of 10%. The Bank has achieved this growth despite challenging economic circumstances and crowding out of private sector financing due to Government borrowing. It is also heartening to note that the ratio of non-performing financing to total financing (NPL ratio) is 3.8% which is one of the best in the Pakistani banking industry (average NPL ratio is in double digits). The Bank maintains a comfortable level of provision against its non-performing financing with coverage ratio of 110%. The focus is to build a high quality and well diversified portfolio.

We are happy to report that the State Bank of Pakistan (SBP) started Open Market Operations (OMO) for Islamic banks in November 2014 and this has helped address the chronic excess liquidity management problem faced by Islamic banks. The OMO uses a Bai Muajjal structure that has been approved by both the Shariah Board of the SBP and also the Meezan Bank's Shariah Supervisory Board. As at December 31, 2014 Meezan Bank has been able to deploy Rs. 51.6 billion with SBP at rates very close to the T-Bill rate. We are confident that these positive measures will be a big help to all Islamic banks.

Total trade (import and export business) handled by the Bank also grew by 19% to Rs. 376 billion in 2014. An extensive network of correspondent banks and significant foreign exchange lines with international banks has allowed the Bank to compete aggressively for trade business.

Administrative and operating expenses of the Bank increased to Rs.10.8 billion from Rs.8.4 billion, a rise of 28%. The rise in expenses is primarily due to increase in staff expenses, rent and costs as a result of new branches opened. Aggressive investment in building the branch network is expected to continue during the year as well.

The Bank's equity increased to Rs.23.3 billion in the year 2014 from Rs. 17.9 billion a year earlier, notwithstanding the fact that a healthy cash dividend of Rs.2 billion was paid during the year. The acquisition of HSBC Bank Middle East Ltd, Pakistan branches resulted in recording of gain on bargain purchase on the transaction amounting to Rs. 2.8 billion through Statement of Changes in Equity as per the directives of State Bank of Pakistan. The capital base of the Bank is also strong with a Capital Adequacy Ratio of 11.88% compared to the minimum 10% prescribed by SBP.

The key business results achieved in 2014 are as under:

	2014	2013	Growth

The Islamic Banking industry continues to grow with five full-fledged Islamic banks and seventeen Islamic windows of conventional banks presently operating in Pakistan. Islamic banks now account for almost 11% (2013: 10%) of the total banking industry in terms of deposits. This augurs well for the Islamic Banking sector and we are confident that the existing Islamic banks and new players will further increase their market share in the coming years.

The Board, representing the shareholders of the Bank, reiterates its commitment to Pakistan in general and Meezan Bank in particular, to meet all its present and future capital needs.

Future Outlook and Strategy

2015 will be a challenging year for the banking industry in the backdrop of lower interest rates and falling oil and commodity prices. The Government's refocus on economic reforms - power, public sector enterprises performance, infrastructure investment - would help to sustain Pakistan's long-term growth prospects. Complementing the Government's efforts, lower oil prices is a blessing and will help ease the Current Account deficit and meet IMF conditionalities. Cumulatively, these factors may become visible in the medium term. Further, these factors would improve the domestic currency and inflationary outlook and would provide an opportunity to further extend the private sector credit. Our focus will be on maintaining the growth momentum and asset quality due to the aforementioned improvements in the economy. Efforts are also underway to target new market segments and improve efficiency and productivity by leveraging on the substantial investment in technology made by the Bank in recent years.

Despite the challenging external environment, the Bank intends to continue its aggressive branch growth strategy and will add 122 new branches during the year, bringing the total branch network to 550 branches in 137 cities, Insha'Allah. The Bank's priority is to ensure that Islamic banking products and services are made available across the length and breadth of Pakistan through an extensive branch network that is critical for effective market penetration.

As the Bank expands, sourcing and retaining the right quality of human resource is an increasingly significant challenge. Accordingly, the Bank has enhanced the physical infrastructure of its learning and development facilities. The Learning and Development department is focused to produce highly professional video training content in 2015. Moreover, Bank-wide Training Needs Analysis activity is also being carried out. A comprehensive course catalog is under development.

Islamic banking has a good future in Pakistan and its share in the Country's banking industry is increasing every year. Meezan Bank continues to play its pioneering role in Islamic banking and would contribute to the growth of Islamic banking in Pakistan. We welcome new players to this segment as this would bring more representation and help further evolve the Islamic banking industry.

Business and Operations Review

Business Review

Alhamdulillah, Meezan Bank achieved a number of significant milestones during 2014. These included:

- Acquisition of the Pakistan operations of HSBC, one the best and most recognized banking brands in the world.
- Branch network of the Bank crossed the 425 mark.
- Deposit base of the Bank grew by an impressive 31%.
- Financing portfolio of the Bank increased by 38% against overall banking industry financing growth of 6%.

Total assets of the Bank increased from Rs. 330 billion (\$ 3.1 billion) as at December 31, 2013 to Rs. 437 billion as at December 31, 2014 representing a growth of 33%. Despite this substantial increase in the asset base, the Capital Adequacy Ratio of the Bank has been maintained at a very healthy level of 11.88%, compared to the minimum level of 10% prescribed by the Regulator. Total equity of the Bank now stands at Rs. 23.3 billion, up from Rs. 17.9 billion a year earlier, an increase of 30%. Deposit base of the Bank also grew by an impressive 31% from Rs. 290 billion to Rs 380 billion. The extensive branch network, quality of service and excellent brand image of the Bank were the key contributing factors behind this growth.

Increased focus on building the Bank's financing portfolio, while maintaining high quality and portfolio diversification, yielded positive results. The financing portfolio grew by Rs. 48 billion, an increase of 38%, to close at a total of Rs. 176 billion. This growth is substantially higher than the overall banking industry financing growth of 6% and was achieved despite low demand for private sector credit due to challenging economic circumstances. The portfolio is well diversified by sector, and maturities are also comfortably balanced with 70% in short-term (upto one year) and 30% in long-term. Advances to Deposit Ratio (ADR) of the Bank now stands at 46% as against 44% last year. Portfolio infection at 3.8% (NPL ratio) is one of the best in the Pakistani Banking industry and reflects the Bank's prudent lending strategy backed by a sound risk infrastructure and rigorous remedial and recovery efforts. Notwithstanding the low NPL, the Board, in keeping with its very prudent approach, maintained a coverage ratio above 100% (110% in 2014) which is also one of the highest in the banking industry.

Retail Banking

Meezan Bank offers a wide range of deposit products - current, savings and term deposit accounts - all designed with flexible features to meet the needs of the customers in a Shariah-compliant manner. The Bank's diverse range of Shariah-compliant deposit products has enabled it to develop a large, well diversified and stable deposit-base. The Bank is a market leader in offering innovative Shariah-compliant products and services, which is evident from the growth in both its customer and deposit base.

The Bank remained committed to its strategy of expanding its geographic outreach and added 67 new branches to its network, thus organically growing the network to 418 branches. Furthermore, the acquisition of Pakistan operations of HSBC Bank added another 10 branches to the Bank's network, increasing the total size of the network to 428 branches spread across 117 cities in the country. Meezan Bank now has the 8th largest banking network in Pakistan. Continuous expansion of the network has enabled the Bank to serve customers from all walks of life, commensurate with its Vision to 'establish Islamic banking as banking of first choice'.

**Alhamdulillah,

Total customer base (number of accounts) also increased by 20% from 770,000 to 973,000.

Branchless Banking

Financial inclusion has become one of the key pillars for financial sector development and macro-economic stability in developing countries. Digital financial services play a major role in providing rapid access to financial resources to the un-banked markets. There are over 130 million Mobile phones subscribers in Pakistan whereas the total number of bank accounts is only about 20 million. Enabling Mobile phone subscribers to conduct banking transactions will give banks access to a very large, hitherto untapped market.

As per State Bank of Pakistan's quarterly Newsletter for the third quarter of 2014, Branchless Banking has been growing on almost all fronts. The numbers show a strong upward trend with more than 66 million transactions worth Rs.375 billion done during the 3rd Quarter of 2014 alone. On a cumulative basis, 4.7 million mobile banking accounts have been registered and usage level of these accounts has also been growing. Agents network has also grown to 186,000 spread across almost 90% districts of Pakistan.

As a part of its efforts to provide Riba-free financial services to every segment of the economy, the Bank is investing in alternate technologies with strategic partners to build its branchless banking infrastructure. This will enable it to provide Islamic banking to a large segment of the population that may not otherwise have access to banking services.

Home Remittance

The Home Remittance Unit plays an active role in the nationwide drive of stimulating and formalizing home remittance through banking channels under PRI and non-PRI arrangements. Significant rise in the overall volume was registered in 2014 with a growth of 84%.

Remittance Volume

The Bank's Small and Medium Enterprises (SME) department targets customers with sales turnover of up to Rs. 400 million and financing requirements of up to Rs. 100 million while the Commercial Banking department targets the 'middle-market' segment of customers with sales turnover of up to Rs. 1.0 billion. This market segment represents the backbone of Pakistan's economy and has high growth potential.

Commercial Banking business grew by 35% in 2014, bringing the year-end portfolio to Rs.18.5 billion and surpassing the Bank's year-end targets. The Trade finance business generated by this segment also increased by 26% to Rs. 118 billion despite bearish conditions in international oil markets since June 2014. The new-to-bank business also showed a healthy trend and the Bank entered into relationships with several new clients.

Commercial Banking Assets

Commercial Banking Trade Business

The Bank's SME & Commercial Banking portfolio is well-diversified, with exposures in sectors as diverse as Wheat, Sugar, Rice, Cotton & Yarn, Iron & Steel, Edible Oil, Food and Beverages. The Bank also made significant inroads into the Ship-breaking industry this

year and several big-ticket transactions were executed with ease because of the Bank's experience in this field of financing.

Commercial Banking Portfolio

The non-performing financing (NPL) of this portfolio remained under strict vigilance. NPL ratio has shown a declining trend and improved to 5.8% in 2014 from 15% in 2011 as a result of enhanced risk management processes deployed by the Bank and robust recovery efforts.

Consumer Finance

Meezan Bank's Consumer Finance team is responsible for managing the consumer financing products and Wealth Management segment of the Bank. Meezan Bank is the pioneer in providing Shariah-compliant consumer financing products in the country and offers five products to its customers - Car Ijarah (auto finance), Easy Home (housing finance), Laptop Ease (laptop finance), Meezan Roshni (generator finance) and Meezan Labbaik (Hajj & Umrah finance facility).

Car Ijarah (auto finance)

The automobile industry witnessed a marginal growth of 2.4% in 2014 with car sales standing at 141,418 units compared to 138,002 units last year. Key industry players remained Pak Suzuki, Indus Motors and Honda. It is pertinent to mention here that cash sales declined from 85% to 76% with more customers availing Ijarah (leasing) facilities from banks and this trend is expected to grow, especially as interest rates continue to decline.

Meezan Bank has remained active during the year in devising and implementing a number of changes and improvements in its Consumer Banking

infrastructure, product features as well as management of the Car Ijarah business. This has allowed the Bank to become one of the market leaders in the car leasing business and build a high quality portfolio.

The Bank's auto finance business, 13 years after its launch, stands at Rs. 8.1 billion with over 10,000 active vehicle contracts.

Car Ijarah Portfolio

Easy Home (Housing finance)

In 2014, Meezan Bank completed eleven years of uninterrupted operations in the home mortgage business. During the period of 2004 – 2014, the Bank has disbursed an aggregate amount of Rs. 12.524 billion to over 3,200 customers and is now among the leading housing finance providers in the country. At December 31, 2014 the total portfolio stood at Rs. 4.6 billion.

Easy Home Portfolio

Laptop Ease (laptop finance)

The Laptop Ease business of the Bank has been growing at a steady pace and the Bank has financed more than 4,300 laptops to individual customers to date. This product was initially offered in five major cities but during 2014 the Bank also enhanced the outreach of Laptop Ease to several other cities.

Meezan Roshni (Generator finance)

Meezan Bank launched a new generator financing product 'Meezan Roshni' during the year. The product has received an overwhelming response from consumers. Meezan Roshni is a Riba Free generator financing facility based on the concept of 'Musawamah' whereby Meezan Bank, through authorized vendors, provides generators to customers on monthly installments over periods ranging from 3 months to 24 months. Currently, the Bank is offering two well established brands - Honda and Orient Power.

Meezan Labbaik (Hajj & Umrah finance)

Meezan Labbaik Hajj & Umrah completed its 6th year of operations in 2014. To date more than 3,000 pilgrims have been facilitated through this platform. Meezan Labbaik is now a popular product with both existing and walk-in Customers.

Meezan Labbaik facilitates customers who wish to perform Hajj or Umrah through carefully selected packages of renowned Travel Agents on the Bank's panel. The Bank's role in Labbaik is that of a sales and funds collection agent.

Meezan Labbaik provides the following two options to the customer:

- To pay the full price of the selected package upfront and travel immediately, after completion of all travel arrangements.
- To make a down-payment and travel immediately after completion of all travel arrangements. The remaining price is to be paid in 12 equal monthly installments with no additional charges

The Bank's partner agents for 2014 were Dar Al Eiman Pakistan, Universal Express and Universal Brothers. During the year, 232 customers performed Umrah and 138 customers performed Hajj through Meezan Labbaik.

Treasury & Financial Institutions

Meezan Bank has one of the most well equipped Treasuries in the country, both in terms of people and systems. The Bank offers a wide range of Shariah compliant products that not only serves the foreign exchange needs of its clients but also makes effective utilization of excess liquidity to generate profits that are paid as return to depositors. Treasury managed over Rs. 200 billion of liquidity in addition to facilitating trade turnover amounting to over Rs. 350 billion during 2014.

Meezan Bank's Foreign Exchange Trading desk is responsible for effective management of the Bank's foreign exchange risk. The Bank's Treasury is an active market maker known for providing foreign exchange liquidity and stability in the volatile inter-bank market. The Bank is the forerunner in the development of the Islamic Outright market, which allows effective cash flow management in a Shariah compliant manner. FX

trading desk's activity enables the Treasury Marketing Unit with competitive pricing which in turn results in generating generous foreign exchange flows. Competitive pricing is also one of the major reasons Meezan Bank has been so successful in boosting its overall trade business. With the rapid growth of the Bank, its trading desk has started facilitating other inter-bank counterparts in hedging their G7 exposure. The year 2014 was an excellent year for the Bank's Treasury Marketing Unit (TMU), owing to its consistently aggressive pricing and product development initiatives. The Bank was successful in bringing new corporate clients on board, as well as generating additional Treasury business from existing clients. Moreover, the trade turnover increased with big tickets items from OMCs and the Telecom sector, as market fluctuations prompted hedging tools to come into play. The Treasury and product development teams jointly developed new products such as Euro-Linked Bai Salam, Bai Salam against Forward Promise, and Forward Cover against Foreign Currency Private Loans. Furthermore, concerted discussions with the Central Bank led to standardized guidelines of Bai Salam transactions for the industry.

The Asset and Liability Management desk of the Bank is responsible for managing the Bank's liquidity as well as asset and liability mismatches. This year was a difficult one keeping in view the excess liquidity of Islamic Banks due to maturing GOP Ijara Sukuk of Rs. 92 billion in 2014 and Rs. 84 billion in 2013 and the issuance of only one GOP Ijarah Sukuk that did not suffice to fulfill the market's appetite. The Bank's Treasury and PDSC departments were instrumental in introducing the Bai-Muajjal product in the market which was later adopted by the State Bank of Pakistan as a medium to deploy the excess liquidity of Islamic Banks.

The Bank's Financial Institutions and Correspondent Banking department had many remarkable achievements this year. Building on the success of last year, the Bank was able to facilitate Crude Oil Letters of Credit and other big ticket L/Cs during 2014. The Bank also developed relationships with some of the prime banks in UAE that were able to confirm big ticket LCs for Meezan Bank and hence enabled the Bank to route oil business successfully. This reinforced Meezan's position in the international market as a strong, robust and leading financial institution.

A major breakthrough in 2014 was the start of ACU Dollar clearing service whereby FI department brought onboard major vostos from SAARC countries and hence expanded the scope of Meezan's services to other FIs. This year the Bank successfully tapped into the service side of correspondent banking and continued efforts in this area will enable it to increase its market share in the ensuing years.

In 2014 new nostro accounts were opened with top regional banks like Bank of Tokyo Mitsubishi in Japan, Canadian Imperial Bank of Commerce in Canada and Industrial and Commercial Bank of China (Malaysia) Berhad in Malaysia, in order to facilitate remittances, trade and treasury transactions. This bolstered Meezan

Bank's relationship with the aforementioned banks and expanded its outreach further into the international market.

The Bank also continued to provide advisory services for Islamic consumer sales product to United Sales (Pvt.) Ltd. (USL), a subsidiary of Dawlance group under the umbrella of Diyanat financing.

Review of Assets

The Bank primarily used Murabaha, Ijarah, Diminishing Musharakah, Musawamah, Istisna, Tijarah, Musharakah and Salam for its financing activities during the year.

It is encouraging to note that the Bank has moved towards diversification in the usage of various financing products and has reduced the reliance on Murabaha, as is evident from Bank's financing portfolio. In this context it is extremely encouraging to experience a significant growth of 8% (approx) in Musharakah & Running Musharakah share in total financing portfolio. Share of Istisna increased by 2%, while the share of Diminishing Musharakah, Murabaha and Ijarah remained at 25%, 15% and 6% of the total financing portfolio respectively. Shariah Audit & Compliance Reviews

The Shariah Audit function plays a vital role in achieving the objective of ensuring Shariah compliance by evaluating the adherence to Shariah guidelines in each and every activity undertaken by the Bank. The Shariah Audit function keeps a continuous check on all activities starting right from the time of opening of a branch and goes hand in hand at each step of product offering till the stage of final profit distribution to the customers.

Shariah Audit of 388 branches and departments was conducted as a part of the Bank's efforts to strengthen the internal Shariah controls mechanism. These audits not only cover the transactions that the branches/departments undertake but also include an evaluation of the Shariah knowledge of staff.

On the financing side, the Bank's PDSC team makes extra effort to understand the customer's business model before approving or renewing any facility. Frequent customer meetings, factory visits and reviews of business processes and transactions are undertaken to ensure that the facility being offered to the customer is delivered through a process that ensures compliance with Islamic Shariah. Shariah Audit of the process of profit distribution to depositors is also conducted periodically to ensure adherence to Shariah guidelines.

During the year, credit approvals, restructuring of financing facilities, customer-specific transaction process flows, text of LGs and security documents were reviewed to ensure Shariah compliance while offering financing products to the customers.

As part of its ongoing activities, the PDSC department approved more than 1000 product structures and process flows for its clients. Moreover, random physical inspections and concrete measures were taken to verify the purchase evidences and invoices of financing transactions, thus further improving the quality of internal controls. In Istisna and Tijarah transactions, existence of goods were ensured by conducting 100% physical inspections at the time of taking delivery of the goods.

I am pleased to highlight that during the year 2014, direct payments for Murabaha financings to Corporate and SME/commercial customers increased by 13% while overall the percentage of direct payment increased to 83% against 70% in the previous year. It is highly recommended that efforts be continued to increase, or at least maintain, this percentage of direct payment of Murabaha transaction.

Moreover, an amount of Rs.73.21 million was disbursed from the Charity Account after approval of the Shariah Advisor. Details of Charity are available in note # 19.4.

Recommendation

Based on the review of various transactions and operations of the Bank, I recommend that:

- The Bank should evaluate the possibility of offering its products, services and network in the international market so as to make other people benefit from Islamic banking.
- Bank IT department should immediately focus on establishing an automated system/mechanism for monthly profit calculations and distribution.
- Due care regarding the mindset and commitment towards the cause of Islamic banking should be taken during the process of hiring of new staff. Moreover, it is recommended to increase the scope of Islamic banking knowledge assessment process already implemented for new Branch and Operations Managers to Area Managers, department heads and new joiners at senior level.
- The Bank should continue its policy of expansion to spread Islamic banking and in this regard continue its focus on employees' training related to Islamic banking products and services offered by the Bank with specific focus on front line staff.
- The Bank should reduce its share of Bai Muajjal transactions and focus more on further increasing its Asset base through direct financing to businesses and individuals through the use of approved Shariah compliant modes.

Conclusion

As per the charter of the Bank, it is mandatory on the management and employees to ensure application of Shariah principles and guidelines issued by the Shariah Supervisory Board and Shariah Advisor and to ensure Shariah-compliance in all activities of the Bank. The prime responsibility for ensuring Shariah-compliance of the Bank's operations thus lies with the management.

Based on the extensive reviews of sample cases for each class of transaction, related documentation, processes, profit distribution mechanism for the depositors and management's representation made in this regard, in our opinion, the affairs, activities and transactions, performed by the Bank during the year comply with the rules & principles of Islamic Shariah in light of the guidelines and directives given by the Shariah Supervisory Board, Shariah Advisor of Meezan Bank and SBP guidelines related to Shariah-compliance. The non-compliant income identified during the review is being transferred to the Charity Account.

May Allah bless us with the best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

Wassalam Alaikum Wa Rahmat Allah Wa Barakatuh.

- نئے ملازمین کو ملازمت فراہم کرتے ہوئے ان میں اسلامی بینکاری کے مقاصد تک پہنچنے کے عزم و ہمت کو خصوصی طور پر مد نظر رکھنا ضروری ہے۔ نیز میزان بینک میں رفتہ رفتہ اسلامی بینکاری سے متعلق معلومات کو جاننے کے لئے جو نظام رائج ہے اس کے دائرہ کار میں مزید وسعت پیدا کی جائے جس سے نئے برانچ آؤپریشن منیجر سے لے کر ایمر ایجنسز، شعبوں کے سربراہوں اور سینئرز کی اسلامی بینکاری سے متعلق معلومات کو جاننے کا ایک نظام ترقیب دیا جائے۔
- بینک کو چاہئے کہ اسلامی بینکاری کی توسیع کے مقصد سے اپنے آپ کو مسلسل وسعت دینے کی پالیسی جاری رکھے اور اس سلسلے میں وہ اپنے ملازمین کی تربیت کی طرف اپنی توجہ مبذول رکھے۔ اسلامی بینکاری کی پروڈکٹس اور بینک کی طرف سے پیش کردہ خدمات کے بارے میں ملازمین (اور خصوصاً فرنٹ آفس کے ملازمین) کا معیار معلومات مزید بڑھانا اور ان کی مزید تربیت کا انتظام کرنا نہایت اہم ہے۔
- بینک کو چاہئے کہ بیع موجد میں اپنی سرمایہ کاری کم کرے اور تجارتی اداروں اور کسٹمرز کو شرعی اصولوں پر مبنی طریقہ قبول کے مطابق براہ راست سرمایہ فراہم کرنے پر مزید توجہ دے۔

خلاصہ کلام

بینک کے چارٹر کے تحت تمام انتظامیہ اور ملازمین کے لیے ضروری ہے کہ وہ شریعہ پر وائزری بورڈ اور شریعہ ایڈوائزر کی طرف سے جاری کردہ بینک کے تمام معاملات سے متعلق ہدایات پر عمل درآمد کو یقینی بنائیں۔ بینک کے معاملات کے شریعت کے مطابق ہونے کی بنیادی ذمہ داری بینک کی انتظامیہ پر عائد ہوتی ہے۔

بینک کی طرف سے انجام کردہ مختلف حقوق، ان کے متعلقہ دستاویزات، اس کے طریقہ کار، ڈیپازٹرز کو تقسیم ہونے والے نفع کا طریقہ کار اور ان کے متعلق انتظامیہ کی دی گئی رائے کے جائزہ کی بنیاد پر ہماری رائے میں رواں سال میں بینک کی طرف سے کیے گئے حقوق اسلامی شریعہ کے ان اصولوں اور ہدایات کے مطابق ہیں جو میزان بینک کے شریعہ سپروائزر بورڈ، شریعہ ایڈوائزر اور اسٹیٹ بینک آف پاکستان کی طرف سے جاری کی گئی ہیں۔ اس جائزہ کے دوران جو غیر شرعی آمدنی پائی گئی وہ جیری میں منتقل کی جا رہی ہے۔

اللہ تعالیٰ سے دعا ہے کہ وہ ہماری رہنمائی ان راہوں کی طرف کرے جو اس کی رضا کا باعث ہوں، ہمیں دنیا اور آخرت میں کامیابیوں سے نوازے اور ہماری غلطیوں اور خطاؤں سے درگزر فرمائے۔ آمین۔

بینک کے متعلقہ اہلکاروں کی اسلامی بینکاری کے بنیادی ڈھانچوں اور تصورات کے بارے میں معلومات کو بھی تربیتی مجالس اور انٹرویوز کے ذریعے جانچا گیا اور مختلف مواقع پر ضرورت محسوس ہونے پر فوری تربیتی مجالس منعقد کی گئیں تاکہ ان کزوریوں کو دور کیا جاسکے۔

بینک کی مجموعی طور پر شرعی قوانین کی مطابقت اور شریعہ ایڈوائزر اور شریعہ سپروائزر بورڈ کی طرف سے دی گئی ہدایات پر عمل کو جانچنے کے لیے آڈٹ کیا گیا۔ جس کے دوران درج ذیل امور کو بطور خاص پرکھا گیا:

- منتخب سپلائرز کے مقام کا معائنہ کر کے فروخت کی جانے والی اشیاء کا معائنہ اور ان کے موجود ہونے کی بھی تصدیق کی گئی ہو۔
- مراہجہ کے عھود کی جانچ پڑتال کرنے میں گاہکوں کے اپنے ریکارڈز کو بھی بینک کیا گیا تاکہ اس بات کی یقین دہانی کی جاسکے کہ دستاویزات عھود حقائق کی درست نمائندگی کرتے ہیں۔
- عھود مراہجہ کی انجام دہی کے وقت اصلی ثبوت خریداری فراہم کئے گئے ہوں، تاکہ سپلائر کی سابقہ واجب الادا رقم کی ادائیگی مراہجہ کی تسویل سے نہ کی جائے۔
- مراہجہ، اجارہ، مشارکہ متناقصہ، اسھناع، تجارت اور بیع سلم کے معاہدات کا جائزہ لیا گیا۔
- ڈیکلریشن، اثاثوں کی تفصیلات، متعلقہ خریداری کی رسیدیں، دستاویزات کے نفاذ کی ترتیب، مراہجہ میں بینک کی طرف سے کی جانے والی خریداری اور گاہک کی طرف سے کی جانے والی خریداری میں مدت کے فرق کو جانچا گیا تاکہ جعلی معاملات سے بچا جاسکے۔
- مراہجہ مونیٹرنگ شیٹس اور تاخیر سے موصول ہونے والی مراہجہ ٹرانزیکشن کے لیے (Delayed Declaration Report) کا طریقہ کار وضع کیا گیا۔
- پرنسپل ڈیڈ (رسید خریداری)، ملکیت سے متعلق اخراجات کی تفصیلات، عھود اجارہ میں اجرتیں وصول کرنے کے طریقہ کار کا جائزہ لیا گیا۔
- مشارکہ متناقصہ کی بنیاد پر کی گئی تسویل عھداری (House Financing) میں ملکیت کا تناسب اور وقت پر خریداری کی رسیدوں کا اجراء کا مراہجہ کیا گیا۔
- شرعی اسکریننگ کے مطابق اسٹاکس میں جو سرمایہ کاری کی گئی تھی اس کا جائزہ لیا گیا۔
- امپورٹ فنانس ٹرانزیکشنز اور متعلقہ دستاویزات کا جائزہ لیا گیا۔
- گاہکوں کی ادائیگیوں، پرنسپل اور گاہک کے طریق تسویل کا وقتاً فوقتاً مراہجہ کیا گیا۔
- خریداری کے مختلف معاملات کی وقتاً فوقتاً جانچ پڑتال کی گئی۔
- نفع کی شرح کا تناسب، نفع کے اوزان، پوز کا طریقہ کار، ڈیپازٹ پروڈکٹس کیلئے اثاثوں اور ڈیپازٹس کا تعین کیا گیا۔

چیرینی/صدقات وغیرات

رواں سال کل 31.06 ملین روپے چیرینی واجب الادا اکاؤنٹ میں منتقل کئے گئے۔ اس میں 1.78 ملین روپے کی مشتبہ آمدنی کی شناخت شریعہ آڈٹ کے دوران ہوئی اور 2.65 ملین روپے کی چیرینی اسٹاک کی پینچ میں کی گئی شریعہ کمپلائنس آفٹنڈنٹ سے حاصل شدہ آمدنی کو Purify کرنے کیلئے کی گئی اور 26.62 ملین روپے چیرینی واجب الادا اکاؤنٹ میں ٹرانسفر کئے گئے جو روزمرہ کے تسویلی معاملات میں کسٹمرز کی جانب سے ادائیگی میں تاخیر کی بنیاد پر وصول کئے گئے تھے۔ کل 73.21 ملین روپے شریعہ ایڈوائزر سے منظوری کے بعد چیرینی سیکونڈری اکاؤنٹ سے ادا کئے گئے۔ چیرینی سے متعلق تفصیلات نوٹ نمبر 19.4 میں مذکور ہیں۔

رواں سال میں تسویل کی منظوریوں، جموئی سہولیات کی از سر نو تجدید، ہر ہر گاہک کیلئے عھود کی تحفیذ کا الگ الگ طریقہ کار اور منہاجی دستاویزات کا شرعی اعتبار سے جائزہ لیا گیا تاکہ گاہکوں کو دی جانے والی تسویلی سہولیات شرعی اعتبار سے درست ہوں۔

بینک کے پروڈکٹ ڈیولپمنٹ اور شریعہ کمپلائنس ڈیپارٹمنٹ نے 1000 سے زائد عھود کے پروسفلوز (مالی معاملات کی انجام دہی کا تفصیلی طریقہ کار) منظور کئے۔ بینک کی طرف سے دی جانے والی تسویل کا طریقہ کار یہی شعبہ بنا تا اور منظور کرتا ہے۔ نیز مختلف صارفین بینک کے وکیل کے طور پر جو اشیاء خریدتے ہیں ان کی انوائس اور رسید خریداری کی تحقیق کے لئے کئی مقامات پر بینک کی طرف سے باقاعدہ نمائندے نے جا کر معائنہ بھی کیا تاکہ اندرونی کنٹرول میں مزید تقویت آسکے۔ اسھناع اور تجارت میں جب تیار شدہ اشیاء کا بینک نے قبضہ کیا تو 100 فیصد معاملات میں دورہ کر کے یہ معائنہ کیا گیا۔

مجھے یہ بات بتانے میں بڑی خوشی محسوس ہو رہی ہے کہ سن 2014 کے دوران مراہجہ کے عھود کی براہ راست ادائیگیوں کے تناسب میں 13 فیصد اضافہ ہوا اور براہ راست ادائیگیوں کا مجموعی تناسب 83 فیصد رہا جبکہ پچھلے سال یہ تناسب 70 فیصد تھا۔ اس بات پر انتہائی زور دیا جاتا ہے کہ براہ راست ادائیگیوں کے تناسب میں اضافہ کیا جائے یا کم از کم اس سال کے تناسب کو برقرار رکھا جائے۔

ڈیپازٹس کا جائزہ

بینک نے اپنی ڈیپازٹ سائیز پر کئی ایسی شرعاً جائز ڈیپازٹ پروڈکٹس وضع کی ہیں جو مضاربہ اور قرض پر مبنی ہیں۔ برمطابق 31 دسمبر 2014ء بینک کے ڈیپازٹس میں 31 فیصد اضافہ ہوا ہے اور بینک کا مجموعی ڈیپازٹ 380 ارب تک پہنچ چکا ہے۔ اس سال بینک نے دیگر بینکوں اور کارپوریشنوں سے مشارکہ کی بنیاد پر قلمل المعیاد مدت کے لیے رقم وصول کی ہیں۔

رواں سال بینک میں ڈیپازٹ سائیز سے متعلق مختلف امور انجام دیئے گئے، یعنی مختلف اثاثوں اور فنڈز کو مختلف پوز کی طرف منسوب کرنا، مضاربہ کی بنیاد پر جمع شدہ رقم کے مجموعی نفع کے تناسب کا اعلان کرنا، ماہانہ Weightages متعین کرنا، سرمایہ داروں اور ڈیپازٹرز کے درمیان منافع کی تقسیم کرنا، منافع کی صحیح تقسیم کی گمرانی اور اس کا تجزیہ کرنا وغیرہ۔

شرعی آڈٹ اور کمپلائنس

بینک کا شرعی آڈٹ ڈیپارٹمنٹ اس معاملے میں ایک اہم کردار ادا کرتا ہے اور بینک کے ہر عمل کی شریعت سے مطابقت کی طرف توجہ مرکوز رکھتا ہے۔ کسی نئی برانچ کھلنے سے لے کر، پروڈکٹس اور متعلقہ تمام سہولیات اور اثناؤں ڈیپازٹرز کو نفع کی تقسیم تک کے تمام معاملات کی شرعی حیثیت پر شرعی آڈٹ فنکشن بدستور نظر رکھتا ہے۔

اس سال میزان بینک کی کل 388 برانچوں کا آڈٹ کیا گیا۔ اس آڈٹ میں نہ صرف عتقود مالیکہ کی شرعی حیثیت کو زیر غور لایا جاتا ہے بلکہ برانچ کے ملازمین کی معلومات شرعیہ کو بھی جانچا جاتا ہے۔

اثنا جاتی حصے میں بینک کے ڈیپارٹمنٹ PDSC کی ٹیم کسٹمرز کے تجارتی ماڈل پر وقت نظر کے ساتھ غور کرنے کے بعد ان کی نمو ملی ضروریات پورا کرنے کے لیے طریقہ کار وضع کرتی ہے۔ کسٹمرز کے ساتھ وقتاً فوقتاً ملاقاتیں کی جاتی ہیں، ٹیکسٹوں کے دورے اور تجارتی طریقہ کار و عتقود کے جائزے کیے جاتے ہیں تاکہ اس بات کی یقین دہانی کی جاتی رہے کہ جو سہولت کسٹمر کو دی جارہی ہے وہ شریعت کے مطابق ہے۔ مزید برآں ڈیپازٹ ہولڈرز کے نفع کی تقسیم کے طریقہ کار کا بھی جائزہ لیا جاتا ہے تاکہ اصول شریعت کی خلاف ورزی نہ ہونے کی یقین دہانی ہو۔

اسلامی کنسیل مارکیٹ کے میدان میں میزان بینک بدستور المیزان انویسٹمنٹ مینجمنٹ لمیٹڈ (AMIM) کے تمام اسلامی میچل فنڈز، NBP نیشنل فلٹن لیسٹ مینجمنٹ کمپنی لمیٹڈ (NAFA)، کو مختلف الانواع شریعی کمپلائنٹ میچل فنڈز کے لئے مشاورت فراہم کرتا رہا۔ دوران سال بینک نے AMIM کو میری زیر گمرانی 11 فنڈز کے انتظام اور مالی معاملات میں مشاورت فراہم کی۔ مزید برآں بینک نے المیزان کو 2 کنسیل پر یزرویشن فنڈز اور 2 کنسیل پر یزرویشن پلان کے اجراء میں تعاون کیا۔ جب کہ 2 فنڈز اور 1 پلان ابھی تحقیقی مراحل میں ہیں۔ اس کے ساتھ ساتھ بینک نے NAFA کو میری زیر گمرانی 6 فنڈز کے انتظام اور مالی معاملات میں مشاورت فراہم کی جن میں 2 کنسیل پر ویکیلیڈ فنڈز اور 1 سیڈنگ پلان کا اجراء شامل ہے۔

میزان بینک نے KMI-30 انڈیکس (KSE Meezan Islamic Index) جو کہ پاکستان کا پہلا شریعی کمپلائنٹ اسلامی انڈیکس ہے، کو متعارف کرانے میں ایک اہم کردار ادا کیا ہے۔ رواں سال بھی میزان بینک بدستور کراچی اسٹاک ایکسچینج کو اس انڈیکس سے متعلق مختلف امور یعنی نئی کمپنیوں کی شمولیت اور شریعی اسکریننگ وغیرہ میں شرعی رہنمائی فراہم کرتا رہا ہے۔ بینک کراچی اسٹاک ایکسچینج کے ساتھ بھی نئے انڈیکس جاری کرنے کے سلسلے میں تعاون کر رہا ہے جس کا نام KMI All shares Index ہے جس میں وہ تمام اسٹاکس شامل ہوں گے جن کی تجارت شرعی نقطہ نظر سے درست ہے۔

میزان بینک کی اسلامک فائنانشل ایڈوائزر ٹیم نے چارٹرڈ انشٹیٹیوٹ آف مینجمنٹ اکاؤنٹنٹس (CIMA) کے ساتھ ایک خصوصی تربیتی نشست بھی منعقد کی جس کا موضوع "شرعی آڈٹ فریم ورک فار اسلامک فائنانشل انشٹیٹیوٹس" تھا۔ جس میں ملک کے نامور اسلامی مالیاتی اداروں کے نمائندوں نے شرکت کی۔

میزان بینک نے نکال کھینچنے کے لئے شریعی ایڈوائزری خدمات کو متعارف کرا کے ایک اہم سبب میل عبور کیا۔ میزان بینک مختلف کمپنیوں کے ساتھ اس کے مختلف تجارتی منصوبوں، شریعی سپروائزری فریم ورک کی تیاری، وقت کے عمل اور اس کے اصولوں کی طرف راہنمائی، پروڈکٹس کی تیاری، عملہ کی تربیت، مینٹننس، عملی ہدایات، سرمایہ کاری کے لیے لائحہ عمل اور شریعی آڈٹ سروسز کے اجراء میں تعاون کرے گا۔

بینک کو شریعت کے مطابق ٹرم فنانس سٹرکچر کے اجراء کا ہدف بھی دیا گیا ہے جس کو شریعت کارپوریشن کے ذریعے جاری کیا جائے گا۔ ان داغی حکوک کو شریعتی نقطہ پر ڈھالا گیا ہے جس میں حقیقی نفع ہی تقسیم کیا جائے گا، مزید یہ کہ اس میں نمو ملی اور عقد کا اختتام کا اختیار بھی متعین وقتوں کے بعد ہوگا۔ یہ بات واقعاً حوصلہ افزا ہے کہ پہلی بار کسی کمپنی نے خاصاً مشارکہ کی بنیاد پر حکوک جاری کئے ہیں۔

بینک کی شرعی خدمات یونائیٹڈ سٹیز لمیٹڈ کو دیانت فنانسنگ کے تحت جاری رہیں، جو کہ ڈاؤ لینس گروپ کی ایک ذیلی کمپنی ہے۔

اثاثوں کا جائزہ

موجودہ سال میں میزان بینک نے ابتدائی طور پر مراہجہ، اجارہ، مشارکہ تناقصہ، مساومہ، استحصان، تجارہ، مشارکہ اور سلم کی بنیاد پر نمو ملی سہولیات فراہم کیں۔

یہ بات حوصلہ افزا ہے کہ بینک نے مراہجہ پر انحصار کرنے کے بجائے کئی دیگر طرق قبول کو اختیار کیا، جیسا کہ نمو ملی تناسب سے بھی واضح ہے۔ یہ صورت حال واقعاً حوصلہ کن ہے کہ مشارکہ اور رنگ مشارکہ کے تناسب میں کل نمو ملی سرگرمیوں کا 8 فیصد اضافہ ہوا، استحصان کے تناسب میں

شریعی ایڈوائزر رپورٹ

الحمد لله رب العالمین، و الصلاة و السلام
 علیٰ خاتم الأنبیاء والمرسلین، محمد المصطفی
 الأمین، و علی آلہ و أصحابہ أجمعین، و بعد:

دوران سال، پندرہ سے زائد قبول اجتماعی (Syndicated Financing) کے معاملات کو
 شرعی ڈھانچے میں ڈالنے کا کام اور ان کی کاغذی کارروائی میری زیر نگرانی کی گئی۔ جن میں ایگرو
 روپیہ رینٹیل سکلو، ایگرو فرنیچر ایڈوائزر سکلو، لعل پیر مختصر المیعاد شریکہ العتد سکلو اور پاور سکلو کے
 مالیاتی منصوبے قابل ذکر ہیں۔ اس کے علاوہ بینک نے مختلف کلائنٹس کو آف بیلنس شیٹ کے مسائل
 کا حل بھی کامیابی سے مہیا کیا جس کی بنیاد و کال اور اجارہ پر ہے۔

ایک معتد اسلامی بینک ہونے کے ناطے میزان بینک نے اسٹیٹ بینک آف پاکستان کے ساتھ مل
 کر کاروباری مسائل کی درنگی پر نمایاں خدمات انجام دیں۔ مثلاً اوپن مارکیٹ آپریشنز، لینڈ رآف
 لاسٹ رزورٹ، اسلامک ایل ٹی ٹی ایف فائنانسنگ، شریعہ گورننس فریم ورک، M-2 سکلو کی
 دستاویز کاری اور عملی طریقہ کار، پرائم سٹریٹیجی کوآپریٹوون اسکیم کے شرعی تبادلے کے لیے تجاویز وغیرہ۔

اسی طرح Steering Committee کے ممبر ہونے کی حیثیت سے جو حکومت پاکستان نے
 اسلامک بینکنگ اور فائنانس کی ترقی اور ترویج کے لیے قائم کی گئی ہے، ہمارا مکمل تعاون شامل رہا
 ہے۔ یہی ہمارا منجائے مقصود ہے کہ اسلامی بینکاری کو بینکنگ کے پہلے انتخاب کے طور پر نافذ
 کیا جائے۔

ٹریڈنگ اور ڈیولپمنٹ

دوران سال بینک نے کل 74 ترقیاتی مجالس منعقد کیں جن میں HSBC کے اسٹاف کے لئے
 پروڈکٹ ٹریڈنگ مجالس کا انعقاد بھی کیا گیا، نیز کنٹرول گروپ آف میزان بینک کے لیے اسٹیبلش
 پروڈکٹ ٹریڈنگ بھی منعقد کی گئی اور اس کے ساتھ ساتھ میزان بینک کے ایریا مینجرز کے لئے بھی
 ترقیاتی نشستوں کا انعقاد کیا گیا۔

اس سال بینک میں اسلامک بینکنگ لیول 1 کا ساتواں اور اسلامک بینکنگ لیول 2 کا تیسرا ایچ
 مکمل ہوا۔ یہ میزان بینک کے ملازمین کے لئے تیار کردہ ایک ایسا تفصیلی کورس ہے جس میں انہیں
 اسلامی بینکاری کی عملی تفصیلات کی تربیت دی جاتی ہے، اس کے علاوہ بینک نے براؤنچ مینجرز،
 آپریشنز مینجرز، اور سینئر فرنٹ اینڈ ملازمین کے لیے کراچی، لاہور اور ملتان میں چھ روزہ کورسز منعقد
 کرائے۔ ڈپازٹ ریفریشرز اور ڈپازٹ کی نئی پروڈکٹس کے ترقیاتی کورسز بھی پورے سال پابندی
 کے ساتھ ہوتے رہے۔

مزید یہ کہ دوران سال بینک نے اسلامی بینکاری سے آگاہی کے سلسلے میں 39 سیمینار منعقد کرائے
 جس میں 8500 سے زائد افراد بشمول کسٹمرز، پیشہ ور افراد اور عام لوگوں نے شرکت کی۔

شریعی ایڈوائزر

الحمد لله میزان بینک کے اسلامک فائنانس ایڈوائزر سروسز کے شعبہ نے اپنے کلائنٹس کے ساتھ
 قومی اور بین الاقوامی سطح پر اپنی خدمات کو جاری رکھا اور اپنے تجربات، معلومات، مہارت اور
 داستان کامیابی میں اپنے گاہکوں کو بھی شریک کیا۔

بین الاقوامی سطح پر بینک مینوس سافٹ ویئر (Temenos) کے ساتھ ایک معاہدہ کر رہا ہے جس
 میں Temenos کو AAOIFI کے اکاؤنٹنگ اسٹینڈرڈ کے مطابق اسلامی مالیاتی اداروں
 کے لیے سافٹ ویئر کی تیاری میں میزان بینک اپنی پیشہ ورانہ خدمات فراہم کر رہا ہے۔ نیز بینک کو
 گلوبل ریٹنگ ایجنسی سے تعاون کا ہدف ملا تاکہ شریعہ گورننس ریٹنگ کو دنیا کے نامور مالیاتی اداروں
 کے لیے رائج کرے۔

الحمد لله، زیر مطالعہ سال میزان بینک لمیٹڈ کا اسلامی تجارتی بینکاری کا تیسرا سال ہے۔ اس سال
 بینک نے شریعی ایڈوائزر بورڈ/شرعی ایڈوائزر کی منظوری کے بعد کئی نئی اور متنوع الاقسام پروڈکٹس
 متعارف کرائیں۔ رواں سال شریعی ایڈوائزر کی طرف سے میزان بینک کی مختلف جدید پروڈکٹس،
 عقود، طریقہ قبول اور ان کے عملی انعقاد کو چیک کرنے کا طریقہ کار شریعی سپروائزر بورڈ کے غور اور
 جائزے کے لیے پیش کیا گیا۔

عقود کی جانچ پڑتال کے طریقہ کار کو مزید موثر بنانے کے لیے ایک مستقل شعبہ ”پروڈکٹ ڈیولپمنٹ
 اینڈ شریعی کمپلائنس (PDSC)“ میری زیر نگرانی کام کر رہا ہے۔ اس شعبے کی ذمہ داریوں میں نئی
 پروڈکٹس کے لئے تحقیق و تدقیق، موجودہ پروڈکٹس اور طریقہ ہائے عمل میں مزید بہتری، اسلامی
 بینکاری کی تربیت اور شریعی آڈٹ اور کمپلائنس، بینک کی شاخوں اور شعبوں کا جائزہ، بینک کے شریعی
 سپروائزر بورڈ کے ساتھ رابطہ، اور مقامی اور بین الاقوامی اداروں کو اسلامی قبولی سہولیات کی
 مشاورت کی خدمات شامل ہیں۔

رواں سال بینک میں درج ذیل اہم امور انجام پائے:

نئی پروڈکٹس کی تیاری اور تحقیق

زیر مطالعہ سال میں میزان بینک نے کامیابی سے پاکستان کے ایچ ایس بی سی بینک کو اپنے ساتھ منضم
 کیا اور اس کے سودی معاملات کو میزان بینک کے شرعی معاملات کے سانچے میں ڈھالا۔ یہ انضمامی
 سرگرمی جس میں انضمامی معاہدہ کے ساتھ ساتھ HSBC کے تمام پروڈکٹس کو شرعی اعتبار سے
 ڈھاننا اور ان سے متعلق شریعی سپروائزر بورڈ کی ہدایات کی تحفیذ شامل تھا، یہ سب کام میری زیر
 نگرانی مکمل ہوا۔

چونکہ خدمات کے کاروبار میں عموماً سرمایہ کاری کی پشت پر قابل ذکر اثاثہ جات موجود نہیں ہوتے لہذا
 خدمات کے کاروبار کے مسائل کا شرعی حل پیش کرنا ایک اہم مسئلہ تھا۔ الحمد لله بینک نے رنگ
 مشارکہ کی بنیاد پر ان مسائل کے دو حل پیش کئے۔

میزان بینک کا سلم کی بنیاد پر پنجاب فوڈ پارٹنمنٹ کو سرمایہ کاری فراہم کرنا، حکومتی ادھاری کو شرعی
 دائرہ کار میں لانے کی طرف اہم قدم ہے جو کہ یقیناً حوصلہ افزا صورت ہے۔

سال کے دوران بینک نے اپنی توجہ شریکہ العتد کی بنیاد پر سرمایہ کاری کے تناسب میں اضافہ کی طرف
 مرکوز رکھی جو کہ امر مستحسن ہے جبکہ بینک نے غیر ملکی کرنسی کی بنیاد پر رنگ مشارکہ کی ابتدا کی تاکہ شریکہ
 العتد کی بنیاد پر فراہم کردہ سہولیات کے دائرہ کار میں وسعت ہو سکے۔

مختلف عقود میں شرعی اصولوں کی پاسداری کو مزید مضبوط کرنے کے لیے بینک نے تفصیلی شرعی
 ہدایات جاری کیں، اس سلسلے میں بینک نے (سائٹ LC، پوزن LC، درآمدات اور برآمدات
 سے متعلق کلوزڈ ڈٹ اور فارن کرنسی کے عقود کے لیے) نیز دوسرے مالیاتی اداروں کو NOC کے
 اجراء کے لیے شرعی احکام کے مطابق تفصیلی ہدایات جاری کیں۔

AUDITORS' REVIEW REPORT TO THE MEMBERS ON THE STATEMENT OF COMPLIANCE WITH THE BEST PRACTICES OF THE CODE OF CORPORATE GOVERNANCE

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Code of Corporate Governance ('the Code') prepared by the Board of Directors of **Meezan Bank Limited** ('the Bank') for the year ended December 31, 2014 to comply with the requirements of Listing Regulation No. 35 of Chapter XI of the Karachi Stock Exchange Limited where the Bank is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Bank. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Bank's compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Bank's personnel and review of various documents prepared by the Bank to comply with the Code.

As part of our audit of the financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Director's statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Bank's corporate governance procedures and risks.

The Code requires the Bank to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Bank's compliance, in all material respects, with the best practices contained in the Code as applicable to the Bank for the year ended December 31, 2014.

Statement of Internal Controls

The statement is presented to comply with the requirement of State Bank of Pakistan (SBP) circular no. BSD 7 dated May 27, 2004 "Guidelines on Internal Controls" and SBP's OSED Circular No.01 dated February 07, 2014 "Instructions on Internal Controls over Financial Reporting ICFR".

The management of the Bank is responsible for establishing and maintaining an adequate and effective system of internal controls which has the main objective of ensuring effectiveness and efficiency of operations, reliability of financial reporting, safeguarding of assets and compliance with applicable laws and regulations.

The control activities are being closely monitored across the Bank through Compliance, Shariah and Internal Audit departments, which covers all banking activities in general and key risk areas in particular. In addition to performing the above responsibility, the Board of Directors has also formed an Audit Committee which has direct oversight responsibility to ensure the independence of the internal and external audit function. The Audit Committee meets at least once every quarter to discuss the scope and results of the work performed by the Compliance, Shariah and Internal Audit departments. The Audit Committee also meets with external auditors prior to approval of half-yearly and annual results of the Bank.

Based on observation and weaknesses found and identified by the auditors both internal and external and the Compliance and Shariah audit teams, improvements are brought about by the management in internal controls to ensure non-recurrence of those exceptions and elimination of such weaknesses to the maximum possible level.

While the Internal Controls System is effectively implemented and monitored, there are inherent limitations in the effectiveness of any system, including the possibility of human error or system failure, circumvention and overriding of controls. Accordingly even an effective internal control system can provide reasonable but not absolute assurance that the system's objective will be achieved.

Alhamdulillah, the Bank has successfully completed all stages of its ICFR program during 2014 and has been granted exemption from the requirement of submission of Auditor issued Long Form Report through SBP OSED letter /SU-12/017(01)/358/15 dated January 05, 2015. The Bank is now required to only submit annual assessment report on ICFR duly signed by Chairman Audit Committee. Having successfully achieved closure on ICFR, the Bank remains cognizant of its responsibility to continuously improve and with this view continues to strengthen its system of Internal Controls on an on-going basis.

Based on the above, the Board of Directors endorses the management's evaluation of Internal Controls.

On behalf of the Board.

International Financial Reporting Standard 3, (IFRS 3) "Business Combinations", requires that all identified assets and liabilities acquired in a business combination should be carried at fair values in the acquirer's balance sheet and any intangible assets acquired in the business combination are required to be separately recognised and carried at fair values. IFRS 3 allows the acquirer a maximum period of one year from the date of acquisition to finalise the accounting for business combination. The SBP vide its letter no. BPRD (R&P-02)/625-110/2014/24946 dated December 19, 2014 has given exemption to the Bank from recognition of Intangible assets on the business combination. The fair valuation exercise of recorded assets and liabilities will be completed within the period specified under IFRS 3.

The net assets of HSBC as appearing in the audited financial statements of HSBC on the close of business on October 17, 2014 were recognised by the Bank and the difference between the carrying value of net assets acquired and the amount payable as Purchase Consideration amounting to Rs. 2,811 million has been recorded as gain on bargain purchase.

Purchase Consideration	(4,238,887)
Gain on bargain purchase	<u><u>2,810,877</u></u>

BPRD (R&P-02)/625-110-2014-11729 dated September 22, 2014, the management has recognised the amount of gain on bargain purchase through the statement of changes in equity as 'Non-Distributable Capital Reserve', instead of recognising it in the profit and loss account which is required under IFRS 3 (revised). This gain as per the above-mentioned SBP's letter may become available for distribution as stock dividend only with prior approval of the SBP. Further, the Bank may, before distribution of the gain as stock dividend, adjust any subsequent provisions / deficit assessed by the Bank or recommended by the Banking Inspection Department of the SBP in subsequent inspections in the acquired portfolio of the HSBC (which will be adjusted against this reserve). The receipt of the capital balance and the payment of purchase consideration will be made through the State Bank of Pakistan (notes 15 and 19).

Further, as noted above, the above gain does not incorporate the adjustments which will be recorded after completion of the fair value exercise of recorded assets and liabilities.

7.4.4 Subsequent measurement

Subsequent to initial recognition investments are valued as follows:

- Held for trading

These are measured at subsequent reporting dates at fair value. Gains and losses on remeasurement are included in the net profit and loss for the year.

- Held to maturity

Provision for diminution in the value of sukuk certificates is made as per the Prudential Regulations issued by the SBP. In case of impairment of available for sale securities, the cumulative loss that has been recognised directly in surplus / (deficit) on revaluation of securities on the statement of financial position below equity is removed there refrom and is recognised in the profit and loss account. For investments classified as held to maturity, the impairment loss is recognised in the profit and loss account.

Investment in associates and subsidiary

In respect of investment in associates and subsidiary, the Bank reviews their carrying values at each reporting date to assess whether there is an indication of impairment.

Such indication may include significant and prolonged decline in the market value, significant changes with an adverse impact on the entity, carrying amount of net assets in excess of market capitalisation etc. Management also takes into account that these investments are held for long term and therefore considers decline of up to 40% in value (applying significant decline criteria) and up to 12 months (for applying prolonged criteria) for the purposes of assessing significant and prolonged decline for listed investments. However, any threshold should be justifiable in view of other factors present for the entity. The amount of impairment loss would be determined based on the higher of value in use and fair value less cost to sell. Impairment loss is recognised in the profit and loss account.

Deferred

Deferred tax is recognised using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for the following temporary differences; initial recognition of goodwill, initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profits and differences relating to investments in subsidiaries to the extent that they probably will not reverse in the foreseeable future.

Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the assets can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefits will be realised.

7.8 Non-banking assets acquired in satisfaction of claims

Non-banking assets acquired in satisfaction of claims are stated at the lower of the financing amount and their market value at the time of acquisition. The Bank carries out periodic valuation of these assets and any decline in their value below the recognised amount is charged to the profit and loss account. These assets are disclosed in other assets as specified by the SBP.

7.9 Deposits

Deposits are generated on the basis of two modes i.e. Qard and Mudaraba.

Deposits taken on Qard basis are classified as 'Current accounts' and deposits generated on Mudaraba basis are classified as 'Savings deposits' and 'Fixed deposits'. All Mudaraba based deposits are classifiable as redeemable capital as defined under IFAS 3. No profit or loss is passed on to current account depositors, however the funds of current accounts are treated as equity for the purpose of profit calculation and any profit earned / loss incurred on those funds are allocated to the equity of the Bank. No profit or loss is passed on to current account depositors. While the product features of each product differ, there is usually no restriction on withdrawals or number of transactions in current and saving accounts. In case of fixed deposits, pre-mature withdrawals can be made as per approved terms only.

Profits realised in investment pools are distributed in pre-agreed profit sharing ratio. Rab-ul-Maal share is distributed among depositors according to weightages assigned at the inception of profit calculation period. Mudarib can distribute its share of profit to Rab-ul-Maal upto a maximum of 50% of their profit as Incentive profits (Hiba).

Profits are distributed from the pool such that the depositors (remunerative) only bear the risk of assets in the pool during the profit calculation period. In case of loss in a pool during the profit calculation period, the loss is distributed among the depositors (remunerative) according to their ratio of Investments.

Asset pools are created at the Bank's discretion and the Bank can add, amend, transfer an asset to any other pool in the interests of the deposit holders.

7.10 Pool Management

The Bank operates general and specific pools for deposits and inter-bank funds accepted / acquired under Mudaraba and Musharakah modes.

Under the general deposits pools, the Bank accepts funds on Mudaraba basis from depositors (Rab-ul-Maal) where the Bank acts as Manager (Modarib) and invests the funds in the Shariah Compliant modes of financings, investments and placements. When utilising investing funds, the Bank prioritizes the funds received from depositors over the funds generated from own sources after meeting the regulatory requirement relating to such deposits.

Notes to and forming part of the Financial Statements

For the year ended December 31, 2014

Specific pools are operated for funds acquired / accepted from the State Bank of Pakistan and other banks for Islamic Export Refinance to Bank's customers and liquidity management respectively under the Musharakah / Mudaraba modes.

The profit of each deposit pool is calculated on all the remunerative assets booked by utilising the funds from the pool after deduction of expenses directly incurred in earning the income of such pool along with related fee income, if any. The directly related costs comprise of depreciation on ijarah assets, takaful premium, documentation charges etc. No general or administrative nature of expense is charged to pools. No provisions against any non-performing asset of the pool is passed on to the pool except on the actual loss / write-off of such non-performing asset. The profit of the pool is shared between equity and other members of the pool on the basis of Musharakah at gross level (before charging of mudarib fee) as per the investment ratio of the equity. The profit of the pool is shared among the members of the pool on pre-defined mechanism based on the weightages announced before the profit calculation period after charging of mudarib fee. During the year, the Bank has given General Hiba to the depositors of PKR General Pool and Specific Hiba is given on case-to-case basis to certain high network clients, keeping in view the prescribed guidelines of Pool Management provided by the SBP and with the approval of Bank's Shariah Advisor. However, both type of Hiba are given at the sole discretion of the Bank without any contractual commitment and can be withdrawn or reduced by the Bank at its sole discretion.

The deposits and funds accepted under the above mentioned pools are provided to diversified sectors and avenues of the economy / business as mentioned in the note 41.1.1.1 and are also invested in Government of Pakistan backed Ijarah Sukuks, Labbaik financing, staff loans, PKR based Bai-salam financing, financing done under IERS are exclusively financed from the equity pool. Musharakah investments from the SBP under Islamic Export Refinance are channeled towards the export sector of the economy.

The risk characteristic of each pool mainly depends on the assets and liability profile of each pool.

7.11 Staff retirement benefits

Defined benefit plan

The Bank operates an approved funded gratuity scheme for its permanent employees. The scheme was approved by the tax authorities in April 2000. The liability recognised in the statement of financial position in respect of defined benefit gratuity scheme, is the present value of the defined benefit obligation at the statement of financial position date less the fair value of plan assets. Contributions to the fund are made on the basis of actuarial recommendations. The defined benefit obligation is calculated periodically by an independent actuary using the projected unit credit method. Last valuation was conducted as on December 31, 2014.

Amounts arising as a result of "Remeasurements", representing the actuarial gains and losses and the difference between the actual investment returns and the return implied by the net interest cost are recognised in the Statement of Financial Position immediately, with a charge or credit to "Other Comprehensive Income" in the periods in which they occur.

Defined contribution plan

The Bank also operates a recognised contributory provident fund for all permanent employees. Equal monthly contributions are made, both by the Bank and the employees, to the fund at a rate of 10% of basic salary.

7.12 Compensated absences

34.9 The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

	Change in assumption	Impact on defined benefit obligation - Increase / (Decrease)	
		Increase in assumption	Decrease in assumption
Rupees in '000			
Discount rate	1.0%	(56,337)	66,838

		Increase by 1 year in assumption	Decrease by 1 year in assumption
Life expectancy / Withdrawal rate		57,452	57,452

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the gratuity liability recognised within the Statement of Financial Position.

34.10 The weighted average duration of the defined benefit obligation is 10.71 years.

Notes to and forming part of the Financial Statements

For the year ended December 31, 2014

34.14 Through its defined benefit gratuity plan, the Fund is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility	The plan liabilities are calculated using a discount rate set with reference to corporate bond yields; if plan assets underperform this yield, this will create a deficit. The Fund believes that due to long-term nature of the plan liabilities and the strength of the Bank's support, current investment strategy manages this risk adequately.
Changes in bond yields	A decrease in corporate bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the plans' sukuk holdings.
Inflation risk	The majority of the plans' benefit obligations are linked to inflation, and higher inflation will lead to higher liabilities. However plan assets are variable rate instruments and are re-priced at regular intervals to offset inflationary impacts.
Life expectancy / Withdrawal rate	The majority of the plans' obligations are to provide benefits on severance with the Bank on achieving retirement. Any change in life expectancy / withdrawal rate would impact plan liabilities.

34.15 The disclosure made in notes 34.1 to 34.13 are based on the information included in the actuarial valuation report of the Bank as of December 31, 2014.

35. DEFINED CONTRIBUTION PLAN

Notes to and forming part of the Financial Statements

For the year ended December 31, 2014

- 36.1 Executives mean employees, other than the Chief Executive Officer and Directors, whose basic salary exceeds five hundred thousand rupees in a financial year.
- 36.2 The Chief Executive, the Deputy Chief Executive Officer (the Executive Director) and certain executives have been provided with free use of the Bank's cars.
- 36.3 In addition to above, all Executives, including the President & Chief Executive Officer and Deputy Chief Executive Officer of the Bank are also entitled to bonus which is disclosed in note 28.4 to these financial statements.

37. FAIR VALUE OF FINANCIAL INSTRUMENTS

- 37.1 The fair value of investments in listed securities, except investments categorised as 'held to maturity', investments in subsidiaries and associates is based on quoted market prices. The value of unquoted equity investments is reduced, if required, on the basis of break-up value of those investments based on the latest available audited financial statements.

Fair value of Islamic financing and related assets, other assets, other liabilities and fixed term deposits and other accounts cannot be calculated with sufficient reliability due to absence of current and active market for such assets and liabilities and reliable data regarding market rates for similar instruments. The provision for impairment of Islamic financing and related assets has been calculated in accordance with the Bank's accounting policy as stated in note 7.3.2.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since these assets and liabilities are short term in nature or in the case of financings and deposits are frequently repriced.

40. CAPITAL ASSESSMENT AND ADEQUACY BASEL SPECIFIC

The State Bank of Pakistan (SBP) has introduced new guidelines with respect to disclosure of capital adequacy related information in the financial statements of banks vide its communication dated February 4, 2014. These guidelines are based on the requirements of Basel III which were introduced earlier by the SBP in August 2013 for implementation by the banks in Pakistan. The SBP has specified a transitional period till 2018 for implementation of Basel III. During the year, the SBP vide its BPRD Circular No. 11 of 2014 dated November 5, 2014 has revised the disclosure requirements with respect to capital adequacy related information. The disclosures below have been prepared on the basis of the SBP's circular. The comparative information has been restated to facilitate comparison.

40.1 Capital structure

Under Basel III framework, Bank's regulatory capital has been analysed into two tiers as follows:

- Tier 1 capital (going concern capital) which is sub divided into:
 - a) Common Equity Tier 1 (CET1), which includes fully paid up capital, reserve for bonus issue, general reserves and un-appropriated profits (net of losses), etc after regulatory deductions for investments in the equity of subsidiary companies engaged in banking and financial activities (to the extent of 50%), reciprocal crossholdings and deficit on revaluation of available for sale investments and deduction for book value of intangibles.
 - b) Additional Tier 1 capital (AT1), which includes instruments issued by the Bank which meet the specified criteria after regulatory deduction for investments in the equity of subsidiary companies engaged in banking and financial activities and other specified deductions.

Presently the Bank does not have any AT1 capital.

- Tier II capital, which includes general provisions for loan losses (upto a maximum of 1.25% of credit risk weighted assets), reserves on revaluation of fixed assets and equity investments after deduction of deficit on available for sale investments (upto a maximum of 56%).

Banking operations are categorised in either the trading book or the banking book and risk weighted assets are determined according to the specified requirements that seek to reflect the varying levels of risk attached to assets and off balance sheet exposures.

The required capital adequacy ratio is achieved by the Bank through:

- (a) Adequate level of paid up capital;
- (b) Adequate risk profile of asset mix;
- (c) Ensuring better recovery management; and
- (d) Maintaining acceptable profit margins.

40.2 Capital adequacy ratio

The main objective of the capital management is to improve the financial position and strengthen the statement of financial position of the Bank to support the growth in business, provide protection to depositors and enhance shareholders' value.

The Bank's Board and the management is committed to maintaining a sound balance between depositors' liability and shareholders' funds so that optimal capital / debt ratio is maintained. The optimal capital / debt ratio will provide reasonable assurance to depositor's about safety and security of their funds and at the same time provide impetus to the management to invest their depositors' funds into profitable ventures without compromising the risk profile of the Bank. The capital requirement of the Bank has been determined based on the projected growth plan to be achieved in the next 3 to 5 years in all areas of business operations. Further, it also takes into account a road map for capital enhancement as directed by the State Bank of Pakistan vide its various circulars issued from time to time.

The Bank prepares Annual Budget and Three Year Plan for purpose of the growth map and future direction. Bottom up approach is used to prepare annual budget and detailed deliberations are held while preparing Three Year Plan. The growth prospects takes into consideration prevailing economic and political factors in Pakistan and abroad.

In implementing current capital requirements the State Bank of Pakistan requires banks to maintain minimum Capital Adequacy Ratio (CAR) of 10% as of December 31, 2014 whereas CAR stood at 11.88% at the year ended December 31, 2014.

Notes to and forming part of the Financial Statements

For the year ended December 31, 2014

The Bank calculates capital adequacy ratio for credit risk, market risk and operational risk based upon requirements under Basel Accord as per guidelines issued by the State Bank of Pakistan from time to time in this regard.

Major credit risk in respect of on and off-balance sheet exposures are mainly claims on banks, corporates, retail customers, residential mortgages and unquoted associated undertakings and Sukuks. Market risk exposures are mainly in mutual funds, equity and foreign exchange positions. The Bank's potential risk exposures shall remain in these exposure types.

Sensitivity and stress testing of the Bank under different risk factors namely yield rate, forced sale value of collateral, non-performing financings and foreign exchange rate depicts that the Bank's capital adequacy ratio is above the regulatory requirements.

The Bank has taken into account credit risk, market risk and operational risk when planning its assets.

41.2 Credit Risk - General Disclosures

The Bank has adopted Standardised Approach for calculation of capital charge against credit risk. Therefore, risk weights for the credit risk related assets (on-balance sheet and off-balance sheet - market and non market related exposures) are assigned on the basis of standardised approach.

The Bank is committed to further strengthen its risk management framework which will enable the Bank to move ahead for adopting Foundation Internal Ratings Based (IRB) approach. Meanwhile, none of the Bank's assets class is subject to the Foundation IRB or advanced IRB approaches.

41.2.1 Credit Risk: Disclosures for portfolio subject to the Standardised Approach

Under standardised approach the capital requirement is based on the credit rating assigned to the counterparties by the External Credit Assessment Institutions (ECAIs) duly recognised by the SBP for capital adequacy purposes. In this connection, the Bank utilises the credit ratings assigned by ECAIs and has recognised agencies which consists of PACRA (Pakistan Credit Rating Agency) and JCR-VIS (Japan Credit Rating Company - Vital Information System) which are also recognised by the SBP.

In case of foreign currency exposures against banks, ratings assigned by S&P, Fitch and Moody's have been applied. In case of exposure against banks, some banks have multiple ratings but those ratings do not result in mapping with different risk weights.

Types of Exposure and ECAI's used

Exposures	2014				
	JCR-VIS	PACRA	Standard & Poors (S&P)	Fitch	Moody
Corporate	√	√	√	√	√
Banks	√	√	√	√	√
Public Sector Entities	√	√	-	-	-

Use of ECAI Ratings

The Bank prefers solicited ratings over unsolicited ratings at all times, owing to the greater degree of accuracy (in general) associated with solicited ratings. Unsolicited ratings may only be used in cases where a solicited rating is not available.

Mapping to SBP Rating Grades

The alignment of the Alphanumerical scale of each agency used with risk buckets is as per instructions laid down by SBP under Basel II requirements.

41.2.3 Credit Risk: Disclosures with respect to Credit risk mitigation for Standardised approach and IRB

The Bank obtains capital relief for both its on-balance and off-balance sheet non-market related exposures by using simple approach for credit risk mitigation (CRM). Off-balance sheet items under the simplified standardised approach are converted into credit exposure equivalents through the use of credit conversion factors. Under the standardised approach the Bank has taken advantage of the cash collaterals available with the Bank in the form of security deposits, cash margins, certificates of Islamic investment, monthly modaraba certificate and saving accounts.

Valuation and management of eligible collaterals for CRM is being done in accordance with the conditions laid down by the State Bank of Pakistan. Eligible collaterals for CRM purposes do not expose the Bank to price risk as they are in the form of cash collaterals. Since eligible collaterals for CRM purposes are all in the form of cash collaterals, they generally do not pose risk to the Bank in terms of change in their valuation due to changes in the market condition.

The credit equivalent amount of an off-balance sheet market related foreign exchange contracts are determined by using the current exposure (mark to market) method.

The Bank mainly takes the benefit of CRM against its claims on corporate and retail portfolio. Under the standardised approach for on-balance sheet exposures, the corporate portfolio of Rs. 138,534.062 million is subject to the CRM of Rs. 2,245.942 million whereas a claim on retail portfolio of Rs. 7,870.759 million is subject to CRM of Rs. 2,001.934 million. The total benefit of Rs. 4,192.287 million was availed through CRM against total on-balance sheet exposure of Rs. 431,511.737 million.

Under off-balance sheet, non-market related exposures; the corporate portfolio of Rs. 115,932.325 million is subject to the CRM of Rs. 1,087.194 million whereas a claim on retail portfolio of Rs. 1,455.46 million is subject to CRM of Rs. 563.094 million. Total benefit of Rs. 1,650.288 million was availed by the Bank through CRM against total off-balance sheet, non-market related exposure of Rs. 125,509.876 million.

Thus in year 2014, total amount of cash collateral used for CRM purposes was Rs. 5,842.575 million as against amount of Rs. 3,583.59 million in year 2013. The difference in the value of cash collateral is due to the changes in the exposure amounts and resultant amount of cash collateral obtained.

41.2.4 Credit concentration risk

Credit concentration risk arises mainly due to concentration of exposures under various categories viz., industry, geography, and single / group borrower obligor. Within credit portfolio, as a prudential measure aimed at better risk management and avoidance of concentration of risks, the SBP has prescribed regulatory limits on banks' maximum exposure to single and group obligors. Within the SBP limits, the Bank has further defined limits to avoid excessive concentration of portfolio.

41.3 Equity position in the banking and trading book

The Bank classifies and values its investment portfolio in accordance with the directives of the SBP as stated in note 7.4 to these financial statements.

41.4 Market risk

Market risk as defined by the International Financial Reporting Standards (IFRS) is the risk that the fair value or cash flows of a financial instrument will fluctuate due to changes in market prices. Market risk reflects yield rate risk, currency risk and other price risks, banks could be adversely affected by movements in market rates or prices such as benchmark rates, deposit rates, foreign exchange rates, equity prices and market conditions resulting in a loss to earnings and capital.

The Bank uses a number of methods to monitor and control market risk exposures. One of the major tools used by the Bank to monitor and limit market risk is Value at Risk (VaR). VaR is defined as the estimated loss that will arise on a position or a portfolio over a particular (holding) period of time from an adverse market movement with a specific probability (confidence level). The VaR model used by the Bank takes 99% confidence level and assumes a 1 to 10 days holding period whilst using the historical simulation taking the data of the last three years. Daily the VaR figures are circulated to the senior management and regular summaries are reported in ALCO meetings.

The VaR reports are complemented by various other position and sensitivity limit structures, including stress, sensitivity, gap and scenario analysis. The capital charge for market risk has been calculated by using Standardized Approach.

41.4.1 Foreign exchange risk

The foreign exchange risk is defined as the current or prospective risk to earnings and capital arising from adverse movements in currency exchange rates. It refers to the impact of adverse movement in currency exchange rates on the value of open foreign currency position. The objectives of the foreign exchange risk management is to minimise the adverse impact of foreign exchange rate movements on the assets and liabilities mismatch (tenor and position) and maximise their earnings.

Whenever a commercial bank deals in foreign currency, it is exposed to risk of exchange rate. Bank's assets and liabilities in foreign currencies give rise to Foreign exchange risk which has to be managed by the Bank; this risk is mitigated by using different hedging techniques. Hedging is a way used by a bank to eliminate or minimize its risk exposures. Hedging can be done using different ways like gap analysis, hedging (forwards), assigning limits in terms of amount, tenor, currency, product, countries, counterparties etc. The Bank limits its currency exposure to the extent of statutory net open position prescribed by the SBP. Foreign exchange open and mismatch positions are controlled through close monitoring and are marked to market on a daily basis.

The analysis below represents the concentration of the Bank's foreign currency risk for on and off balance sheet financial instruments:

41.4.2 Equity position risk

Equity position risk is defined as the risk to earnings or capital arising from adverse changes in the value of equity portfolios of the bank. The limits assigned to various individual scripts and total portfolio investments are fixed as per the guidelines issued by the SBP. The Bank invests in only Shariah compliant equities as advised by the Shariah advisor.

41.4.3 Yield / profit rate risk

Yield risk occurs when there is a mismatch between positions, which are subject to profit rate alterations within a particular time period. The Bank's financing, placement and investment activities give rise to profit rate risk. The effect of changes in profit rate is on bank's profit income, and resultant impact is on bank's net worth.

Profit rate risk is primarily managed by monitoring the rate sensitive gaps and by having the pre-approved limits for reprising buckets. ALCO is the supervising body for adherence with these complemented by the monitoring of sensitivity of the Bank's financial assets and liabilities to various scenarios.

The Bank estimates changes in the market value of equity due to changes in the yield rates on on-balance sheet positions and their impact on capital adequacy ratio by conducting stress tests. It also assesses risk on earnings of the Bank by various shocks.

Notes to and forming part of the Financial Statements

For the year ended December 31, 2014

The Bank takes on exposure to the effects of fluctuations in the prevailing levels of market profit rates on both its fair value and cash flow risks.

Profit margins may increase as a result of such changes but may reduce to losses in the event that unexpected movement arise.

41.5 Liquidity risk

Liquidity risk is the potential for loss to the Bank arising from either its inability to meet its obligations or to fund increases in assets as they fall due without incurring an unacceptable cost.

The Bank's Board of Directors sets Bank's policy for managing liquidity risk and entrusts accountability for supervision of the implementation of this strategy to senior management. Senior management exercises its responsibilities for managing market & liquidity risk through various committees including the Asset & Liability Management Committee (ALCO). Treasury department manages the Bank's liquidity position on a daily basis. The Bank's main approach of managing the liquidity risk is to make certain that it will always have adequate liquidity to meet its liabilities when they are due in normal and stressed scenarios without incurring any untoward expenditure or risking reputational harm. ALCO monitors the maintenance of liquidity ratios, depositor's concentration both in terms of the overall funding mix and avoidance of undue reliance on large individual deposits. Regular liquidity stress testing is conducted under a variety of scenarios covering both normal and more severe market conditions.

To reduce losses arising from operational risk, the Bank has strengthened its risk management framework by developing policies, guidelines and manuals. It also includes set up of fraud and forgery management unit, defining responsibilities of individuals, enhancing security measures, improving efficiency and effectiveness of operations, outsourcing and improving quality of human resources through trainings.
