# Notice of Annual General Meeting

Notice is hereby given that the Twelfth Annual General Meeting (AGM) of NIB Bank Limited ("the Bank") shall be held at 3:30 pm on Friday, 27 March 2015, at Islamabad Serena Hotel, Khayaban-e-Suhrawardy, Islamabad, to transact the following business:

#### **ORDINARY BUSINESS:**

- 1. To confirm the minutes of the Annual General Meeting held on 28 March 2014.
- 2. To receive, consider and adopt the Audited Accounts of the Bank for the year ended 31 December 2014 together with Directors' and Auditors' Reports thereon.
- To appoint auditors and fix their remuneration. M/s. KPMG Taseer Hadi & Co., Chartered Accountants, have offered 3. themselves for re-appointment.
- 4. Any other business with the permission of the Chair.

By Order of the Board

Karachi 6 March 2015

Ather Ali Khan Company Secretary

#### Notes:

#### 1. **Closure of Share Transfer Books:**

Share Transfer Books of the Bank will remain closed from 19 March to 27 March 2015 (both days inclusive).

#### 2. Proxies / Participation in the Annual General Meeting:

A shareholder entitled to attend and vote at this meeting may appoint another shareholder as his / her proxy to attend and vote. In case of a corporate entity, the Board of Directors' resolution / power of attorney with specimen signature shall be submitted along with a proxy form to the Bank.

Proxies of the shareholders through CDC shall be accompanied with attested copies of their Computerized National Identity Card (CNIC) or passport. In case of a corporate entity, the Board's Resolution / power of attorney with specimen signature shall be furnished, along with a proxy form, to the Company. The shareholders through CDC are requested to bring their original CNIC / passport, account number and participant account number at the time of attending the meeting. Detailed guidelines are available in Circular 1 of 26 January 2000 issued by SECP.

In order to be effective, proxies must be received at the Head Office of the Bank situated at PNSC Building, M.T. Khan Road, Karachi, Pakistan, not later than 48 (forty eight) hours before the time of the meeting, and must be duly stamped, signed and witnessed.

#### 3. Change of Address:

Shareholders are requested to notify the Bank or Shares Registrar of any change in their addresses immediately.

#### Submission of Copy of CNIC (Mandatory):

In accordance with SECP's directives, it is mandatory for all shareholders to have their valid CNIC number recorded with the company. Further, please note that in the absence of a shareholder's valid CNIC, the Company will be obligated to withhold dispatch of dividend warrants (if any) to such shareholders. Shareholders holding physical shares who have not yet submitted their valid CNICs are requested to provide attested, clear copies of their valid CNICs with their folio numbers to the Company's Shares Registrar.

#### 5. **Dividend Mandate (Optional):**

Under Section 250 of the Companies Ordinance, 1984, a shareholder may, if he / she so desires, direct the Company to pay dividend through his / her / its bank account. In pursuance of the directives given by SECP vide Circular No. 18 of 2012 dated 5 June 2012, kindly authorize the company to directly credit your cash dividend to your account. If you want to avail the direct credit facility for a dividend amount, please provide the necessary information to the Company's Shares Registrar using the format available on the Bank's website. (Link: http://nibpk.com/about-us/wp-content/uploads/2014/03/Dividend-E-Mandate-Option.pdf) Please note that providing a bank mandate for dividend payments is optional. In case you do not wish to avail this facility please ignore this notice. Your dividend will be paid through a dividend warrant at the registered address.

# NIB Bank

### Notice of Annual General Meeting

#### Electronic Payment of Dividend / E-mandate (Optional):

For more efficient cash dividend disbursement, SECP, through its Circular No. 8(4) SM/CDC 2008 of 5 April 2013, has announced an e-dividend mechanism where shareholders can have their dividend credited directly into their respective bank accounts electronically by authorizing the Company to electronically credit their dividend to their accounts. Accordingly, CDC shareholders are requested to send their bank account details to their respective participant / investor account services. In case you hold shares in physical form, please send your details to the Company's Shares Registrar using the format mentioned above.

#### 6. Deduction of Withholding Tax on Dividend Income under Section 150 / Finance Act 2014:

Pursuant to the provisions of Finance Act 2014, certain amendments in Section 150 of the Income Tax Ordinance, 2001, whereby different rates are prescribed for deduction of withholding of tax on dividend income by the Government of Pakistan. As per this criteria, 'Filer' and 'Non-Filer' shareholders withholding tax will be deducted on dividend income at the rates of 10% and 15% respectively.

Shareholders are therefore requested to please check and ensure Filer status on the Active Tax Payer List (ATL) available on the FBR website http://www.fbr.gov.pk as well as ensuring that their CNIC / passport number has been recorded by the participant / investor account services, in case your shareholding is in book entry form. Please inform the Company's Shares Registrar in case your shareholding is in physical form. Corporate bodies (non-individual shareholders) should ensure that their names and National Tax Numbers (NTN) are included in the ATL on the FBR website and recorded by respective participant / investor account services, or in case of physical shareholding, by the Company's Shares Registrar.

#### 7. Transmission of Annual Financial Statements via Email:

In pursuance of the directions given by SECP vide SRO 787 (I)/2014 dated 8 September 2014, shareholders who desire to receive Annual Financial Statements via email in future instead of by post are advised to provide formal consent along with a valid email address on a standard request form which is available on the Company's website (Link: http://nibpk.com/about-us/wp-content/uploads/2014/03/NIB-Bank-Annual-Financials-through-Emails.pdf)

Shareholders must send a completed and signed copy of this form, along with a copy of their CNIC / PoA to the Company's Shares Registrar. Please note that providing an email address for the purpose of receiving Annual Financial Statements via email is optional. In case you do not wish to avail this facility, please ignore this notice. Annual Financial Statements will be sent to your registered address by post as per normal practice.

#### 8. Video Conference Facility

In pursuance of SECP Circular 10 of 2014, if the Company receives consent from members holding in aggregate 10% or more shareholding residing at a geographical location, to participate in the meeting through video conference at least 10 days prior to date of meeting, the company will arrange a video conference facility in that city subject to availability of such facility in that city. The Company will intimate members regarding the video conference facility venue at least 5 days before the date of the AGM along with the complete information needed to access the facility. Therefore, members can avail video conference facilities at Karachi or Lahore. If you would like to avail video conferencing facility, as per above, please send your consent to the Company Secretary at least 10 days before the AGM.

#### 9. Contact Addresses:

Company Contact: Company Secretary, NIB Bank Limited, PNSC Building, M.T. Khan Road, Karachi, Pakistan

(UAN: +9221 111 333 111)

Shares Registrar Contact: THK Associates (Pvt.) Limited, State Life Building No. 3, Dr. Ziauddin Ahmed Road, Karachi,

Pakistan (UAN: +9221 111 000 322)

# Directors' Report to the Shareholders

#### THE ECONOMY

The key economic indicators in Pakistan witnessed a positive movement following the global decline in commodity prices. Despite flash floods in parts of the country disrupting supplies, the Commodity Price Index continued its downward trajectory falling to 4.3% in December 2014 compared to 9.2% in December 2013. All major price indices declined sharply during the latter half of the year with the Wholesale Price Index, an indicator of imported inflation, turning negative to -0.9% in December 2014 as against an increase of 8.9% for the same period last year.

Pakistan being a net importer of oil will be a major beneficiary of the decline in crude oil prices. However, due to the lag effect of the oil price decline, higher non-oil imports and a slight decline in exports, the trade and current account deficits in the last half of 2014 calendar year widened by 13% and 18% year on year respectively. Going forward, if crude oil prices remain at or below the USD 55 per barrel level, the external account is expected to improve.

Fresh inflows, particularly for portfolio investments have lowered the reliance on borrowings from IFIs. The Balance of Payments showed a surplus of USD 485 mn in the second half of calendar 2014 compared to a deficit of USD 1,986 mn in corresponding period 2013. Consequently USD reserves crossed the USD 15 bn mark in December 2014 raising import cover to 1.63 months against 0.69 in December 2013.

Higher foreign currency liquidity with net foreign assets (NFA) increasing by Rs 32 bn in the last six months of 2014 compared to a decline of Rs 245 bn in the same period last year, led to lower reliance on monetization for financing the fiscal deficit thus containing money supply growth and as a consequence inflation.

Based on lower inflation and the improving external account position, the SBP reduced the policy rate by 50 bps in November 2014 and a further 100 bps in January 2015 to the current level of 8.50%. To further support private sector credit growth the SBP has also reduced the export refinance rate from 7.5% to 6% in February 2015.

#### **BANKING SECTOR**

In line with the IMF proposed framework, government borrowing from the SBP has declined considerably. Nevertheless persistent deficit financing needs and higher yields made it attractive for banks to continue investing in Government securities, leaving little room for private sector credit growth. With a year on year increase in bank deposits of 10% during 2014, investment portfolios of banks grew by 23% YoY. With bond yields declining sharply, lower borrowing costs and a relatively stable economic scenario, private sector credit off take is expected to improve in the future. With low growth in fresh private sector lending in recent years, the NPL infection and provision cover ratios have remained stable. The continuing domestic energy shortage and security issues are likely to curtail a major improvement in the infection ratio.

#### **OPERATING RESULTS**

The Bank's focus at building a strong customer centric franchise around Wholesale, Commercial and Consumer Banking translated into a core revenue growth of 17% in 2014 compared to the same period last year.

In the Wholesale segment the focus remained on aligning with sectors of the economy witnessing higher levels of activity, building sustainable client-driven revenues by offering a suite of products to maximise revenue generation. The revenue challenge posed due to shrinking interest spreads in the Corporate customer segment was addressed by emphasizing on non-funded revenue. Trade related revenue, a strong product focus, combined with income from advisory and syndications led to strong growth in non-funded income in 2014, significantly improving the Bank's risk-adjusted returns from Corporate customers. Through money market activity and by positioning itself in longer term bonds, the Bank was able to reap the benefits of a declining interest rate environment in 2014. Vibrant bond market activity, led to NIB Bank being recognized as the Number 1 Primary Dealer in 2014 by the State Bank of Pakistan. A noteworthy achievement given the Bank's ranking in the industry in terms of balance sheet size.

Growing the Commercial client segment was a key focus area in 2014. Dedicated branches in key trade and business areas with experienced human resource enabled the addressal of specific and unique needs of customers in this highly competitive business segment. With effective Operations and Risk management support, the Bank is delivering quality service to customers. Commercial client business is showing impressive growth with trade volumes increasing by 66% between 2013 and 2014 while also providing a stable base of current and core deposits. Despite significant competition from well-established banks, NIB is fast establishing a meaningful presence in this customer segment.

The Consumer Banking strategy to build a low cost sustainable deposit base has contributed to the Bank's current accounts increasing by Rs 5.2 bn during the year. Consumer Banking has also contributed towards a reduction of the Bank's cost of funds by 0.45% between December 2013 and December 2014. The Bank has made significant investments

# Directors' Report to the Shareholders

in the branch network infrastructure, technology and people over the last few years. Coupled with providing a wide range of Consumer products with a high quality service focus emphasizing on cross-sell, the Consumer business is well-poised to increase its market share in all products going forward, especially deposits. Non-funded income driven by fixed income/FX sales, bancassurance and other services has been a major contributor to consumer banking revenues in 2014. On the assets side, the strategy is predicated on booking secured and unsecured loans to achieve a healthy portfolio yield within robust risk parameters.

On an unconsolidated basis the Bank's revenue of Rs 7,745 mn in 2014 grew by 25% over 2013 with the non-funded component increasing by 18% (excluding dividends from subsidiary and associates). Administrative expenses grew by 15%, resulting in an operating profit (before net credit and other provisioning) increase of 88% compared to the previous year. In 2013, credit provisions of Rs 684 mn for a major corporate group were reversed as a result of successful performance post-restructuring. However, in 2014 the provisions had to be reinstated due to non-performance of restructured terms. Removing this impact from both years reduces the swing in net credit provisioning in the two years to Rs 920 mn, mainly due to lower than anticipated recoveries in the fourth quarter. The Bank continues to aggressively recover loans from defaulting customers in the form of cash or property with the stock of non-performing loans reducing by Rs 5,177 mn over the last 3 years.

The Bank recorded higher operating profit in 2014 compared to 2013. However, after tax loss of Rs 508 mn in 2014 compared to a profit after tax of Rs 1,241 mn in 2013 has been impacted by higher net provisioning, lower investment impairment reversals and an additional tax charge to maintain the deferred tax asset at a prudent level.

On a consolidated basis, the Bank recorded loss after tax of Rs 621 mn in 2014 (2013: profit after tax of Rs 1,580 mn).

To further strengthen its regulatory capital base, the Bank issued Tier2 Capital in the form of Term Finance Certificates of Rs 4.2 bn in June 2014. The incremental capital buffer will not only support future loan growth but will also help the Bank to comply with the stricter Basel III capital requirements.

Despite challenging economic conditions, your Bank has demonstrated a growth momentum through its strong customer orientation. With a refreshed logo and image, a motivated and experienced management team and staff, as businesses continue to implement their respective strategies, the Bank's current geographical footprint, range of products, human capital and IT infrastructure have a capacity collectively to generate increasing revenues and profits. The recoveries from its large stock of non-performing loans will also continue to augment performance.

#### **CREDIT RATING**

The Pakistan Credit Rating Agency (PACRA) has maintained the long term rating and short term rating of NIB Bank at "AA-" (Double A minus) and at "A1+" (A one plus) respectively in June 2014.

PACRA has assigned rating of "A+" (Single A plus) to the listed, unsecured and subordinated TFC issue of Rs 4,198 mn.

The ratings denote very low expectation of credit risk emanating from a very strong capacity for timely payment of financial commitments.

#### **CORPORATE GOVERNANCE**

During the year under review, the Bank was compliant with the provisions of the Code of Corporate Governance. Being aware of their responsibilities under the Code of Corporate Governance, the Board of Directors state that:

The Financial Statements prepared by the management of the Bank, present fairly its state of affairs, the results of its operations, cash flows and changes in equity.

Proper books of accounts of the Bank have been maintained.

Appropriate accounting policies have been consistently applied in preparation of financial statements. Accounting estimates are based on reasonable and prudent judgment.

International Financial Reporting Standards, as applicable in Pakistan, have been followed in preparation of the financial statements and any departure therefrom has been adequately disclosed and explained.

The system of internal control is sound in design and has been effectively implemented and monitored.

There are no significant doubts upon the Bank's ability to continue as a going concern.

### Directors' Report to the Shareholders

In 2014, one director has completed the "Corporate Governance Leadership Skills" directors' education program offered by the Pakistan Institute of Corporate Governance, as required by the Code. Orientation Programs were planned, unfortunately due to the security situation in the country, it could not be held at the arranged dates.

There has been no material departure from the best practices of Corporate Governance, as detailed in the listing regulations of Stock Exchanges.

As of 31 December 2014, the purchase value and value of investments of the Provident Fund were Rs 953,753,030/-and Rs 982,226,813/- respectively (unaudited).

Trading during the year, if any, in the shares of the Bank, carried out by Directors, Executives and their spouses and minor children, are disclosed in the pattern of shareholding.

Dividend has not been declared for the year due to lack of earnings.

Six years' financial data for NIB Bank on an unconsolidated basis is provided hereunder:

Rs mn	2014	2013	2012	2011	2010	2009
Advances	93,664	82,001	71,564	60,844	74,566	84,021

<sup>\*</sup> Mr Yameen Kerai had assumed the charge of Acting CEO, due to illness of Mr Badar Kazmi during 20 December 2013 to 3 April 2014.

Leave of absence was granted in case the directors were not able to attend the meeting.

#### INTERNAL CONTROL AND RISK MANAGEMENT FRAMEWORK

The Board is pleased to endorse the statements made by the management relating to internal control and the risk assessment framework to meet the requirement of the State Bank of Pakistan (SBP) BSD Circular No. 7 of 2004, BSD Circular letter No. 2 of 2005 and Code of Corporate Governance issued by the Securities & Exchange Commission of Pakistan (SECP). The management's statements are included in the annual report.

# NIB Bank

### Directors' Report to the Shareholders

#### CORPORATE SOCIAL RESPONSIBILITY

NIB Bank, as a responsible corporate citizen, plays an active role in supporting different social causes in Pakistan, through its Donations, Contributions and Corporate Social Responsibility (CSR) efforts.

The focus of our CSR activities is on the following areas:

- Education
- · Community Health
- Disaster Response (Earthquakes, Floods etc.)
- · Environmental projects and Initiatives directed at preserving
- Promoting Pakistan Culture

In 2014, two notable projects in this regard are our association with the Karachi Literature Festival and the Islamabad Literature Festival. Moreover, our sponsorship of less privileged students at LUMS continued through the NIB Endowment Fund created at LUMS.

#### **AUDITORS**

The present auditors M/s. KPMG Taseer Hadi & Co., Chartered Accountants retire and, being allowed have offered themselves for re-appointment in the forthcoming Annual General Meeting. The Board of Directors on the suggestion of the Audit Committee recommends their appointment for the next term.

#### PATTERN OF SHAREHOLDING

The pattern of shareholding as at 31 December 2014 is included in the annual report.

#### **ACKNOWLEDGMENT**

NIB is grateful to its customers for their continued support. The Bank would also like to acknowledge the unstinting support from its shareholders. NIB would especially like to recognize and applaud the efforts of its employees for their hard work in delivering consistently improving operating performance and more importantly for living its values of Responsive, One Bank, Integrity and Excellence. The Board would like to thank Mr Badar Kazmi for his contribution during his term as President/Director of NIB Bank and wish him the best for the future. As his successor, the Board welcomes Mr Atif Bokhari assuring him all its support in taking the Bank to a higher level of performance. We also appreciate the guidance and continued support from our regulators State Bank of Pakistan and SECP.

On behalf of the Board

**Teo Cheng San, Roland** Chairman

Atif R. Bokhari President & CEO

# Statement of Compliance with Code of Corporate Governance For the year ended December 31, 2014

This statement is being presented to comply with Code of Corporate Governance (CCG) contained in Regulation # 35 of Listing Regulations of stock exchanges for the purpose of establishing a framework of good governance, whereby a listed company is managed in compliance with the best practices of corporate governance.

The Bank has applied the principles contained in the Code of Corporate Governance (CCG) in the following manner:

1. The Bank encourages representation of independent Non-executive Directors on its Board including those representing minority interests. At present the Board includes:

Category	Name
Independent Directors	Teo Cheng San, Roland Asif Jooma Muhammad Abdullah Yusuf Najmus Saquib Hameed
Non-executive Directors	Tejpal Singh Hora Chia Yew Hock, Wilson Ong Kian Ngee
Executive Director	Atif R. Bokhari

The independent directors meet the criteria of independence under the clause i(b) of the CCG.

- 2. The directors have confirmed that none of them is serving as a director in more than seven listed companies, including the Bank.
- 3. All the resident directors of the Bank are registered as taxpayers and none of them has defaulted in payment of any loan to a banking company, a Development Financial Institution or Non Banking Finance Institutions. None of the directors of the Bank are members of any Stock Exchange.
- 4. No casual vacancy occurred during 2014. On 7 January 2015, Mr Atif R. Bokhari has been appointed as President & CEO / Director, in place of Mr Badar Kazmi.
- 5. The Bank has prepared a "Code of Conduct" and has ensured appropriate steps have been taken to disseminate it through the company along with its supporting policies and procedures.
- 6. The Bank has established a Strategic Intent, and agreed on Brand Values which are expected to be demonstrated by all NIB Bank employees. Both, the Strategic Intent and Values, are duly approved by the Board. A complete record of particulars of significant policies along with the dates on which these were approved is being maintained.
- 7. All the powers of the Board have been duly exercised and decisions on material transactions, including appointment and determination of remuneration and terms and conditions of employment of the CEO and Non-executive Directors have been taken by the Board.
- 8. The meetings of the Board were presided over by the Chairman. The Board held five meetings during the year (including the required quarterly meetings). Written notices of Board meetings, along with agenda, were circulated at least seven days before the meetings. The minutes of the meetings were appropriately recorded and circulated. The CFO and Company Secretary attended all the meetings of the Board of Directors during the year.
- 9. In 2014, one director has completed the "Corporate Governance Leadership Skills" directors' education program offered by the Pakistan Institute of Corporate Governance, as required by the Code. An Orientation Program was planned, unfortunately it could not be held at the arranged dates due to the security situation in the country.
- 10. The Board had approved the appointment of the Chief Financial Officer, Company Secretary and Head of Internal Audit and the terms and conditions of their employment, determined by the CEO, are duly authorized by the Board of Directors. No new appointments during 2014.

# Statement of Compliance with Code of Corporate Governance For the year ended December 31, 2014

- 11. The Directors' report has been prepared in compliance with the requirements of the CCG and fully describes the salient matters required to be disclosed.
- 12. The financial statements of the Bank were duly endorsed by the CEO and CFO before approval of the Board.
- 13. The directors, CEO and executives do not hold any interest in the shares of the Bank other than that disclosed in the pattern of shareholding.
- 14. The Bank has complied with all the corporate and financial reporting requirements of the CCG.
- 15. The Audit Committee comprises of three members, all of whom are non-executive directors (2 are independent including Chairman).
- 16. The meetings of the Audit Committee were held at least once every quarter prior to approval of interim and final results of the Bank as required by the CCG. The terms of reference of the Committee have been formed and advised to the Committee for compliance.
- 17. During the year, the Risk Management sub-committee of the Board comprising of 4 members (1 independent 2 non-executive and 1 executive director) met 4 times, whereas the HR sub-committee of the Board comprising of 4 members (2 independent, 1 non-executive and 1 executive director) met 5 times.
- 18. The Bank has an effective Internal Audit department. An Internal Audit Policy is approved by the Board. The Internal Audit department has conducted audit of branches and various departments of the Bank during the year.
- 19. The statutory auditors of the Bank have confirmed that they have been given a satisfactory rating under the quality control review program of the Institute of Chartered Accountants of Pakistan, that they or any of the partners of the firm, their spouses and minor children do not hold shares of the Bank and that the firm and all its partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the Institute of Chartered Accountants of Pakistan.
- 20. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.
- 21. The 'closed period', prior to the announcement of interim / final results, and business decisions, which may materially affect the market price of company's securities, was determined and intimated to directors, employees and stock exchanges.
- 22. Material / price sensitive information has been disseminated among all market participants at once through stock exchanges.
- 23. We confirm that all the material principles contained in the CCG, explained above, have been complied with.

Atif R. Bokhari President & CEO

# Statement on Internal Controls For the year ended December 31, 2014

#### **Internal Control System**

Management acknowledges its responsibility for establishing and maintaining a system of internal controls directly related to, and designed for, providing reasonable assurance to achieve following objectives:

- Efficiency and effectiveness of operations
- Compliance with applicable laws and regulations
- Reliability of financial reporting

The Bank has strengthened its internal control system by enhancing the quality of processes, staff and IT infrastructure and will continue to do so as it grows its business volumes and activities.

The Bank is pleased to make the following disclosures on components of its internal control system:

#### **Control Environment**

- The Bank has written and implemented policies, procedures, manuals and other documents for most areas of the Bank's business.
- 2. The Bank has established a Strategic Intent, and agreed on Values which are expected to be demonstrated by all NIB Bank employees. Both, the Strategic Intent and Values, are duly approved by the Board.
- 3. A governance structure exists that supports clear lines of command, communication and controls.
- 4. Roles and responsibilities of key management personnel have been defined.
- 5. The Audit Committee, which comprises of non-executive directors, has written terms of reference and reports to the Board. It reviews the approach adopted by the Bank's internal audit group and the scope of, and the relationship with, external auditors. It also regularly receives summary of reports from the internal audit group and the external auditors on the system of internal controls and any material control weaknesses that have been identified. Chairman of the Audit Committee also presents highlights of Audit Committee discussions to the Board of Directors with emphasis on any areas of concern.
- 6. An effective internal audit process exists responsible for evaluation of the Bank's internal control system on a continuous basis. The head of internal audit reports directly to the Chairman of Audit Committee.
- 7. The Bank has adopted a code of conduct that is required to be signed by all employees. Furthermore, the Directors have also signed a code of conduct.
- 8. Management has set up an effective compliance function to ensure ongoing monitoring of the Bank's adherence with all laws and regulations. Head of compliance function directly reports to the CEO/President of the Bank as per regulatory requirements.
- 9. The Bank has also developed a Compliance Risk Management (CRM) tool whereby applicable regulations are tagged to relevant stakeholders entrusted with ownership of specific controls designed to mitigate regulatory risks. The underlying controls are periodically tested by means of a process of self-assessment.

#### **Risk Assessment**

10. The Bank is compliant with the risk management guidelines issued by the SBP.

#### **Control Activities**

11. The Bank has developed a Business Continuity Plan and tests the Plan at periodic intervals.

# Statement on Internal Controls For the year ended December 31, 2014

- 12. The Bank has strict KYC/CDD and AML/CFT, FATCA and Fraud Management policies, and has an automated transaction monitoring system, anti-fraud, KYC/AML, FATCA training programs, and controls in place. The Bank continues to use an e-KYC form and automated transaction monitoring to further strengthen its KYC/AML regime.
- 13. The Bank has completed SBP implementation Roadmap and other guidelines regarding Internal Controls over Financial Reporting (ICFR).

#### Information and Communication

14. The Bank has a functioning Management Information System and has developed Key Performance Indicators for its businesses enabling it to monitor budget versus actual performance.

#### Monitoring

- 15. Internal Audit periodically carries out audits for branches and Head Office functions to monitor compliance with the Bank's standards.
- 16. Management gives due consideration to recommendations made by internal & external auditors as well as those made by the regulators relating to improvements in the internal control system.

Based on the results of an evaluation of the internal control system and key features of the control framework enumerated above, management is of the view that the internal control system during the year was acceptable in design and has been effectively implemented throughout the year.

It is pertinent to state that development of an internal control system is an ongoing process through which management reviews and strengthens its internal controls, designed to manage and mitigate risks, and to also recognize and contain inherent risks. As such, it can only provide reasonable, but not absolute, assurance against material misstatement or loss.

#### **Risk Management Framework**

The acceptance and management of financial risk is inherent to banking business activities. It involves the identification, measurement, monitoring and controlling of Risk.

In accordance with the Risk Management guidelines issued by the SBP, an Integrated Risk Management Group in the Bank formulates risk management Policies and Procedures in line with the Bank's defined strategies and to monitor the following areas:

- a) Credit Risk Management
- b) Market and Liquidity Risk Management
- c) Operational Risk Management

#### Credit Risk Management (CRM)

CRM is viewed as an ongoing activity where credit risks are regularly identified, measured, assessed and controlled. Regular portfolio reviews determine the quality of the credit portfolio on an ongoing basis and assist in balancing risk and reward. To oversee and manage credit risks appropriately, the Credit Risk Committee has been established at the Head Office and comprises of members with credit, industry and business expertise.

In order to achieve earnings targets with a high degree of reliability and to avoid losses through a strong credit process, Credit Risk Policies have been developed and implemented. These Credit Policies are under constant review and updated, thereby establishing a robust credit control environment.

# Statement on Internal Controls For the year ended December 31, 2014

#### Market Risk Management (MRM)

MRM is a control function which allows management to closely supervise and monitor risks caused by movements in market rates or prices such as interest rates, foreign exchange rates, equity prices, credit spreads and/or commodity prices, resulting in a potential loss to earnings and capital.

The Market and Liquidity Risk Unit under the supervision of Integrated Risk Management Group, is responsible for ensuring that market risk parameters are properly adhered to.

In order to ensure adequate controls for money market, foreign exchange and equity transactions, a comprehensive control mechanism has been implemented by restructuring the limit mechanism and introducing notional as well as sensitivity based limits.

#### **Operational Risk Management (ORM)**

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and systems and from external events. The Bank has an Operational Risk Framework duly approved by the Board which is reviewed after every two years. The Bank has an Operational Risk System and implemented an Operational Risk Framework aligned to international best practices. The Bank is using Key Risk Indicators, Risk & Control Self- Assessment and capturing Operational Incidents as tools for identification, monitoring, and management of operational risk. The Bank has further strengthened this area by embedding Internal Control over Financial Reporting (ICFR) testing in Operational Risk System and emphasizing on training, adding experienced staff, focusing on building robust processes and introducing a strong monitoring system as part of the risk management process.

# Auditors' Review Report to the Members on Statement of Compliance with Best Practices of Code of Corporate Governance

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Code of Corporate Governance (the Code) prepared by the Board of Directors of NIB Bank Limited for the year ended 31 December 2014 to comply with the requirements of Listing Regulations of the Karachi, Lahore and Islamabad Stock Exchanges where the Bank is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Bank. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Bank's compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Bank's personnel and review of various documents prepared by the Bank to comply with the Code.

As part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Bank's corporate governance procedures and risks.

The Code requires the Bank to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Bank's compliance, in all material respects, with the best practices contained in the Code as applicable to the Bank for the year ended 31 December 2014.

Further, we highlight below instance of non-compliance with the requirements of the Code as reflected in the paragraph reference where it is stated in the Statement of Compliance:

Paragraph reference	Description
09	The Directors Orientation Program was not conducted during the year.

Date: 25 February 2015

### Auditors' Report to the Members

We have audited the annexed unconsolidated statement of financial position of NIB Bank Limited (the Bank) as at 31 December 2014 and the related unconsolidated profit and loss account, unconsolidated statement of comprehensive income, unconsolidated cash flow statement and unconsolidated statement of changes in equity together with the notes forming part thereof (here-in-after referred to as the 'financial statements') for the year then ended, in which are incorporated the unaudited certified returns from the branches except for 29 branches which have been audited by us and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Bank's Board of Directors to establish and maintain a system of internal control, and prepare and present the financial statements in conformity with approved accounting standards and the requirements of the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984). Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the International Standards on Auditing as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting amounts and disclosures in the financial statements. An audit also includes assessing accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion and after due verification, which in the case of loans and advances covered more than 60% of the total loans and advances of the Bank, we report that:

- a) in our opinion, proper books of accounts have been kept by the Bank as required by the Companies Ordinance, 1984 (XLVII of 1984), and the returns referred to above received from the branches have been found adequate for the purposes of our audit;
- b) in our opinion:
  - i) the statement of financial position and profit and loss account together with the notes thereon have been drawn up in conformity with the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984), and are in agreement with the books of account and are further in accordance with accounting policies consistently applied;
  - ii) the expenditure incurred during the year was for the purpose of the Bank's business; and
  - iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Bank and the transactions of the Bank which have come to our notice have been within the powers of the Bank;
- c) in our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, unconsolidated profit and loss account, unconsolidated statement of comprehensive income, unconsolidated cash flow statement, and unconsolidated statement of changes in equity together with the notes forming part thereof conform with approved

# Auditors' Report to the Members

accounting standards as applicable in Pakistan, and give the information required by the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984), in the manner so required and respectively give a true and fair view of the state of the Bank's affairs as at 31 December 2014 and its true balance of loss, comprehensive income, its cash flows and changes in equity for the year then ended; and

d) in our opinion Zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Bank and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The annexed notes from 1 to 42 and annexure - 1 form an integral part of these unconsolidated financial statements.

#### 1 STATUS AND NATURE OF BUSINESS

NIB Bank Limited "the Bank" is incorporated in Pakistan and its registered office is situated at first floor, Post Mall, F-7 Markaz, Islamabad. The Bank is listed on all the stock exchanges in Pakistan and has 171 branches (December 31, 2013: 179 branches). The Bank is a scheduled commercial bank and is principally engaged in the business of banking as defined in the Banking Companies Ordinance, 1962.

NIB Bank Limited is a subsidiary of Bugis Investments (Mauritius) Pte. Limited which is a wholly owned subsidiary of Fullerton Financial Holdings Pte. Limited which in turn is a wholly owned subsidiary of Temasek Holdings, an investment arm of the Government of Singapore.

#### 2 BASIS OF PRESENTATION

These unconsolidated financial statements represent separate financial statements of the Bank. The consolidated financial statements of the Bank, its subsidiaries and associates are presented separately.

In accordance with the directives of the Federal Government regarding the shifting of the banking system to Islamic modes, the State Bank of Pakistan (SBP) has issued various circulars from time to time. Permissible forms of trade-related modes of financing include purchase of goods by banks from their customers and immediate resale to them at appropriate mark-up in price on deferred payment basis. The purchases and sales arising under these arrangements are not reflected in these unconsolidated financial statements as such but are restricted to the amount of facility actually utilized and the appropriate portion of mark-up thereon.

These unconsolidated financial statements have been presented in Pakistan Rupees, which is the Bank's functional and presentation currency. The amounts are rounded off to the nearest thousand rupees.

#### 3 STATEMENT OF COMPLIANCE

- 3.1 These unconsolidated financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Banking Companies Ordinance, 1962, the Companies Ordinance, 1984 and the directives issued by the SBP. In case the requirements differ, the provisions of and directives issued under the Banking Companies Ordinance, 1962, the Companies Ordinance, 1984 and the directives issued by the SBP shall prevail.
- 3.2 SBP vide BSD Circular No. 10, dated August 26, 2002 has deferred the applicability of International Accounting Standard 39, Financial Instruments: Recognition and Measurement (IAS 39) and International Accounting Standard 40, Investment Property for banking companies till further instructions. Further, according to a notification of the Securities and Exchange Commission of Pakistan (SECP) dated April 28, 2008, IFRS 7 "Financial Instruments: Disclosures" has not been made applicable for banks. Accordingly, the requirements of these standards have not been considered in the preparation of these unconsolidated financial statements. However, investments have been classified and valued in accordance with the requirements of various circulars issued by the SBP.

# 3.3 Standards, interpretations and amendments to published approved accounting standards that are not yet effective

The following standards, amendments and interpretations of approved accounting standards will be effective for accounting periods beginning on or after January 01, 2015:

- Amendments to IAS 19 'Employee Benefits' Employee contributions a practical approach (effective for annual periods beginning on or after July 01, 2014). The practical expedient addresses an issue that arose when amendments were made in 2011 to the previous pension accounting requirements. The amendments introduce a relief that will reduce the complexity and burden of accounting for certain contributions from employees or third parties. The amendments are relevant only to defined benefit plans that involve contributions from employees or third parties meeting certain criteria.
- Amendments to IAS 38 'Intangible Assets' and IAS 16 'Property, Plant and Equipment' (effective for annual periods beginning on or after January 01, 2016) introduce severe restrictions on the use of revenue - based amortization for intangible assets and explicitly state that revenue - based methods of depreciation cannot

be used for property, plant and equipment. The rebuttable presumption that the use of revenue - based amortization methods for intangible assets is inappropriate can be overcome only when revenue and the consumption of the economic benefits of the intangible asset are 'highly correlated', or when the intangible asset is expressed as a measure of revenue. The amendments are not likely to have an impact on Bank's financial statements.

- IFRS 10 'Consolidated Financial Statements' (effective for annual periods beginning on or after January 01, 2015) replaces the part of IAS 27 'Consolidated and Separate Financial Statements'. IFRS 10 introduces a new approach to determining which investees should be consolidated. The single model to be applied in the control analysis requires that an investor controls an investee when the investor is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. IFRS 10 has made consequential changes to IAS 27 which is now called 'Separate Financial Statements' and will deal with only separate financial statements. Certain further amendments have been made to IFRS 10, IFRS 12 and IAS 28 clarifying the requirements relating to accounting for investment entities and would be effective for annual periods beginning on or after January 01, 2016. Management of the Bank is currently assessing the likely impact of this IFRS on the Bank's financial statements.
- IFRS 11 'Joint Arrangements' (effective for annual periods beginning on or after January 01, 2015) replaces IAS 31 'Interests in Joint Ventures'. Firstly, it carves out, from IAS 31 jointly controlled entities, those cases in which although there is a separate vehicle, that separation is ineffective in certain ways. These arrangements are treated similarly to jointly controlled assets/operations under IAS 31 and are now called joint operations. Secondly, the remainder of IAS 31 jointly controlled entities, now called joint ventures, are stripped of the free choice of using the equity method or proportionate consolidation; they must now always use the equity method. IFRS 11 has also made consequential changes in IAS 28 which has now been named 'Investment in Associates and Joint Ventures'. The amendments requiring business combination accounting to be applied to acquisitions of interests in a joint operation that constitutes a business are effective for annual periods beginning on or after January 01, 2016. The adoption of this standard is not likely to have an impact on Bank's financial statements.
- IFRS 12 'Disclosure of Interest in Other Entities' (effective for annual periods beginning on or after January 01, 2015) combines the disclosure requirements for entities that have interests in subsidiaries, joint arrangements (i.e. joint operations or joint ventures), associates and/or unconsolidated structured entities, into one place. The adoption of this standard is not likely to have an impact on Bank's financial statements.
- IFRS 13 'Fair Value Measurement' (effective for annual periods beginning on or after January 01, 2015) defines fair value, establishes a framework for measuring fair value and sets out disclosure requirements for fair value measurements. IFRS 13 explains how to measure fair value when it is required by other IFRSs. It does not introduce new fair value measurements, nor does it eliminate the practicability exceptions to fair value measurements that currently exist in certain standards.
- Amendment to IAS 27 'Separate Financial Statement' (effective for annual periods beginning on or after January 01, 2016). The amendments to IAS 27 will allow entities to use the equity method to account for investments in subsidiaries, joint ventures and associates in their separate financial statements.
- Agriculture: Bearer Plants [Amendment to IAS 16 and IAS 41] (effective for annual periods beginning on or after January 01, 2016). Bearer plants are now in the scope of IAS 16 Property, Plant and Equipment for measurement and disclosure purposes. Therefore, a bank can elect to measure bearer plants at cost. However, the produce growing on bearer plants will continue to be measured at fair value less costs to sell under IAS 41 Agriculture. A bearer plant is a plant that is used in the supply of agricultural produce; is expected to bear produce for more than one period and has a remote likelihood of being sold as agricultural produce. Before maturity, bearer plants are accounted for in the same way as self constructed items of property, plant and equipment during construction.
- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS 10 and IAS 28) [effective for annual periods beginning on or after January 01, 2016]. The main consequence of the amendments is that a full gain or loss is recognized when a transaction involves a business (whether it is housed in a subsidiary or not). A partial gain or loss is recognized when a transaction involves assets that do not constitute a business, even if these assets are housed in a subsidiary.

Annual Improvements 2010-2012 and 2011-2013 cycles (most amendments will apply prospectively for annual period beginning on or after July 01, 2014). The new cycle of improvements contain amendments to the following standards:

- IFRS 2 'Share-based Payment'. IFRS 2 has been amended to clarify the definition of 'vesting condition' by separately defining 'performance condition' and 'service condition'.
- IFRS 3 'Business Combinations'. These amendments clarify the classification and measurement of contingent consideration in a business combination.
- IFRS 8 'Operating Segments' has been amended to explicitly require the disclosure of judgments made by management in applying the aggregation criteria.
- Amendments to IAS 16 'Property, plant and equipment' and IAS 38 'Intangible Assets'. The amendments clarify
  the requirements of the revaluation model in IAS 16 and IAS 38, recognizing that the restatement of accumulated
  depreciation (amortization) is not always proportionate to the change in the gross carrying amount of the asset.
- IAS 24 'Related Party Disclosure'. The definition of related party is extended to include a management entity that provides key management personnel services to the reporting entity, either directly or through a group entity.
- IAS 40 'Investment Property'. IAS 40 has been amended to clarify that an entity should assess whether an acquired property is an investment property under IAS 40 and perform a separate assessment under IFRS 3 to determine whether the acquisition of the investment property constitutes a business combination.

Annual Improvements 2012-2014 cycles (amendments are effective for annual periods beginning on or after January 01, 2016). The new cycle of improvements contain amendments to the following standards:

- IFRS 5 'Non-current Assets Held for Sale and Discontinued Operations'. IFRS 5 is amended to clarify that if an entity changes the method of disposal of an asset (or disposal group) i.e. reclassifies an asset from held for distribution to owners to held for sale or vice versa without any time lag, then such change in classification is considered as continuation of the original plan of disposal and if an entity determines that an asset (or disposal group) no longer meets the criteria to be classified as held for distribution, then it ceases held for distribution accounting in the same way as it would cease held for sale accounting.
- IFRS 7 'Financial Instruments: Disclosures'. IFRS 7 is amended to clarify when servicing arrangements are in the scope of its disclosure requirements on continuing involvement in transferred financial assets in cases when they are derecognized in their entirety. IFRS 7 is also amended to clarify that additional disclosures required by 'Disclosures: Offsetting Financial Assets and Financial Liabilities (Amendments to IFRS 7)' are not specifically required for inclusion in condensed interim financial statements for all interim periods.
- IAS 19 'Employee Benefits'. IAS 19 is amended to clarify that high quality corporate bonds or government bonds used in determining the discount rate should be issued in the same currency in which the benefits are to be paid.
- IAS 34 'Interim Financial Reporting'. IAS 34 is amended to clarify that certain disclosures, if they are not included in the notes to interim financial statements and disclosed elsewhere should be cross referred.

The Bank expects that the above mentioned improvements will not have a material impact on the Bank's financial statements in the period of initial application.

#### 4 BASIS OF MEASUREMENT

These unconsolidated financial statements have been prepared under the historical cost convention, except for the measurement of certain investments and commitments in respect of forward foreign exchange contracts and other forward contracts that are stated at revalued amounts / fair values.

#### 5 CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of unconsolidated financial statements in conformity with approved accounting standards require the use of certain critical accounting estimates that affect the reported amounts of assets, liabilities, income and

expenses. It also requires the management to exercise its judgment in the process of applying the Bank's accounting policies. Estimates and judgments are evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Bank's financial statements or where judgment was exercised in application of accounting policies are as follows:

#### 5.1 Classification of Investments

#### Held-to-maturity securities

As described in note 6.3, held-to-maturity securities are investments where the management has positive intent and ability to hold to maturity. The classification of these securities involves management judgment as to whether the financial assets are held-to-maturity investments.

#### Held-for-trading securities

Investments classified as held-for-trading are those which the Bank has acquired with an intention to trade by taking advantage of short term market / interest rate movements and are to be sold within 90 days.

#### Available-for-sale securities

Investments which are not classified as held-for-trading or held-to-maturity are classified as available-for-sale.

#### 5.2 Impairment

#### Valuation and impairment of available-for-sale investments

The Bank determines that an available-for-sale equity investment and mutual funds are impaired when there has been a significant or prolonged decline in the fair value below its cost. The determination of what is significant or prolonged requires judgment. In making this judgment, the Bank evaluates, among other factors, the normal volatility in share price. In addition, impairment may be appropriate when there is evidence of deterioration in the financial health of the investee, industry and sector performance, changes in technology and operational and financing cash flows.

Provision for diminution in the value of Term Finance Certificates, Bonds and Sukuks is made as per the Prudential Regulations issued by the SBP.

In case of impairment of available-for-sale securities, the loss is recognized in the profit and loss account.

#### Impairment of investments in associates and subsidiaries

The Bank considers that a significant or prolonged decline in the recoverable value of investments in associates and subsidiaries below their cost may be evidence of impairment. Recoverable value is calculated as the higher of fair value less costs to sell and value in use. An impairment loss is recognized when the recoverable value falls below the carrying value and is charged to the profit and loss account. Subsequent reversal of impairment loss, upto the cost of investments in associates and subsidiaries, are credited to the profit and loss account.

#### Impairment of non financial assets (excluding deferred tax)

Non financial assets are subject to impairment review if there are events or changes in circumstances that indicate that the carrying amount may not be recoverable. If any such indication exists, the Bank estimates the recoverable amount of the asset and the impairment loss, if any. The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use. Value in use is the present value of future cash flows from the asset discounted at a rate that reflects market interest rates adjusted for risks specific to the asset. If the recoverable amount of an intangible or tangible asset is less than its carrying value, an impairment loss is recognized immediately in the profit and loss account and the carrying value of the asset reduced by the amount of the loss. A reversal of an impairment loss on intangible assets is recognized as it arises provided the increased carrying value does not exceed that which it would have been had no impairment loss been recognized.

#### 5.3 Provision against non-performing advances

Apart from the provision determined on the basis of time based criteria given in the Prudential Regulations of the SBP, management also applies subjective criteria of classification and accordingly the classification of an advance may be downgraded on the basis of evaluation of the credit worthiness of the borrower, its cash flows, operations in its account and adequacy of security in order to ensure accurate measurement of the provision.

#### 5.4 Retirement Benefits

The key actuarial assumptions concerning the valuation of the defined benefit plan and the sources of estimation are disclosed in note 34.2 to these unconsolidated financial statements.

#### 5.5 Operating fixed assets, depreciation and amortization

In making estimates of depreciation/amortization, the management uses method which reflects the pattern in which economic benfits are expected to be consumed by the Bank. The method applied is reviewed at each financial year end and if there is a change in expected pattern of consumption of the future economic benefits embodied in the assets, the method would be changed to reflect the change in pattern.

#### 5.6 Income taxes

In making the estimates for income taxes currently payable by the Bank, the management looks at the current income tax laws and the decisions of appellate authorities on certain issues in the past. In making the provision for deferred taxes, estimates of the Bank's future taxable profits are taken into account.

#### **6 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies adopted in the preparation of these unconsolidated financial statements have been applied consistently and are the same as those applied in the preparation of the unconsolidated financial statements of the Bank for the year ended December 31, 2013 and are enumerated as follows:

#### 6.1 Business combinations

Business combinations are accounted for using the purchase method. Under this method, identified assets acquired, liabilities and contingent liabilities assumed are fair valued at the acquisition date, irrespective of the extent of any minority interest. The excess of cost of acquisition over the fair value of identifiable net assets acquired is recorded as goodwill.

#### 6.2 Revenue recognition

Mark-up / return on performing loans / advances and investments is recognized on time proportionate basis. Where debt securities are purchased at a premium or discount, such premium / discount is amortized through the profit and loss account over the remaining period of maturity using the effective interest rate method so as to produce a constant rate of return. Interest or mark-up recovered on non-performing advances is recognized on a receipt basis in accordance with the requirements of the Prudential Regulations issued by the SBP as amended from time to time.

The financing method is used in accounting for income on finance leases and hire purchase transactions. Under this method, the unearned income, i.e. the excess of aggregate lease rentals and the estimated residual value over the net investment (cost of leased assets) is deferred and then amortized to income over the term of the lease on a pattern reflecting a constant periodic rate of return on the net investment in the lease. Unrealized lease income is suspended, where necessary, in accordance with the requirements of the Prudential Regulations issued by the SBP.

Rental income from assets given on operating lease is recognized on time proportionate basis over the lease period.

Gains/Losses on termination of lease contracts, documentation charges and other lease income are recognized as income when they are realized.

Fee, commission and brokerage income is recognized at the time of performance of the service.

Dividend income is recorded when the right to receive the dividend is established.

#### 6.3 Investments

Investments of the Bank, other than investments in subsidiaries and associates are classified as held-to-maturity, held-for-trading and available-for-sale.

#### **Held-to-maturity**

These are securities with fixed or determinable payments and fixed maturity for which the Bank has the positive intent and ability to hold upto maturity.

#### **Held-for-trading**

These securities are either acquired for generating a profit from short-term fluctuations in market prices, interest rate movements, dealer's margin or are securities included in the portfolio for which there is evidence of a recent actual pattern of short-term profit taking.

#### Available-for-sale

These are securities which do not fall under the classification of held-for-trading or held-to-maturity securities.

#### Initial measurement

All "regular way" purchases and sales of investments are recognized on the trade date, i.e., the date that the Bank commits to purchase or sell the asset. Regular way purchases or sales of investments are those that require delivery of assets within the time frame generally established by regulation or convention in the market place.

Investments are initially recognized at fair value which, in the case of investments other than held-for-trading, includes transaction costs associated with the investments.

#### Subsequent measurement

#### **Held-to-maturity**

These are measured at amortized cost using the effective interest rate method, less any impairment loss recognized to reflect irrecoverable amounts.

#### Held-for-trading

These are measured at subsequent reporting dates at fair value. Gains and losses on remeasurement are included in the profit and loss account.

#### Available-for-sale

Quoted-securities classified as available-for-sale investments are measured at subsequent reporting dates at fair value (and any revalution gain or loss is taken to Other Comprehensive Income (OCI)). Any surplus / deficit arising thereon is kept in a separate account shown in the balance sheet below equity and taken to the profit and loss account when actually realized upon disposal or when the investment is considered to be impaired.

Unquoted equity securities are valued at the lower of cost and break-up value. A decline in the carrying value is charged to the profit and loss account. The break-up value of these equity securities is calculated with reference to the net assets of the investee company as per the latest available audited financial statements. Investments in other unquoted securities are valued at cost less impairment losses.

Provision for diminution in the value of securities (except term finance certificates) is made for impairment, if any. Provision for diminution in the value of term finance certificates is made as per the criteria prescribed by the Prudential Regulations issued by the SBP.

#### Investment in Subsidiaries and Associates

Investments in subsidiaries and associates are valued at cost less impairment, if any. A reversal of an impairment loss on associates and subsidiaries is recognized as it arises provided the increased carrying value does not exceed that it would have been had no impairment loss been recognized.

Gain or loss on sale of investments in subsidiaries and associates is included in the profit and loss account for the year.

#### 6.4 Lendings to / borrowings from financial institutions (including repurchase and resale agreements)

Securities sold subject to a repurchase agreement (repo) are retained in the financial statements as investments and the counter party liability is included in borrowings. Securities purchased under agreement to resale (reverse repo) are not recognized in the financial statements as investments and the amount extended to the counter party is included in lendings to financial institutions. In the case of the continuous funding system, transactions are shown under advances. The difference between sale and repurchase price is treated as mark-up / return expensed whereas difference between purchase and resale price is treated as mark-up / return earned.

Securities purchase with a corresponding commitment to resell at a specified future date are not recognized in the financial statements, unless these are sold to third parties, in which case the obligation to return them is recorded at fair value as a trading liability under borrowings from financial institutions.

#### 6.5 Advances

Advances including continuous funding system and net investment in finance lease are stated net of provisions.

#### **Provisions**

Specific and general provisions are made based on an appraisal of the loan portfolio that takes into account Prudential Regulations issued by the State Bank of Pakistan from time to time. Specific provisions are made where the repayment of identified loans is in doubt and reflect an estimate of the amount of loss expected. The general provision is for the inherent risk of losses which are known from experience to be present in any loan portfolio. Provision made/reversed during the year is charged to the profit and loss account and accumulated provision is netted off against advances.

Advances are written off when there is no realistic prospect of recovery.

#### Net investment in finance lease

Leases include hire purchase where the Bank transfers substantially all the risks and rewards incidental to the ownership of an asset and are classified as finance leases. Net investment in finance lease is recognized at an amount equal to the aggregate of minimum lease payments and any guaranteed residual value less unearned finance income, if any.

#### 6.6 Operating fixed assets and depreciation

#### Owned

Property and equipment except freehold and leasehold land is stated at cost less accumulated depreciation and accumulated impairment loss, if any. Freehold and leasehold land is stated at cost.

Depreciation is charged to income applying the straight line method over the estimated useful lives of the assets while taking into account any residual value, at the rates given in Note 12.2 to these unconsolidated financial statements. In respect of additions and deletions to assets during the year, depreciation is charged from the month of acquisition while depreciation on disposals during the year is charged upto the month of disposal.

Normal repairs and maintenance are charged to the profit and loss account for the year as and when incurred. Major repairs and improvements are capitalized and assets so replaced are retired.

Gains and losses on disposal of property and equipment if any, are taken to the profit and loss account for the year.

#### Assets held under Finance Lease

Leasehold land is stated at cost.

Assets held under finance lease are stated at cost less accumulated depreciation. The outstanding obligations under the lease agreements are shown as a liability net of finance charges allocable to future periods. Depreciation on assets held under finance lease is charged in a manner consistent with that for depreciable assets which are owned by the Bank.

Finance charges are allocated to accounting periods so as to provide a constant periodic rate of return on the outstanding liability.

#### **Assets held under Operating Lease**

Operating lease assets are stated at cost less accumulated depreciation and impairment, if any.

Repairs and maintenance are charged to the profit and loss account as and when incurred.

#### Capital work in progress

These assets are stated at cost. These are transferred to specific assets as and when assets are available for use.

#### 6.7 Intangible assets

Intangible assets include the value of core deposit relationships, and core overdraft / working capital loan relationships and are stated at cost less accumulated amortization and accumulated impairment losses, if any. Amortization is charged to the profit and loss account on a straight line basis over the assets' useful lives which are determined using methods that best reflect the pattern of economic benefits. The estimated useful lives are as follows:

Core deposit relationships

Core overdraft / working capital loan relationships

11 years
11 years

Computer software is stated at cost less accumulated amortization and accumulated impairment loss, if any. Amortization is carried out on the straight line method at the rates given in Note 13 to these unconsolidated financial statements.

#### 6.8 Sub-Ordinated Loans

Sub-ordinated loans are initially recorded at the amount of proceeds received. Mark-up accrued on these loans is recognized separately as part of other liabilities and is charged to the profit and loss account over the period at effective interest rate.

#### 6.9 Staff retirement benefits

#### Defined benefit plans

The Bank operates an unfunded gratuity scheme covering all eligible employees who have attained the minimum qualifying period of five years. Eligible employees are those employees who have joined the service of the Bank on or before March 31, 2006. Provision is made in accordance with actuarial recommendations. Actuarial valuation is carried out periodically using the "Projected Unit Credit Method". Actuarial gains and losses are recognized immediately in other comprehensive income with no subsequent recycling through profit and loss accounts. Past service costs are charged to the profit and loss account.

#### **Defined contribution plan**

The Bank operates a defined contribution provident fund for all its permanent employees. Equal monthly contributions are made to the fund by both the Bank and the employees at the rate of 10% of basic salary.

#### 6.10 Share based payment transactions

The share based payment awards granted to employees are recognized as personnel expenses at the fair value of these shares at the grant date with the corresponding increase in the equity over the period that the employees become unconditionally entitled to the awards. The amount recognized as an expense is adjusted to reflect the number of awards for which the related service and non market performance conditions are expected to be met, such that the amount ultimately recognized as an expense is based on the number of awards that meet the related service and non-market performance conditions at the vesting date.

Grant date is the date at which the entity and the employee agree to a share based payment arrangement and required that the entity and the employee have a shared understanding of the terms and conditions of the arrangement.

#### 6.11 Taxation

Income tax expense comprises current and deferred tax. Income tax expense is recognized in the profit and loss account except to the extent that it relates to items recognized directly in equity.

#### Current

Provision for current taxation is based on taxable income at the current rates of taxation in accordance with the prevailing laws for taxation on income earned after taking into consideration tax credits and rebates available and any adjustments to tax payable in respect of previous years.

#### **Deferred**

Deferred tax is recognized using the balance sheet liability method on all major temporary differences as at the statement of financial position date between the amounts attributed to assets and liabilities for financial reporting purposes and amounts used for taxation purposes. The Bank records deferred tax assets/liabilities using tax rates, enacted or substantially enacted at the statement of financial position date, that are expected to be applicable at the time of their reversal.

A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the asset can be utilized. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

The Bank recognizes a deferred tax asset/liability on deficit/surplus on revaluation of securities in accordance with the requirements of IAS 12 'Income Taxes'. The related deferred tax asset/liability is adjusted against the related deficit/surplus.

The Bank recognizes a deferred tax asset for the carry forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profits will be available against which the unused tax losses and unused tax credits can be utilized in accordance with the requirements of IAS 12 'Income Taxes'.

#### 6.12 Provisions

Provisions are recognized when the Bank has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed quarterly and are adjusted to reflect the current best estimate.

#### 6.13 Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements when there is a legally enforceable right to set-off the recognized amount and the Bank intends either to settle on a net

basis, or to realize the assets and to settle the liabilities simultaneously. Income and expense items relating to such assets and liabilities are also offset and the net amount is reported in the financial statements.

#### 6.14 Dividend distribution

Dividend is recognized as a liability in the period in which it is declared.

#### 6.15 Distributions of bonus shares and other appropriations to reserves

The Bank recognizes all appropriations, other than statutory appropriations, to reserves including those in respect of bonus shares made after the statement of financial position date, in the period in which such appropriations are approved. Appropriation to statutory reserves are recognized in the financial statements of the period to which these appropriations relate to.

#### 6.16 Foreign currencies

Transactions in foreign currencies are translated to Rupees at the foreign exchange rates prevailing at the transaction date. Monetary assets and liabilities in foreign currencies are translated into Rupees at the rates of exchange prevailing at the statement of financial position date. Forward foreign exchange contracts are valued at forward rates applicable to their respective maturities.

Commitments for outstanding forward foreign exchange contracts are disclosed in these unconsolidated financial statements at committed amounts. Contingent liabilities/commitments for letters of credit and letters of guarantee denominated in foreign currencies are expressed in Rupee terms at the rates of exchange approximating those prevailing at the statement of financial position date.

Assets against which the constituents have exercised their option to transfer exchange risk to the Bank and liabilities for which the Bank has exercised its option to transfer exchange risk to the Government, are translated at the rates of exchange guaranteed by the Bank and the Government, respectively.

Assets, liabilities, commitments and contingent liabilities in respect of Bangladesh are translated at foreign exchange rates approximating those prevailing prior to August 15, 1971.

Exchange gains and losses are included in income currently except net unrealized exchange gain on long-term monetary items which, as a matter of prudence, is carried forward as unrealized gain in view of the uncertainty associated with its realization.

#### 6.17 Cash and cash equivalents

For the purposes of the cash flow statement, cash and cash equivalents include cash and balances with treasury banks and balances with other banks.

#### 6.18 Financial instruments

All financial assets and liabilities are recognized at the time when the Bank becomes a party to the contractual provisions of the instrument. Financial assets are derecognized when the Bank loses control of the contractual rights that comprise the financial assets. Financial liabilities are derecognized when they are extinguished i.e. when the obligation specified in the contract is discharged, cancelled or expired. Any gain or loss on derecognition of the financial assets and financial liabilities is taken to income directly. Financial assets carried on the statement of financial position include cash and bank balances, lendings to financial institutions, investments, advances and certain receivables. Financial liabilities include borrowings, deposits, bills payable and other payables. The particular recognition methods adopted for significant financial assets and financial liabilities are disclosed in the individual policy statements associated with them.

#### 6.19 Derivative financial instruments

Derivative financial instruments are recognized at their fair value on the date on which a derivative contract is entered into and subsequently these instruments are marked to market and changes in fair values are taken to the profit and loss account. Fair values are obtained from quoted market prices in active markets.

#### 6.20 Segment reporting

A segment is a distinguishable component of the Bank that is engaged in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments. The Bank's primary format of reporting is based on business segments.

#### 6.20.1 Business segments

#### Wholesale Banking

Deposits, trade, advisory services and other lending activities for corporates and financial institutions. It also includes the overall management of treasury of the Bank, which entails various cash and interest risk management products for customers, underwriting, transactional banking, and IPO related activities.

#### Consumer

It represents banking services offered to individuals and small businesses through a retail branch banking and alternate distribution network. These banking services include lending, deposits and distribution of insurance products along with other financial products and services tailored for such customers.

#### Commercial

It represents all funded and non funded credit facilities, deposit products & transaction services offered by the Bank to small & medium enterprises and commercial businesses operating in the manufacturing, trading, wholesale and service sectors.

#### 6.20.2 Geographical segments

The Bank operates in Pakistan only.

#### 6.21 Assets acquired in satisfaction of claims

The Bank acquires assets in settlement of certain advances. These are recorded at the lower of the carrying value of the related advances and the current fair value of such assets.

#### 6.22 Deposits

Deposits are initially recorded at the amount of proceeds received. Mark-up accrued on deposits is recognized separately as part of other liabilities and is charged to the profit and loss account on a time proportionate basis.

#### 6.23 Earnings per share

The Bank presents earnings per share (EPS) data for its ordinary shares. EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Bank by the weighted average number of ordinary shares outstanding during the year.

#### 6.24 Fiduciary assets

Assets held in a fiduciary capacity are not treated as assets of the Bank in the statement of financial position.

#### 6.25 Assets Held-for-sale

Assets held for sale are carried at lower of carrying value and fair value less costs to sell.

<sup>\*</sup> Rating not available

**10.15** As per BSD circular No. 6 of 2007 dated September 6, 2007, investments in subsidiaries and associates are required to be reported separately and should be carried at cost. However, as per IAS 36, these need to be tested for impairment, if there is indication that such impairment may exist.

Management has tested the investment in its subsidiary, PICIC Asset Management Company Limited (PICIC AMC), for impairment using a 'value in use' calculation. The 'value in use' calculation indicates that the value of the investment in the subsidiary exceeds the cost of investment, therefore, no impairment was made during the year.

The Bank has received interest from few parties in potentially acquiring the Bank's interest in its wholly owned subsidiary company. The management of the Bank is currently evaluating the feasibility of pursuing a transaction for possible divestment of its equity stake in the PICIC AMC, subject to the relevant approvals including the regulatory approvals from the State Bank of Pakistan and the Securities and Exchange Commission of Pakistan. The sale will only be effected if it makes economic sense to the Bank.

During the year, the Bank earned dividend income of Rs. 510 million (2013: Rs. 318 million) from the above asset management company.

- **11.4.1** Included in the Provision required is an amount of Rs. 343.944 million (2013: Rs. 293.089 million) which represents provision in excess of the requirements of the State Bank of Pakistan.
- 11.4.2 In accordance with BSD Circular No. 1 dated October 21, 2011 issued by the State Bank of Pakistan, the Bank has availed the benefit of Forced Sale Value (FSV) against the non-performing advances. During the year ended December 31, 2014, total FSV benefit erosion resulted in decrease in profit before tax of Rs. 2,022.246 million. Had the benefit under the said circular not been taken by the Bank, the specific provision against non-performing advances would have been higher by Rs. 2,383.281 million (December 31, 2013: Rs. 4,405.527 million). The FSV benefit recognized will not be available for the distribution of cash and stock dividend to shareholders.

12.2.2 Carrying amount of temporarily idle property is Rs. 790.447 million (2013: Rs. 812.378 million).

12.2.3

Court of Sindh. The High Court of Sindh initially issued restraining orders against KDA and KPT in the respective suits in respect of cancellation of the allotment of the by KDA was improper and void, whereas, in the suit against KPT, the High Court of Sindh held that since allotment in favor of the Bank was valid therefore, KPT had no This includes a plot of land costing Rs. 361 million in Block-6, KDA Scheme-5, Clifton, Karachi (the "Plot"), possession of which was taken by the Bank (formerly PICIC) in In 2000, KDA cancelled the allotment unitaterally based on certain building and construction restrictions. The Bank filed a Civil Suit against KDA before the High Court of Sindh in respect of the said unilateral cancellation of the allotment. Meanwhile, also in 2000, a dispute arose with KPT in respect of construction of a boundary wall on the Plot by KPT as KPT claimed that the ownership of the land had been reverted to KPT. The said claim by KPT was also challenged by way of Civil Suit before the High Plot. Subsequently, both the suits were decided in favor of the Bank. In the suit filed against KDA, the High Court of Sindh held that the action of cancellation of the allotment Court Appeals by KDA and KPT. Furthermore, in November 2008, KPT filed a civil suit seeking a declaration from the High Court of Sindh to the effect that the ownership April 1983 pursuant to an allotment order by Karachi Development Authority (KDA). All the legal dues in respect of the Plot including Non-utilization Fees have been paid. standing to claim that the ownership of the land had been reverted back to KPT. Both the decisions of the High Court of Sindh were challenged in two separate High of the plot had been validly reverted to KPT.

However, the appeal filed by KPT against NIB Bank is still pending before the High Court of Sindh, Karachi. At present, the Bank is actively defending the cases. Also as per legal opinion provided by the dealing counsel, the appeal filed by the KPT is likely to be decided by the Hon'ble Court in favour of the Bank. During the year, appeal filed by KDA has been disposed off in favour of the Bank vide order dated March 06, 2014 passed by the Honourable High Court of Sindh, Karachi.

or the possession as tenant of an insignificant area of only 18 square feet of the plot measuring 3,120.46 square yards, however there is no issue over the title of the This also includes a plot of land having book value of Rs. 372.103 million situated in Railway Quarters, I.I. Chundrigar Road, Karachi, (the "Plot"), where a tenant is claiming

Unrealised exchange losses	14.3	(33,604)	(33,604)
(Surplus) / Deficit on revaluation of securities		(644,795)	_
		(1,935,504)	(1,318,456)
Deferred tax assets		11,273,784	11,816,708
Unrecognised deferred tax assets*	14.1	(1,134,408)	(566,822)
Recognised deferred tax assets		10,139,376	11,249,886

<sup>\*</sup> Included in the unrecognised deferred tax assets.

14.1 The deferred tax asset recognized in the books has been restricted to Rs. 10,139.376 million due to uncertainty of availability of future tax profits for utilization of the un-recognized deferred tax assets. The deductible differences available to the Bank are Rs. 11,273.784 million. Had these been taken completely, the profit after tax for the year would be higher by Rs. 1,134.408 million (2013: Rs. 566.822 million). Therefore, the accumulated amount of deferred tax asset and minimum turnover tax not recognized as of December 31, 2014 amounted to Rs. 1,134.408 million.

The management has recorded deferred tax asset based on financial projections indicating realisibility of deferred tax asset over a number of future years through reversals as a result of recoveries from borrowers and realisibility of remaining deferred tax asset against future taxable profits. The financial projections involve certain key assumptions such as deposits composition, interest rates, growth of deposits and advances, investment returns and potential provision / reversals against assets. Any significant change in the key assumptions may have an effect on the realisibility of the deferred tax asset.

- 14.2 In 1987 and 1989, the Bank (formerly PICIC) exercised its option to avail the exchange risk coverage offered by the Government of Pakistan, Ministry of Finance and Economic Affairs (Economic Affairs Division), through Office Memo 1(16)/50/DM/86 dated July 8, 1987 and 1(12)/50/DM/89 dated June 1, 1989 respectively and, in turn the Bank (formerly PICIC) offered the risk coverage to its Borrowers.
- **14.3** The unrealized exchange losses of the Bank (formerly PICIC) as on April 21, 1987, the effective date of exercise of both the options arising on related borrowings as reduced by gains arising on related advances was claimed as loss for tax purposes.

- 15.3 Represents cost of land and building acquired by the Bank against advances and held for resale. The market value of the subject assets as of December 31, 2014 was Rs. 2,545.390 million (2013: Rs. 2,037.041 million). Provision of Rs. 151.272 million (2013: Rs. 132.272 million) has been made against difference between cost and fair value. The above mentioned values include properties having market value of Rs. 1,618.947 million (2013: Rs. 1,219.752 million) acquired through settlement agreements, where the settlement agreement signed with borrowers entails a buy back option.
- **15.4** All the assets and liabilities as of November 30, 1971 clearly identifiable as being in or in respect of the areas now under Bangladesh and referred to above were segregated as of that date and in such segregation, for purposes of conversion of foreign currency amounts, generally speaking, the parity rates ruling prior to August 15, 1971 were used, and all income accrued or due in 1971 but not received in that year and interest accrued but not due on borrowings in 1971 was eliminated. Subsequently, consequent to the assuming by Bangladesh of certain foreign currency loan obligations as of July 1, 1974, including amounts previously identified by the Bank (formerly PICIC) as its foreign currency liabilities in respect of Bangladesh, such amounts were eliminated from the books of the Bank (formerly PICIC) by reducing an equivalent sum from its related foreign assets in that area.

284,323

177,773

538,686

266.873

136,307 476,586

Arising from advices received from the lenders and as a result of diversion of shipments and of the meeting of certain contingent liabilities, there have been certain modifications to the foreign currency advances relating to Bangladesh. Furthermore, the difference between the actual amount of rupees required to remit maturities of foreign currency borrowings in respect of Bangladesh and the figures at which they appeared in the books and the interest paid to foreign lenders has been treated as increasing the rupee assets in that area.

The Government of Pakistan, while initially agreeing to provide the rupee finance required for discharging current maturities of foreign currency borrowings and interest related to Bangladesh, did not accept any responsibility for PICIC's assets in that area. However, following an agreement reached between PICIC and the Government of Pakistan during 1976, the Government has agreed that it would continue to provide the funds for servicing PICIC's foreign currency liabilities relating to Bangladesh and has further agreed that an amount equivalent to the rupee assets in Bangladesh financed from PICIC's own funds not exceeding Rs. 82 million would be deemed to have been allocated out of the rupee loans by the Government and that such allocated amount together with the rupee finance being provided by the Government including any interest thereon would not be recovered from PICIC until such time as PICIC recovers the related assets from Bangladesh and only to the extent of such recovery.

Accordingly, such allocated amounts, together with the rupee finance being provided by the Government for discharging the current maturities of foreign currency borrowings (including the interest and charges thereon and any exchange difference between the final rupee payment and the amount at which the liability, commitment or contingent liability as appearing in the books relating to Bangladesh) have been treated as liabilities in respect of Bangladesh. Further, in view of the aforesaid agreement no interest is being accrued on the allocated amount of rupee loans or in respect of the rupee finance provided by the Government related to PICIC's assets in Bangladesh nor is it considered necessary to provide for any loss that may arise in respect of PICIC's assets in Bangladesh.

	Closing balance	1,300,684	1,177,612

- **15.6** This includes a sum of Rs. 30.466 million (2013: Rs. 30.466 million) representing unrealized exchange gain, which has not been recognized as income and deferred in the financial statements, in accordance with the policy of the Bank, as stated in note 6.16.
- 15.7 This includes Rs. 900 million in respect of advance paid by the Bank for purchase of Sukuk Bonds of Sui Southern Gas Company (SSGC). As per agreed repayment schedule mark-up has been received from SSGC which have been recorded as mark-up income of the Bank. These carry mark-up rate of 3 months KIBOR + 70 bps and have original maturity of 5 years. The Sukuk are in the process of issuance and expected to complete in first half of 2015, upon issuance of the Bonds this advance will be reclassified as Investments.

		62,750,894	51,506,673

- **17.3** Borrowings from SBP under Export Refinance Scheme are subject to mark-up rates ranging from 5.5% to 6.5% (2013: 8.4%) per annum maturing within six months.
- **17.4** Borrowings from SBP under Long Term Financing Facility (LTFF) are subject to mark-up rates ranging from 6.0% to 8.6% (2013: 6.50% to 8.60%) per annum with remaining maturity upto ten years.
- **17.5** Borrowings from SBP under Long Term Finance for Export Oriented Projects are subject to mark-up rate of 5.00% (2013: 5.00%) per annum with remaining maturity upto two years.
- **17.6** These borrowings are subject to mark-up rates ranging from 9.50% to 9.90% (2013: 9.40% to 10%) per annum with remaining maturity upto one month. Government securities have been given as collateral against these borrowings.
- **17.7** These borrowings are subject to mark-up at rates ranging from 9.50% to 10.25% (2013: 9.00% to 10.50%) per annum with remaining maturity upto six months.
- 17.8 The Government of Pakistan (GoP) has claimed an amount of Rs. 162.286 million in respect of liabilities against German credit representing principal amount of loan and Rs. 45.444 million as interest thereon till June 30, 2006. The principal amount has been accounted for and shown as payable to the GoP whereas interest has been accounted for in Other Liabilities (note 20). However, the Bank is contending that any amount of principal and interest is payable to the GoP only when recovered from the related sub-borrowers, who have availed the German credit. This also includes unrealized exchange loss of Rs. 96.011 million (2013: Rs. 96.011 million) which has been netted off against unrealized exchange gain (note 15) as it is payable when recovered from sub-borrowers, who have availed the related German credit.
- **17.9** These represent unsecured borrowings in foreign currency and are subject to mark-up rates ranging from 2% to 2.65% per annum with remaining maturity upto three months.

#### 23.9 Other Contingencies

A penalty of Rs. 700 million was imposed by the Competition Commission of Pakistan ("the Commission") on all the member banks utilizing the 1 link Switch on account of uncompetitive behavior and imposing of uniform charges on cash withdrawal for off network ATM transactions. The Bank's share in this penalty is Rs. 50 million. The concerned banks filed a constitutional petition before the High Court of Sindh, which has suspended the order of the Commission. Consequently an appeal was filed with the Competition Appellate Tribunal ("Tribunal") which has set aside the order of the Commission. The Commission has preferred an appeal before the Supreme Court, which has been admitted for hearing and will be fixed by the concerned office of the Supreme Court.

The management in consultation with external legal counsel, representing the Bank, is confident that they have strong grounds to contest this penalty and are optimistic that the outcome will be decided in favour of the Bank.

#### 23.10 Tax Contingency

The income tax returns of NIB Bank Limited have been filed up to and including tax year 2014 relevant to the financial year ended December 31, 2013. The tax authorities have made certain disallowances including additions on account of proration of expenses against dividends and capital gains, disallowances of interest and administrative expenses and renovation expenses incurred on rented premises (allowed historically) pertaining to tax years 2003 through 2008 for Ex-Pakistan Industrial Credit and Investment Corporation Limited (Ex-PICIC), from tax years 2004 through 2008 for Ex-PICIC Commercial Bank Limited (Ex-PCBL), tax years 2003 and 2004 for Ex-National Development Leasing Corporation Limited (Ex-NDLC) and from tax years 2004 through 2008 for NIB Bank Limited. Last year, a combined Appellate Order for Ex-PICIC pertaining to tax years 2003 through 2007 was issued by Commissioner Inland Revenue (Appeals) – CIR(A) in which the aforementioned expenses were allowed. However, the tax authorities have filed appeal with Income Tax Appellate Tribunal (ITAT) against above combined Appellate Order. These disallowances may result in additional tax aggregating to Rs. 1,370 million (2013: Rs. 1,370 million), which the management of the Bank in discussion with their tax consultants believes to be unjustified and not in accordance with the true interpretation of the law.

Appeals filed against orders are pending at various appellate forums. Management is confident that the eventual outcome of the cases will be in favour of the Bank.

#### 34. DEFINED BENEFIT PLAN

**34.1** The Bank operates an unfunded gratuity scheme covering all eligible employees who have attained the minimum qualifying period of five years. Eligible employees are those employees who have joined the service of the Bank on or before March 31, 2006. The benefits under the gratuity scheme are payable in lump sum on retirement at the age of 60 years or earlier cessation of services. The benefit is equal to one month's last drawn basic salary for each year of confirmed service, subject to a minimum of five years of service.

#### 34.2 Principal actuarial assumptions

The actuarial valuation is carried out periodically. The actuarial valuation was carried out for the year ended December 31, 2014 using the "Projected Unit Credit Method". The main assumptions used for actuarial valuation are as follows:

	Gratu	ıity
	2014	2013
<ul><li>Valuation discount rate</li><li>Salary increase rate</li></ul>	10.50% 9.50%	12.75% 11.75%

#### 34.8 Expected contribution for the next one year

The Bank provides for gratuity as per the actuary's expected charge for the next one year. Based on actuarial advice, management estimates that the charge in respect of the defined benefit plan for the year ending December 31, 2015 would be Rs. 12.818 million.

#### 35. DEFINED CONTRIBUTION PLAN

The Bank has established a provident fund scheme administered by the Board of Trustees for all permanent employees. Equal monthly contributions are made to the fund by both the Bank and the employees at the rate of 10% of basic salary.

Forward sale of Government Securities		_	2,894,757	2,906,407

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction.

Fair values of held-to-maturity securities, sub-ordinated loans and investment in quoted associates have been stated at market values.

Fair value of unquoted equity securities have been stated at the lower of cost and Net Assets Value as per the latest available audited financial statements.

Except for investment in unquoted subsidiaries, fixed term advances of over one year, staff loans and fixed term deposits of over one year, the fair value of other on balance sheet financial assets and liabilities are not significantly different from their book value as these assets and liabilities are either short term in nature or are frequently re-priced.

The fair value of unquoted subsidiaries, fixed term advances, staff loans, fixed term deposits, other assets and other liabilities cannot be calculated with sufficient reliability due to non-availability of relevant active markets for similar assets and liabilities.

#### 38. SEGMENT DETAILS WITH RESPECT TO BUSINESS ACTIVITIES

The Bank is organized into reportable segments as disclosed in note 6.20.1. These segments are managed by respective segment heads and the results of these segments are regularly reviewed by the Bank's President / Chief Executive, Executive Committee and the Board of Directors. Segment performance is reviewed on the basis of various factors including profit before taxation.

Transactions between reportable segments are carried out on an arm's length basis.

The segment analysis with respect to business activity is as follows:

# 40 CAPITAL ASSESSMENT AND ADEQUACY

# 40.1 Scope of Application

and also on a stand alone basis. Capital Adequacy Ratio (CAR) has been calculated in accordance with the guidelines as stipulated by State The Basel III Framework is applicable to the Bank on both at the consolidated level (comprising wholly owned subsidiaries and associates) Bank of Pakistan vide BPRD Circular No. 06 of August 15, 2013. The said circular has revised the Basel II Framework with Basel III Capital reforms to further strengthen the capital related rules. These instructions are effective from December 31, 2013 in a phased manner with full implementation intended by December 31, 2019.

## 40.1.1 Capital Management

The purpose of capital management at the Bank is to ensure efficient utilization of capital in relation to business requirements, growth, risk appetite, shareholders' returns and expectations. The Bank manages its capital structure and makes adjustments to it in the light of changes in economic conditions, regulatory requirements and the risk profile of its activities. In order to maintain or adjust the capital structure, the Bank may issue capital / Tier 2 capital

The Bank ensures adherence to SBP's requirements by monitoring its capital adequacy on a regular basis. The Bank also closely monitors the capital adequacy requirements by applying stressed conditions. Banking operations are categorized as either Trading book or Banking book, and Risk-Weighted Assets are determined according to SBP requirements that seek to reflect the varying levels of risk attached to Bank's On and Off-balance sheet exposures.

Collateral, if any, is used as an outflow adjustment and applicable risk weights are applied to Net Adjusted Exposure.

2013

Cash and near Cash collateral includes Government of Pakistan Securities, Shares listed on the stock exchanges, Cash and Cash equivalents (deposits / margins, lien on deposits).

The Bank has complied with all regulatory capital requirements as at the reporting date.

#### 40.1.2 Capital Structure

The Bank's regulatory capital base comprise of:

- (a) Tier 1 capital which includes fully issued, subcribed and paid up capital, balance in share premium account, reserves and accumulated profits/losses.
- (b) Tier 2 capital consists of general provision for loan losses (subject to 1.25% of Risk-Weighted Asset), subordinated loans and surplus on revaluation of securities.

The issued, subscribed and paid up capital of the Bank is Rs. 103,028,512 thousands as at December 31, 2014, comprising of 10,302,851,164 shares of Rs. 10 each.

Quoted, unsecured and eligible for Tier 2 Term Finance Certificates (TFCs) of Rs. 4,198,035 thousands were issued on June 19, 2014 having the tenure of 8 years. The said TFCs have been issued as per Basel-III guidelines.

### 40.5 Capital Adequacy

### **Objectives of Managing Capital**

Capital Management aims to ensure that there is sufficient capital to meet the capital requirements of the Bank as determined by the underlying business strategy and the minimum regulatory requirements of the SBP. Bank's capital management seeks:

- to comply with the capital requirements set by the regulators;
- to maintain a strong capital base so as to maintain investor, depositor and market confidence and to sustain future development of the business;
- to safeguard the Bank's ability to continue as a going concern so that it can continue to provide adequate return to shareholders;
- availability of adequate capital at a reasonable cost so as to enable the Bank to expand; and
- to protect the Bank against unexpected events.

### **Externally Imposed Capital Requirements**

In order to strengthen the solvency of banks, SBP vide BSD Circular No. 07 of 2009 dated April 15, 2009 has asked the banks to raise their minimum paid up capital to Rs. 10 billion free of losses by the end of financial year 2013.

SBP through its BSD Circular No. 09 dated April 15, 2009 has asked Banks to achieve the minimum Capital Adequacy Ratio (CAR) of 10% on standalone as well as on consolidated basis latest by December 31, 2010.

The paid up capital and CAR of the Bank stands at Rs. 103 billion and 11.00% respectively of its risk weighted exposure as at December 31, 2014.

The Bank has complied with all externally imposed capital requirements as at year end.

The capital requirements for the banking group as per the major risk categories should be indicated in the manner given below:

	Capital Req	uirements	Risk Weighted Assets

CET1 to total RWA	5.50%	8.44%	5.00%	11.03%	
Tier 1 capital to total RWA	7.00%	8.44%	6.50%	11.03%	
Total capital to total RWA	10.00%	11.00%	10.00%	11.03%	

The Capital Adequacy Ratio of prior year is based on Basel II Framework as applicable on that date.

### 41 RISK MANAGEMENT

The risk management framework of NIB is approved by the Board of Directors ("BOD") and implemented by the senior management. The Bank's risk management policies are established to identify and analyze the risks faced by the Bank, to set standard and appropriate risk limits and controls to ensure quality of portfolio and credit process. Risk management policies are reviewed annually to reflect changes in economic environment, market conditions and products offerings. The BOD sets forth the vision and strategy of NIB and has entrusted the monitoring to the Board's Risk Management Committee ("BRMC"), which is an oversight committee and meets at least quarterly. Findings of the BRMC are escalated to the BOD. Terms and references of BRMC are documented and duly approved by the BOD and broadly includes oversight responsibility at the highest level under the Risk Management Governance Framework.

The BRMC relies on three management committees namely the Asset Liability Committee ("ALCO"), the Credit Risk Committee ("CRC") and the Operational Risk Committee ("ORC"), to identify, manage and monitor risks.

### Asset Liability Committee ("ALCO")

The ALCO functions as the top operational unit for managing the statement of financial position within the performance/risk parameters laid down by the BOD. Its objective is to derive the most appropriate strategy for NIB in terms of mix of assets & liabilities given future expectations and potential consequence of interest rate movements, liability constraints, and foreign currency exchange exposure and capital adequacy.

### Credit Risk Committee ("CRC")

In our normal business activities there is a need to manage effectively potential credit risk. To address this risk, Credit Risk Committee (CRC) is established under the leadership of the Chief Risk Officer (CRO) of the Bank and membership comprises the President and Senior Management of the Bank. The main objective of the CRC is to ensure effective and proactive management of Credit Risk throughout the Bank in accordance with the Risk Management Framework and related Risk Policies and Procedures. Terms and references of the CRC, which meets six times a calender year, broadly include the following:

To ensure that all relevant risk policies of the Bank are developed, implemented and are not in conflict with any of the applicable laws and regulations.

To oversee implementation of credit risk related policies and procedures relevant to all business units through review of standard MIS decks.

To ensure that all activities are in compliance with the Prudential Regulations and also with the policies and controls established by the relevant units of the Bank through periodic review of business issues highlighted in internal / external audit reports and SBP Inspection Report.

To review stress testing on portfolio considering the major factors like interest rate sensitivity, inflation, Rupee devaluation, fluctuation in oil prices and/or global meltdown etc.

To review the credit portfolio, primarily through Key Risk Indicators, and to assess:

- quality of the portfolio;
- recovery of remedial accounts;
- variance analysis of actual with plan and forecasts; and
- portfolio exceptions

To advise business where activities are not aligned with control requirements or risk appetite and to recommend Risk Policies.

### **Operational Risk Committee ("ORC")**

In our normal business activities there is a need to effectively manage potential risk arising out of banking operation of the Bank. To address this risk, Operational Risk Committee (ORC) is established under the leadership of the President of the Bank and membership comprises the CRO and Senior Management of the Bank. The main objective of the ORC is to ensure effective and proactive management of Operational Risk throughout the Bank in accordance with the Risk Management Framework and related Risk Policies and Procedures. Terms and references of the ORC, which meets on a monthly basis, broadly include the following:

To ensure operational risk identification and measurement covers all activities/products/processes of the Bank, and compliant with the Bank's standards and applicable regulations, and that risk control and risk origination decisions are properly informed.

To develop, maintain and review a consolidated MIS of key operational risks in the Bank in the form of Risk & Control Assessment Matrix.

To monitor all material Operational Risk exposures and key external trends, through KRIs and appropriate management action as per defined thresholds, in accordance with Operational Risk policies and procedures.

To review Ops Loss Data (OLD) and take proactive measures to reduce Ops Losses.

To direct appropriate action in response to material events, risk issues or themes that come to the Committee's attention.

To ensure any areas of potential overlap with another entity or Risk Control Area, Business or Function are notified to the affected entity Risk Control Owner, Business or Function Head.

### **Risk Management Organization at NIB**

The Chief Risk Officer ("CRO") is responsible for enterprise wide risk management and implementation of the overall risk management framework of NIB. In this respect, the CRO has to ensure that the risk organization

structure of NIB is equipped with the best people, policies and processes, which enable it to perform efficiently and effectively.

The CRO is supported by a Chief Operating Officer - Risk responsible for Risk Policies & Procedures, Portfolio Risk and Country Risk Assessment, and five Risk Heads, responsible for Corporate, Trade Finance, Commercial/SME and Consumer Finance businesses and Market, Liquidity and Operational Risks respectively and they are responsible for ensuring the implementation of NIB's risk framework, Bank's policies and Central Bank regulations in their respective domains.

### 41.1 Credit Risk

Credit risk is the risk that a counterparty or customer will be unable to pay amounts in full when due. NIB's main credit exposure arises from the risk of failure by a client or counterparty to meet its contractual obligations. The risks are inherent in loans and bills receivable from non-bank customers, commitments to lend, repurchase agreements, securities borrowing and lending transactions, and contingent liabilities. Settlement risk is the risk of loss due to the failure of an entity to honor its obligations to deliver cash, securities or other assets as contractually agreed. Clean risk at liquidation or settlement risk occurs when items of agreed upon original equal value are not simultaneously exchanged between counterparties and/or when items are released without knowledge that countervalue items have been received by the Bank. Typically the duration is intra-day, overnight/over weekend, or in some situations even longer. The risk is that we deliver but do not receive delivery. In this situation 100% of the principal amount is at risk. The risk may be larger than 100% if in addition there was an adverse price fluctuation between the contract price and the market price. Cross-border risk is the risk that we will be unable to obtain payment from our customers or third parties on their contractual obligations as a result of certain actions taken by foreign governments, chiefly relating to convertibility and transferability of foreign currency. Cross-border assets comprise loans and advances, interest-bearing deposits with other banks, trade and other bills, acceptances, amounts receivable under finance leases, certificates of deposit and other negotiable paper, and formal commitments where the counterparty is resident in a country other than where the assets are recorded. Cross-border assets also include exposures to local residents denominated in currencies other than the local currency. NIB has established limits for cross-border exposure and manages exposures within these limits.

NIB has established an appropriate credit risk environment which is operating under a sound credit-granting process; maintaining an appropriate credit administration, measurement and monitoring process and ensuring adequate controls. For risk management reporting purposes the Bank considers and consolidates all elements of credit risk exposures.

There is a proper credit delegation matrix for review and approving credit applications. Businesses have no credit approving authority. All credit approvals are accorded by the Credit Officers / Senior Credit Officers in the Risk Management Group. Corporate Credit Risk Management also approves exposure to Financial Institutions.

The concept of "three initial system" is very much in existence in NIB. Based upon regional considerations and availability of Credit Talent, any initiating unit has to have formal recommendation by the Relationship Manager, his/her Team Leader and Regional Head / Corporate Banking Head / Group Head. The essence here is that the credit proposal must not be left to the sole judgment of one person – rather, the application of minds must be diverse and independent of each other.

Further, in order to measure credit risk, an indigenously developed rating system is followed. This rating system is being continuously fine tuned to address regulatory and global benchmarks.

NIB manages credit risk through:

- Accurate and detailed information about the borrower, cash flows, production, service and operation of the company;
- Insights into the major factors influencing customer attrition and product cancellation;
- Credit and collections treated as a highly people-intensive business; and
- Establishment of acceptable risk levels.

NIB monitors exposure to credit risk through:

Post-disbursement maintenance of accounts is done through Credit Administration Department ("CAD") reporting into a CAD Head. The CAD Head has direct reporting line to the CRO;

Submission of regulatory returns pertaining to reporting of NIB's portfolio.

### Impaired financial assets

Impaired financial assets including loans and debt instruments are those which NIB determines that it is probable that it will not be able to collect all principal and interest due according to the contractual terms of the agreement(s) underlying the financial assets. Financial assets carried at fair value through profit or losses are not assessed for impairment since the measure of fair value reflects their credit qualities. For the monitoring of the credit quality of the financial assets not carried at fair value through profit or loss, NIB follows the guidelines issued by the State Bank of Pakistan. Credit quality is determined based on three pillars, namely: business prospect, financial performance and repayment capacity.

### Write offs

NIB's Write off Policy is laid out in line with the SBP rules. All credit write offs are approved under the approved delegation matrix. Writing off a loan in no way implies that the Bank has given up its claim on a borrower and does not impact the Bank's ability to legally collect written off credits from the customer(s).

### 41.2 Market Risk

Market risk refers to the potential loss that an entity may be exposed to due to market volatility. It is important for the Bank to put in place an effective market risk management framework to manage its market risk exposures. Market risk arises from all positions in financial instruments held by the Bank which exposes the Bank to market risk factors namely interest rates, foreign exchange ("FX") rates and equity prices.

Bank has adopted a market risk management structure that commensurate with its size and the nature of its business activities and facilitates effective management oversight and execution of market risk management and control processes.

Currently Bank's risk appetite for market risk is a combination of notional and sensitivity based limits. Following are the regulatory and internal guidelines monitored by Market & Liquidity Risk Unit (MLRU).

- Foreign Exchange Exposure Limit
- Equity Exposure Limit
- FX Tenor mismatch
- DV01
- VaR

NIB also applies a Value-at-Risk (VaR) methodology to assess the market risk positions held. Currently NIB is using historical simulation model for calculating VaR.

### Interest rate risk

The principal risk to which NIB's portfolios are exposed is the risk of losses from fluctuations in the future cash flows or fair values of financial instruments because of a change in market interest rates. Interest rate risk is measured through DV01 and VaR.

### 41.2.1 Foreign Exchange Risk

NIB has set the following objectives for managing the inherent risk on foreign currency exposures:

Maximize profitability with minimum risk by keeping the exposure at desirable levels in view of strict compliance of regulatory / international standards and the Bank's internal guidelines, which are being adopted from regulator and followed vigorously;

Manage appropriate forward mismatch gaps;

Usage of different tools to manage the inherent risk of product and market, such as compliance of credit limit, monitoring of foreign exchange exposure limit, review of market to market portfolio etc.

NIB takes steps to ensure that foreign currency exposures adhere to regulatory or international standards and NIB's internal guidelines. NIB uses tools such as Foreign Exchange Exposure Limit (FEEL), VaR and FX tenor gaps to monitor FX risk.

NIB conducts stress testing analysis over the equity portfolio, by anticipating changes/shocks of -30%, -40% and -50% on the current price of shares within a portfolio, thereby monitoring the effects of the predicted changes in the structure of shares portfolio on the Capital Adequacy Ratio ("CAR"). Further, NIB reviews new products to ensure that market risk aspects are properly quantified and mitigated.

Liquidity risk is defined as the risk that a Bank, either does not have enough financial resources to meet its obligation and commitments as they fall due or can secure funds at an excessive cost; even when the Bank is solvent. Liquidity risk is due to the difference between the Bank's assets and liabilities generally known as mismatches. Liquidity management is important The liquidity risk policy is formulated keeping in view of the SBP's guidelines on risk management, Basel standards and best practices. NIB maintains its liquidity by keeping a level of liquid assets in such amount which is considered sufficient to anticipate payment of customers' deposits. as the ultimate cost of a lack of liquidity is being out of business.

The Bank manages its liquidity risk through

- Controlling the cash flow mismatch between on and off balance sheet assets and liabilities through MCO;
- 5-Day stress testing on Bank's balance sheet carried out on daily basis assuming 50% run offs in CASA (Current and Saving) deposits over 5 days;
- Maintaining stable and diversified sources of funding;
- Ensuring the Bank has the right asset portfolio mix and sufficient liquid assets on hand in relation to its daily cash flows; and
- Stress testing on portfolio as required by local regulator

The above maturity profile has been prepared in accordance with International Financial Reporting Standard 7, Financial Instruments: Disclosures, based on contractual maturities. Consequently, all demand assets and liabilities such as running finance, current accounts and saving accounts are shown as having a maturity upto one month. However, based on historical behaviour, management is of the opinion that the possibility of these inflows / outflows actually occurring entirely within one month is remote, as these flows normally occur over a longer period of time.

Non-contractual assets and liabilities have been profiled by using Core / Non-core Balance Methodology. Core balances are defined as those which are expected to remain in our books for a longer period and thus placed in longer time buckets. Whereas, non-core balances are considered volatile and expected to attrite from our books in the short run. In order to work out non-core balances, volatility is calculated using standard deviation and scaled for computing respective tenor volatility. Non-core and core balances are equally distributed in time buckets are equally distributed from 1 month bucket and core balances are equally distributed from 1 month bucket and core balances are equally distributed in buckets 2-months till 1-year

### 41.4 Operational Risk Management

The Bank defines operational risk as the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. The Bank seeks to ensure that key operational risks are managed in a timely and effective manner.

NIB approaches operational risk management from two perspectives to best manage operational risk within the structure of the Bank:

- at the enterprise level to provide independent, integrated management of operational risk across the Bank, and
- at the business and enterprise control function levels to address operational risk in revenue generating and non-revenue generating units.

A sound internal governance structure enhances the effectiveness of NIB's Operational Risk Management and is accomplished at the enterprise level through formal oversight by the Board, the CRO and risk management committees aligned to the Bank's overall risk governance framework and practices. The Operational Risk Committee (ORC) oversees the processes for sound operational risk management and also serves as an escalation point for critical operational risk matters within the Bank. The ORC reports operational risk activities to the Board Risk Management Committee.

Within the Integrated Risk Management Group, the Operational Risk Unit is now further strengthened after formation of Business Operational Risk Committees for Wholesale Banking, Commercial Banking & Consumer Banking. Businesses are now more focused on their relevant Operational Risk issues. Operational Risk System has been rolled out bank-wide. Key Risk Indicators, operational loss incidents and testing of controls are now captured in the Operational Risk System. BCP being part of Bank's control activity is now under the umbrella of Operational Risk Management Unit and fortifies the Integrated Risk Management Group.

### 42 DATE OF AUTHORIZATION FOR ISSUE

These unconsolidated financial statements were authorized for issue on February 25, 2015 by the Board of Directors of the Bank.

We have audited the annexed consolidated financial statements comprising consolidated statement of financial position of NIB Bank Limited and its subsidiary companies as at 31 December 2014 and the related consolidated profit and loss account, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated cash flow statement together with the notes forming part thereof, for the year then ended. We have also expressed separate opinion on the financial statements of NIB Bank Limited and have reviewed its subsidiary company PICIC Asset Management Company Limited for the six months period ended 31 December 2014 except for PICIC Islamic Stock Fund which was reviewed by other firm of auditors whose report has been furnished to us and our opinion, in so far as it relates to the amounts included for such Fund, is based solely on the report of such other auditors. These financial statements are responsibility of the Holding Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Our audit was conducted in accordance with the International Standards on Auditing and accordingly included such tests of accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the consolidated financial statements present fairly the financial position of NIB Bank Limited and its subsidiary companies as at 31 December 2014 and the results of their operations for the year then ended.

Date: 25 February 2015

### 1 STATUS AND NATURE OF BUSINESS

The "Group" consists of:

### **Holding Company**

### NIB Bank Limited (the Bank)

NIB Bank Limited "the Bank" is incorporated in Pakistan and its registered office is situated at first floor, Post Mall, F-7 Markaz, Islamabad. The Bank is listed on all the stock exchanges in Pakistan and has 171 branches (December 31, 2013: 179 branches). The Bank is a scheduled commercial bank and is principally engaged in the business of banking as defined in the Banking Companies Ordinance, 1962.

The Bank is a subsidiary of Bugis Investments (Mauritius) Pte. Limited which is a wholly owned subsidiary of Fullerton Financial Holdings Pte. Limited which in turn is a wholly owned subsidiary of Temasek Holdings, an investment arm of the Government of Singapore.

### **Subsidiary Companies**

### PICIC Asset Management Company Limited (PICIC AMC)

PICIC AMC is a wholly owned subsidiary of the Bank and is an unquoted public limited company with principal business to carry out investment advisory services and asset management services. The Bank acquired interest in PICIC AMC by virtue of acquisition and amalgamation of Pakistan Industrial Credit and Investment Corporation Limited (PICIC) as of June 30, 2007.

### PICIC Islamic Stock Fund (PISF)

The Group maintains 74.10% interest in the PISF. PISF is an open ended mutual fund approved by the Securities and Exchange Commission of Pakistan (SECP) and is listed on the Islamabad Stock Exchange Limited. The units of the PISF are offered to the public for subscription on a continuous basis and are transferable and redeemable by surrendering them to the PISF. The objective of PISF is to provide the maximum total return to the unit holders from investment in "Shariah Compliant" equity investments for the given level of risk. This fund was floated in the current period.

### Financial and Management Services (Private) Limited (FMSL)

The Group acquired 95.89% interest in FMSL by virtue of acquisition and amalgamation of PICIC.

### PICIC Stock Fund (PSF)

On November 26, 2014, the status of PICIC Stock Fund changed from subsidiary to associate for the Group due to decline in percentage of unit holding below 50%, whereby, the Group relinquished control over the Fund. Accordingly, from November 27, 2014, the Fund is accounted for as an associate under the equity method.

### 2 BASIS OF PRESENTATION

In accordance with the directives of the Federal Government regarding the shifting of the banking system to Islamic modes, the State Bank of Pakistan (SBP) has issued various circulars from time to time. Permissible forms of trade-related modes of financing include purchase of goods by banks from their customers and immediate resale to them at appropriate mark-up in price on deferred payment basis. The purchases and sales arising under these arrangements are not reflected in these consolidated financial statements as such but are restricted to the amount of facility actually utilized and the appropriate portion of mark-up thereon.

These consolidated financial statements have been presented in Pakistan Rupees, which is the Group's functional and presentation currency. The amounts are rounded off to the nearest thousand rupees.

### 3 STATEMENT OF COMPLIANCE

3.1 These consolidated financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting

Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Banking Companies Ordinance, 1962, the Companies Ordinance, 1984 and the directives issued by the SBP. In case the requirements differ, the provisions of and directives issued under the Banking Companies Ordinance, 1962, the Companies Ordinance, 1984 and the directives issued by the SBP shall prevail.

3.2 SBP vide BSD Circular No. 10, dated August 26, 2002 has deferred the applicability of International Accounting Standard 39, Financial Instruments: Recognition and Measurement (IAS 39) and International Accounting Standard 40, Investment Property for banking companies till further instructions. Further, according to a notification of the Securities and Exchange Commission of Pakistan (SECP) dated April 28, 2008, IFRS 7 'Financial Instruments: Disclosures' has not been made applicable for banks. Accordingly, the requirements of these standards have not been considered in the preparation of these consolidated financial statements. However, investments have been classified and valued in accordance with the requirements of various circulars issued by the SBP.

### 3.3 Standards, interpretations and amendments to published approved accounting standards that are not yet effective

The following standards, amendments and interpretations of approved accounting standards will be effective for accounting periods beginning on or after January 01, 2015:

- Amendments to IAS 19 'Employee Benefits' Employee contributions a practical approach (effective for annual periods beginning on or after July 01, 2014). The practical expedient addresses an issue that arose when amendments were made in 2011 to the previous pension accounting requirements. The amendments introduce a relief that will reduce the complexity and burden of accounting for certain contributions from employees or third parties. The amendments are relevant only to defined benefit plans that involve contributions from employees or third parties meeting certain criteria.
- Amendments to IAS 38 'Intangible Assets' and IAS 16 'Property, Plant and Equipment' (effective for annual periods beginning on or after January 01, 2016) introduce severe restrictions on the use of revenue-based amortization for intangible assets and explicitly state that revenue-based methods of depreciation cannot be used for property, plant and equipment. The rebuttable presumption that the use of revenue-based amortization methods for intangible assets is inappropriate can be overcome only when revenue and the consumption of the economic benefits of the intangible asset are 'highly correlated', or when the intangible asset is expressed as a measure of revenue. The amendments are not likely to have an impact on Group's financial statements.
- IFRS 10 'Consolidated Financial Statements' (effective for annual periods beginning on or after January 01 2015) replaces the part of IAS 27 'Consolidated and Separate Financial Statements'. IFRS 10 introduces a new approach to determining which investees should be consolidated. The single model to be applied in the control analysis requires that an investor controls an investee when the investor is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. IFRS 10 has made consequential changes to IAS 27 which is now called 'Separate Financial Statements' and will deal with only separate financial statements. Certain further amendments have been made to IFRS 10, IFRS 12 and IAS 28 clarifying the requirements relating to accounting for investment entities and would be effective for annual periods beginning on or after January 01, 2016. Management of the Bank is currently assessing the likely impact of this IFRS on the Group's financial statements.
- IFRS 11 'Joint Arrangements' (effective for annual periods beginning on or after January 01, 2015) replaces IAS 31 'Interests in Joint Ventures'. Firstly, it carves out, from IAS 31 jointly controlled entities, those cases in which although there is a separate vehicle, that separation is ineffective in certain ways. These arrangements are treated similarly to jointly controlled assets/operations under IAS 31 and are now called joint operations. Secondly, the remainder of IAS 31 jointly controlled entities, now called joint ventures, are stripped of the free choice of using the equity method or proportionate consolidation; they must now always use the equity method. IFRS 11 has also made consequential changes in IAS 28 which has now been named 'Investment in Associates and Joint Ventures'. The amendments requiring business combination accounting to be applied to acquisitions of interests in a joint operation that constitutes a business are effective for annual periods beginning on or after January 01, 2016. The adoption of this standard is not likely to have an impact on Group's financial statements.

- IFRS 12 'Disclosure of Interest in Other Entities' (effective for annual periods beginning on or after January 01, 2015) combines the disclosure requirements for entities that have interests in subsidiaries, joint arrangements (i.e. joint operations or joint ventures), associates and/or unconsolidated structured entities, into one place. The adoption of this standard is not likely to have an impact on Group's financial statements.
- IFRS 13 'Fair Value Measurement' (effective for annual periods beginning on or after January 01, 2015) defines fair value, establishes a framework for measuring fair value and sets out disclosure requirements for fair value measurements. IFRS 13 explains how to measure fair value when it is required by other IFRSs. It does not introduce new fair value measurements, nor does it eliminate the practicability exceptions to fair value measurements that currently exist in certain standards.
- Amendment to IAS 27 'Separate Financial Statement' (effective for annual periods beginning on or after January 01, 2016). The amendments to IAS 27 will allow entities to use the equity method to account for investments in subsidiaries, joint ventures and associates in their separate financial statements.
- Agriculture: Bearer Plants [Amendment to IAS 16 and IAS 41] (effective for annual periods beginning on or after January 01, 2016). Bearer plants are now in the scope of IAS 16 Property, Plant and Equipment for measurement and disclosure purposes. Therefore, a bank can elect to measure bearer plants at cost. However, the produce growing on bearer plants will continue to be measured at fair value less costs to sell under IAS 41 Agriculture. A bearer plant is a plant that is used in the supply of agricultural produce; is expected to bear produce for more than one period and has a remote likelihood of being sold as agricultural produce. Before maturity, bearer plants are accounted for in the same way as self constructed items of property, plant and equipment during construction.
- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS 10 and IAS 28) [effective for annual periods beginning on or after January 01, 2016]. The main consequence of the amendments is that a full gain or loss is recognized when a transaction involves a business (whether it is housed in a subsidiary or not). A partial gain or loss is recognized when a transaction involves assets that do not constitute a business, even if these assets are housed in a subsidiary.

Annual Improvements 2010-2012 and 2011-2013 cycles (most amendments will apply prospectively for annual period beginning on or after July 01, 2014). The new cycle of improvements contain amendments to the following standards:

- IFRS 2 'Share-based Payment'. IFRS 2 has been amended to clarify the definition of 'vesting condition' by separately defining 'performance condition' and 'service condition'.
- IFRS 3 'Business Combinations'. These amendments clarify the classification and measurement of contingent consideration in a business combination.
- IFRS 8 'Operating Segments' has been amended to explicitly require the disclosure of judgments made by management in applying the aggregation criteria.
- Amendments to IAS 16 'Property, plant and equipment' and IAS 38 'Intangible Assets'. The amendments clarify
  the requirements of the revaluation model in IAS 16 and IAS 38, recognizing that the restatement of accumulated
  depreciation (amortization) is not always proportionate to the change in the gross carrying amount of the asset.
- IAS 24 'Related Party Disclosure'. The definition of related party is extended to include a management entity that provides key management personnel services to the reporting entity, either directly or through a group entity.
- IAS 40 'Investment Property'. IAS 40 has been amended to clarify that an entity should assess whether an acquired property is an investment property under IAS 40 and perform a separate assessment under IFRS 3 to determine whether the acquisition of the investment property constitutes a business combination.

Annual Improvements 2012-2014 cycles (amendments are effective for annual periods beginning on or after January 01, 2016). The new cycle of improvements contain amendments to the following standards:

 IFRS 5 'Non-current Assets Held for Sale and Discontinued Operations'. IFRS 5 is amended to clarify that if an entity changes the method of disposal of an asset (or disposal group) i.e. reclassifies an asset from held

for distribution to owners to held for sale or vice versa without any time lag, then such change in classification is considered as continuation of the original plan of disposal and if an entity determines that an asset (or disposal group) no longer meets the criteria to be classified as held for distribution, then it ceases held for distribution accounting in the same way as it would cease held for sale accounting.

- IFRS 7 'Financial Instruments Disclosures'. IFRS 7 is amended to clarify when servicing arrangements are in the scope of its disclosure requirements on continuing involvement in transferred financial assets in cases when they are derecognized in their entirety. IFRS 7 is also amended to clarify that additional disclosures required by 'Disclosures: Offsetting Financial Assets and Financial Liabilities (Amendments to IFRS 7)' are not specifically required for inclusion in condensed interim financial statements for all interim periods.
- IAS 19 'Employee Benefits'. IAS 19 is amended to clarify that high quality corporate bonds or government bonds used in determining the discount rate should be issued in the same currency in which the benefits are to be paid.
- IAS 34 'Interim Financial Reporting'. IAS 34 is amended to clarify that certain disclosures, if they are not included in the notes to interim financial statements and disclosed elsewhere should be cross referred.

The Group expects that the above mentioned improvements will not have a material impact on the Group's financial statements in the period of initial application.

### 4 BASIS OF MEASUREMENT

These consolidated financial statements have been prepared under the historical cost convention, except for the measurement of certain investments and commitments in respect of forward foreign exchange contracts and other forward contracts that are stated at revalued amounts / fair values.

### 5 CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of consolidated financial statements in conformity with approved accounting standards require the use of certain critical accounting estimates that affect the reported amounts of assets, liabilities, income and expenses. It also requires the management to exercise its judgment in the process of applying the Group's accounting policies. Estimates and judgments are evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Group's financial statements or where judgment was exercised in application of accounting policies are as follows:

### 5.1 Classification of Investments

### Held-to-maturity securities

As described in note 6.3, held-to-maturity securities are investments where the management has positive intent and ability to hold to maturity. The classification of these securities involves management judgment as to whether the financial assets are held-to-maturity investments.

### **Held-for-trading securities**

Investments classified as held-for-trading are those which the Group has acquired with an intention to trade by taking advantage of short term market / interest rate movements and are to be sold within 90 days.

### Available-for-sale securities

Investments which are not classified as held-for-trading or held-to-maturity are classified as available-for-sale.

### 5.2 Impairment

### Valuation and impairment of available-for-sale investments

The Group determines that an available-for-sale equity investment and mutual funds are impaired when there has been a significant or prolonged decline in the fair value below its cost. The determination of what is significant or prolonged requires judgment. In making this judgment, the Group evaluates, among other factors, the normal volatility in share price. In addition, impairment may be appropriate when there is evidence of deterioration in the financial health of the investee, industry and sector performance, changes in technology and operational and financing cash flows.

Provision for diminution in the value of Term Finance Certificates, Bonds and Sukuks is made as per the Prudential Regulations issued by the SBP.

In case of impairment of available-for-sale securities, the loss is recognized in the profit and loss account.

### Impairment of non financial assets (excluding deferred tax)

Non financial assets are subject to impairment review if there are events or changes in circumstances that indicate that the carrying amount may not be recoverable. If any such indication exists, the Group estimates the recoverable amount of the asset and the impairment loss, if any. The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use. Value in use is the present value of future cash flows from the asset discounted at a rate that reflects market interest rates adjusted for risks specific to the asset. If the recoverable amount of an intangible or tangible asset is less than its carrying value, an impairment loss is recognized immediately in the profit and loss account and the carrying value of the asset reduced by the amount of the loss. A reversal of an impairment loss on intangible assets is recognized as it arises provided the increased carrying value does not exceed that which it would have been had no impairment loss been recognized.

### 5.3 Provision against non-performing advances

Apart from the provision determined on the basis of time based criteria given in the Prudential Regulations of the SBP, management also applies subjective criteria of classification and accordingly the classification of an advance may be downgraded on the basis of evaluation of the credit worthiness of the borrower, its cash flows, operations in its account and adequacy of security in order to ensure accurate measurement of the provision.

### 5.4 Retirement Benefits

The key actuarial assumptions concerning the valuation of the defined benefit plan and the sources of estimation are disclosed in note 35.2 to these consolidated financial statements.

### 5.5 Operating fixed assets, depreciation and amortization

In making estimates of depreciation/amortization, the management uses method which reflects the pattern in which economic benfits are expected to be consumed by the Group. The method applied is reviewed at each financial year end and if there is a change in expected pattern of consumption of the future economic benefits embodied in the assets, the method would be changed to reflect the change in pattern.

### 5.6 Income taxes

In making the estimates for income taxes currently payable by the Group, the management looks at the current income tax laws and the decisions of appellate authorities on certain issues in the past. In making the provision for deferred taxes, estimates of the Group's future taxable profits are taken into account.

### **6 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies adopted in the preparation of these consolidated financial statements have been applied consistently and are the same as those applied in the preparation of the consolidated financial statements of the Group for the year ended December 31, 2013 and are enumerated as follows:

### 6.1 Business combinations

Business combinations are accounted for using the purchase method. Under this method, identified assets acquired, liabilities and contingent liabilities assumed are fair valued at the acquisition date, irrespective of the extent of any minority interest. The excess of cost of acquisition over the fair value of identifiable net assets acquired is recorded as goodwill.

### 6.2 Revenue recognition

Mark-up / return on performing loans / advances and investments is recognized on time proportionate basis. Where debt securities are purchased at a premium or discount, such premium / discount is amortized through the profit and loss account over the remaining period of maturity using the effective interest rate method so as to produce a constant rate of return. Interest or mark-up recovered on non-performing advances is recognized on a receipt basis in accordance with the requirements of the Prudential Regulations issued by the SBP as amended from time to time.

The financing method is used in accounting for income on finance leases and hire purchase transactions. Under this method, the unearned income, i.e. the excess of aggregate lease rentals and the estimated residual value over the net investment (cost of leased assets) is deferred and then amortized to income over the term of the lease on a pattern reflecting a constant periodic rate of return on the net investment in the lease. Unrealized lease income is suspended, where necessary, in accordance with the requirements of the Prudential Regulations issued by the SBP.

Rental income from assets given on operating lease is recognized on time proportionate basis over the lease period.

Gains/Losses on termination of lease contracts, documentation charges and other lease income are recognized as income when they are realized.

Fee, commission and brokerage income is recognized at the time of performance of the service.

Dividend income is recorded when the right to receive the dividend is established.

Management fee is recognized on an accrual basis.

Capital gains/losses arising on sale of investments are included in the profit and loss account in the period in which they arise.

### 6.3 Investments

Investments of the Group, other than investments in subsidiaries and associates are classified as held-to-maturity, held-for-trading and available-for-sale.

### **Held-to-maturity**

These are securities with fixed or determinable payments and fixed maturity for which the Group has the positive intent and ability to hold upto maturity.

### **Held-for-trading**

These securities are either acquired for generating a profit from short-term fluctuations in market prices, interest rate movements, dealer's margin or are securities included in the portfolio for which there is evidence of a recent actual pattern of short-term profit taking.

### Available-for-sale

These are securities which do not fall under the classification of held-for-trading or held-to-maturity securities.

### Initial measurement

All "regular way" purchases and sales of investments are recognized on the trade date, i.e., the date that the Group commits to purchase or sell the asset. Regular way purchases or sales of investments are those that require delivery of assets within the time frame generally established by regulation or convention in the market place.

Investments are initially recognized at fair value which, in the case of investments other than held-for-trading, includes transaction costs associated with the investments.

### Subsequent measurement

### **Held-to-maturity**

These are measured at amortized cost using the effective interest rate method, less any impairment loss recognized to reflect irrecoverable amounts.

### **Held-for-trading**

These are measured at subsequent reporting dates at fair value. Gains and losses on remeasurement are included in the profit and loss account.

### Available-for-sale

Quoted-securities classified as available-for-sale investments are measured at subsequent reporting dates at fair value (and any revaluation gain or loss is taken to Other Comprehensive Income (OCI)). Any surplus / deficit arising thereon is kept in a separate account shown in the balance sheet below equity and taken to the profit and loss account when actually realized upon disposal or when the investment is considered to be impaired.

Unquoted equity securities are valued at the lower of cost and break-up value. A decline in the carrying value is charged to the profit and loss account. The break-up value of these equity securities is calculated with reference to the net assets of the investee company as per the latest available audited financial statements. Investments in other unquoted securities are valued at cost less impairment losses.

Provision for diminution in the value of securities (except term finance certificates) is made for impairment, if any. Provision for diminution in the value of term finance certificates is made as per the criteria prescribed by the Prudential Regulations issued by the SBP.

### **Investment in Associates**

Investments in associates are accounted for under the equity method.

### 6.4 Lendings to / borrowings from financial institutions (including repurchase and resale agreements)

Securities sold subject to a repurchase agreement (repo) are retained in the financial statements as investments and the counter party liability is included in borrowings. Securities purchased under agreement to resale (reverse repo) are not recognized in the financial statements as investments and the amount extended to the counter party is included in lendings to financial institutions. In the case of the continuous funding system, transactions are shown under advances. The difference between sale and repurchase price is treated as mark-up / return expensed whereas difference between purchase and resale price is treated as mark-up / return earned.

Securities purchase with a corresponding commitment to resell at a specified future date are not recognized in the financial statements, unless these are sold to third parties, in which case the obligation to return them is recorded at fair value as a trading liability under borrowings from financial institutions.

### 6.5 Advances

Advances including continuous funding system and net investment in finance lease are stated net of provisions.

### **Provisions**

Specific and general provisions are made based on an appraisal of the loan portfolio that takes into account Prudential Regulations issued by the State Bank of Pakistan from time to time. Specific provisions are made where the repayment of identified loans is in doubt and reflect an estimate of the amount of loss expected. The general provision is for the inherent risk of losses which are known from experience to be present in any loan portfolio. Provision made/reversed during the year is charged to the profit and loss account and accumulated provision is netted off against advances.

Advances are written off when there is no realistic prospect of recovery.

### Net investment in finance lease

Leases include hire purchase where the Bank transfers substantially all the risks and rewards incidental to the ownership of an asset and are classified as finance leases. Net investment in finance lease is recognized at an amount equal to the aggregate of minimum lease payments and any guaranteed residual value less unearned finance income, if any.

### 6.6 Operating fixed assets and depreciation

### Owned

Property and equipment except freehold and leasehold land is stated at cost less accumulated depreciation and accumulated impairment loss, if any. Freehold and leasehold land is stated at cost.

Depreciation is charged to income applying the straight line method over the estimated useful lives of the assets while taking into account any residual value, at the rates given in Note 13.2 to these consolidated financial statements. In respect of additions and deletions to assets during the year, depreciation is charged from the month of acquisition while depreciation on disposals during the year is charged upto the month of disposal.

Normal repairs and maintenance are charged to the profit and loss account for the year as and when incurred. Major repairs and improvements are capitalized and assets so replaced are retired.

Gains and losses on disposal of property and equipment if any, are taken to the profit and loss account for the year.

### Assets held under Finance Lease

Leasehold land is stated at cost.

Assets held under finance lease are stated at cost less accumulated depreciation. The outstanding obligations under the lease agreements are shown as a liability net of finance charges allocable to future periods. Depreciation on assets held under finance lease is charged in a manner consistent with that for depreciable assets which are owned by the Group.

Finance charges are allocated to accounting periods so as to provide a constant periodic rate of return on the outstanding liability.

### **Assets held under Operating Lease**

Operating lease assets are stated at cost less accumulated depreciation and impairment, if any.

Repairs and maintenance are charged to the profit and loss account as and when incurred.

### Capital work in progress

These assets are stated at cost. These are transferred to specific assets as and when assets are available for use.

### 6.7 Intangible assets

Intangible assets include the value of core deposit relationships, and core overdraft / working capital loan relationships and are stated at cost less accumulated amortization and accumulated impairment losses, if any. Amortization is charged to the profit and loss account on a straight line basis over the assets' useful lives which are determined using methods that best reflect the pattern of economic benefits. The estimated useful lives are as follows:

Core deposit relationships

Core overdraft / working capital loan relationships

Management rights

11 years

Indefinite life

Computer software is stated at cost less accumulated amortization and accumulated impairment loss, if any. Amortization is carried out on the straight line method at the rates given in Note 14 to these consolidated financial statements.

### 6.8 Sub-Ordinated Loans

Sub-ordinated loans are initially recorded at the amount of proceeds received. Mark-up accrued on these loans is recognized separately as part of other liabilities and is charged to the profit and loss account over the period at effective interest rate.

### 6.9 Staff retirement benefits

### Defined benefit plans

The Bank operates an unfunded gratuity scheme covering all eligible employees who have attained the minimum qualifying period of five years. Eligible employees are those employees who have joined the service of the Bank on or before March 31, 2006. Provision is made in accordance with actuarial recommendations. Actuarial valuation is carried out periodically using the 'Projected Unit Credit Method'. Actuarial gains and losses are recognized immediately in other comprehensive income with no subsequent recycling through profit and loss accounts. Past service costs are charged to the profit and loss account.

### Defined contribution plan

The Group operates a defined contribution provident fund for all its permanent employees. Equal monthly contributions are made to the fund by both the Group and the employees at the rate of 10% of basic salary.

### 6.10 Share based payment transactions

The share based payment awards granted to employees are recognized as personnel expenses at the fair value of these shares at the grant date with the corresponding increase in the equity over the period that the employees become unconditionally entitled to the awards. The amount recognized as an expense is adjusted to reflect the number of awards for which the related service and non market performance conditions are expected to be met, such that the amount ultimately recognized as an expense is based on the number of awards that meet the related service and non market performance conditions at the vesting date.

Grant date is the date at which the entity and the employee agree to a share based payment arrangement and required that the entity and the employee have a shared understanding of the terms and conditions of the arrangement.

### 6.11 Taxation

Income tax expense comprises current and deferred tax. Income tax expense is recognized in the profit and loss account except to the extent that it relates to items recognized directly in equity.

### Current

Provision for current taxation is based on taxable income at the current rates of taxation in accordance with the

prevailing laws for taxation on income earned after taking into consideration tax credits and rebates available and any adjustments to tax payable in respect of previous years.

### **Deferred**

Deferred tax is recognized using the balance sheet liability method on all major temporary differences as at the statement of financial position date between the amounts attributed to assets and liabilities for financial reporting purposes and amounts used for taxation purposes. The Group records deferred tax assets/liabilities using tax rates, enacted or substantially enacted at the statement of financial position date, that are expected to be applicable at the time of their reversal.

A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the asset can be utilized. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

The Group recognizes a deferred tax asset/liability on deficit / surplus on revaluation of securities in accordance with the requirements of IAS 12. The related deferred tax asset/liability is adjusted against the related deficit / surplus.

The Group recognizes a deferred tax asset for the carry forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profits will be available against which the unused tax losses and unused tax credits can be utilized in accordance with the requirements of IAS 12 'Income Taxes'.

### 6.12 Provisions

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed quarterly and are adjusted to reflect the current best estimate.

### 6.13 Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements when there is a legally enforceable right to set-off the recognized amount and the Group intends either to settle on a net basis, or to realize the assets and to settle the liabilities simultaneously. Income and expense items relating to such assets and liabilities are also offset and the net amount is reported in the financial statements of the Group.

### 6.14 Dividend distribution

Dividend is recognized as a liability in the period in which it is declared.

### 6.15 Distributions of bonus shares and other appropriations to reserves

The Group recognizes all appropriations, other than statutory appropriations, to reserves including those in respect of bonus shares made after the statement of financial position date, in the period in which such appropriations are approved. Appropriation to statutory reserves are recognized in the financial statements of the period to which these appropriations relate to.

### 6.16 Foreign currencies

Transactions in foreign currencies are translated to Rupees at the foreign exchange rates prevailing at the transaction date. Monetary assets and liabilities in foreign currencies are translated into Rupees at the rates of exchange prevailing at the statement of financial position date. Forward foreign exchange contracts are valued at forward rates applicable to their respective maturities.

Commitments for outstanding forward foreign exchange contracts are disclosed in these consolidated financial statements at committed amounts. Contingent liabilities / commitments for letters of credit and letters of guarantee denominated in foreign currencies are expressed in Rupee terms at the rates of exchange approximating those prevailing at the statement of financial position date.

Assets against which the constituents have exercised their option to transfer exchange risk to the Group and liabilities for which the Group has exercised its option to transfer exchange risk to the Government, are translated at the rates of exchange guaranteed by the Group and the Government, respectively.

Assets, liabilities, commitments and contingent liabilities in respect of Bangladesh are translated at foreign exchange rates approximating those prevailing prior to August 15, 1971.

Exchange gains and losses are included in income currently except net unrealized exchange gain on long-term monetary items which, as a matter of prudence, is carried forward as unrealized gain in view of the uncertainty associated with its realization.

### 6.17 Cash and cash equivalents

For the purposes of the cash flow statement, cash and cash equivalents include cash and balances with treasury banks and balances with other banks.

### 6.18 Financial instruments

All financial assets and liabilities are recognized at the time when the Group becomes a party to the contractual provisions of the instrument. Financial assets are derecognized when the Group loses control of the contractual rights that comprise the financial assets. Financial liabilities are derecognized when they are extinguished i.e. when the obligation specified in the contract is discharged, cancelled or expired. Any gain or loss on derecognition of the financial assets and financial liabilities is taken to income directly. Financial assets carried on the statement of financial position include cash and bank balances, lendings to financial institutions, investments, advances and certain receivables. Financial liabilities include borrowings, deposits, bills payable and other payables. The particular recognition methods adopted for significant financial assets and financial liabilities are disclosed in the individual policy statements associated with them.

### 6.19 Derivative financial instruments

Derivative financial instruments are recognized at their fair value on the date on which a derivative contract is entered into and subsequently these instruments are marked to market and changes in fair values are taken to the profit and loss account. Fair values are obtained from quoted market prices in active markets.

### 6.20 Segment reporting

A segment is a distinguishable component of the Group that is engaged in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments. The Group's primary format of reporting is based on business segments.

### 6.21.1 Business segments

### **Wholesale Banking**

Deposits, trade, advisory services and other lending activities for corporates and financial institutions. It also includes the overall management of treasury of the Bank, which entails various cash and interest risk management products for customers, underwriting, transactional banking, and IPO related activities.

### Consumer

It represents banking services offered to individuals and small businesses through a retail branch banking and alternate distribution network. These banking services include lending, deposits and distribution of insurance products along with other financial products and services tailored for such customers.

### Commercial

It represents all funded and non funded credit facilities, deposit products & transaction services offered by the Bank to small & medium enterprises and commercial businesses operating in the manufacturing, trading, wholesale and service sectors.

### 6.21.2 Geographical segments

The Group operates in Pakistan only.

### 6.22 Assets acquired in satisfaction of claims

The Bank acquires assets in settlement of certain advances. These are recorded at the lower of the carrying value of the related advances and the current fair value of such assets.

### 6.23 Deposits

Deposits are initially recorded at the amount of proceeds received. Mark-up accrued on deposits is recognized separately as part of other liabilities and is charged to the profit and loss account on a time proportionate basis.

### 6.24 Earnings per share

The Group presents earnings per share (EPS) data for its ordinary shares. EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares outstanding during the year.

### 6.25 Fiduciary assets

Assets held in a fiduciary capacity are not treated as assets of the Group in the statement of financial position.

### 6.26 Assets Held-for-sale

Assets held-for-sale are carried at lower of carrying value and fair value less cost to sell.

### 7 **BASIS OF CONSOLIDATION**

These consolidated financial statements includes the financial statements of NIB Bank Limited and its subsidiary companies - "the Group".

The assets and liabilities of subsidiary companies have been consolidated on a line by line basis and the carrying value of investment in subsidiaries held by the holding company is eliminated against the shareholders' equity in the consolidated financial statements.

Material intra-group balances and transactions have been eliminated.

Subsidiary companies are fully consolidated from the date on which more than 50% of the voting rights are transferred to the Group, or the power to control the Company is established and are excluded from consolidation from the date of disposal or when the control is lost.

Non controlling interest represents that part of the net results of operations and of net assets of the subsidiary companies that is not owned by the Group.

Financial and Management Services (Private) Limited has not been consolidated as it is not material and this investment has been fully provided.

11.15 The Bank has received interest from a few parties in potentially acquiring the Bank's interest in its wholly owned subsidiary company. The management of the Bank is currently evaluating the feasibility of pursuing a transaction for possible divestment of its equity stake in the PICIC AMC, subject to the relevant approvals including the regulatory approvals from the State Bank of Pakistan and the Securities and Exchange Commission of Pakistan. The sale will only be effected if it makes economic sense to the Bank. Following is the break-up of the net assets of the subsidiary:

	(Rupees '000')

- **12.4.1** Included in the Provision required and held is an amount of Rs. 343.944 million (2013: Rs. 293.089 million) which represents provision in excess of the requirements of the State Bank of Pakistan.
- 12.4.2 In accordance with BSD Circular No. 1 dated October 21, 2011 issued by the State Bank of Pakistan, the Bank has availed the benefit of Forced Sale Value (FSV) against the non-performing advances. During the year ended December 31, 2014, total FSV benefit erosion resulted in decrease in profit before tax of Rs. 2,022.246 million. Had the benefit under the said circular not been taken by the Bank, the specific provision against non-performing advances would have been higher by Rs. 2,383.281 million (December 31, 2013: Rs. 4,405.527 million). The FSV benefit recognized will not be available for the distribution of cash and stock dividend to shareholders.

Notes to the Consolidated Financial Statements

For the year ended December 31, 2014

Included in cost of property and equipment are fully depreciated items still in use having cost of Rs. 1,060.532 million (2013; Rs. 909.704 million) 13.2.1

13.2.2 Carrying amount of temporarily idle property is Rs. 790.447 million (2013: Rs. 812.378 million).

Court of Sindh. The High Court of Sindh initially issued restraining orders against KDA and KPT in the respective suits in respect of cancellation of the allotment of the Plot. Subsequently, both the suits were decided in favor of the Bank. In the suit filed against KDA, the High Court of Sindh held that the action of cancellation of the allotment Plot by KPT as KPT claimed that the ownership of the land had been reverted to KPT. The said claim by KPT was also challenged by way of Civil Suit before the High This includes a plot of land costing Rs. 361 million in Block-6, KDA Scheme-5, Clifton, Karachi (the "Plot"), possession of which was taken by the Bank (formerly PICIC) in in 2000, KDA cancelled the allotment unilaterally based on certain building and construction restrictions. The Bank filed a Civil Suit against KDA before the High Court of by KDA was improper and void, whereas, in the suit against KPT, the High Court of Sindh held that since allotment in favor of the Bank was valid therefore, KPT had no Appeals by KDA and KPT. Furthermore, in November 2008, KPT filed a civil suit seeking a declaration from the High Court of Sindh to the effect that the ownership of the April 1983 pursuant to an allotment order by Karachi Development Authority (KDA). All the legal dues in respect of the Plot including Non-utilization Fees have been paid. Sindh in respect of the said unilateral cancellation of the allotment. Meanwhile, also in 2000, a dispute arose with KPT in respect of construction of a boundary wall on the standing to claim that the ownership of the land had been reverted back to KPT. Both the decisions of the High Court of Sindh were challenged in two separate High Court plot had been validly reverted to KPT 13.2.3

However, the appeal filed by KPT against NIB Bank is still pending before the High Court of Sindh, Karachi. At present, the Bank is actively defending the cases. Also as During the year, appeal filed by KDA has been disposed off in favour of the Bank vide order dated March 06, 2014 passed by the Honourable High Court of Sindh, Karachi. per legal opinion provided by the dealing counsel, the appeal filed by the KPT is likely to be decided by the Hon'ble Court in favour of the Bank.

This also includes a plot of land having book value of Rs. 372.103 million situated in Railway Quarters, 11. Chundrigar Road, Karachi, (the "Plot"), where a tenant is claiming for the possession as tenant of an insignificant area of only 18 square feet of the plot measuring 3,120.46 square yards, however there is no issue over the title of the subject property

### 14.2 Annual test for impairment

### Intangibles

15.

In the current year, the Group assessed the recoverable amount of core deposit relationships and determined

that no impairment loss exists.	Note	2014	2013
DEFERRED TAX ASSETS		(Rupe	es '000')
Deferred debits arising due to:			
Provision against loans and advances Provision against other receivables Provision against balances with other banks Provision against Off Balance sheet Items Unused tax losses Deficit on revaluation of securities Provision against workers welfare fund Excess of accounting base provision for bonus Excess of tax base of investments over accounting base Minimum turnover tax*		7,416,342 291,184 2,251 13,101 4,991,269 - 22,035 9,304 62,329 432,812 13,240,627	7,527,506 291,184 2,359 13,101 4,637,085 261,487 - 152,880 242,811 13,128,413
Deferred credits arising due to:			
Excess of accounting base of leased asset over tax base Accelerated tax depreciation on owned assets Fair valuation of subsidiaries and associates Accelerated tax amortization on intangible assets Unrealized exchange gains Unrealized exchange losses (Surplus) on revaluation of securities	15.2 15.3	(174,338) (769,507) (471,460) (11,060) (2,377) (33,604) (651,709)	(157,902) (815,226) (461,757) (1,081) (2,377) (33,604)
		(2,114,055)	(1,471,947)
Deferred tax Assets		11,126,572	11,656,466
Unrecognized deferred tax assets*	15.1	(1,134,408)	(566,822)
Recognized deferred tax assets		9,992,164	11,089,644

<sup>\*</sup> Included in the unrecognized deferred tax assets.

15.1 The deferred tax asset recognised in the books has been restricted to Rs. 9,992.164 million due to uncertainty of availability of future tax profits for utilization of the un-recognised deferred tax assets. The deductible differences available to the Bank are Rs. 11,126.572 million. Had these been taken completely, the profit after tax for the year would be higher by Rs. 1,134.408 million (2013: Rs. 566.822 million). Therefore, the accumulated amount of deferred tax asset not recognised as of December 31, 2014 amounted to Rs. 1,134.408 million.

The management has recorded deferred tax asset based on financial projections indicating realisibility of deferred tax asset over a number of future years through reversals as a result of recoveries from borrowers and realisibility of remaining deferred tax asset against future taxable profits. The financial projections involve certain key assumptions such as deposits composition, interest rates, growth of deposits and advances, investment returns and potential provision / reversals against assets. Any significant change in the key assumptions may have an effect on the realisibility of the deferred tax asset.

- In 1987 and 1989, the Bank (formerly PICIC) exercised its option to avail the exchange risk coverage offered 15.2 by the Government of Pakistan, Ministry of Finance and Economic Affairs (Economic Affairs Division), through Office Memo 1(16)/50/DM/86 dated July 8, 1987 and 1(12)/50/DM/89 dated June 1, 1989 respectively and, in turn the Bank (formerly PICIC) offered the risk coverage to its Borrowers.
- The unrealized exchange losses of the Bank (formerly PICIC) as on April 21, 1987, the effective date of exercise 15.3 of both the options arising on related borrowings as reduced by gains arising on related advances was claimed as loss for tax purposes.

	Advances		44,776	39,959
	Deposits		38,872	40,593

- **16.3** Represents cost of land and building acquired by the Bank against advances and held for resale. The market value of the subject assets as of December 31, 2014 was Rs. 2,545.390 million (2013: Rs. 2,037.041 million). Provision of Rs. 151.272 million (2013: Rs. 132.272 million) has been made against difference between cost and fair value. The above mentioned values include properties having market value of Rs. 1,618.947 million (2013: Rs. 1,219.752 million) acquired through settlement agreements, where the settlement agreement signed with borrowers entails a buy back option.
- 16.4 All the assets and liabilities as of November 30, 1971 clearly identifiable as being in or in respect of the areas now under Bangladesh and referred to above were segregated as of that date and in such segregation, for purposes of conversion of foreign currency amounts, generally speaking, the parity rates ruling prior to August 15, 1971 were used, and all income accrued or due in 1971 but not received in that year and interest accrued but not due on borrowings in 1971 was eliminated. Subsequently, consequent to the assuming by Bangladesh of certain foreign currency loan obligations as of July 1, 1974, including amounts previously identified by the Bank (formerly PICIC) as its foreign currency liabilities in respect of Bangladesh, such amounts were eliminated from the books of the Bank (formerly PICIC) by reducing an equivalent sum from its related foreign assets in that area.

Advance rent

Prepayments

Arising from advices received from the lenders and as a result of diversion of shipments and of the meeting of certain contingent liabilities, there have been certain modifications to the foreign currency advances relating to Bangladesh. Furthermore, the difference between the actual amount of rupees required to remit maturities of foreign currency borrowings in respect of Bangladesh and the figures at which they appeared in the books and the interest paid to foreign lenders has been treated as increasing the rupee assets in that area.

The Government of Pakistan, while initially agreeing to provide the rupee finance required for discharging current maturities of foreign currency borrowings and interest related to Bangladesh, did not accept any responsibility for PICIC's assets in that area. However, following an agreement reached between PICIC and the Government of Pakistan during 1976, the Government has agreed that it would continue to provide the funds for servicing PICIC's foreign currency liabilities relating to Bangladesh and has further agreed that an amount equivalent to the rupee assets in Bangladesh financed from PICIC's own funds not exceeding Rs. 82 million would be deemed to have been allocated out of the rupee loans by the Government and that such allocated amount together with the rupee finance being provided by the Government including any interest thereon would not be recovered from PICIC until such time as PICIC recovers the related assets from Bangladesh and only to the extent of such recovery.

Accordingly, such allocated amounts, together with the rupee finance being provided by the Government for discharging the current maturities of foreign currency borrowings (including the interest and charges thereon and any exchange difference between the final rupee payment and the amount at which the liability, commitment or contingent liability as appearing in the books relating to Bangladesh) have been treated as liabilities in respect of Bangladesh. Further, in view of the aforesaid agreement no interest is being accrued on the allocated amount of rupee loans or in respect of the rupee finance provided by the Government related to PICIC's assets in Bangladesh nor is it considered necessary to provide for any loss that may arise in respect of PICIC's assets in Bangladesh.

	2014	2013

- 16.6 This includes a sum of Rs. 30.466 million (2013: Rs. 30.466 million) representing unrealised exchange gain, which has not been recognized as income and deferred in the financial statements, in accordance with the policy of the Bank, as stated in note 6.16.
- 16.7 This includes Rs. 900 million in respect of advance paid by the Bank for purchase of Sukuk Bonds of Sui Southern Gas Company (SSGC). As per agreed repayment schedule mark-up has been received from SSGC which have been recorded as mark-up income of the Bank. These carry mark-up rate of 3 months KIBOR + 70 bps and have original maturity of 5 years. The Sukuk are in the process of issuance and is expected to complete in first half of 2015, upon issuance of the Bonds this advance will be reclassified as Investments.

- **18.3** Borrowings from SBP under Export Refinance Scheme are subject to mark-up rates ranging from 5.5% to 6.5% (2013: 8.4%) per annum maturing within six months.
- **18.4** Borrowings from SBP under Long Term Financing Facility (LTFF) are subject to mark-up rates ranging from 6.0% to 8.6% (2013: 6.50% to 8.60%) per annum with remaining maturity upto ten years.
- **18.5** Borrowings from SBP under Long Term Finance for Export Oriented Projects are subject to mark-up rate of 5.00% (2013: 5.00%) per annum with remaining maturity upto two years.
- **18.6** These borrowings are subject to mark-up rates ranging from 9.50% to 9.90% (2013: 9.40% to 10%) per annum with remaining maturity upto one month. Government securities have been given as collateral against these borrowings.
- **18.7** These borrowings are subject to mark-up at rates ranging from 9.50% to 10.25% (2013: 9.00% to 10.50%) per annum with remaining maturity upto six month.
- **18.8** The Government of Pakistan (GoP) has claimed an amount of Rs. 162.286 million in respect of liabilities against German credit representing principal amount of loan and Rs. 45.444 million as interest thereon till June 30, 2006. The principal amount has been accounted for and shown as payable to the GoP whereas interest has been accounted for in Other Liabilities (note 20). However, the Bank is contending that any amount of principal and interest is payable to the GoP only when recovered from the related sub-borrowers, who have availed the German credit. This also includes unrealized exchange loss of Rs. 96.011 million (2013: Rs. 96.011 million) which has been netted off against unrealized exchange gain (note 15) as it is payable when recovered from sub-borrowers, who have availed the related German credit.
- **18.9** These represent unsecured borrowings in foreign currency and are subject to mark-up rates ranging from 2% to 2.65% per annum with remaining maturity upto three months.

### 24.9 Other Contingencies

A penalty of Rs. 700 million was imposed by the Competition Commission of Pakistan ("the Commission") on all the member banks utilizing the 1 link Switch on account of uncompetitive behavior and imposing of uniform charges on cash withdrawal for off network ATM transactions. The Bank's share in this penalty is Rs. 50 million. The concerned banks filed a constitutional petition before the High Court of Sindh, which has suspended the order of the Commission. Consequently an appeal was filed with the Competition Appellate Tribunal ("Tribunal") which has set aside the order of the Commission. The Commission has preferred an appeal before the Supreme Court, which has been admitted for hearing and will be fixed by the concerned office of the Supreme Court.

The management in consultation with external legal counsel, representing the Bank, is confident that they have strong grounds to contest this penalty and are optimistic that the outcome will be decided in favour of the Bank.

### 24.10 Tax Contingencies

– The income tax returns of NIB Bank Limited have been filed up to and including tax year 2014 relevant to the financial year ended December 31, 2013. The tax authorities have made certain disallowances including additions on account of proration of expenses against dividends and capital gains, disallowances of interest and administrative expenses and renovation expenses incurred on rented premises (allowed historically) pertaining to tax years 2003 through 2008 for Ex-Pakistan Industrial Credit and Investment Corporation Limited (Ex-PICIC), from tax years 2004 through 2008 for Ex-PICIC Commercial Bank Limited (Ex-PCBL), tax years 2003 and 2004 for Ex-National Development Leasing Corporation Limited (Ex-PICIC) and from tax years 2004 through 2008 for NIB Bank Limited. Last year, a combined Appellate Order for Ex-PICIC pertaining to tax years 2003 through 2007 was issued by Commissioner Inland Revenue (Appeals) – CIR(A) in which the aforementioned expenses were allowed. However, the tax authorities have filed appeal with Income Tax Appellate Tribunal (ITAT) against above combined Appellate Order. These disallowances may result in additional tax aggregating to Rs. 1,370 million (2013: Rs. 1,370 million), which the management of the Bank in discussion with their tax consultants believes to be unjustified and not in accordance with the true interpretation of the law.

Appeals filed against orders are pending at various appellate forums. Management is confident that the eventual outcome of the cases will be in favour of the Bank.

- The income tax returns of PICIC AMC have been filed up to and including the tax year 2014 relevant to the financial year ended June 30, 2014. While finalizing the assessments for tax years 2005, 2006, 2007, 2008 and 2009, the tax authorities have made certain disallowances which resulted in additional tax aggregating to Rs. 71.136 million. As a matter of prudence the management has made provision in these financial statements in respect of above disallowances except for matter relating to dividend income claimed as exempt under clause 103 of Second Schedule of Income Tax Ordinance, 2001 amounting to Rs. 36.005 million. PICIC AMC appeals in respect of above tax years are pending before Commissioner Inland Revenue (Appeals) – CIR(A) and Appellate Tribunal Inland Revenue (ATIR).

The management based on the advice from tax advisor is confident that the eventual outcome of the above appeals will be in favour of PICIC AMC.

- Punjab Revenue Authority issued Show Cause Notice No. PRA/AM.70/14 dated June 20, 2014 to PICIC AMC requiring it to pay Sales Tax under Punjab Sales Tax on Service Act, 2012 with effect from May 22, 2013 on management fee earned in Punjab. In respect of this the PICIC AMC has filed a petition on July 08, 2014 in the High Court of Sindh challenging the above notice. The Court has ordered suspension of the show cause notice till the next hearing of appeal in their order dated July 10, 2014. The management of PICIC AMC is expecting a favourable outcome of the petition.
- The Sindh Revenue Board (SRB) has disallowed certain inputs claimed by the PICIC AMC during the period ended June 30, 2014 aggregating to Rs. 1.627 million including penalties thereof. The management has filed a review application with the Commissioner SRB and expecting a favourable outcome.

### 35. DEFINED BENEFIT PLAN

**35.1** The Bank operates an unfunded gratuity scheme covering all eligible employees who have attained the minimum qualifying period of five years. Eligible employees are those employees who have joined the service of the Bank on or before March 31, 2006. The benefits under the gratuity scheme are payable in lump sum on retirement at the age of 60 years or earlier cessation of services. The benefit is equal to one month's last drawn basic salary for each year of confirmed service, subject to a minimum of five years of service.

### 35.2 Principal actuarial assumptions

The actuarial valuation is carried out periodically. The actuarial valuation was carried out for the year ended December 31, 2014 using the "Projected Unit Credit Method". The main assumptions used for actuarial valuation are as follows:

		G	ratuity	
		2014	2013	
	<ul><li>Valuation discount rate</li><li>Salary increase rate</li><li>Mortality rate</li></ul>	10.50% 9.50% Based on State Life Insurance Corporation of Pakistan SLIC (2001-2005) Ultimate Mortality	12.75% 11.75% Based on State Life Corporation of Pakis (2001-2005) Ultimat	stan SLIC

### 35.8 Expected contribution for the next one year

The Group provides for gratuity as per the actuary's expected charge for the next one year. Based on actuarial advice, management estimates that the charge in respect of the defined benefit plan for the year ending December 31, 2015 would be Rs. 12.818 million.

### 36. DEFINED CONTRIBUTION PLAN

The Group has established a provident fund scheme administered by the Board of Trustees for all permanent employees. Equal monthly contributions are made to the fund by both the Group and the employees at the rate of 10% of basic salary.

### 37. COMPENSATION OF DIRECTORS AND EXECUTIVES

	Forward sale of Government Securities	_		2,894,757	2,906,407

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction.

Fair values of held-to-maturity securities, sub-ordinated loans and investment in quoted associates have been stated at market values.

Fair value of unquoted equity securities have been stated at the lower of cost and Net Assets Value as per the latest available audited financial statements.

Except for investment in unquoted subsidiaries, fixed term advances of over one year, staff loans and fixed term deposits of over one year, the fair value of other on balance sheet financial assets and liabilities are not significantly different from their book value as these assets and liabilities are either short term in nature or are frequently repriced.

The fair value of unquoted subsidiaries, fixed term advances, staff loans, fixed term deposits, other assets and other liabilities cannot be calculated with sufficient reliability due to non-availability of relevant active markets for similar assets and liabilities.

### 39. SEGMENT DETAILS WITH RESPECT TO BUSINESS ACTIVITIES

The Group comprises the Bank, Asset Management Company and PICIC Islamic Stock Fund. The Bank is organized into reportable segments as disclosed in note 6.20.1 of the annual consolidated financial statements. These segments are managed by respective segment heads and the results of these segments are regularly reviewed by the Group's President / Chief Executive, Executive Committee and the Board of Directors. Segment performance is reviewed on the basis of various factors including profit before taxation.

Transactions between reportable segments are carried out on an arm's length basis.

The segment analysis with respect to business activity is as follows:

### RELATED PARTY TRANSACTIONS 40.

The Group has related party transactions with its holding company (refer note 1), unconsolidated subsidiary (refer note 11.11), associated undertakings (refer note 11.10), employee benefit plans (refer note 35) and its key management personnel.

Transactions with related parties are executed on the same terms as those prevailing at the time for comparable transactions with unrelated parties except for staff loans which are on discounted rates as per industry practice. Salaries and allowances of the key management personnel are in accordance with the terms of their employment. Contributions to defined contribution plan are made in accordance with the terms of the contribution plan.

# 41 CAPITAL ASSESSMENT AND ADEQUACY

## 41.1 Scope of Application

The Basel III Framework is applicable to the Bank on both at the consolidated level (comprising wholly owned subsidiaries and associates) and also on a stand alone basis. Capital Adequacy Ratio (CAR) has been calculated in accordance with the guidelines as stipulated by State Bank of Pakistan vide BPRD Circular No. 06 of August 15, 2013. The said circular has revised the Basel II Framework with Basel III Capital reforms to further strengthen the capital related rules. These instructions are effective from December 31, 2013 in a phased manner with full implementation intended by December 31, 2019.

### 41.1.1 Capital Management

The purpose of capital management at the Bank is to ensure efficient utilization of capital in relation to business requirements, growth, risk appetite, shareholders' returns and expectations. The Bank manages its capital structure and makes adjustments to it in the light of changes in economic conditions, regulatory requirements and the risk profile of its activities. In order to maintain or adjust the capital structure, the Bank may issue capital / Tier 2 capital.

The Bank ensures adherence to SBP's requirements by monitoring its capital adequacy on a regular basis. The Bank also closely monitors the capital adequacy requirements by applying stressed conditions.

40.2

Banking operations are categorized as either Trading book or Banking book, and Risk-Weighted Assets are determined according to SBP requirements that seek to reflect the varying levels of risk attached to Bank's On and Off-balance sheet exposures.

Collateral, if any, is used as an outflow adjustment and applicable risk weights are applied to Net Adjusted Exposure.

Cash and near Cash collateral includes Government of Pakistan Securities, Shares listed on the stock exchanges, Cash and Cash equivalents (deposits / margins, lien on deposits).

The Group has complied with all regulatory capital requirements as at the reporting date.

### 41.1.2 Capital Structure

The Group's regulatory capital base comprise of:

- (a) Tier 1 capital which includes fully issued, subcribed and paid up capital, balance in share premium account, reserves and accumulated profits/losses.
- (b) Tier 2 capital consists of general provision for loan losses (subject to 1.25% of Risk Weighted Asset), sub-ordinated loans and surplus on revaluation of securities.

The issued, subscribed and paid up capital of the Bank is Rs. 103,028,512 thousands as at December 31, 2014, comprising of 10,302,851,164 shares of Rs. 10 each.

Quoted, unsecured and eligible for Tier 2 Term Finance Certificates (TFCs) of Rs. 4,198,035 thousands were issued on June 19, 2014 having the tenure of 8 years. The said TFCs have been issued as per Basel-III guidelines.

36	Non-compliant transitioned features	No	No
37	If yes, specify non-compliant features	Not applicable	Not applicable

### 41.5 Capital Adequacy

### **Objectives of Managing Capital**

Capital Management aims to ensure that there is sufficient capital to meet the capital requirements of the Bank as determined by the underlying business strategy and the minimum regulatory requirements of the SBP.

Bank's capital management seeks:

- to comply with the capital requirements set by the regulators;
- to maintain a strong capital base so as to maintain investor, depositor and market confidence and to sustain future development of the business;
- to safeguard the Bank's ability to continue as a going concern so that it can continue to provide adequate return to shareholders;
- availability of adequate capital at a reasonable cost so as to enable the Bank to expand; and
- to protect the Bank against unexpected events.

### **Externally Imposed Capital Requirements**

In order to strengthen the solvency of Banks, SBP vide BSD Circular No. 07 of 2009 dated April 15, 2009 has asked the Banks to raise their minimum paid up capital to Rs. 10 billion free of losses by the end of financial year 2013.

SBP through its BSD Circular No. 09 dated April 15, 2009 has asked Banks to achieve the minimum Capital Adequacy Ratio (CAR) of 10% on standalone as well as on consolidated basis latest by December 31, 2010.

The paid up capital and CAR of the Group stands at Rs. 103 billion and 11.98% respectively of its risk weighted exposure as at December 31, 2014.

The Group has complied with all externally imposed capital requirements as at year end.

The capital requirements for the banking group as per the major risk categories should be indicated in the manner given below:

	Capital Req	Capital Requirements		Risk Weighted Assets	
	2014	2013	2014	2013	
		······ (Rupe	es '000')		
Credit Risk

### 42. **RISK MANAGEMENT**

The risk management framework of NIB is approved by the Board of Directors ("BOD") and implemented by the senior management. The Bank's risk management policies are established to identify and analyze the risks faced by the Bank, to set standard and appropriate risk limits and controls to ensure quality of portfolio and credit process. Risk management policies are reviewed annually to reflect changes in economic environment, market conditions and products offerings. The BOD sets forth the vision and strategy of NIB and has entrusted the monitoring to the Board's Risk Management Committee ("BRMC"), which is an oversight committee and meets at least quarterly. Findings of the BRMC are escalated to the BOD. Terms and references of BRMC are documented and duly approved by the BOD and broadly includes oversight responsibility at the highest level under the Risk Management Governance Framework.

The BRMC relies on three management committees namely the Asset Liability Committee ("ALCO"), the Credit Risk Committee ("CRC") and the Operational Risk Committee ("ORC"), to identify, manage and monitor risks.

### Asset Liability Committee ("ALCO")

The ALCO functions as the top operational unit for managing the statement of financial position within the performance/risk parameters laid down by the BOD. Its objective is to derive the most appropriate strategy for NIB in terms of mix of assets & liabilities given future expectations and potential consequence of interest rate movements, liability constraints, and foreign currency exchange exposure and capital adequacy.

### Credit Risk Committee ("CRC")

In our normal business activities there is a need to manage effectively potential credit risk. To address this risk, Credit Risk Committee (CRC) is established under the leadership of the Chief Risk Officer (CRO) of the Bank and membership comprises the President and Senior Management of the Bank. The main objective of the CRC is to ensure effective and proactive management of Credit Risk throughout the Bank in accordance with the Risk Management Framework and related Risk Policies and Procedures. Terms and references of the CRC, which meets six times a calender year, broadly include the following:

To ensure that all relevant risk policies of the Bank are developed, implemented and are not in conflict with any of the applicable laws and regulations.

To oversee implementation of credit risk related policies and procedures relevant to all business units through review of standard MIS decks.

To ensure that all activities are in compliance with the Prudential Regulations and also with the policies and controls established by the relevant units of the Bank through periodic review of business issues highlighted in internal/external audit reports and SBP Inspection Report.

To review stress testing on portfolio considering the major factors like interest rate sensitivity, inflation, Rupee devaluation, fluctuation in oil prices and/or global meltdown etc.

To review the credit portfolio, primarily through Key Risk Indicators, and to assess:

- quality of the profolio;
- recovery of remedial accounts;
- variance analysis of actual with plan and forecasts; and
- portfolio exceptions

To advise business where activities are not aligned with control requirements or risk appetite and to recommend Risk Policies.

### Operational Risk Committee ("ORC")

In our normal business activities there is a need to effectively manage potential risk arising out of banking operation of the Bank. To address this risk, Operational Risk Committee (ORC) is established under the leadership of the President of the Bank and membership comprises the CRO and Senior Management of the Bank. The main objective of the ORC is to ensure effective and proactive management of Operational Risk throughout the Bank in accordance with the Risk Management Framework and related Risk Policies and Procedures. Terms and references of the ORC, which meets on a monthly basis, broadly include the following:

To ensure operational risk identification and measurement covers all activities/products/processes of the Bank, and compliant with the Bank's standards and applicable regulations, and that risk control and risk origination decisions are properly informed.

To develop, maintain and review a consolidated MIS of key operational risks in the Bank in the form of Risk & Control Assessment Matrix.

To monitor all material Operational Risk exposures and key external trends, through KRIs and appropriate management action as per defined thresholds, in accordance with Operational Risk policies and procedures.

To review Ops Loss Data (OLD) and take proactive measures to reduce Operational Losses.

To direct appropriate action in response to material events, risk issues or themes that come to the Committee's attention.

To ensure any areas of potential overlap with another entity or Risk Control Area, Business or Function are notified to the affected entity Risk Control Owner, Business or Function Head.

### **Risk Management Organization at the Group**

The Chief Risk Officer ("CRO") is responsible for enterprise wide risk management and implementation of the overall risk management framework of NIB. In this respect, the CRO has to ensure that the risk organization structure of NIB is equipped with the best people, policies and processes, which enable it to perform efficiently and effectively.

The CRO is supported by a Chief Operating Officer - Risk responsible for Risk Policies & Procedures, Portfolio Risk and Country Risk Assessment, and five Risk Heads, responsible for Corporate, Trade Finance, Commercial/SME and Consumer Finance businesses and Market, Liquidity and Operational Risks respectively and they are responsible for ensuring the implementation of NIB's risk framework, Bank's policies and Central Bank regulations in their respective domains.

### 42.1 Credit Risk

Credit risk is the risk that a counterparty or customer will be unable to pay amounts in full when due. NIB's main credit exposure arises from the risk of failure by a client or counterparty to meet its contractual obligations. The risks are inherent in loans and bills receivable from non-bank customers, commitments to lend, repurchase agreements, securities borrowing and lending transactions, and contingent liabilities. Settlement risk is the risk of loss due to the failure of an entity to honor its obligations to deliver cash, securities or other assets as contractually agreed. Clean risk at liquidation or settlement risk occurs when items of agreed upon original equal value are not

simultaneously exchanged between counterparties and/or when items are released without knowledge that countervalue items have been received by the Bank. Typically the duration is intra-day, overnight/over weekend, or in some situations even longer. The risk is that we deliver but do not receive delivery. In this situation 100% of the principal amount is at risk. The risk may be larger than 100% if in addition there was an adverse price fluctuation between the contract price and the market price. Cross-border risk is the risk that we will be unable to obtain payment from our customers or third parties on their contractual obligations as a result of certain actions taken by foreign governments, chiefly relating to convertibility and transferability of foreign currency. Cross-border assets comprise loans and advances, interest-bearing deposits with other banks, trade and other bills, acceptances, amounts receivable under finance leases, certificates of deposit and other negotiable paper, and formal commitments where the counterparty is resident in a country other than where the assets are recorded. Cross-border assets also include exposures to local residents denominated in currencies other than the local currency. NIB has established limits for cross-border exposure and manages exposures within these limits.

NIB has established an appropriate credit risk environment which is operating under a sound credit-granting process; maintaining an appropriate credit administration, measurement and monitoring process and ensuring adequate controls. For risk management reporting purposes the Bank considers and consolidates all elements of credit risk exposures.

There is a proper credit delegation matrix for review and approving credit applications. Businesses have no credit approving authority. All credit approvals are accorded by the Credit Officers / Senior Credit Officers in the Risk Management Group. Corporate Credit Risk Management also approves exposure to Financial Institutions.

The concept of "three initial system" is very much in existence in NIB. Based upon regional considerations and availability of Credit Talent, any initiating unit has to have formal recommendation by the Relationship Manager, his/her Team Leader and Regional Head / Corporate Banking Head / Group Head. The essence here is that the credit proposal must not be left to the sole judgment of one person – rather, the application of minds must be diverse and independent of each other.

Further, in order to measure credit risk, an indigenously developed rating system is followed. This rating system is being continuously fine tuned to address regulatory and global benchmarks.

The Bank manages credit risk through:

- Accurate and detailed information about the borrower, cash flows, production, service and operation of the company;
- Insights into the major factors influencing customer attrition and product cancellation;
- Credit and collections treated as a highly people-intensive business; and
- Establishment of acceptable risk levels.

NIB manages credit risk through:

Post-disbursement maintenance of accounts through Credit Administration Department ("CAD") reporting into a CAD Head. The CAD Head has direct reporting line to the CRO

Submission of regulatory returns pertaining to reporting of NIB's portfolio

### Impaired financial assets

Impaired financial assets including loans and debt instruments are those which NIB determines that it is probable that it will not be able to collect all principal and interest due according to the contractual terms of the agreement(s) underlying the financial assets. Financial assets carried at fair value through profit or losses are not assessed for impairment since the measure of fair value reflects their credit qualities. For the monitoring of the credit quality of the financial assets not carried at fair value through profit or loss, NIB follows the guidelines issued by the State Bank of Pakistan. Credit quality is determined based on three pillars namely: business prospect, financial performance and repayment capacity.

### Write offs

NIB's Write off Policy is laid out in line with the SBP rules. All credit write offs are approved under the approved delegation matrix. Writing off a loan in no way implies that the Bank has given up its claim on a borrower and does not impact the Bank's ability to legally collect written off credits from the customer(s).

### 42.2 Market Risk

Market risk refers to the potential loss that an entity may be exposed to due to market volatility. It is important for the Bank to put in place an effective market risk management framework to manage its market risk exposures. Market risk arises from all positions in financial instruments held by the Bank (either in Trading or Banking book) which exposes the Bank to market risk factors namely interest rates, foreign exchange ("FX") rates and equity prices.

The Bank has adopted a market risk management structure that commensurate with its size and the nature of its business activities and facilitates effective management oversight and execution of market risk management and control processes.

Currently Bank's risk appetite for market risk is a combination of notional and sensitivity based limits. Following are the regulatory and internal guidelines monitored by Market & Liquidity Risk Unit (MLRU):

- Foreign Exchange Exposure Limit
- Equity Exposure Limit
- Statutory Liquidity & Cash Reserve Requirement
- FX Tenor mismatch
- DV01

NIB also applies a Value-at-Risk (VaR) methodology to assess the market risk positions held. Currently NIB is using historical simulation model for calculating VaR numbers for FX and ALM book.

### Interest rate risk

The principal risk to which NIB's portfolios are exposed is the risk of losses from fluctuations in the future cash flows or fair values of financial instruments because of a change in market interest rates. Interest rate risk is measured through DV01, VaR and interest rate sensitivity analysis.

### 42.2.1 Foreign Exchange Risk

NIB has set the following objectives for managing the inherent risk on foreign currency exposures:

Maximize profitability with minimum risk by keeping the exposure at desirable levels in view of strict compliance of regulatory / international standards and the Bank's internal guidelines, which are being adopted from regulator and followed vigorously;

Manage appropriate forward mismatch gaps;

Usage of different tools to manage the inherent risk of product and market, such as compliance of credit limit, monitoring of foreign exchange exposure limit, review of market to market portfolio etc.

NIB takes steps to ensure that foreign currency exposures adhere to regulatory or international standards and NIB's internal guidelines. NIB uses tools such as Foreign Exchange Exposure Limit (FEEL), VaR and FX tenor gaps to monitor FX risk.

### 42.2.2 Equity price risk and Fixed Income rate risk

Equity price risk is the risk to earnings or capital that results from adverse changes in the value of equity related portfolios of the NIB.

NIB conducts stress testing analysis over the equity portfolio, by anticipating changes/shocks of -30%, -40% and -50% on the current price of shares within a portfolio, thereby monitoring the effects of the predicted changes in the structure of shares portfolio on the Capital Adequacy Ratio ("CAR"). Further, NIB reviews new products to ensure that market risk aspects are properly quantified and mitigated.

### 42.2.3 Mismatch of Interest Rate Sensitive Assets and Liabilities

Details of the interest rate profile of the Group based on the earlier of contractual repricing or maturity date is as follows:

						70	2014					
					Ex	Exposed to Yield / Interest rate risk	/ Interest rate	risk				Not
-	Effective Yield / Interest rate	Total	Upto 1 Month	Over 1 to 3 Months	Over 3 to 6 Months	Over 6 Months to 1 Year	Over 1 to 2 Years	Over 2 to 3 Years	Over 3 to 5 Years	Over 5 to 10 Years	Over 10 Years	Exposed to Yield / Interest rate risk

### **Liquidity Risk** 42.3

Liquidity risk is defined as the risk that a Group, either does not have enough financial resources to meet its obligation and commitments as they fall due or can secure funds at an excessive cost; even when the Group is solvent. Liquidity risk is due to the difference between the Group's assets and liabilities generally known as mismatches. Liquidity management is important as the ultimate cost of a lack of liquidity is being out of business.

The liquidity risk policy is formulated keeping in view of the SBP's guidelines on risk management, Basel standards and best practices. NIB maintains its liquidity by keeping a level of liquid assets in such amount which is considered sufficient to anticipate payment of customers' deposits.

The Group manages its liquidity risk through:

- Controlling the cash flow mismatch between on and off balance sheet assets and liabilities;
- 5-Day stress testing on Bank's balance sheet carried out on daily basis assuming deposit run offs;
  - Maintaining stable and diversified sources of funding;
- Ensuring the Bank has the right asset portfolio mix and sufficient liquid assets on hand in relation to its daily cash flows;
- Certain periodic reports such as tenor maturity gaps and maximum cash outflows (MCO); and
  - Stress testing on portfolio as required by local regulator.

# 42.3.1 Maturities of Assets and Liabilities - Based on contractual maturity of the Assets and Liabilities of the Group

all demand assets and liabilities such as running finance, current accounts and saving accounts are shown as having a maturity upto one month. However, based on historical behaviour, management The above maturity profile has been prepared in accordance with International Financial Reporting Standard 7, Financial Instruments: Disclosures, based on contractual maturities. Consequently, is of the opinion that the possibility of these inflows / outflows actually occurring entirely within one month is remote, as these flows normally occur over a longer period of time.

Non-contractual assets and liabilities have been profiled by using Core/Non-core Balance Methodology. Core balances are defined as those which are expected to remain in our books for a longer period and thus placed in longer time buckets. Whereas, non-core balances are considered volatile and expected to attrite from our books in the short run. In order to work out non-core balances, volatility is calculated using standard deviation and scaled for computing respective tenor volatility. Non-core and core balances are equally distributed in time buckets from 1 month till 1 year and from 2 years till furtherest available time bucket respectively. Similarly, non-core balances for Running Finance are placed in 1-month bucket and core balances are equally distributed in buckets 2-months till 1-year.

### 42.4 Operational Risk Management

The Bank defines operational risk as the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. The Bank seeks to ensure that key operational risks are managed in a timely and effective manner.

NIB approach operational risk management from two perspectives to best manage operational risk within the structure of the Bank:

- at the enterprise level to provide independent, integrated management of operational risk across the Bank, and
- at the business and enterprise control function levels to address operational risk in revenue generating and non-revenue generating units.

A sound internal governance structure enhances the effectiveness of NIB's Operational Risk Management and is accomplished at the enterprise level through formal oversight by the Board, the CRO and risk management committees aligned to the Bank's overall risk governance framework and practices. The Operational Risk Committee (ORC) oversees the processes for sound operational risk management and also serves as an escalation point for critical operational risk matters within the Bank. The ORC reports operational risk activities to the Board Risk Management Committee.

Within the Integrated Risk Management Group, the Operational Risk team develops the strategies, policies, controls and monitoring tools for assessing and managing operational risks across the Bank and report results to Operational Risk Committee (ORC) and the Board. The business and support functions are responsible for all the risks within the business line, including operational risks. Operational Risk Management tools, such as Loss Collection & Reporting, Risk and Control Self Assessment and Key Risk Indicators are developed and used to identify measure, mitigate and monitor risks.

### 43. DATE OF AUTHORIZATION FOR ISSUE

These consolidated financial statements were authorized for issue on February 25, 2015 by the Board of Directors of the Bank.

### FINANCIAL AND MANAGEMENT SERVICES (PRIVATE) LIMITED

The Bank has not consolidated the financial statements of Financial & Management Services (Private) Limited ("FMSL") - Subsidiary, as the investment is fully provided for. The Bank has also received relaxation from Securities and Exchange Commission of Pakistan (SECP) of the requirements of Section 237 of the Companies Ordinance, 1984 through SECP letter EMD/233/654/2002-630-631 dated December 01, 2014.

As per the requirements of the SECP, enclosed herein are the financial highlights of FMSL for the year ended December 31, 2013 and the Auditors' opinion.

Annual financial statements of FMSL would be available for inspection at Registered Office of the Bank and would also be available to the members on request, without any cost.

### Auditors' Report to the Members

We have audited the annexed balance sheet of Financial and Management Services (Private) Limited ("the Company") as at 31 December 2013 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Company's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984 (XLVII of 1984). Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- a) in our opinion, proper books of account have been kept by the Company as required by the Companies Ordinance, 1984 (XLVII of 1984);
- b) in our opinion:
  - the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984 (XLVII of 1984), and are in agreement with the books of account and are further in accordance with accounting policies consistently applied;
  - the expenditure incurred during the year was for the purpose of the Company's business; and ii)
  - iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Company;
- c) in our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and, give the information required by the Companies Ordinance, 1984, in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 31 December 2013 and of the loss, its cash flows and changes in equity for the year then ended; and

### Auditors' Report to the Members

d) in our opinion, no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

We draw attention to note 1.2 to the financial statements which states that the Board of directors of the Company in their meeting dated 25 March 2009 had decided to place the Company on a dormant status and future regulatory expenses of the Company will be borne by the Holding Company. Our opinion is not qualified in respect of this matter.

Date: 02 April 2014
