The independent non-executive members of the Board are interested in the payment of fees and remaining members of the Board have no interest in the matter.

NOTICE OF ANNUAL GENERAL MEETING

SHAREHOLDERS AWARENESS:

- 1. CINC Requirements:** In compliance with Securities and Exchange Commission of Pakistan's (SECP) directive SRO 831 dated 5 July 2012, printing of Computerized National Identity Card (CNIC) numbers of shareholders on dividend warrants is MANDATORY, therefore shareholders are requested to provide a copy of their valid CNICs, if they have not already done so, to our Share Registrar at their above referred office address latest by 22 March 2016. Failing which may result in withholding of dividend warrants of respective shareholders.
- 2. Tax Requirements:** The dividend income on shares is liable to deduction of withholding tax under Section 150 of the Income Tax Ordinance, 2001 and pursuant to the provisions of Finance Act, 2015, effective from 01 July 2015; the 'Filer' and 'Non-Filer' shareholders will pay tax on dividend income @ 12.50% and 17.50% respectively. The Filer status of shareholders will be determined by referring National Tax Number (NTN) and appearance of shareholder's name in Active Taxpayers List (ATL) uploaded by the Federal Board of Revenue (FBR) on their website <http://www.fbr.gov.pk/> as on 22 March 2016.

In case a Folio/ CDS Account is jointly held, each joint-holder will be treated separately as Filer or Non-Filer and tax will be deducted on the gross dividend amount determined by bifurcating the shareholding of each joint-holder on equal proportions, except where shareholding proportion of joint-holders is pre-defined as per the records of Bank's Share Registrar and thus tax rates will be applied in line with respective proportions. Those shareholders, who are holding shares jointly, are requested to update/ notify the shareholding proportions of Principal and Joint-holder(s) in writing to our Share Registrar latest by 22 March 2016 at their above referred office address.

In this regard, all shareholders, whose names are not entered into the ATL despite the fact that they are filers, are advised to make sure that: (i) their names appear into the ATL before start of closed period (referred above), otherwise they will be treated as non-filers for tax deduction purpose, and (ii) a copy of their National Tax Number is submitted to their relevant Participant/CDC Investor Account Services or to our Share Registrar (in case of physical shareholding only) at their above referred office address.

Corporate shareholders are requested to provide of a copy of valid Income Tax Exemption Certificate issued by the concerned authority to your institution which is compulsorily required to claim tax exemption in terms of clarification issued by FBR vide their letter C.No.1 (43) DG (WHT)/ 2008- Vol.11-66417-R dated 12 May 2015 (viewable at FBR's website at following link: <http://www.fbr.gov.pk/ShowDocument.aspx?type=Doc&Actionid=4141>). In case you are subject to any special tax rate, please also provide a copy of relevant certificate issued by the concerned authority. Relevant copies should reach our Share Registrar at their above mentioned office address.

- 3. e-Dividend/ Bank Mandate:** Furthermore, the Bank encourages its shareholders to provide dividend mandates of their respective Banks. The benefits associated with this are instant credit of dividends, no chances of dividend warrants getting lost in the post, undelivered or delivered to the wrong address etc. For more information, the members may contact our Share Registrars.
- 4. Electronic Transmission of Audited Financial Statements along with Notice to members through email:** Shareholders, who wish to receive audited financial statements and notice of general meeting through email in terms of provisions of SECP's SRO 787 (I)/ 2014 dated 08 September 2014, are requested to provide their consent and their email addresses, in writing, to our Share Registrar at their above mentioned office address or at info@cdcpak.com

حصص یافتگان (ممبران) کی آگاہی:

1. سی این آئی سی کی ضرورت: سکیورٹیز اینڈ ایکسچینج کمیشن آف پاکستان کی ہدایات بذریعہ خط نمبر SRO 831(i)/2012 بتاریخ 5 جولائی 2012 پر عملدرآمد کیلئے حامل حصص کا سی این آئی سی نمبر ڈیویڈنڈ وارنٹ پر پرنٹ ہونا لازمی ہے، لہذا جن ممبران نے ابھی تک اپنے قومی شناختی کارڈ کی نقول جمع نہیں کرائیں ان سے درخواست کی جاتی ہے کہ وہ اپنے قومی شناختی کارڈ کی نقول ہمارے شیئر رجسٹرار کے ایڈریس پر مہیا کریں۔
2. ٹیکس معاملات: انکم ٹیکس آرڈیننس، 2001 کے سیکشن 150 اور فائننس ایکٹ 2015 کی دفعات کے مطابق ڈیویڈنڈ آمدن پر فائل ممبران کیلئے شرح ودہولڈنگ ٹیکس %12.5 جبکہ نان فائلر کیلئے %17.5 ہے۔ فائلر کا تعین فیڈرل بورڈ آف ریونیو (FBR) کی ویب سائٹ (<http://www.fbr.gov.pk/>) پر 22 مارچ 2016 کو جاری کردہ ایکٹو ٹیکس پیئر لسٹ (ATL) کی بنیاد پر کیا جائیگا۔ کسی فولیو / سی ڈی ایس اکاؤنٹ کی مشترکہ ملکیت کی صورت میں ہر مشترکہ ہولڈر کو بطور فائلر یا نان فائلر علیحدہ تصور کیا جائیگا اور ٹیکس کی کٹوتی ڈیویڈنڈ کی مجموعی رقم پر کی جائیگی جو کہ ممبران میں شیئر ہولڈنگ کے تناسب کو مساوی تقسیم کر کے کردی جائیگی سوئے اس کے کہ شیئر ہولڈنگ کے تناسب کی تفصیل پہلے ہی بینک کے شیئر رجسٹرار کے ریکارڈ میں موجود ہو اس صورت میں ٹیکس کی شرح اس تناسب سے لاگو کی جائیگی۔ لہذا ایسے مشترکہ ہولڈرز سے درخواست کی جاتی ہے کہ اپنی ہولڈنگ کا تناسب ہمارے شیئر رجسٹرار کو مندرجہ بالا پتے پر 22 مارچ 2016 تک فراہم کر دیں۔
- اس سلسلے میں وہ ممبران جن کے نام فائلرز ہونے کے باوجود ATL میں موجود نہیں، ان سے گزارش کی جاتی ہے کہ اس امر کو یقینی بنائیں کہ ان کے نام ATL میں موجود ہوں بصورت دیگر ان کو نان فائلر سمجھا جائیگا۔
- کارپوریٹ شیئر ہولڈرز جو ٹیکس سے استثناء کے دعویدار ہیں ان سے درخواست کی جاتی ہے کہ وہ متعلقہ اتھارٹیز کی جانب سے ان کے ادارے کو جاری کیا گیا موثر انکم ٹیکس ایکزیمنیشن سرٹیفیکٹ فراہم کریں۔ FBR کے لیٹر C. No. 1 (43) DG (WHT)/2008-Vol.11-66417-R کے تحت 12 مئی 2015 (FBR) کی ویب سائٹ پر دستیاب ہے (<http://www.fbr.gov.pk/ShowDocument.aspx?type=Doc&Actionid=4141>) اگر آپ خصوصی ٹیکس ریٹ کے تابع ہیں برائے مہربانی متعلقہ اتھارٹیز کی جانب سے جاری کیے گئے سرٹیفیکٹ کی نقول ہمارے شیئر رجسٹرار کو مندرجہ بالا پتے پر فراہم کریں۔
3. ای ڈیویڈنڈ / بینک مینڈیٹ: علاوہ ازیں بینک اپنے شیئر ہولڈرز کی اپنے بینکوں کو ڈیویڈنڈ مینڈیٹ فراہم کرنے کی حوصلہ افزائی کرتا ہے۔ اس طریقے کے فوائد میں ڈیویڈنڈ کی فوری منتقلی اور ڈیویڈنڈ وارنٹس کے ڈاک میں گم ہوجانے یا ترسیل نہ ہونے یا غلط پتے پر ترسیل کے امکانات کا نہ ہونا شامل ہیں۔ مزید معلومات کیلئے ممبران ہمارے شیئر رجسٹرار سے رابطہ کرسکتے ہیں۔
4. الیکٹرانک آڈٹڈ فنانشل اسٹیٹمنٹ اور نوٹس کی ترسیل بذریعہ ای میل: SECP کے نوٹیفکیشن 2014 (i) SRO 787 بتاریخ 8 ستمبر 2014 کے ذریعے کمپنیوں کو سالانہ اجلاس عام کے نوٹس کے ہمراہ سالانہ آڈٹ شدہ فنانشل اسٹیٹمنٹس کی ای میل کے ذریعے ترسیل کی اجازت دی گئی ہے لہذا بینک کے وہ تمام ممبر جو سالانہ رپورٹ سافٹ کاپی کی صورت میں حاصل کرنے کے خواہشمند ہیں ان سے درخواست کی جاتی ہے کہ اپنے ای میل ایڈریسز ہمارے شیئر رجسٹرار کو فراہم کریں۔

DIRECTORS' REPORT

On behalf of the Board of Directors, I am pleased to present the Directors' Report of Standard Chartered Bank (Pakistan) Limited (SCBPL) along with the audited financial statements and auditors' report thereon for the year ended 31st December 2015.

Economy

With improved macroeconomic indicators and market sentiments, Pakistan's GDP in FY 15 posted a 4.2% growth vs. 4.1% in FY14. Looking ahead, growth is expected to increase to 4.4% in FY16; and rise gradually over the medium-term to over 5% as infrastructure and energy projects, part of the China-Pakistan Economic Corridor, pick up pace.

Consumer-price inflation declined to an average of 4.5% in FY15 from 8.6% in the previous year, due to the decline in global oil and domestic food prices. The macroeconomic situation saw improvement in consumer and investor's confidence with increase in remittances, successful conclusion of the 10th IMF review and a record all time high FX reserves of over USD 20bn by December 2015. This has given room to central bank to ease monetary policy - cutting rates by 400 bps since November 2014, with the policy rate at 6% by end-December 2015. Lower interest rates have supported private credit off-take, for both corporate and consumer loans; in particular, fixed investment and long-term loans increased by nearly 19% y/y by December 2015.

Meanwhile, the decline in global oil prices helped narrow the current account deficit to 0.9% of GDP in H1-FY16 compared to 1.8% for the corresponding period last year. The country also issued a USD 500 million Euro bond in September 2015.

The banking system remains well capitalized with the CAR of 18.2% and remains profitable with ROE of 15.7%. NPLs of the banking sector have declined to 12.5% by September 30, 2015, down from 13.0% in September 2014. Higher private credit sector growth and declining NPLs are positive for banking sector outlook for 2016.

Operating Results and Business Overview

The bank delivered strong financial performance with Profit before tax of PKR 15.4 billion compared to PKR 15.2 billion in 2014. Revenue increased 4% year on year on account of improved mix and volume growth. Administrative costs continue to be well managed through operational efficiencies and disciplined spending, thereby leading to a 1% decrease year on year. The bank continues to invest in its distribution network through re-investing saves from branch optimization into the bank's digital agenda and infrastructure to enhance customer experience.

On the liabilities side, the bank's total deposits increased by 7% in 2015. The continuous increase in low cost deposits has significantly supported the bank's performance with current and savings accounts comprising over 93% of the deposits base. This has resulted in the bank having one of the lowest cost of deposits in the industry. On the advances side, momentum in Retail assets is building up since the latter half of 2015 while the Corporate and Commercial segments continue with the strategy to build a profitable, efficient and sustainable advances portfolio. As the economic activity improves further, advances growth will pick-up. Surplus liquidity continues to be deployed in Government securities with a balanced mix of short and long term.

During 2015, the bank contributed around PKR 12.1 billion to the national exchequer in lieu of direct income taxes, as an agent of Federal Board of Revenue and on account of FED / Provincial Sales Taxes.

Considering the long history of presence in Pakistan, the bank is committed for sustained growth by continuous focus on clients and product suite along with a prudent approach to building the balance sheet.

Outlook

Despite the changing external environment we believe opportunities exist and intend to follow a prudent growth strategy at the

DIRECTORS' REPORT

back of the balance sheet strength, effective capital and risk management practices and unique global capabilities. In line with the strategic priorities, the bank will continue to focus on deepening client relationships, utilising cross selling opportunities and further improve customer service and engagement.

Dividend

Final cash dividend of 12.50% (Rs.1.25/- per share) has been recommended by the Board of Directors for approval at the Tenth Annual General Meeting of the Bank's shareholders. This is in addition to 7.50% (Re. 0.75/- per share) interim cash dividend announced during the year.

External Annual Audit

The financial statements of SCBPL have been audited without any qualification by the auditors of the Bank, namely KPMG Taseer Hadi & Co., Chartered Accountants.

Credit Rating

Pakistan Credit Rating Agency (PACRA) has maintained the Bank's long-term and short-term ratings of "AAA" (Triple A) and "A1+" (A One Plus) respectively in 2015. The Bank's outstanding subordinated TFC has also been assigned "AAA" rating. These ratings denote the lowest expectation of credit risk emanating from an exceptionally strong capacity for timely payment of financial commitments.

Sustainability

As the largest International Bank in the country, with 101 branches in 13 cities of Pakistan, Standard Chartered is now truly a part of the social fabric of this country. Through our sustainability strategy we seek to strengthen relationships between our business, community, government and customers.

In Pakistan, the Bank's community efforts are focused on health and education. Through our flagship Community Investment health programme "Seeing is Believing", we continue contributing to the prevention of avoidable blindness. In November 2015 we marked a successful close to our "Pakistan Urban Paediatric Eye Care Programme" under which we screened 1.5 million children for refractive errors. We also announced our commitment in the form of additional funding to improve eye health care in selected districts of Pakistan. The Bank is also supporting an eye health programme focused on Diabetic Retinopathy which focuses on reaching 1 million people- directly and indirectly- over the span of five years. In recognition of our contribution for the cause of tackling avoidable blindness, the Government of Pakistan has made Standard Chartered its official and only corporate partner with presence on both National and Sindh eye councils of the country.

The Bank also runs a programme called "Positive Living" to create awareness about HIV and AIDS. In 2015 our volunteers imparted basic HIV awareness training to over 1,000 people.

Through our education programme, the Bank has extended post matriculation scholarships to deserving students and supports institutions of both vocational and higher learning. To encourage employees to participate in these initiatives and engage with the communities, Standard Chartered provides three days paid volunteering leave to each member of staff. In 2015, SCBPL employees logged 2,673 volunteering days.

Performance of the Group

In compliance with section 236(5) of the Companies Ordinance, 1984, attached with this report are the consolidated financial statements of SCBPL and its subsidiaries (the Group) namely - Standard Chartered Leasing Limited, Standard Chartered Services of Pakistan (Private) Limited and Standard Chartered Modaraba, for the year ended December 31, 2015.

اسٹینڈرڈ چارٹرڈ بینک (پاکستان) لمیٹڈ

31 دسمبر، 2015

ڈائریکٹرز کی رپورٹ

بورڈ آف ڈائریکٹرز کی جانب سے میں انتہائی مسرت سے اسٹینڈرڈ چارٹرڈ بینک (پاکستان) لمیٹڈ کی ڈائریکٹرز رپورٹ بمعہ 31 دسمبر 2015 کو ختم ہونے والے سال کے پڑتال شدہ کھاتہ جات اور آڈیٹرز رپورٹ پیش کر رہا ہوں۔

معیشت

مجموعی طور پر اقتصادی حوالے سے بہتری اور مارکیٹ میں تیزی کے رجحان کے ساتھ ساتھ پاکستان کی مجموعی ملکی پیداوار میں مالی سال 2014 میں 1.4 فیصد کے مقابلے میں مالی سال 2015 میں 2.4 فیصد کا اضافہ ہوا اور ساتھ ہی مالی سال 2016 میں پیداوار کا 4.4 فیصد تک اضافہ متوقع ہے اور وسط مدت میں پاک چین معاشی راہداری کے باعث بنیادی ڈھانچے اور توانائی کے منصوبوں میں تیزی کے بعد بتدریج 5 فیصد تک اضافے کی بھی توقع کی جا رہی ہے۔

عالمی سطح پر تیل اور گھریلو اشیاء خورد و نوش کی قیمتوں میں کمی کے باعث اشیائے صرف کی قیمتوں میں گزشتہ سال 6.8 فیصد کے مقابلے میں مالی سال 2015 میں اوسطاً 4.5 فیصد تک کمی واقع ہوئی ہے۔ مجموعی طور پر اقتصادی صورتحال میں بہتری کے باعث صارفین اور سرمایہ داروں کے اعتماد میں اضافہ ہوا۔ جبکہ ترسیلات زر میں اضافہ، آئی ایم ایف کے دسویں جائزے کا کامیاب اختتام اور دسمبر 2015 تک

زر مبادلہ میں 20 ارب ڈالر تک کی بلند ترین سطح دیکھنے میں آئی۔ اس کی مدد سے مرکزی بینک کو اپنی مالیاتی حکمت عملی میں گنجائش کا موقع ملا اور نومبر 2014 سے 400 بی پی ایس تک کمی آئی، دسمبر 2015 کے اختتام تک پالیسی کی شرح 6 فیصد تک ہو گئی۔ شرح سود میں کمی سے نجی سطح پر قرضوں کے فروغ کے باعث کارپوریٹ اور گنزیوم دونوں کے لئے قرضہ جات بالخصوص سرمایہ کاری اور طویل مدتی قرضے میں دسمبر 2015 تک تقریباً سال بہ سال 19 فیصد اضافہ ہوا۔

اسی دوران عالمی سطح پر تیل کی قیمتوں میں کمی کے باعث کرنٹ اکاؤنٹ کے خسارے میں کمی واقع ہوئی جو مالی سال 2016 میں پہلے ششماہی کی بنیاد پر مجموعی ملکی پیداوار کا 0.9 فیصد ہے، گزشتہ سال یہ خسارہ 1.8 فیصد تھا۔ ستمبر 2015 میں ملک میں 50 کروڑ یورو بانڈز کا اجراء بھی ہوا۔

شعبہ بینکاری 18.2 فیصد (CAR) سی اے آر کے موزوں سرمائے اور 15.7 فیصد کے (ROE) آراوای کے ساتھ منافع بخش رہا۔ بینکنگ سیکٹر میں قرضوں کی عدم ادائیگی میں 30 ستمبر 2015 تک 12.5 فیصد کمی واقع ہوئی ہی جو ستمبر 2014 میں 13.0 فیصد تھی۔ نجی شعبے میں قرضوں کے وسیع فروغ اور ان کی عدم ادائیگی میں کمی کا رجحان 2016 میں بینکاری شعبے میں بہتر امکانات کی امید ظاہر کرتا ہے۔

نتائج اور عمومی کاروباری جائزہ

31 دسمبر، 2014 (ملین روپے)

31 دسمبر، 2015 (ملین روپے)

نتیجہ و نقصان	2014 (ملین روپے)	2015 (ملین روپے)
آمدنی	28,256	29,405
انتظامی اخراجات	12,248	12,105
دیگر نان-مارک اپ اخراجات	312	358
کاروباری منافع (واجبات اور ٹیکس سے قبل)	15,696	16,942
تموین/ (وصولیوں کا خالص)	466	1,557
قبل از ٹیکس منافع	15,231	15,385
بعد از ٹیکس منافع	9,725	9,288
منافع فی حصص (ای پی ایس)	2.51	2.40

بینک نے سال 2014 میں 15.2 ارب روپے کے مقابلے میں اس سال 15.4 ارب روپے قبل از ٹیکس منافع کے حصول کے ذریعے اپنی مستحکم مالی کارکردگی کا مظاہرہ کیا۔ کس (MIX) اور وولیم (Volume) میں بہتر تناسب کے باعث آمدنی میں سال بہ سال 4 فیصد اضافہ ہوا۔ انتظامی اخراجات میں عملی طور پر اعلیٰ کارکردگی، محتاط اخراجات اور بہتر منصوبہ بندی عمل میں لائی گئی، جس سے سال بہ سال اخراجات میں 1 فیصد کمی ہوئی۔ بینک اپنے تقسیم کاری نظام میں بذریعہ ڈیجیٹل نظام کے تدریجاً اضافے اور بنیادی ڈھانچے کی تبدیلی کے ساتھ اپنے صارفین کی سہولیات میں مسلسل اضافے کیلئے کوشاں ہے۔

واجبات کے حوالے سے 2015 میں بینک کے کل جمع شدہ رقوم میں 7 فیصد اضافہ ہوا۔ کم قیمت جمع شدہ رقوم میں مسلسل اضافہ بینک کی کارکردگی میں معاون رہا کرنٹ اور سیونگز اکاؤنٹس مجموعی جمع شدہ رقوم کے 93 فیصد تک رہے، جو کہ صنعتی حوالے سے بینک میں جمع شدہ رقوم کی کم ترین لاگت ہے۔ 2015 میں دوسرے ششماہی سے قرضہ جات کے حوالے سے بینک کے ریٹیل سرمائے میں اضافہ ہو رہا ہے اور کارپوریٹ اور کمرشل شعبہ جات منافع بخش، استعدادی اور مخصوص سطح پر قرار رکھنے کی حامل قرضہ جات پورٹ فولیو کی تعمیر میں بہتر طریقہ کار کو استعمال کرتے ہوئے مسلسل کوشاں ہے۔ جیسے جیسے معاشی سرگرمی میں اضافہ ہوگا، قرضہ جات میں بھی اضافہ ہوگا۔ اضافی سرمائے کی مختصر اور طویل مدتی گورنمنٹ سیکورٹیز میں سرمایہ کاری کی جاتی رہے گی۔

بینک نے سال 2015 کے دوران فیڈرل بورڈ آف ریونیو کے ایجنٹ کے طور پر قومی خزانے میں براہ راست محصول آمدنی اور فیڈرل ایکسائز ڈیوٹی/صوبائی سیلز ٹیکسز کی مدد میں تقریباً 12.1 ارب روپے جمع کرائے۔

پاکستان میں ہماری طویل تاریخ کو مد نظر رکھتے ہوئے، اپنے کلائنٹس، صارفین اور بینکنگ سٹیٹ کو مستحکم بنانے پر توجہ مرکوز کر کے، ہم اس کے مستقل فروغ پر یقین رکھتے ہیں۔

معاشی منظر

بیرونی تبدیلی کے باوجود ہم یقین رکھتے ہیں کہ بینکنگ سٹیٹ کے استحکام، موثر سرمائے اور نقصان سے تحفظ کیلئے مناسب مواقع موجود ہیں اور ہم انتظامی عمل اور عالمی طور پر بے مثال صلاحیتوں کی بنیاد پر اس کے فروغ کیلئے حکمت عملی کو جاری رکھنے کا عزم رکھتے ہیں۔ ترجیحی حکمت عملی کے ساتھ ساتھ بینک مختلف بینکنگ اشیاء میں سرمایہ کاری کو استعمال کرتے ہوئے، صارف سے مضبوط تعلقات استوار کرنے اور صارفین کو دی جانے والی خدمات کو مزید بہتر بنانے پر بھی توجہ مرکوز رکھے گا۔

منافع حصص

بینک کے حصص یافتگان کے دسویں سالانہ اجلاس عام میں بورڈ آف ڈائریکٹران کی جانب سے منظوری کیلئے 12.50 فیصد (-/1.25 روپے فی حصص) کے حتمی کیش ڈیویڈنڈ کی تجویز دی گئی ہے۔ یہ منافع 7.50 فیصد (0.75 روپے فی حصص) عبوری کیش ڈیویڈنڈ کے علاوہ ہے، جس کا اعلان/ادائیگی سال کے دوران کی گئی تھی۔

ڈائریکٹرز کی رپورٹ

سالانہ بیرونی آڈٹ

اسٹینڈرڈ چارٹرڈ بینک پاکستان لمیٹڈ کی فنانشل اسٹیٹمنٹس کا آڈٹ بینک کے آڈیٹرز کے پی ایم جی تاثیر ہادی اینڈ کمپنی، چارٹرڈ اکاؤنٹنٹس نے کیا اور بغیر کسی اختلاف پہ مبنی رپورٹ پیش کی۔

کریڈٹ ریٹنگ

2015 میں پاکستان کریڈٹ ریٹنگ ایجنسی نے بینک کی بالترتیب "AAA" (ٹرپل A) اور "A1+" (اے ون پلس) کی طویل مدتی اور قلیل مدتی ریٹنگز کو برقرار رکھا ہے۔ بینک کے ٹی ایف سی کو بھی "AAA" ریٹنگ دیا گیا ہے۔ یہ ریٹنگ قرضہ جات کے متوقع نقصانات سے تحفظ اور ان کی وقت پر ادائیگی کو یقینی بنانے کی نشاندہی کرتی ہیں۔

معاشی استحکام

پاکستان کے 13 شہروں میں 101 برانچز پر مشتمل ملک کے سب سے بڑے بین الاقوامی بینک کی حیثیت سے اسٹینڈرڈ چارٹرڈ اب ملک میں معاشی طور پر اپنا باقاعدہ کردار ادا کر رہا ہے۔ ہم بہتر حکمت عملی کی مدد سے اپنے بزنس، سماج، حکومت اور صارفین کے ساتھ مضبوط تعلقات استوار کرنے کے خواہاں ہیں۔

بینک کی پاکستان میں سماجی کاوشیں تعلیم اور صحت پر مرکوز ہیں۔ ہمارے کیونٹینی انویسٹمنٹ ہیلتھ پروگرام "Seeing is Believing" کے ذریعے ہم قابل گریز نابینا پن کی روک تھام کیلئے مسلسل مالی تعاون کر رہے ہیں۔ نومبر 2015 میں "پاکستان اربن پیڈیاٹرک آئی کیئر پروگرام" کا کامیاب انعقاد کیا گیا، جس کے باعث ہم نے انعطافی خرابیوں میں مبتلا 15 لاکھ بچوں کا معائنہ کیا۔ پاکستان کے مخصوص اضلاع میں صحت چیم کے حوالے سے بھی ہم نے اضافی مالی معاونت کا عزم کیا ہے۔ ڈائیاہلیک ریٹینو تھراپی سے متعلق بینک صحت چیم پروگرام میں بھی معاونت کر رہا ہے، جس کے ذریعے 10 لاکھ افراد تک براہ راست اور بالواسطہ رسائی حاصل کریں گے۔ قابل گریز نابینا پن پر قابو پانے کیلئے ہماری خدمات کے اعزاز میں حکومت پاکستان نے اسٹینڈرڈ چارٹرڈ کو ملک کی نیشنل اور سندھ آئی کونسل میں اپنا سرکاری اور واحد شراکتی پارٹنر بنا لیا ہے۔

HIV اور ایڈز سے متعلق آگاہی فراہم کرنے کیلئے بینک کا ایک اور جاری پروگرام "Positive Living" ہے۔ 2015 میں ہمارے رضا کاروں نے 1000 سے زائد افراد کو HIV کے حوالے سے تربیت و آگاہی فراہم کی۔

ہمارے تعلیمی پروگرام کے ذریعے بینک نے میٹرک کے بعد مستحق طالب علموں کو تعلیمی وظائف اور پیشہ ورانہ اور اعلیٰ تعلیم کے حامل اداروں کو مالی معاونت فراہم کی۔ ملازمین کی شمولیت، حوصلہ افزائی اور کمیونٹی کے ساتھ کام کرنے کیلئے اسٹینڈرڈ چارٹرڈ اسٹاف کے ہر ممبر کو 3 دن کی رضا کارانہ چھٹیاں فراہم کرتا ہے، جس کی انہیں ادائیگی کی جاتی ہے۔ 2015 میں اسٹینڈرڈ چارٹرڈ بینک (پاکستان) لمیٹڈ کے ملازمین نے 673,2 دن رضا کارانہ طور پر اپنی خدمات انجام دیں۔

گروپ کی کارکردگی

کمپنیز آرڈیننس 1984 سیکشن (5) 236 کے مطابق اس رپورٹ کے ساتھ اسٹینڈرڈ چارٹرڈ بینک (پاکستان) لمیٹڈ اور اسکے ذیلی ادارے بنام اسٹینڈرڈ چارٹرڈ لیزنگ لمیٹڈ، اسٹینڈرڈ چارٹرڈ سروسز آف پاکستان (پرائیویٹ) لمیٹڈ اور اسٹینڈرڈ چارٹرڈ مضاربہ کی 31 دسمبر 2015 کو ختم ہونے والے سال کی مجموعی کھاتہ جات بھی منسلک ہیں۔

Management's Statements on Internal Controls and Risk Management Framework

The following statements are made by the management to meet the requirements of the State Bank of Pakistan (SBP) BSD Circular letter no. 2 of 2005 and BSD Circular letter no. 3 of 2005.

Internal Controls

Management of Standard Chartered Bank (Pakistan) Limited (the Bank or SCBPL) is responsible for establishing and maintaining a sound system of internal controls aimed at achieving the following objectives of the Bank:

- Efficiency and effectiveness of operations
 - Compliance with applicable laws and regulations
 - Reliability of financial reporting
1. The Management has adopted different strategies to ensure effective monitoring and improvement of internal controls. These include Internal Audit and Operational Risk Framework (ORF) in which assurance responsibilities are divided into three lines of defense i.e. first being the business function, second is the Operational Risk Assurance and support from Group Internal Audit is the third line of defense.
 2. The policies and procedures in all significant areas and as per the directives of the regulators have been duly approved by the Board.
 3. An organization structure has been established which supports clear lines of communication and tiered levels of authority with accountability.
 4. The Bank has an effective Internal Audit Department, which reports directly to the Audit Committee of the Board. The department periodically carries out detailed reviews/audits of its branches and various departments/ units based on a yearly plan which is approved by the Audit Committee.
 5. Internal control policies, tools and reporting structures have been enhanced to provide greater clarity over roles and responsibilities. Relevant training materials have also been updated and deployment is underway.
 6. Management gives due consideration to the recommendations made by the internal and external auditors for improvements in the internal control system and take action to implement such recommendations.
 7. The management has put in place evaluation and approval procedures for major capital expenditure and other transactions.
 8. There is an annual budgeting and strategic planning process. Financial forecasts are reviewed during the year on a periodic basis to reflect significant changes in business environment. Regular reporting and monitoring of financial performance of the departments and the Bank as a whole, using operating statistics and monthly management accounts which highlight key performance indicators and variance from budgets and forecasts is in place.
 9. Review and implementation of health, safety, environment and contingency management processes and other significant policies are carried out and reporting mechanism is in place.
 10. SCBPL has adopted the internationally accepted Committee of Sponsoring Organizations of the Treadway Commission (COSO) Internal Controls Integrated Framework 1992 and available international practices in relation to Internal Controls over Financial Reporting (ICFR) to comply with SBP guidelines on Internal Controls.

SCBPL maintains a system of ICFR, which is designed to provide reasonable assurance to the Bank's management and Board of Directors regarding the preparation of reliable published financial statements. The system contains self-monitoring mechanisms, and actions are taken to correct deficiencies as they are identified. Even an effective internal control system, no matter how well designed, has inherent limitations and therefore can provide only reasonable assurance with respect to financial statements preparation. Further, because of changes in conditions, internal control system effectiveness may vary over time.

SCBPL has devised a well defined and comprehensive Internal Control Program along the lines of stage wise roadmap, as suggested by SBP. Accordingly, the Bank has successfully completed all of the stages of the SBP roadmap on ICFR. This involved completing detailed documentation of the existing processes and controls and related Risk and Control Matrices. It also involved completing a comprehensive gap analysis of the control design and developing remediation plans for the gaps identified. The bank has developed comprehensive management testing plans and reporting framework to ensure operating effectiveness of key controls and has significantly addressed the design improvement opportunities identified to complete the project related initiatives. Furthermore, Internal Audit is currently performing assurance over ICFR.

The Bank will continue enhancing its coverage and compliance with the SBP guidelines on Internal Controls and further strengthen its control environment on an ongoing basis. The Bank engaged external consultants to facilitate in reviewing the process and control documentation and provide professional guidance in documenting, assessing and testing the existing key Processes and Controls in line with requirements of SBP guidelines and leading practices. Further the

Management's Statements on Internal Controls and Risk Management Framework

consultants also independently performed the Quality Assurance / Validation exercise to provide assurance whether after completion of remedial plans, gaps have been bridged accordingly

Risk Management Framework

The Bank in an effort to fully implement guidelines issued by SBP on risk management throughout the Bank, has integrated enterprise wide risk management, which brings together various types of risks being faced by the entire organization under one umbrella. Through the risk management framework the Bank seeks to manage efficiently the core risks: credit, market and liquidity risk. These arise directly through the Bank's commercial activities whilst operational risk, reputational risk, pension risk, capital risk and strategic risk are normal consequences of any business undertaking.

The basic risk management principles followed by the Bank include:

Balancing risk and reward: Risk is taken in line with the requirements of the Bank's stakeholders. Risk should be taken within the Bank's risk appetite, consistent with the approved strategy. Any such risks are avoided which have a material probability of causing financial distress to the Bank or its clients or customers.

Responsibility: Given the Bank is in the business of taking risk, it is everyone's responsibility to ensure that risk taking is both disciplined and focused. The Bank takes account of its social responsibilities and its commitment to customers in taking risk to produce a return.

Accountability: Risk is taken only within agreed authorities and where there is appropriate infrastructure and resource. All risk taking must be transparent, controlled and reported.

Anticipation: The Bank looks to anticipate future risks and to ensure awareness of all risk.

Competitive Advantage: The Bank seeks to achieve competitive advantage through efficient and effective risk management and control.

Risk management: The Bank aims to implement best practices and have a specialist risk function of international standards, with strength in depth, experience across risk types and economic scenarios.

Ultimate responsibility for the effective management of risk rests with the Bank's Board of Directors. Acting within an authority delegated by the Board, the Executive Committee reviews specific risk areas and monitors the activities of the Country Risk Committee ("CRC") and the Asset and Liability Committee ("ALCO").

CRC headed by Country Chief Risk Officer (CCRO), through authority delegated by the Board through the Bank's Executive Committee, is responsible for credit risk, market risk, operational risk, compliance and regulatory risk, legal risk and reputational risk. ALCO, through authority delegated by the Board through the Bank's Executive Committee, is responsible for management of the Bank's liquidity, capital adequacy and structural foreign exchange risk. The Pensions Executive Committee through authority delegated by the Board through the Bank's Executive Committee, is responsible for the management of pension risk.

The day to day responsibility for managing risk rests with CCRO who oversees and manages the risk through a team of managers; Senior Credit Officer responsible for credit risk in Corporate & Institutional Bank and Commercial Bank, Head of Consumer Credit responsible for credit risk in Retail Bank, Head of Special Assets Management responsible for remedial risk management, Head of Credit Risk Controls responsible for collateral management, security documentation, credit MIS and controls, Market and Traded Credit Risk (MTCR) is responsible for liquidity risk and risks associated with price movements, arising from interest and exchange rate movements. The Country Head of Operational Risk is responsible for enterprise wide operations risk. The Bank has established policies, procedures, processes, and controls and has provided the Risk team adequate support by way of risk systems and tools for measuring and reporting risk for monitoring, controlling, reviewing and managing risk.

Following are the important factors of the risk management function within the Bank.

Credit Risk

Credit risk is the risk that a counter party will not settle its obligations in accordance with agreed terms. Credit exposures may arise from lending, trade finance, securities and derivative exposures. Credit exposures include both individual borrowers and groups of connected counterparties and portfolios in the banking and trading books.

The Board of Directors has delegated down the authority to CRC through the Bank's Executive Committee to establish risk appetite and make recommendations to the Board for approval of risk appetite and policies for managing credit risk. The CEO and the Executive Committee in turn rely on CCRO and the CRC to determine these and recommend for their support and Board's approval. The CRC is also delegated down by the Boards' responsibility to delegate credit authorities to independent Risk Officers.

Credit risk appetite is established through business strategy papers and underwriting standards by the business managers, which are approved by the Board once recommended, and supported by the Executive Committee.

Management's Statements on Internal Controls and Risk Management Framework

Specific procedures for managing credit risk within Corporate & Institutional Bank, Commercial Bank and Retail Bank are determined at the Senior Credit Officer and Head of Consumer Credit levels for their respective jurisdictions with specific policies and procedures being adapted to different risk environments and business goals. Credit analysis includes review of facility details, credit grade determination and financial spreading / ratio analysis. Portfolio review, Early Alerts and Stress Testing based on scenario analysis is a combined responsibility of Client Relationship and Risk and Finance function. Client relationship origination and credit approval roles are clearly segregated throughout Corporate & Institutional Bank, Commercial Bank and Retail Bank.

Corporate & Institutional Bank and Commercial Bank: Within the Corporate & Institutional Bank and Commercial Bank business, an alpha numerical risk grading system is used for quantifying the risk associated with counter-party. The grading is based on a probability of default measure, with customers analyzed against a range of quantitative and qualitative measures. Expected Loss is used for further assessment of individual exposures and portfolio analysis. There is a clear segregation of duties with loan applications being prepared separately from the approval chain.

Retail Bank: Program based standard credit application forms are generally used, which are processed in central units for different products and market segments. Credit Portfolio Monitoring and Forecasting team has developed Bureau scores and uses Bureau data for portfolio monitoring and for underwriting new business.

Market Risk

The Bank recognizes market risk as the exposures created by potential changes in market prices and rates. Market risk exposures arise primarily from interest rate and foreign exchange related contracts. The Bank has no exposure to equity and commodity price risk.

MTCR approves the limits within delegated authorities and monitors exposures against these limits, and is locally under governance of CCRO, who agrees policies and procedures and levels of risk appetite in terms of Value at Risk ("VaR"). Limits are then proposed by the business within the terms of agreed policy. These are agreed and delegated down by CRC under delegated authority from the Board. Policies cover both trading and non-trading books.

In addition to market risk policies, as well as VaR and other market risk limits, independent stress testing of portfolios and factor sensitivity measures are also employed as additional risk management tools to manage and hedge market risk exposures. Risk models are periodically back tested against actual results to ensure that pre-determined levels of accuracy are maintained.

Liquidity Risk

The Bank defines liquidity risk as the potential that the Bank either does not have sufficient liquid financial resources available to meet all its obligations as they fall due, or can only access these financial resources at excessive cost.

Liquidity risk, both short-term and structural, is monitored through liquidity risk management framework and is managed by ALCO. This committee, chaired by the CEO, is responsible for liquidity risk management.

A range of tools are used for the management of liquidity. Tools for structural liquidity comprise of commitment and wholesale borrowing guidelines, key balance sheet ratios, and medium term funding requirements whereas short-term liquidity tools include day to day monitoring of future cash flows and liquidity stress tests using various behavioral and rollover assumptions.

In addition, liquidity contingency funding plans are reviewed periodically to ensure that alternative funding strategies are in place and can be implemented on a timely basis to minimize the liquidity risk that may arise due to unforeseen adverse changes in the market place.

A substantial portion of the Bank's assets are funded by customer deposits made up of current and savings accounts and other deposits. These customer deposits, which are widely diversified by type and maturity, represent a stable source of funds.

The Bank also maintains significant levels of marketable securities either for compliance with local statutory requirements or as prudential investments of surplus funds.

Operational Risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. Operational risk is inherent in the Bank's activities and as with the other risk types is managed through an overall framework with checks and balances that includes recognized ownership of the risk by the businesses, independent risk management oversight and an independent review by the Group Internal Audit.

The Operational Risk Framework sets out the governing principles of operational risk management. In accordance with the framework, business areas and functions are responsible to identify its key operational risks as well as the controls established to mitigate those risks and to ensure compliance with the laws, regulations, regulatory administrative actions and the Bank's policies.

Furthermore, the Country Operational Risk Committee ("CORC") ensures that an appropriate risk management framework is

Management's Statements on Internal Controls and Risk Management Framework

in place and reports, monitors and manages significant operational risks. The CORC is chaired by the Chief Executive Officer (CEO), and the Country Chief Risk Officer (CCRO) is an active member of this committee. Depending on the severity, significant issues and exceptions are also picked by the independent Risk function, for discussion at the Executive Risk Committee chaired by the CCRO.

Disaster recovery procedures, business contingency planning, self-compliance assurance and internal audits also form an integral part of the operational risk management process.

Reputational Risk

Reputational risk is any material adverse effect on the relations between the Bank and any one of its significant stakeholders. It is Bank policy that the protection of the Bank's reputation should take priority over all activities including revenue generation at all times. Reputational risk is not a primary risk, but will arise from the failure to effectively mitigate one or more of country, credit, liquidity, market, legal, regulatory and operational risk. It may also arise from the failure to comply with Social, Environmental and Ethical standards. All staff are responsible for day to day identification and management of reputational risk.

Pension Risk

Pension risk is the potential for loss that surfaces from having to meet an actuarially-assessed shortfall in the Bank's defined-benefit pension schemes. The pension obligation risk to a bank arises from its contractual or other liabilities to, or related to, an occupational pension scheme. In other words, it represents the risk that additional contributions will need to be made to a pension scheme because of a future shortfall in the funding of the scheme.

The Bank assesses and monitors the assets and liabilities within the defined-benefit scheme, with support from independent actuarial advisers. Actuarial methodologies are used for determining the present values of the assets and liabilities of the defined-benefit scheme. The assumptions used account for the projected trends in the salaries, turnover and mortality of the membership. The Bank's Country Pensions Committee has oversight of the pension schemes and reviews the assets and liabilities position on a regular basis.

Capital Risk

Capital risk is the potential for actual or opportunity loss arising from sub optimal allocation of capital or increase in cost of capital. The Bank manages its demand for capital by regular monitoring of capital requirements and asset exposures. The Bank's ALCO monitors Risk Weighted Assets (RWA) growth and provides guidance for RWA management, capital structure and maintenance of capital adequacy ratio.

Strategic Risk

Strategic risk is the potential for opportunity loss from failure to optimize the earnings potential of the Bank's franchise. A key driver of Bank's strategic risk profile is the sustainability of an expanding operations base and the ability to successfully identify and integrate value-adding acquisition targets.

The CEO is the RCO responsible for strategic risk. Strategic risk is not governed or managed through the use of a policy. Rather, the Board and relevant committees develop its strategies, which include a view on the forecast capital position, in line with the Group's stated risk appetite and overall strategy. The Bank's actual performance to budget is measured on a continual basis at a more granular level at relevant committees, but also from an overall perspective by the Board.

Compliance and Regulatory Risk

Compliance and Regulatory risk includes the risk of non-compliance with regulatory requirements. The Compliance and Regulatory risk function is responsible for establishing and maintaining an appropriate framework of compliance policies and procedures. Compliance with such policies and procedures is the responsibility of all staff.

Legal Risk

Legal Risk is the risk of unexpected loss, including but not limited to reputational loss arising from defective transaction or contracts, claims being made or some other event resulting in a liability (anticipated/contingent) or other loss for the Bank, failure to protect the title to and ability to control the rights to assets of the Bank (including intellectual property rights), changes in the law or jurisdiction risk. The Bank manages legal risk through Legal function, Legal risk policies and procedures and effective use of its internal and external lawyers.

Report of Shari'ah Board

For the year ended December 31, 2015

الحمد لله رب العالمين، وصلى الله على سيدنا محمد وعلى آله وصحبه وسلم وبعد

We, as being Shari'ah Board of the SCBPL, are presenting this report on overall Shari'ah compliance environment of Standard Chartered Bank (Pakistan) Limited (SCBPL):

As per new Shari'ah Governance Framework, the Shari'ah compliance of Islamic Banking within Standard Chartered Bank (Pakistan) Limited (SCBPL) is the sole responsibility of Board of Directors and Executive Management.

To form an opinion on Shari'ah Compliance of the bank, the Shari'ah Compliance Department of the bank carried out Shari'ah reviews during the year under review, on test check basis of each class of transactions, the relevant documentation and process flows etc. Furthermore, we have also reviewed the report of the internal Shari'ah audit. We could not include external Shari'ah audit report as it is still awaited. Based on above activities, we are of the view that:

1. The Bank has complied with Shari'ah rules and principles provided in the fatawa, rulings and guidelines issued by Shari'ah Board.
2. The Bank has complied with directives, regulations, instructions and guidelines related to Shari'ah compliance issued by SBP in accordance with the rulings of SBP's Shari'ah Board.
3. The bank has a comprehensive mechanism in place to ensure Shari'ah compliance in their overall operations.
4. The Shari'ah Board has been provided resources enabling it to discharge its duties. However, due to continuous increase in the volume of Saadiq business, Shari'ah Board may require some resources in future.

Implementation of Shari'ah Governance Framework

SCBPL has implemented the Shari'ah Governance Framework (SGF) issued by State Bank of Pakistan (SBP) from 1st July 2015 which includes:

- i. Formation of Shari'ah Board,
- ii. Appointment of Resident Shari'ah Board Member & Head Shari'ah Compliance,
- iii. Formation of Shari'ah Compliance Department (SCD),
- iv. Development of Shari'ah Compliance Framework and SCD's Operating manual,
- v. Formation of Internal Shari'ah Audit Unit (ISAU),
- vi. Development of ISAU's manual,
- vii. Advise Scope of Shari'ah Audit to External Shari'ah Auditor,
- viii. Basic Islamic Banking Training to Board of Directors (BOD) and Executive Management (EXCO)
- ix. Advise role and responsibilities to BOD & EXCO

Shari'ah Compliance Reviews

During the year under review, annual Shari'ah compliance review of Islamic Banking Business was conducted on a test check basis. During the Shari'ah review Islamic Products (including liabilities) and Islamic transactions based on different mode of Islamic financing including Murabahah, Musawamah, Musharakah, Diminishing Musharakah, Ujrah etc. were checked.

The following major activities have been performed to ensure Shari'ah Compliance of Islamic Banking Business:

- I. Review of Standard Agreements of Financing products
- II. Review of Murabahah transaction notices, confirmation of purchases, Form of offers, Payment evidences, Purchase evidences and Physical inspections

Report of Shari'ah Board

For the year ended December 31, 2015

- III. Review of Process flow adherence in Murabahah transactions
- IV. Review of Qard and Mudarabah based accounts documents
- V. Review of profit and loss distribution and Pool Management framework
- VI. Review of Participation ratio of Bank & Customer in Diminishing Musharakah
- VII. Review of Profit / Loss Sharing Ratio and Profit Adjustment activity of Musharakah

The bank has complied with SBP instructions on profit and loss distribution and pool management. Some improvements / enhancement in EIBM - Profit Distribution & Calculation System have been advised in Shari'ah Compliance Review.

Shari'ah Review of dedicated Islamic branches and Islamic Windows were also conducted and suggestions for Shari'ah excellence and further improvement in understanding of Islamic Banking and Saadiq Products were advised. The overall Shari'ah compliance of the Islamic Business operation and their alignment with the Shari'ah guidelines was also reviewed.

In addition, as part of continuous improvement necessary recommendations and corrective measures were suggested, all issues identified were duly addressed by management and agreed for implementation.

Late Payment and Non-Compliant Income Charity

During the year an amount of approximately Rs. 9.38 million was received from the customers due to "Delay in Payments" and the same amount has been transferred to the charity account. Further more, Non-Shari'ah compliant income related to transactions identified approximately Rs. 1.5 million and the same has been transferred to the charity account as well. The collected Charity was disbursed as per the guidance of Shari'ah Board. The Bank has a system in place which ensures that any earnings realized from sources or by means prohibited in Shari'ah have been credited to charity account and are being properly utilized.

Awareness, Training and Capacity Building

In compliance with SGF, the basic Islamic Banking Training to Board of Directors (BOD) and Executive Management (EXCO) has been imparted. Furthermore, during the year under review, in SCBPL approximately 159 training sessions related to Islamic Banking and Saadiq products were arranged and more than 1600 staff members were trained throughout Pakistan. It is good to see that the management is paying attention on Islamic Banking training programs and importance of Shari'ah Compliance in the products and processes of the bank.

In addition to that BOD and EXCO have been briefed about their role and responsibilities under SGF. The BOD and management are now focusing on the importance of Shari'ah compliance on all level including awareness, capacity, sensitization of the staff etc.

As an initiative to create awareness within the bank, during the year under review the bank has published 'Saadiq Sales Pitchbook' to create awareness within the internal stakeholders. It helps frontline staff to understand Islamic structures and products and enable them to explain the same to the bank's customers.

SCBPL and Lahore University of Management Sciences (LUMS) has signed a memorandum of understanding (MoU) with a primary focus to promote State Bank of Pakistan's (SBP) initiative of establishing Centres of Excellence in Islamic Finance for promoting the Islamic banking industry in the country. The Bank also nominated staff for a training programme on "Leadership Development for Islamic Financial Institutions (IFIs)" organized by LUMS.

SCBPL has also organized awareness sessions for the bank's clients. In November 2014, the bank started a thought provoking series with the name of 'Living Islam', where leading Muslim scholars of the country discussed the topic of 'Inheritance & Will' followed by another discussion on 'Zakat' in June 2015 to create overall awareness of the clients.

Report of Shari'ah Board

For the year ended December 31, 2015

Recommendation

- 1- The bank should continue to nominate key executives/Islamic Banking staff for certification, diploma programs, seminars and workshops etc.
- 2- In continuation of Islamic banking awareness program, the bank should keep arranging engagement sessions with its clients in other cities of the country during the year 2016.
- 3- The bank is advised to offer Islamic Banking Products 'as first choice' while on board customer as new to the bank.

May Allah Subhanah wa Ta'ala accept our endeavours and grant us devotion to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

Review Report to the Members on Statement of Compliance with the Code of Corporate Governance

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Code of Corporate Governance (“the Code”) prepared by the Board of Directors (“the Board”) of **Standard Chartered Bank (Pakistan) Limited** (“the Bank”) for the year ended 31 December 2015 to comply with the requirements of Listing Regulations of the Karachi, Lahore and Islamabad Stock Exchanges (now Pakistan Stock Exchange) where the Bank is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Bank. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Bank’s compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Bank’s personnel and review of various documents prepared by the Bank to comply with the Code.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors’ statements on internal control covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the Bank’s corporate governance procedures and risks.

The Code requires the Bank to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm’s length transactions and transactions which are not executed at arm’s length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of approval of related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm’s length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Bank’s compliance, in all material respects, with the best practices contained in the Code as applicable to the Bank for the year ended 31 December 2015.

Statement of Compliance with the Code of Corporate Governance

The Board of Directors of Standard Chartered Bank (Pakistan) Limited ("Bank") supports and re-confirms its commitment to continued support and implementation of the highest standards of Corporate Governance at all times.

This statement is being presented to comply with Clause 5.19 of the Code of Corporate Governance ('the Code') as contained in the Rule Book of the Pakistan Stock Exchange (previously listing regulations of Karachi, Lahore & Islamabad Stock Exchanges), for the purpose of establishing a framework of Good Governance, whereby a listed company is managed in compliance with the best practices of Corporate Governance.

The Bank has applied the principles contained in the Code in the following manner:

1. The Bank encourages representation of independent non-executive directors on its Board of Directors. At present the Board consists of the following directors:

Mr. Sunil Kaushal (Chairman)	Non Executive Director
Mr. Shazad Dada (CEO)	Executive Director
Mr. Vinod Ramabhadran	Non Executive Director
Mr. Ferdinand Pieterse*	Non Executive Director
Mr. Najam I. Chaudhri	Independent Non Executive Director
Mr. Parvez Ghias	Independent Non Executive Director
Mrs. Spenta Kandawalla	Independent Non Executive Director

Independent non-executive directors meet the criteria of independence under clause 5.19.1 (b) of the Code.

2. The Directors have confirmed that none of them is serving as a director in more than seven listed companies, including this Bank.
3. All the resident directors of the Bank are registered taxpayers and none of them has defaulted in payment of any loan to a banking company, a DFI or an NBFIs or, being a member of a stock exchange, has been declared as a defaulter by that stock exchange.
4. The Bank has adopted Group's 'Code of Conduct', which has been approved by the Board and is disseminated to all the directors and employees of the Bank along with its supporting policies and procedures.
5. The Board has developed and approved a vision/mission statement and overall corporate strategy. The Board has also approved significant policies and adopted certain Standard Chartered Group policies as far as they are in accordance with the local laws and regulations. A complete record of particulars of significant policies along with the dates on which they were approved or amended has been maintained.
6. All the powers of the Board have been duly exercised and decisions on material transactions, including appointment and determination of remuneration and terms and conditions of employment of the CEO are taken by the Board.
7. The meetings of the Board were presided over by the Chairman and, in his absence, by a director elected by the Board for this purpose.
8. Two casual vacancies were created during the year on 01 July 2015 and 28 October 2015. These were filled by the Board on 22 September 2015 and 24 February 2016 respectively.
9. The Board met at least once in every quarter. Notices of meetings, agendas and related papers are circulated at least seven days before the meeting except in case where an emergent meeting is to be held. The minutes of the meetings were appropriately recorded and circulated.
10. The Board approved appointment of CFO, Head of Internal Audit and Company Secretary including their remuneration and terms and conditions of employment. No new appointments have been made during the year except the fresh appointment of CFO.
11. The Board has formed an Audit Committee. The terms of reference of this Committee have been approved by the Board and advised to the Committee for compliance. Committee also ensures independence of the internal audit function and independence and objectivity of the External Auditors.
12. The Audit Committee of the Board comprises of three members. Two members including the Chairman are independent non-executive directors while the other member is a non-executive director.
13. The meetings of the Audit Committee are held at least once every quarter prior to approval of interim and final results of the Bank and as required by the Code.

14. The Board has constituted a Human Resource & Remuneration Committee. It comprises of four members; two independent non-executive directors, an executive director and a non-executive director.
15. The Directors' Report for this year has been prepared in compliance with the requirements of the Code and fully describes the salient matters required to be disclosed.
16. The financial statements of the Bank were duly endorsed by CEO and CFO before approval of the Board.
17. The directors, CEO and executives do not hold any interest in the shares of the Bank other than that disclosed in the pattern of shareholding. No trading in shares of the Bank was carried out by the Directors, Executives and their spouses and minor children during the year as confirmed by them.
18. All Directors are provided with an Orientation Pack on their appointment. During the period under review, a number of in-house orientation sessions were attended by the directors. All Directors on the Board have completed directors training programs arranged by Pakistan Institute of Corporate Governance (PICG) except for the two Non-Executive Directors for whom training will be arranged in due course of time.
19. The Bank has complied with all the corporate and financial reporting requirements of the Code.
20. The Board has set up an effective Internal Audit department. Head of Internal Audit Department reports directly to the Chairman of the Board Audit Committee. Personnel of internal audit function are suitably qualified and experienced for the purpose and are conversant with the policies and procedures of the Bank.
21. The statutory auditors of the Bank have confirmed that they have been given a satisfactory rating under the quality control review program of the Institute of Chartered Accountants of Pakistan, that they or any of the partners of the firm, their spouses and minor children do not hold shares of the Bank and that the firm and all its partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by Institute of Chartered Accountants of Pakistan.

Auditors' Report to the Members

We have audited the annexed unconsolidated statement of financial position of **Standard Chartered Bank (Pakistan) Limited** ("the Bank") as at 31 December 2015 and the related unconsolidated profit and loss account, unconsolidated statement of comprehensive income, unconsolidated cash flow statement and unconsolidated statement of changes in equity together with the notes forming part thereof (here-in-after referred to as the 'financial statements') for the year ended 31 December 2015, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Bank's Board of Directors to establish and maintain a system of internal control, and prepare and present the financial statements in conformity with the approved accounting standards and the requirements of the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984). Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the International Standards on Auditing as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, which in case of loans and advances covered more than 60% of the total loans and advances of the Bank, we report that:

- a) in our opinion, proper books of account have been kept by the Bank as required by the Companies Ordinance, 1984 (XLVII of 1984);
- b) in our opinion:
 - i) the statement of financial position and the related profit and loss account together with the notes thereon have been drawn up in conformity with the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984), and are in agreement with the books of account and are further in accordance with the accounting policies consistently applied except for the change in accounting policy as disclosed in note 3 to the accompanying financial statements, with which we concur;
 - ii) the expenditure incurred during the year was for the purpose of the Bank's business; and
 - iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Bank and the transactions of the Bank which have come to our notice have been within the powers of the Bank;
- c) in our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, unconsolidated profit and loss account, unconsolidated statement of comprehensive income, unconsolidated cash flow statement and unconsolidated statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and give the information required by the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984), in the manner so required and give a true and fair view of the state of the Bank's affairs as at 31 December 2015 and its true balance of profit, its cash flows and its changes in equity for the year then ended; and
- d) in our opinion Zakat deductible at source, under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Bank and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

Notes to the Un-Consolidated Financial Statements

For the year ended 31 December 2015

1. STATUS AND NATURE OF BUSINESS

Standard Chartered Bank (Pakistan) Limited ("the Bank") was incorporated in Pakistan on 19 July 2006 and was granted approval for commencement of banking business by State Bank of Pakistan, with effect from 30 December 2006. The ultimate holding company of the Bank is Standard Chartered PLC, incorporated in England. The registered office is at Standard Chartered Bank Building, I.I. Chundrigar Road, Karachi.

The Bank commenced formal operations on 30 December 2006 through amalgamation of entire undertaking of Union Bank Limited and the business carried on by the branches in Pakistan of Standard Chartered Bank, a bank incorporated by Royal Charter and existing under the laws of England. The scheme of amalgamation was sanctioned by State Bank of Pakistan vide its order dated 4 December 2006. The Bank's shares are listed on all stock exchanges of Pakistan (subsequent to year end due to demutualization, all stock exchanges are integrated into Pakistan Stock Exchange).

The Bank is engaged in the banking business as defined in the Banking Companies Ordinance, 1962 and has a total number of 101 branches in Pakistan (2014: 116 branches in Pakistan) in operation at 31 December 2015.

Standard Chartered Bank (Pakistan) Limited has the following three subsidiaries. All of them are incorporated in Pakistan.

- Standard Chartered Leasing Limited
- Standard Chartered Modaraba
- Standard Chartered Services of Pakistan (Private) Limited

The Bank decided to divest its entire shareholding in its subsidiaries namely Standard Chartered Leasing Limited, Standard Chartered Modaraba and Standard Chartered Services of Pakistan (Private) Limited (management company of Standard Chartered Modaraba). On 1 September 2015, the bank has entered into an agreement with Orix Leasing Pakistan Limited for divestment of its stake in these subsidiaries. The transaction is subject to final approval by regulator and shareholders.

These financial statements are separate financial statements of the Bank. Consolidated financial statements are presented separately.

2. BASIS OF PREPARATION

2.1 Basis of presentation

In accordance with the directives of the Federal Government regarding the shifting of the banking system to Islamic modes, the State Bank of Pakistan has issued various circulars from time to time. One permissible form of trade related mode of financing comprises of purchase of goods by the Bank from its customers and immediate resale to them at appropriate profit in price on deferred payment basis. The purchases and sales arising under these arrangements are not reflected in these financial statements as such but are restricted to the amount of facility actually utilised and the appropriate portion of profit thereon.

The financial results of the Islamic banking branches have been consolidated in these financial statements for reporting purposes. Key financial figures of the Islamic banking branches are disclosed in note 41 to these financial statements.

2.2 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) and Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan (ICAP) as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984 and Banking Companies Ordinance, 1962 and the directives issued by State Bank of Pakistan. In case the requirements differ, the provisions of and directives issued under the Companies Ordinance, 1984 and Banking Companies Ordinance, 1962 and the directives issued by the State Bank of Pakistan shall prevail.

The Securities and Exchange Commission of Pakistan has approved and notified the adoption of International Accounting Standard 39, 'Financial Instruments: Recognition and Measurement' (IAS 39) and International Accounting Standard 40, 'Investment Property' (IAS 40). The requirements of these standards have not been followed in the preparation of these financial statements as the State Bank of Pakistan has deferred the implementation of these standards for banks in Pakistan till further instructions. However, investments have been classified and valued in accordance with the requirements of various circulars issued by the State Bank of Pakistan.

Notes to the Un-Consolidated Financial Statements

For the year ended 31 December 2015

2.3 Basis of measurement

These financial statements have been prepared under the historical cost convention, except that certain available for sale, trading and derivative financial instruments have been measured at fair value, whereas certain fixed assets are stated at revalued amounts less accumulated depreciation and accumulated impairment losses, where applicable.

2.4 Use of estimates and judgments

The preparation of financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that effect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are described in the following:

- Note 7	Classification and provisioning against investments
- Note 8.3	Classification and provisioning against non-performing advances
- Note 9 & 10	Valuation and depreciation / amortisation rates for fixed / intangible assets

2.5 Functional and presentation currency

These financial statements are presented in Pakistan Rupees, which is the Bank's functional currency. Except as indicated, financial information presented in Pakistan Rupees has been rounded to the nearest thousand.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all years presented except for the standards mentioned in note 3.27 which became effective during the year:

3.1 Business acquisitions

Acquisitions from entities under common control

Business combinations arising from transfers of interests in entities that are under the control of the shareholder that controls the Group are accounted for as if the acquisition had occurred at the beginning of the earliest comparative period presented. For this purpose comparatives are restated, where required. The assets and liabilities acquired are recognised at the carrying amounts recognised previously in the combining entity's financial statements.

Other acquisitions

Other business combinations are accounted for using the acquisition method. For acquisition prior to 1 January 2009, the cost of acquisition is measured as the fair value of the asset given, equity instruments issued and the liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Identified assets acquired are fair valued at the acquisition date, irrespective of the extent of any non-controlling interest. The excess of cost of acquisition over the fair value of identifiable net assets acquired is recorded as goodwill. Subsequently, any recoveries or losses to fair value of net assets are taken to profit and loss account and disclosed in note 25 to these financial statements.

3.2 Cash and cash equivalents

For the purposes of cash flow statement, cash and cash equivalents comprise of cash and balances with treasury banks and balances with other banks.

Notes to the Un-Consolidated Financial Statements

For the year ended 31 December 2015

3.3 Investments

The Bank classifies its investments as follows:

a) Held for trading

These are securities, which are acquired with the intention to trade by taking advantage of short term market / interest rate movements and are carried at market value. The surplus / deficit arising as a result of revaluation at market value is recognised in the profit and loss account. These securities are to be sold within 90 days from the date of their classification as 'Held for trading' under normal circumstances, in accordance with the requirements specified by BSD Circular 10 dated 13 July 2004 issued by the State Bank of Pakistan. Market value of investment in Government securities is determined based on the relevant PKRV and PKISRV rates.

b) Held to maturity

These are securities with fixed or determinable payments and fixed maturity that are held with the intention and ability to hold to maturity. These are carried at amortised cost.

c) Available for sale

These are investments that do not fall under the held for trading or held to maturity categories and are carried at market value. The surplus / deficit arising as a result of revaluation at market value is kept in a separate account below equity. Market value of investment in Government securities is determined based on the relevant PKRV and PKISRV rates.

d) Subsidiaries

Investments in subsidiaries are carried at cost less impairment in value, if any.

All 'regular way' purchases and sales of investments are recognised on the trade date i.e. the date that the bank commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of investments that require delivery of assets within the time frame generally established by regulation or convention in the market place.

Impairment

Impairment loss in respect of equity securities classified as available for sale and subsidiaries is recognised based on management's assessment of objective evidence of impairment as a result of one or more events that may have an impact on the estimated future cash flows of the investments. A significant or prolonged decline in fair value of an equity investment below its cost is also considered an objective evidence of impairment. Provision for diminution in the value of debt securities is made as per the Prudential Regulations issued by the State Bank of Pakistan. In case of impairment of available for sale securities, the cumulative loss that has been recognised directly in surplus / (deficit) on revaluation of securities on the statement of financial position below equity is removed there from and recognised in the profit and loss account. For investments in subsidiaries, the impairment loss is recognised in the profit and loss account.

3.4 Sale and repurchase agreements

Securities sold subject to repurchase agreements ('repos') remain on the balance sheet; the counterparty liability is included in borrowings from financial institutions. Securities purchased under agreements to resell ('reverse repos') are recorded as lendings to financial institutions. The difference between sale and repurchase price is treated as interest / mark-up / return and accrued over the life of the underlying agreement using the effective interest method.

3.5 Advances

Advances are stated net of provision against non-performing advances. Specific and general provisions are made based on an appraisal of the loan portfolio that takes into account Prudential Regulations issued by the State Bank of Pakistan from time to time. Specific provisions are made where the repayment of identified loans is in doubt and reflect an estimate of the amount of loss expected. The general provision is for the inherent risk of losses which, although not separately identified, are known from experience to be present in any loan portfolio. Provision made / reversed during the year is charged to the profit and loss account and accumulated provision is netted off against advances. Advances are written-off when there is no realistic prospect of recovery.

When the Bank is the lessor in a lease agreement that transfers substantially all of the risks and rewards incidental to ownership of an asset to the lessee, the arrangement is presented within loans and advances.

Notes to the Un-Consolidated Financial Statements

For the year ended 31 December 2015

Murabaha financings are reflected as receivables at the sale price. Actual sale and purchase is not reflected as the goods are purchased by the customer as agent of the Bank and all documents relating to purchase are in customer's name. Funds disbursed under Murabaha financing arrangements for purchase of goods are recorded as Advance Against Murabaha.

In Diminishing Musharaka based financing, the Bank enters into a Musharaka based on Shirkat-ul-milk for financing an agreed share of fixed asset (e.g. house, land, plant or machinery) with its customers and enters into a periodic rental payment agreement for the utilization of the Bank's Musharaka share by the customer.

Assets under Ijarah are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Assets under Ijarah are depreciated over the term of the lease.

Musharakah is a partnership contract where the Bank enters into financing relationship with the customer based on Shirkat-ul-Aqd. The profits are shared as per agreed ratios between partners and losses are borne in proportion to their respective capital contributions.

3.6 Operating fixed assets - Tangible

Owned

Operating fixed assets, other than land and buildings, are stated at cost less accumulated depreciation and accumulated impairment losses thereon. Cost includes expenditure that is directly attributable to the acquisition of fixed assets. Land and buildings are stated at revalued amounts less accumulated depreciation.

Subsequent costs are included in the asset's carrying amount or are recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Bank and the cost of the item can be measured reliably. All other repairs and maintenance expenditures are charged to profit and loss account during the financial period in which they are incurred.

Land and buildings are revalued by independent professionally qualified valuer(s). Surplus arising on revaluation is credited to the 'surplus on revaluation of fixed assets' account (net of deferred tax). Under the provisions of the Companies Ordinance, 1984, deficit arising on revaluation of fixed assets is adjusted against the balance in the above-mentioned surplus account. The revaluation is carried out with sufficient regularity to ensure that the carrying amount does not differ materially from that which would have been determined using fair value at the balance sheet date.

Accumulated depreciation on owned buildings, at the date of revaluation, is eliminated against the gross carrying amount of buildings. The net amount is then restated to the revalued amount.

Surplus on revaluation of fixed assets (net of deferred tax) is transferred to unappropriated profit to the extent of incremental depreciation charged on related assets.

Land is not depreciated. Depreciation on all other fixed assets is calculated using the straight line method to allocate their depreciable cost or revalued amount to their residual values over their estimated useful lives.

The residual values and useful lives of fixed assets are reviewed, and adjusted (if appropriate) at each balance sheet date.

Gains and losses on disposal of fixed assets are included in profit and loss account currently, except that the related surplus on revaluation of fixed assets (net of deferred tax) is transferred directly to unappropriated profits.

Leased

Fixed assets held under finance lease are stated at the lower of fair value of asset and present value of minimum lease payments at the inception of lease, less accumulated depreciation. Financial charges are allocated over the period of lease term so as to provide a constant periodic rate of financial charge on the outstanding liability. Depreciation is charged on the basis similar to owned assets.

3.7 Intangible assets

Goodwill

Goodwill represents the excess of cost of an acquisition over the fair value of the share of net identifiable assets acquired at the date of acquisition. Goodwill is tested annually for impairment and carried at cost less accumulated impairment.

Computer software

Acquired computer software licenses are capitalised on the basis of costs incurred to acquire and bring to use the specific software. These costs are amortised over their expected useful lives using the straight line method.

Notes to the Un-Consolidated Financial Statements

For the year ended 31 December 2015

Acquired intangibles in business combination

Acquired intangibles in business combination that have finite lives are amortised over their economic useful life based on the manner that benefits of the relevant assets are consumed.

3.8 Impairment of non-financial assets

The carrying amounts of the Bank's non-financial assets, other than deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated. An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated pre-tax future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss in respect of goodwill is not reversed. In respect of other assets, impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount.

3.9 Staff retirement benefits

Defined benefit plan

The Bank operates approved funded pension and gratuity schemes for all its non-management employees, and a management pension scheme only for its existing pensioners.

For defined benefit plans, the net defined benefit liability /asset recognised in the balance sheet is the deficit or surplus, adjusted for any effect of limiting a net defined benefit asset to the asset ceiling. The deficit or surplus is:

- (a) the present value of the defined benefit obligation less
- (b) the fair value of plan assets (if any).

The present value of defined benefit obligation is calculated annually by independent actuaries by discounting the estimated future cash flows using an interest rate equal to the yield on high-quality corporate bonds.

Actuarial gains or losses that arise are recognised in other comprehensive income in the period they arise. Service cost and Net interest on net defined benefit liability / (asset) are also recognised in profit and loss account.

Defined contribution plan

The Bank also operates a defined contribution gratuity scheme for all its management staff, and a provident fund scheme for all its permanent staff, contributing at 8.33 percent and 10 percent of basic salary respectively.

3.10 Foreign currency transactions

Transactions in foreign currencies are translated to Pakistan Rupees at exchange rates prevailing at the date of transaction. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated to Pakistan Rupees at the exchange rate prevailing at that reporting date. Foreign currency differences arising on retranslation are recognised in profit or loss.

3.11 Taxation

Income tax expense comprises of current and deferred tax. Income tax expense is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or in other comprehensive income.

Current tax

Current tax is the expected tax payable on the taxable income for the year (using tax rates enacted or substantively enacted at the balance sheet date), and any adjustment to tax payable in respect of previous years.

Deferred tax

Deferred tax is provided for using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised on temporary differences relating to: (i) the initial recognition of goodwill; (ii) the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit; and (iii) differences relating to investments in subsidiaries to the extent that they probably will not reverse in the foreseeable future.

Notes to the Un-Consolidated Financial Statements

For the year ended 31 December 2015

Deferred tax is measured at tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

3.12 Revenue recognition

Mark-up / return on advances and investments is recognised on an accrual basis using the effective interest rate method. The effective interest rate is the rate that exactly discounts the estimated future cash payments and receipts through the expected life of the financial asset or liability (or, where appropriate, a shorter period) to the carrying amount of the financial asset or liability.

Mark-up recoverable on classified loans, advances and investments is recognised on a receipt basis in accordance with the requirements of Prudential Regulations issued by the State Bank of Pakistan. Mark-up on rescheduled / restructured loans, advances and investments is also recognised in accordance with the requirements of these Prudential Regulations.

Where debt securities are purchased at a premium or discount, those premiums / discounts are amortized through profit and loss account over the remaining maturity, using the Effective Yield Method.

Fees and commission income are generally recognised on an accrual basis when the service has been provided. Fees and commission which in substance amount to an additional interest charge, are recognised over the life of the underlying transaction on a level yield basis.

Dividend income is recognised when the right to receive income is established.

The cost from award credits for loyalty points earned on use of various products of the Bank is measured by reference to their fair value and is recognised when award credits are redeemed.

Murabaha transactions are reflected as receivable at sale price. Actual sale and purchase are not reflected as the goods are purchased by the customer as agent of the Bank. Profit on the sales revenue not due for payment is deferred by recording a credit to 'Deferred Murabaha Income' account.

Ijarah rentals are recognised as income over the term of the contract net of depreciation expense relating to the Ijarah assets.

3.13 Derivative financial instruments

Derivative financial instruments are initially recognised at fair value and are subsequently remeasured at fair value. All derivative financial instruments are carried as assets when fair value is positive and liabilities when fair value is negative. Any change in the fair value of derivative financial instruments is taken to profit and loss account.

3.14 Provisions

Provisions for restructuring costs and legal claims are recognised when: (i) the Bank has a present legal or constructive obligation as a result of past events; (ii) it is more likely than not that an outflow of resources will be required to settle the obligation; and (iii) the amount has been reliably estimated.

3.15 Fiduciary activities

The Bank commonly acts in fiduciary capacities that result in the holding or placing of assets on behalf of individuals, trusts, retirement benefit plans and other institutions for which it earns a fee. These assets and its related income arising thereon are excluded from these financial statements, as they are not assets of the Bank.

3.16 Segment reporting

A segment is a distinguishable component of the Bank that is engaged either in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments. The Bank's primary format for segment reporting is based on business segments. A brief description of the products and services offered by different segments of the Bank is given in note 37 to these financial statements.

Notes to the Un-Consolidated Financial Statements

For the year ended 31 December 2015

3.17 Offsetting

Financial assets and liabilities are set off and the net amount presented in the balance sheet when, and only when, the Bank has a legal right to set off the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

3.18 Subordinated liabilities

Subordinated liabilities are initially measured at fair value plus transaction costs, and subsequently measured at their amortised cost using the effective interest method.

3.19 Non-current assets and disposal groups held for sale

Non-current assets and disposal groups comprising of assets and liabilities that are expected to be recovered primarily through sale rather than continuing use are classified as held for sale. Immediately before being classified as held for sale, the assets and components of disposal group are remeasured in accordance with the Bank's accounting policies. Thereafter, the assets and disposal group are measured at the lower of their carrying values and fair values less cost to sell.

3.20 Share-based compensation

The Group operates various share-based compensation plans which are accounted for as equity settled share based payment transactions, regardless of inter group repayment arrangements. The cost for such share based payment transactions is determined by reference to the fair value of options at the grant date. The fair value is determined based on the market price or using an appropriate valuation technique. The cost is charged to profit and loss account and credited to equity as a contribution from parent. The liability for these transactions which is based on the fair value of these options at the settlement date is settled through debiting equity.

3.21 Acceptances

Acceptances comprise undertakings by the Bank to pay bills of exchange drawn on customers. The Bank expects most acceptances to be simultaneously settled with the reimbursement from the customers. Acceptances are accounted for as off-balance sheet transactions.

3.22 Basic and diluted earnings per share

The Bank presents basic and diluted earnings per share (EPS) for its shareholders. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Bank by the weighted average number of ordinary shares outstanding during the period / year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, if any. There were no convertible dilutive potential ordinary shares in issue at 31 December 2015.

3.23 Dividend and appropriation to reserves

Dividend and appropriation to reserves, except appropriation which are required by law after the balance sheet date, are recognised as liability in the Bank's financial statements in the year in which these are approved.

3.24 Borrowings / deposits and their cost

- Borrowings / deposits are recorded at the time when the proceeds are received.
- Borrowing / deposit costs are recognised as an expense in the period in which these are incurred using effective mark-up / interest rate method.

3.25 Financial assets and liabilities

Financial instruments carried on the balance sheet include cash and balances with treasury banks, balances with other banks, lendings to financial and other institutions, investments, advances, certain receivables, bills payable, borrowings from financial institutions, deposit accounts and other payables. The particular recognition methods adopted for significant financial assets and financial liabilities are disclosed in the individual policy statements associated with them.

3.26 Provision for guarantee claims and other off balance sheet obligations

Provision for guarantee claims and other off balance sheet obligations are recognised when intimated and reasonable certainty exists for the Bank to settle the obligation. Charge to profit and loss account is stated net of expected recoveries.

3.27 New, Amended And Revised Standards And Interpretations of IFRSs

IFRS 10 'Consolidated Financial Statements,' IFRS 11 'Joint Arrangements', IFRS 12 'Disclosure of Interests in Other Entities', IFRS 13 'Fair Value Measurements'.

These standards became applicable from January 1, 2015, as per the adoption status of IFRS in Pakistan.

IFRS 10 replaces the current guidance on consolidation in IAS 27 Consolidated and Separate Financial Statements. It introduces a single model of assessing control whereby an investor controls an investee when it has the power, exposure to variable returns use its power to influence the returns of the investee. IFRS 10 also includes specific guidance on de facto control, protective rights and the determination of whether a decision maker is acting as principal or agent, all of which influence the assessment. The application of IFRS 10 did not result in any investee being in control of the Bank.

IFRS 11 replaces IAS 31 Interests in Joint Ventures. It requires all joint ventures to be equity accounted thereby removing the option in IAS 31 for proportionate consolidation. It also removes the IAS 31 concept of jointly controlled assets. The application of IFRS 11 did not result in identification of any associate as a joint venture.

IFRS 12 prescribes additional disclosures around significant judgements and assumptions made in determining whether an entity controls another entity and has joint control or significant influence over another entity. The standard also requires disclosures on the nature and risks associated with interests in unconsolidated structured entities.

IFRS 13 Fair Value Measurement, consolidates the guidance on how to measure fair value, which was spread across various IFRS, into one comprehensive standard. It introduces the use of an exit price, as well as extensive disclosure requirements, particularly the inclusion of non-financial instruments into the fair value hierarchy. The application of IFRS 13 does not have any impact on the Bank's financial statements except for disclosures in note 36.

3.28 New standards and interpretations not yet adopted

The following standards, amendments and interpretations of approved accounting standards will be effective for accounting periods beginning on or after 1 January 2016:

- Amendments to IAS 38 Intangible Assets and IAS 16 Property, Plant and Equipment (effective for annual periods beginning on or after 1 January 2016) introduce severe restrictions on the use of revenue-based amortization for intangible assets and explicitly state that revenue-based methods of depreciation cannot be used for property, plant and equipment. The rebuttable presumption that the use of revenue-based amortization methods for intangible assets is inappropriate can be overcome only when revenue and the consumption of the economic benefits of the intangible asset are 'highly correlated', or when the intangible asset is expressed as a measure of revenue.
- Investment Entities: Applying the Consolidation Exception (Amendments to IFRS 10 – Consolidated Financial Statements and IAS 28 – Investments in Associates and Joint Ventures) [effective for annual periods beginning on or after 1 January 2016] clarifies (a) which subsidiaries of an investment entity are consolidated; (b) exemption to present consolidated financial statements is available to a parent entity that is a subsidiary of an investment entity; and (c) how an entity that is not an investment entity should apply the equity method of accounting for its investment in an associate or joint venture that is an investment entity.
- Accounting for Acquisitions of Interests in Joint Operations – Amendments to IFRS 11 'Joint Arrangements' (effective for annual periods beginning on or after 1 January 2016) clarify the accounting for the acquisition of an interest in a joint operation where the activities of the operation constitute a business. They require an investor to apply the principles of business combination accounting when it acquires an interest in a joint operation that constitutes a business.
- Amendment to IAS 27 'Separate Financial Statement' (effective for annual periods beginning on or after 1 January 2016) allows entities to use the equity method to account for investments in subsidiaries, joint ventures and associates in their separate financial statements.
- Agriculture: Bearer Plants [Amendment to IAS 16 and IAS 41] (effective for annual periods beginning on or after 1 January 2016). Bearer plants are now in the scope of IAS 16 Property, Plant and Equipment for measurement and disclosure purposes. Therefore, a company can elect to measure bearer plants at cost. However, the produce growing on bearer plants will continue to be measured at fair value less costs to sell under IAS 41 Agriculture. A bearer plant is a plant that: is used in the supply of agricultural produce; is expected to bear produce for more than one period; and has a remote likelihood of being sold as agricultural produce. Before maturity, bearer plants are accounted for in the same way as self-constructed items of property, plant and equipment during construction.
- Annual Improvements 2012-2014 cycles (amendments are effective for annual periods beginning on or after 1 January 2016). The new cycle of improvements contain amendments to the following standards:

Notes to the Un-Consolidated Financial Statements

For the year ended 31 December 2015

- IFRS 5 Non-current Assets Held for Sale and Discontinued Operations. IFRS 5 is amended to clarify that if an entity changes the method of disposal of an asset (or disposal group) i.e. reclassifies an asset from held for distribution to owners to held for sale or vice versa without any time lag, then such change in classification is considered as continuation of the original plan of disposal and if an entity determines that an asset (or disposal group) no longer meets the criteria to be classified as held for distribution, then it ceases held for distribution accounting in the same way as it would cease held for sale accounting.
- IFRS 7 'Financial Instruments- Disclosures'. IFRS 7 is amended to clarify when servicing arrangements on continuing involvement in transferred financial assets in cases when they are derecognized in their entirety are in the scope of its disclosure requirements. IFRS 7 is also amended to clarify that additional disclosures required by 'Disclosures: Offsetting Financial Assets and Financial Liabilities (Amendments to IFRS7)' are not specifically required for inclusion in condensed interim financial statements for all interim periods.
- IAS 19 'Employee Benefits'. IAS 19 is amended to clarify that high quality corporate bonds or government bonds used in determining the discount rate should be issued in the same currency in which the benefits are to be paid.
- IAS 34 'Interim Financial Reporting'. IAS 34 is amended to clarify that certain disclosures, if they are not included in the notes to interim financial statements and disclosed elsewhere should be cross referred.

Certain amendments / improvements may impact the financial statements of the Bank and the management is in the process of assessing the full impact of the change.

- 9.2 The Bank's owned land and buildings were revalued by independent accredited professional valuers, Iqbal A. Nanjee & Co. (Private) Limited and Colliers International. The valuation performed by the valuers was based on active market prices, adjusted for any difference in the nature, location or condition of the specific land and building. The date of revaluation was 31 December 2014. If the owned land and buildings were measured using the cost model, the carrying amounts would have been as follows:

	2015	2014
	----- (Rupees in '000) -----	
Cost	2,338,065	2,371,391
Accumulated depreciation	(979,580)	(889,717)

10.1 As at 31 December 2015, the gross carrying amount of fully amortised intangible assets (computer software) still in use amounted to Rs 338.350 million (2014:Rs. 338.350 million).

10.2 The recoverable amount for the purpose of assessing impairment on goodwill on acquisition of Union Bank Limited was based on value in use. The calculations are based on the 2016 budget and forecasts for subsequent two years as approved by the management. These have then been extrapolated for a further period of 18 years using a steady long term forecast GDP growth rate and a terminal value determined based on a long term earnings multiple. The cash flows are discounted using a pre-tax discount rate which reflects the current market rate appropriate for the business. For the calculation as at 31 December 2015, the bank has used a long term forecast GDP growth rate of 4.96 percent and a discount rate of 22.91 percent. The management believes that any reasonable possible changes to the key assumptions on which calculation of recoverable amount is based, would not cause the carrying amount to exceed the recoverable amount.

Notes to the Un-Consolidated Financial Statements

For the year ended 31 December 2015

21.5.1 These represent certain claims by third parties against the Bank, which are being contested in the Courts of law. The management is of the view that these relate to the normal course of business and the possibility of an outflow of economic resources is remote.

21.5.2 The Bank has identified that a regulatory authority has filed a case on the land where an office building is constructed and the bank owns a portion of that premises. A request for clearance of its premises from the competent court has been filed based on the fact that the bank is a bonafide purchaser of the premises having no relevance with the principal case. Considering the facts of the case and the opinion of legal expert, the management expects a favourable decision from the competent court. The Bank is also in litigation with various tenants for repossessing its office space in one of its other owned properties. A favourable decision of the High Court of Sindh has been received whereby the High Court has directed the Lower Court to expeditiously decide these Petitions on merit. The cases are now being tracked at the Rent Controller's court. Based on the facts of the case and the opinion of legal expert, the management expects a favourable decision from the dealing court.

29.2 The return for income year 2015 (Tax Year 2016) is due for filing by 30 September 2016.

The tax department amended the assessment for income years 2007 to 2014 (tax years 2008 to 2015 respectively) under the related provisions of the Income Tax Law, determining additional tax liability on account of various issues such as disallowances of expenses relating to provision against loans and advances, goodwill amortisation etc. The resultant tax demands have been paid by the Bank which includes Rs 7,542 million for which no provision has been made. Appeals against the amended assessment orders are pending before different appellate forums. The management considers that a significant amount of the additional tax liability is the result of timing differences and is confident that the issues in the above mentioned tax years will be decided in favour of the Bank at appellate forums. Accordingly, no additional provision is required.

The Commissioner (Appeals), during the year, has disposed off appeals for tax years 2011, 2012 and 2013, deciding certain issues including claim of provision for bad debts under seventh schedule in favour of the Bank, resulting in aggregate refund of Rs. 644 million due to the Bank.

The Tax Authorities have passed an order for the income years 2009 and 2010 levying Federal Excise Duty amounting to Rs.141 million on certain items. The Bank is contesting the order in the appeal. The Bank has paid entire amount under protest.

Further, an order for income year 2011 levying Federal Excise Duty of Rs. 515.6 million has been issued. The demand has been stayed by the Sindh High Court.

33 DEFINED BENEFIT PLANS

33.1 General description

Non Management Staff Pension Fund

The plan provides pension calculated at 50% of the average pensionable salary after completing 30 years of service. The employees of the bank are entitled to either pension or gratuity, but not both. However, the employees of ANZ Grindlays Bank transferred to the bank are entitled to both pension and gratuity and the minimum number of years required for entitlement of pension is 25 years for these employees. Pension is calculated as 1/120 times the last drawn merged salary for each year of service.

Non Management Staff Gratuity Fund

The plan provides a lump sum gratuity calculated at one month's salary for each completed year of service (maximum 40 months) after completing 5 years of service. For the employees of ex-ANZ Grindlays Bank, the plan provides a lump sum calculated at 50% of last drawn merged salary for each completed year of service (maximum 40 months) after completing 5 years of service. However, if the employee is not entitled for pension, the percentage is increased to 100%. The employees of SCB are entitled to either pension or gratuity, but not both. During the year the bank has converted its non management staff gratuity defined benefit scheme into defined contribution scheme. The conversion date is December 31, 2015.

Management Staff Pension Fund

The plan is closed to active employees. The entire liability is in respect of existing pensioners.

34 SHARE BASED PAYMENTS

The Bank's employees participate in the following share compensation plans operated globally by the ultimate holding company, Standard Chartered Plc (SCPLC). For employees in Pakistan, the Group has changed its arrangement to issue shares of SCPLC upon meeting the vesting conditions. Previously the Group operated cash equivalent or "phantom" arrangements under which employees can receive a cash benefit linked to either the growth in Group's share (Sharesave scheme) or the value of the Group's share (restricted / performance share awards) and the arrangement did not give an option to the Bank's employees to buy SCPLC shares. The market value of shares is denominated in pounds sterling at the time of grant. Phantom scheme not yet vested are still being accounted for cash settled basis.

The total expense recognised in respect of above schemes on equity settled basis amounts to Rs. 25.695 million (2014: Rs.82.231 million). As also explained in note 3.20 in detail, the Bank's liability towards its parent, however continues to be determined and recorded on cash settled basis for options not yet vested. The main features of each plan are as follows :

i) Standard Chartered Share Plan

The 2012 Standard Chartered Share Plan replaced all the Group's existing discretionary share plan arrangements following approval by shareholders at the Group's Annual General Meeting on 5 May 2011. It is the Group's main share plan, applicable to all employees with the flexibility to provide a variety of award types including performance shares, deferred awards (shares or cash) and restricted shares. Performance and restricted share awards will generally be in the form of nil price options to participate in the shares of SCPLC. The remaining life of the plan is ten years.

Movements in the number of share options held by the Bank's employees are as follows:-

As at 31 December 2015, total number of options exercisable were 10,933.

ii) International Sharesave Scheme

The International Sharesave Scheme was first launched in 1996 and made available to all employees of the Bank. Employees have the choice of opening a three-year or a five-year savings contract. Within a period of six months after the third or fifth anniversary, employees may exercise the awards and receive any benefit in cash; alternatively, the employee may elect to have the savings, plus interest, repaid in cash. The price at which they may purchase shares is at a discount of up to 20 percent on the share price at the date of the invitation. There are no performance conditions attached to options granted. The options granted do not confer any right to participate in any share issue of any other company.

Movements in the number of share options held by the Bank's employees are as follows:-

The intrinsic value of vested International Sharesave cash-settled awards as at 31 December 2015 was 2,408 thousand (2014: Rs. 32,854 thousand).

As at 31 December 2015, total number of options exercisable were 1,113.

iii) Restricted Share Scheme

The Restricted Share Scheme is a discretionary share incentive scheme for high performing and high potential staff at any level of the organisation whom the Group wishes to motivate and retain. Except upon appointment when an executive director may be granted an award of restricted shares, the Restricted Share Scheme is not applicable to the Group's executive directors, as it has no performance conditions attached to it. Fifty per cent of the award vests two years after the date of the grant and the remainder after three years. The awards granted under this scheme are nil cost options with any benefit payable in cash. The options granted do not confer any right to participate in any share issue of any other company.

Movements in the number of share options held by the Bank's employees are as follows:-

iv) Supplementary Restricted Share Scheme

The Group operates a Supplementary Restricted Share Scheme which can be used to defer part of an employee's annual bonus in shares. The plan is principally used for employees in the global markets area and is similar to the RSS outlined above for three important factors: executive directors are specifically prohibited from the plan; no new shares can be issued to satisfy awards; and there is no individual annual limit.

Movements in the number of share options held by the Bank's employees are as follows:-

Notes to the Un-Consolidated Financial Statements

For the year ended 31 December 2015

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction. Fair value of financial instruments is based on:

Federal Government Securities	PKRV and PKISRV rates (Reuters page)
Sukuk Bonds (other than government)	MUFAP rates
Listed securities	Market prices

Fair value of fixed term advances of over one year, staff loans and fixed term deposits of over one year cannot be calculated with sufficient reliability due to non - availability of relevant active market for similar assets and liabilities. The provision for impairment of debt securities and loans and advances has been calculated in accordance with the Bank's accounting policies as stated in note 3.6.

36.1 The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

'Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

'Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

'Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

36.2 These financial assets and liabilities are for short term or reprice over short term. Therefore their carrying amounts are reasonable approximation of fair value.

39 CAPITAL ASSESSMENT AND ADEQUACY

Capital Structure

The State Bank of Pakistan through its BSD Circular No.07 dated 15 April 2009 requires the minimum paid up capital (net of losses) for all locally incorporated banks to be Rs. 10 billion on 31 December 2013 and onwards. The raise was to be achieved in a phased manner requiring Rs.10 billion paid up capital (net of losses) by the end of the financial year 2013. The paid up capital of the Bank for the year ended 31 December 2015 stands at Rs. 38.715 billion and is in compliance with the SBP requirement.

Furthermore, the State Bank requires the Bank to maintain prescribed capital to total risk-weighted assets ratios. The capital adequacy ratios of the Bank were subject to the Basel 3 capital adequacy guidelines stipulated by the State Bank through its BPRD Circular No.6 dated 15 August 2013. These instructions are effective from 31 December 2013 in a phased manner with full implementation intended by 31 December 2019. Under Basel III guidelines banks are required to maintain the following ratios on an ongoing basis:

Phase-in arrangement and full implementation of the minimum capital requirements:

S No.	Ratio	Year End						31 December 2019
		2013	2014	2015	2016	2017	2018	
1	Common Equity Tier 1 (CET 1)	5.00%	5.50%	6.00%	6.00%	6.00%	6.00%	6.00%
2	Additional Tier-1 (ADT 1)	1.50%	1.50%	1.50%	1.50%	1.50%	1.50%	1.50%
3	Tier 1	6.50%	7.00%	7.50%	7.50%	7.50%	7.50%	7.50%
	Total Capital	10.00%	10.00%	10.00%	10.00%	10.00%	10.00%	10.00%
4	*Capital Consumption Buffer (CCB)	-	-	0.25%	0.65%	1.28%	1.90%	2.50%
	Total Capital plus CCB	10.00%	10.00%	10.25%	10.65%	11.28%	11.90%	12.50%

*(Consisting of CET1 only)

Moreover, the State Bank, through its BPRD circular No. 02 dated 09 January 2015 issued revised instructions for calculation of risk weight on outstanding exposures against large unrated private sector borrowers. The circular requires that the risk weight on all unrated private sector borrowers with aggregate outstanding exposure from financial institutions (both fund-based and non-fund based) of Rs. 3.0 billion or above, net of liquid assets, shall be taken 125% for the year ended 31 December 2015 instead of previous requirement of 115% risk weight on all unrated private sector borrowers with aggregate outstanding exposure from financial institutions (both fund-based and non-fund based) of Rs. 5.0 billion or above, net of liquid assets.

Banking operations are categorised in either the trading book or the banking book, and risk-weighted assets are determined according to specified requirements that seek to reflect the varying levels of risk attached to assets and off-balance sheet exposures.

The Bank's regulatory capital is analysed into three tiers, with total Tier 1 capital being the sum of CET1 and ADT1 below:

- Common Equity Tier I capital, which includes fully paid up capital (including the bonus shares), balance in share premium account, general reserves, statutory reserves as disclosed on the balance sheet and un-appropriated profits (net of accumulated losses, if any). Goodwill and other intangibles are deducted from Tier I capital.
- Additional Tier I capital, which includes perpetual non-cumulative preference shares and share premium resulting from the same. The Bank did not have any ADT1 as of 31 December 2015.

The deduction from Tier 1 Capital include mainly:

- i) Book value of goodwill / intangibles;
- ii) Deficit on revaluation of available for sale investments
- iii) Defined-benefit pension fund net assets
- iv) Reciprocal cross holdings in equity capital instruments of other banks, financial institutions and insurance companies;
- v) Investment in mutual funds above a prescribed ceiling;
- vi) Threshold deductions applicable from 2014 on deferred tax assets and certain investments;
- vii) 50% of investments in majority owned securities or other financial subsidiaries not consolidated in the statement of financial position.

Notes to the Un-Consolidated Financial Statements

For the year ended 31 December 2015

- Tier II capital includes sub-ordinated debt, revaluation reserves on assets, exchange translation reserves and impairment allowances that are not held against identified debts. Information on the terms, conditions and other features of the Bank's sub-ordinated debt currently in issue is given in note 16 to these financial statements. There is a restriction on the amount of impairment allowances that are not held against identified debts upto 1.25 percent of credit risk weighted assets.

The deductions from Tier 2 include mainly:

- Reciprocal cross holdings in other capital instruments of other banks, financial institution and insurance companies;
- 50% of investments in majority owned securities or other financial subsidiaries not consolidated in the statement of financial position, during transition phase.

The Bank remained compliant with all externally imposed capital requirements through out the year. Further, there has been no material change in the Bank's management of capital during the year.

Leverage Ratio

Tier-1 Leverage Ratio of 3% is being introduced in response to the recently published Basel III Accord as the third capital standard. Bank level disclosure of the leverage ratio and its components has started from 31 December 2015. As at 31 December 2015, the bank has a leverage ratio of 6.61 % (2014: 7.12 %) and Tier-1 capital of Rs. 34,898 million (2014: Rs. 33,882 million).

39.4 CAPITAL-ASSESSMENT AND ADEQUACY BASEL III SPECIFIC

39.4.1 Scope Of Applications

The Basel 3 framework is applicable to the Bank both at the consolidated level and also on standalone basis. Subsidiaries are included while calculating Consolidated Capital Adequacy ratio of the Bank using full consolidation method. The Standardized Approach is used by the Bank for calculating the Capital Adequacy ratio for Credit, Market and Operational Risk.

Notes to the Un-Consolidated Financial Statements

For the year ended 31 December 2015

39.4.2 Capital Structure

During 2012, the Bank issued unsecured, subordinated TFCs of Rs. 2,500 million by way of private placement. The instrument was issued at 0.75% above KIBOR to support the capital base of the Bank and is for a tenor of 10 years. The instrument is structured to redeem in two equal semi-annual instalments of 50% of the issue amount in 2022. The Bank may however call the TFC subject to prior approval of the State Bank, on any profit payment date after the 60th month from the issuance date. The instrument is also subject to a lock-in clause meaning neither principal nor profit may be paid (even at maturity) if such payment means that the Bank falls below or remains below its minimum capital requirements. The instrument is currently rated at AAA.

The instrument is classified as a liability and is subordinated to payment of principal and profit to all other indebtedness of the Bank, including deposits

For further details of the capital instrument currently part of Tier 2 capital, please refer Note 16

39.5 Capital Adequacy

The Bank's capital management approach is driven by its desire to maintain a strong capital base to support the development of its business, to meet regulatory capital requirements at all times and to maintain good credit ratings, maximising shareholder value and at the same time maintaining investor, creditor and market confidence.

The capital position is reviewed and monitored by the Asset and Liability Committee (ALCO) of the Bank. Regular reviews help to ensure that adequate levels of capital and an optimum mix of the different components of capital are maintained by the Bank to support the strategy. This is integrated with the Bank's annual planning process that takes into consideration business growth assumptions across products and business segments and the related impact on capital resources.

The following matters are taken into account while reviewing the Bank's capital position:

- a) current regulatory capital requirements and our assessment of future standards;
- b) demand for capital due to business growth forecasts;
- c) forecasted demand for capital to support credit ratings and as a signalling tool to the market;
- d) available supply of capital and capital-raising options

For calculation of Capital Adequacy Ratio, the Bank adheres to the calculation of capital requirements for credit, market and operational risk as per the guidelines of SBP.

For credit risk, the Bank uses the 'Standardized Approach'. The Bank uses reputable and SBP approved rating agencies (ECAIs) for deriving risk weights for specific credit exposures. These are consistently applied across the Bank's credit portfolio for both on and off balance sheet exposures. The ECAIs used for rating various types of exposures are tabled in note 39.6 to these financial statements.

For the purposes of Credit Risk Mitigation under the 'Standardised Approach', the Bank follows the instructions laid down by SBP vide their Circular No. 08 dated 27 June 2006 with regard to eligibility of collaterals, valuation and management. Where a transaction is secured by an eligible collateral and meets the eligibility criteria and minimum requirements as laid down by SBP, the Bank reduces its exposure under that particular transaction by taking into account the risk mitigating effect of the collateral for the calculation of capital requirement. Collaterals used include: Government of Pakistan guarantees, Inter-group guarantees, margins / liens and saving certificates.

The Bank calculates its capital requirement for market risk in its portfolio, based on the methodology provided by SBP which takes account of specific and general market risk capital charge for interest rate risk using the duration method.

For calculation of operational risk capital charge, the business activities of the Bank are divided into eight business lines: corporate finance, trading and sales, retail banking, commercial banking, payments and settlement, agency services, asset management and retail brokerage. The Bank's operations are mapped into these eight business lines as per the criteria laid down by SBP vide Circular No 08 dated 27 June 2006.

Within each business line, gross income is the broad indicator that serves as a proxy for the scale of business operations and thus the likely scale of operational risk exposure within each of these business lines. The capital charge for each business line is calculated by multiplying gross income by beta factors assigned by SBP to that business line. Beta serves as a proxy for the industry-wide relationship between the operational risk loss experience for a given business line and the aggregate level of gross income for that business line.

The total capital charge is calculated as the three-year average of the simple summation of the regulatory capital charges across each of the business lines in each year.

The 'Standardised Approach' is preferred over the 'Basic Indicator Approach' so as to arrive at a capital charge that is reflective of the risks associated with each of the Bank's business lines.

40. RISK MANAGEMENT

Through its risk management structure, the Bank seeks to manage efficiently the core risks: credit, market, operational, country, and liquidity risks. These arise directly through the Bank's commercial activities whilst compliance and regulatory risk, operational risk and reputational risks are normal consequences of any business undertaking.

The basic principles of risk management followed by the Bank include:

Balancing risk and return

Risk is taken in line with the requirements of the Bank's stakeholders. Risk should be taken within the Bank's risk appetite, consistent with the approved strategy. Any such risks are avoided which have a material probability of causing financial distress to the Bank or its clients or customers.

Responsibility

Given the Bank is in the business of taking risk, it is everyone's responsibility to ensure that risk taking is both disciplined and focused. The Bank takes account of its social responsibilities and its commitment to customers in taking risk to produce a return.

Accountability

Risk is taken only within agreed authorities and where there is appropriate infrastructure and resource. All risk taking must be transparent, controlled and reported.

Anticipation

The Bank looks to anticipate future risks and to ensure awareness of all risk.

Competitive Advantage

The Bank seeks to achieve competitive advantage through efficient and effective risk management and control.

Risk management

The Bank aims to implement best practices and have a specialist risk function of international standards, with strength in depth, experience across risk types and economic scenarios.

Ultimate responsibility for the effective management of risk rests with the Company's Board of Directors. Acting within an authority delegated by the Board, the Executive Committee reviews specific risk areas and monitors the activities of the Executive Risk Committee ("ERC") and the Asset and Liability Committee ("ALCO").

ERC headed by Country Chief Risk Officer (CCRO), through authority delegated by the Board through the Bank's Executive Committee, is responsible for credit risk, market risk, operational risk, compliance risk and regulatory risk, legal risk and reputational risk. ALCO, through authority delegated by the Board through the Bank's Executive Committee, is responsible for management of the Bank's liquidity, capital adequacy and structural foreign exchange risk. The Pension Executive Committee, through authority delegated by the Board through the Bank's Executive Committee is responsible for management of pension risk.

The day to day responsibility for managing risk rests with CCRO who oversees and manages the risk through a team of managers; Senior Credit Officer responsible for credit risk in Corporate & Institutional Clients and Commercial Clients, Country Credit Head responsible for credit risk in Retail Clients, Head of Special Assets Management responsible for remedial risk management, Head of Credit Risk Controls responsible for collateral management, security documentation, credit MIS and controls, Head of Market Risk responsible for liquidity risk and risks associated with price movements, arising from interest and exchange rate movements and Head of Operational Risk responsible for enterprise wide operations. The Bank has established policies, procedures, processes, and controls and have provided the Risk team adequate support by way of risk systems and tools for measuring and reporting risk for monitoring, controlling, reviewing and managing risk.

40.1 Credit Risk

Credit risk is the risk that a counter party will not settle its obligations in accordance with agreed terms. Credit exposures may arise from lending, trade finance, securities and derivative exposures. Credit exposures include both individual borrowers and groups of connected counterparties and portfolios in the banking and trading books.

The Board of Directors has delegated down the authority to ERC through the Bank's Executive Committee to establish risk appetite and make recommendations to the Board for approval of risk appetite and policies for managing credit risk. The CEO and the Executive Committee in turn rely on CCRO and the Risk Committee to determine these and recommend for their support and Board's approval. The ERC is also delegated down by the BOD responsibility to delegate credit authorities to independent Risk Officers.

Notes to the Un-Consolidated Financial Statements

For the year ended 31 December 2015

Credit risk appetite is established through business strategy papers and underwriting standards by the business managers, which are approved by the Board once recommended, and supported by the Executive Committee.

Specific procedures for managing credit risk within Corporate & Institutional Clients, Commercial Clients and Retail Clients are determined at the Senior Credit Officer and Country Credit Head levels for their respective jurisdictions with specific policies and procedures being adapted to different risk environments and business goals. Credit analysis includes review of facility details, credit grade determination and financial spreading / ratio analysis. Portfolio review, Early Alerts and Stress Testing based on scenario analysis is a combined responsibility of Client Relationship and Risk and Finance function. Client relationship origination and credit approval roles are clearly segregated throughout Corporate & Institutional Clients, Commercial Clients and Retail Clients segments.

Credit concentration risk is governed by specific policy, the adherence to which is managed by the Executive Risk Committee (ERC). Credit concentration risk is principally managed based on three components: single name borrower exposure, industry concentrations and product concentration. In addition to the SBP specified prudential limits on single or group exposures, limits are also established by the CCRO and approved by CRC in line with the Credit Reference Level framework ("CRL").

40.1.1 Corporate and Institutional and Commercial Banking Clients

Within the two business segments, an alpha numerical risk grading system is used for quantifying the risk associated with a counter-party. The grading is based on a probability of default measure, with customers analysed against a range of quantitative and qualitative measures. Expected Loss is used for further assessment of individual exposures and portfolio analysis. There is a clear segregation of duties with loan applications being prepared separately from the approval chain.

40.1.2 Retail Banking Clients

For Retail Banking, program based standard credit application forms are generally used, which are processed in central units for different products and market segments. Retail Banking Analytics team has developed Bureau scores and uses Bureau data for portfolio monitoring and for underwriting new business.

40.2 Market Risk

The Bank recognises market risk as the exposures created by potential changes in market prices and rates. Market risk exposures arise primarily from interest rate and foreign exchange related contracts. The Bank has no significant exposure to equity and commodity price risk.

Market Traded Credit Risk approves the limits within delegated authorities and monitors exposures against these limits, and is locally under governance of Country Chief Risk Officer, who agrees policies and procedures and levels of risk appetite in terms of Value at Risk ("VaR"). Limits are then proposed by the business within the terms of agreed policy. These are agreed and delegated down by Executive Risk Committee (ERC) under delegated authority from the BOD. Policies cover both trading and non-trading books.

In addition to market risk policies, as well as VaR and other market risk limits, independent stress testing of portfolios, factor sensitivity measures and derivatives are also employed as additional risk management tools to manage and hedge market risk exposures. Risk models are periodically back tested against actual results to ensure that pre-determined levels of accuracy are maintained.

40.5 Yield / Interest Rate Risk

Yield risk is the risk of decline in earnings due to adverse movement of the yield curve. Interest rate risk is the risk that the value of financial instruments will fluctuate due to changes in the market interest rates. The Bank is exposed to various risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows. The Bank manages this risk by matching the re-pricing of assets and liabilities and off-balance sheet instruments.

40.6 Liquidity Risk

The Bank defines liquidity risk as the potential that the Bank either does not have sufficient liquid financial resources available to meet all its obligations as they fall due, or can only access these financial resources at excessive cost.

Liquidity risk, both short term and structural is monitored through the internal liquidity risk management framework and is managed through the Asset and Liability Committee ("ALCO"). This committee, chaired by the CEO, is responsible for both statutory and prudential liquidity.

A range of tools are used for the management of liquidity. These comprise commitment and wholesale borrowing guidelines, key balance sheet ratios, medium term funding requirements and day to day monitoring of future cash flows.

In addition, liquidity contingency funding plans are reviewed periodically to ensure that alternative funding strategies are in place and can be implemented on a timely basis to minimize the liquidity risk that may arise due to unforeseen adverse changes in the market place.

A substantial portion of the Bank's assets are funded by customer deposits made up of current and savings accounts and other deposits. These customer deposits, which are widely diversified by type and maturity, represent a stable source of funds.

The Bank also maintains significant levels of marketable securities either for compliance with local statutory requirements or as prudential investments of surplus funds.

40.7 Maturities of Assets and Liabilities - based on contractual maturity of assets and liabilities of the bank

In accordance with the guidelines issued by SBP through BSD Circular Letter No. 3 of 2011 and BSD Circular Letter No. 2 of 2013, Banks are required to disclose maturities of assets and liabilities separately for 'contractual maturities' and 'expected maturities'. The expected maturities are calculated using three (3) years historical balances and identifying "Core" and "Non-Core" balances using monthly volatility analysis. Fixed / intangible assets are presented on the basis of their depreciation / amortisation schedule.

40.9 Operational Risk

Operational risk is the risk of a direct or indirect loss being incurred due to an event or action arising from the failure of technology, processes, infrastructure, personnel and impact of external events.

The Country Operational Risk Committee ("CORC") has been established to ensure that an appropriate risk management framework is in place at a grass root level, and to report, monitor and manage operational, social, ethical and environmental risk. The CORC is chaired by the CEO, and CCRO is an active member of this forum.

All business units within the Bank monitor their operational risks using set standards and indicators. Significant issues and exceptions are reported to CORC and are also picked up by the independent Risk function for discussion at the Country Risk Committee chaired by the CCRO. Disaster recovery procedures, business contingency planning, self-compliance assurance and internal audits also form an integral part of the operational risk management process.

41 ISLAMIC BANKING BUSINESS

The Bank is operating with 10 Islamic Banking branches at the end of current period (December 2014: 10 branches).

41.5 Profit & Loss distribution and Pool Management

The Bank manages following assets pools for profit and loss distribution:

- a) Islamic Export Refinance Scheme (IERS) Musharakah Pool; and
- b) Mudarabah Depositors Pool

a) IERS Musharakah Pool

Key features, risks, rewards and calculation of profit/loss of this pool are in compliance with the SBP IER Scheme and the relevant circulars issued by SBP from time to time.

Type of Pool	Profit rate and weightage announcement period	Average return on Pool Assets	Bank Profit	SBP Profit	Bank Profit %	SBP Profit %
IERF Pool	Monthly	7.17%	183,389	57,888	76.01%	23.99%

b) Mudarabah Depositors Pool

1. General Depositors Pool
2. Special Depositors Pool

i) Key features and risk & reward characteristics

Saadq Current account is a shariah compliant non-profit bearing transactional account, based on the Islamic banking principle of "Qard". While Saadiq Savings & Term accounts are Shariah compliant account based on the Islamic principle of "Mudarabah".

Mudarabah is partnership where one party gives money to other for investing in a business. The partner who is providing the money is "Rab-ul-Mal (Investor) and the partner who manages the investment is "Mudarib" (working partner). The Bank (Mudarib) invests the funds given by the account holder " Rab-ul-Mal " in shariah compliant business to ear profits. This profit is shared on the basis of profit & loss sharing as per the pre-agreed ratio between the Bank and the customer.

In case of loss, the same is borne by the depositors in proportion to their investments, and the Bank (Mudarib) bears the loss of its efforts/services in managing Mudarabah.

Notes to the Un-Consolidated Financial Statements

For the year ended 31 December 2015

ii) Parameters used for allocation of profit, charging expenses and provisions

The profit for the deposit pool is calculated from income earned on all the remunerative assets booked by utilising the funds from the deposit pool and is distributed between Mudarib and Rab-ul-Mal based on declared sharing ratios (before start of every given month).

The ratio for Mudarib and Rab-ul-maal is 50:50 for general pool, where as for Special pool it is 40:60. No general or administrative expenses are charged to pools. No provision against any non-performing asset of the pool is passed on to the pool except for the actual loss / write-off of such non-performing asset.

iii) Deployment of Mudaraba based deposits

The deposits and funds accepted under the above mentioned pools are provided to diverse sectors including Cement, Chemical, Pharmaceuticals, Communication, Sugar, Textile, Agribusiness, Transport etc. as well as in Government of Pakistan backed Ijarah Sukuks.

For the year ended 31 December 2015

1. STATUS AND NATURE OF BUSINESS

Standard Chartered Bank (Pakistan) Limited ("the Bank") was incorporated in Pakistan on 19 July 2006 and was granted approval for commencement of banking business by State Bank of Pakistan, with effect from 30 December 2006. The ultimate holding company of the Bank is Standard Chartered PLC, incorporated in England. The registered office is at Standard Chartered Bank Building, I.I. Chundrigar Road, Karachi.

The Bank commenced formal operations on 30 December 2006 through amalgamation of entire undertaking of Union Bank Limited and the business carried on by the branches in Pakistan of Standard Chartered Bank, a bank incorporated by Royal Charter and existing under the laws of England. The scheme of amalgamation was sanctioned by State Bank of Pakistan vide its order dated 4 December 2006. The Bank's shares are listed on all stock exchanges in Pakistan (subsequent to year end due to demilitarization, all stock exchanges are integrated into Pakistan Stock Exchange).

The Bank is engaged in the banking business as defined in the Banking Companies Ordinance, 1962 and has a total number of 101 (2014: 116) branches in operation, in Pakistan at 31 December 2015.

Standard Chartered Bank (Pakistan) Limited has the following three subsidiaries. All of them are incorporated in Pakistan.

-
- Standard Chartered Leasing Limited - Listed 86.45% owned
- Standard Chartered Modaraba - Listed 20% owned
- Standard Chartered Services of Pakistan (Private) Limited - 100% owned

These financial statements are consolidated financial statements of Standard Chartered Bank (Pakistan) Limited and its subsidiaries ("the Group").

The Bank decided to divest its entire shareholding in its subsidiaries namely Standard Chartered Leasing Limited, Standard Chartered Modaraba and Standard Chartered Services of Pakistan (Private) Limited (management company of Standard Chartered Modaraba). On 1 September 2015, the Bank has entered into an agreement with Orix Leasing Pakistan Limited for divestment of its stake in these subsidiaries. The transaction is subject to final approval by regulator and shareholders. Accordingly, these are accounted for as Disposal Group Held for Sale as per IFRS 5 'Non-Current Assets Held for Sale and Discontinued Operations'. The related assets and liabilities of these subsidiaries are classified as 'Assets Held for Sale' and 'Liabilities Held for Sale'. (Refer Note 12.3).

2.

BASIS OF PREPARATION

2.1

Basis of presentation

In accordance with the directives of the Federal Government regarding the shifting of the Banking system to Islamic modes, the State Bank of Pakistan has issued various circulars from time to time. One permissible form of trade related mode of financing comprises of purchase of goods by the Bank from its customers and immediate resale to them at appropriate profit on deferred payment basis. The purchases and sales arising under these arrangements are not reflected in these financial statements as such but are restricted to the amount of facility actually utilised and the appropriate portion of profit thereon.

The financial results of the Islamic banking branches have been consolidated in these financial statements for reporting purposes. Key financial figures of the Islamic banking branches are disclosed in note 41 to these financial statements.

2.2

Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) and Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan (ICAP) as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984 and the Banking Companies Ordinance, 1962 and the directives issued by the State Bank of Pakistan. In case the requirements differ, the provisions of and directives issued under the Companies Ordinance, 1984 and the Banking Companies Ordinance, 1962 and the directives issued by the State Bank of Pakistan shall prevail.

The Securities and Exchange Commission of Pakistan has approved and notified the adoption of International Accounting Standard 39, 'Financial Instruments: Recognition and Measurement' (IAS 39) and International Accounting Standard 40, 'Investment Property' (IAS 40). The requirements of these standards have not been followed in the preparation of these financial statements as the State Bank of Pakistan has deferred the implementation of these standards for banks in Pakistan till further instructions. However, investments have been classified and valued in accordance with the requirements of various circulars issued by the State Bank of Pakistan.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2015

2.3 Basis of measurement

These financial statements have been prepared under the historical cost convention, except that certain available for sale, trading and derivative financial instruments have been measured at fair value whereas certain fixed assets are stated at revalued amounts less accumulated depreciation and accumulated impairment losses, where applicable.

2.4 Use of estimates and judgments

The preparation of financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that effect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are described in the following:

- Note 7	Classification and provisioning against investments
- Note 8	Classification and provisioning against non-performing advances
- Note 9 & 10	Valuation and depreciation / amortisation rates for fixed / intangible assets
- Note 9 & 10	Impairment of non-financial assets including goodwill and other intangibles
- Note 11	Deferred taxation
- Note 21.9	Derivative instruments
- Note 29	Income taxes
- Note 33	Employees' retirement defined benefit plans

2.5 Functional and presentation currency

These financial statements are presented in Pakistan Rupees, which is the Group's functional currency. Except as indicated, financial information presented in Pakistan Rupees has been rounded to the nearest thousand.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been applied consistently to all years presented except for the standards mentioned in note 3.27 which became effective during the year:

3.1 Basis of consolidation

Subsidiaries

Subsidiaries are entities controlled by the entity. The Group controls an entity when it is exposed to, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of the subsidiaries are consolidated in the consolidated financial statements from the date on which the control commences until the date on which control ceases.

Non-controlling interest is measured at their proportionate share in the net assets of the subsidiaries.

Material intra group balances and transactions are eliminated.

Acquisitions from entities under common control

Business combinations arising from transfers of interests in entities that are under the control of the shareholder that controls the Group are accounted for as if the acquisition had occurred at the beginning of the earliest comparative period presented. For this purpose comparatives are restated where required. The assets and liabilities acquired are recognised at the carrying amounts recognised previously in the combining entity's financial statements.

Other acquisitions

Other business combinations are accounted for using the acquisition method. For acquisitions prior to 1 January 2009, the cost of acquisition is measured as the fair value of the asset given, equity instruments issued and the liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Identified assets acquired are fair valued at the acquisition date, irrespective of the extent of any Non-controlling interest. The excess of cost of acquisition over the fair value of identifiable net assets acquired is recorded as goodwill. Subsequently, any recoveries or losses to fair value of net assets are taken to profit and loss account and disclosed in note 25 to these financial statements.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2015

3.2 Cash and cash equivalents

For the purposes of cash flow statement, cash and cash equivalents comprise of cash and balances with treasury bank and balances with other banks.

3.3 Investments

The Group classifies its investments as follows:

a) Held for trading

These are securities, which are acquired with the intention to trade by taking advantage of short term market / interest rate movements and are carried at market value. The surplus / deficit arising as a result of revaluation at market value is recognised in the profit and loss account. These securities are to be sold within 90 days from the date of their classification as 'Held for trading' under normal circumstances, in accordance with the requirements specified by BSD Circular 10 dated 13 July 2004 issued by the State Bank of Pakistan. Market value of investment in Government securities is determined based on the relevant PKRV and PKISRV rates.

b) Held to maturity

These are securities with fixed or determinable payments and fixed maturity that are held with the intention and ability to hold to maturity. These are carried at amortised cost.

c) Available for sale

These are investments that do not fall under the held for trading or held to maturity categories and are carried at market value. The surplus / deficit arising as a result of revaluation at market value is kept in a separate account below equity. Market value of investment in Government securities is determined based on the relevant PKRV and PKISRV rates.

d) Subsidiaries

All 'regular way' purchases and sale of investments are recognised on the trade date i.e. the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of investments that require delivery of assets within the time frame generally established by regulation or convention in the market place.

Impairment

Impairment loss in respect of equity securities classified as available for sale and subsidiaries is recognised based on management's assessment of objective evidence of impairment as a result of one or more events that may have an impact on the estimated future cash flows of the investments. A significant or prolonged decline in fair value of an equity investment below its cost is also considered an objective evidence of impairment. Provision for diminution in the value of debt securities is made as per the Prudential Regulations issued by the State Bank of Pakistan. In case of impairment of available for sale securities, the cumulative loss that has been recognised directly in surplus / (deficit) on revaluation of securities on the statement of financial position below equity is removed there from and recognised in the profit and loss account. For investments in subsidiaries, the impairment loss is recognised in the profit and loss account.

3.4 Sale and repurchase agreements

Securities sold subject to repurchase agreements ('repos') remain on the balance sheet; the counterparty liability is included in borrowings from financial institutions. Securities purchased under agreements to resell ('reverse repos') are recorded as lendings to financial institutions. The difference between sale and repurchase price is treated as interest / mark-up / return and accrued over the life of the underlying agreement using the effective interest method.

3.5 Advances

Advances are stated net of provision against non-performing advances. Specific and general provisions are made based on an appraisal of the loan portfolio that takes into account Prudential Regulations issued by the State Bank of Pakistan from time to time. Specific provisions are made where the repayment of identified loans is in doubt and reflect an estimate of the amount of loss expected. The general provision is for the inherent risk of losses which, although not separately identified, are known from experience to be present in any loan portfolio. Provision made / reversed during the year is charged to the profit and loss account and accumulated provision is netted off against advances. Advances are written-off when there is no realistic prospect of recovery.

When the Group is the lessor in a lease agreement that transfers substantially all of the risks and rewards incidental to ownership of an asset to the lessee, the arrangement is presented within loans and advances.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2015

Leases where the Company transfers substantially all the risks and rewards incidental to the ownership of an asset are classified as finance leases. A receivable is recognised at an amount equal to the present value of the minimum lease payments under the lease agreement, including guaranteed residual value, if any.

Assets given under Ijarah contracts entered after 1 July 2008 are depreciated over the period of lease on a straight line basis. The Ijarah arrangements are shown as financing under loans and advances.

Murabaha financings are reflected as receivables at the sale price. Actual sale and purchase is not reflected as the goods are purchased by the customer as agent of the Group and all documents relating to purchase are in customer's name. Funds disbursed under Murabaha financing arrangements for purchase of goods are recorded as "Advance Against Murabaha".

In Diminishing Musharaka based financing, the Group enters into a Musharaka based on Shirkat-ul-milk for financing an agreed share of fixed asset (e.g. house, land, plant or machinery) with its customers and enters into a periodic rental payment agreement for the utilization of the Group's Musharaka share by the customer.

Musharakah is a partnership contract where the Group enters into financing relationship with the customer based on Shirkat-ul-Aqd. The profits are shared as per agreed ratios between partners and losses are borne in proportion to their respective capital contributions.

3.6 Operating fixed assets - Tangible

Owned

Operating fixed assets, other than land and buildings, are stated at cost less accumulated depreciation and accumulated impairment losses thereon. Cost includes expenditure that is directly attributable to the acquisition of fixed assets. Land and buildings are stated at revalued amounts less accumulated depreciation.

Subsequent costs are included in the asset's carrying amount or are recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance expenditures are charged to profit and loss account during the financial period in which they are incurred.

Land and buildings are revalued by independent professionally qualified valuer(s). Surplus arising on revaluation is credited to the 'surplus on revaluation of fixed assets' account (net of deferred tax). Under the provisions of the Companies Ordinance, 1984, deficit arising on revaluation of fixed assets is adjusted against the balance in the above-mentioned surplus account. The revaluation is carried out with sufficient regularity to ensure that the carrying amount does not differ materially from that which would have been determined using fair value at the balance sheet date.

Accumulated depreciation on buildings, at the date of revaluation, is eliminated against the gross carrying amount of buildings. The net amount is then restated to the revalued amount.

Surplus on revaluation of fixed assets (net of deferred tax) is transferred to unappropriated profit to the extent of incremental depreciation charged on related assets.

Land is not depreciated. Depreciation on all other fixed assets is calculated using the straight line method to allocate their depreciable cost or revalued amount to their residual values over their estimated useful lives.

The residual values and useful lives of fixed assets are reviewed, and adjusted (if appropriate) at each balance sheet date.

Gains and losses on disposal of fixed assets are included in profit and loss account currently, except that the related surplus on revaluation of fixed assets (net of deferred tax) is transferred directly to unappropriated profits.

Leased

Fixed assets held under finance lease are stated at the lower of fair value of asset and present value of minimum lease payments at the inception of lease, less accumulated depreciation. Financial charges are allocated over the period of lease term so as to provide a constant periodic rate of financial charge on the outstanding liability. Depreciation is charged on the basis similar to owned assets.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2015

3.7 Intangible assets

Goodwill

Goodwill represents the excess of cost of an acquisition over the fair value of the share of net identifiable assets acquired at the date of acquisition. Goodwill is tested annually for impairment and carried at cost less accumulated impairment.

Computer software

Acquired computer software licenses are capitalised on the basis of costs incurred to acquire and bring to use the specific software. These costs are amortised over their expected useful lives using the straight line method.

Acquired intangibles in business combination

Acquired intangibles in business combination that have finite lives are amortised over their economic useful life based on the manner that benefits of the relevant assets are consumed.

3.8 Impairment of non-financial assets

The carrying amounts of the Group's non-financial assets, other than deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated. An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated pre-tax future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss in respect of goodwill is not reversed. In respect of other assets, impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount.

3.9 Staff retirement benefits

Defined benefit plan

The Group operates approved funded pension and gratuity schemes for all its non-management employees, and a management pension scheme only for its existing pensioners.

For defined benefit plans, the net defined benefit liability / asset recognised in the balance sheet is the deficit or surplus, adjusted for any effect of limiting a net defined benefit asset to the asset ceiling. The deficit or surplus is:

- a) the present value of the defined benefit obligation, less
- b) the fair value of plan assets (if any).

The present value of defined benefit obligation is calculated annually by independent actuaries by discounting the estimated future cash flows using an interest rate equal to the yield on high-quality corporate bonds.

Actuarial gains or losses that arise are recognised in other comprehensive income in the period they arise. Service cost and net interest on net defined benefit liability / (asset) are also recognised in profit and loss account.

Defined contribution plan

The Group also operates a defined contribution gratuity scheme for all its management staff and a provident fund scheme for all its permanent staff, contributing at 8.33 percent and 10 percent of basic salary respectively.

3.10 Foreign currency transactions

Transactions in foreign currencies are translated to Pakistan Rupees at exchange rates prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated to Pakistan Rupees at the exchange rate prevailing at that reporting date. Foreign currency differences arising on retranslation are recognised in profit or loss.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2015

3.11 Taxation

Income tax expense comprises of current and deferred tax. Income tax expense is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or in other comprehensive income.

Current tax

Current tax is the expected tax payable on the taxable income for the year (using tax rates enacted or substantively enacted at the balance sheet date), and any adjustment to tax payable in respect of previous years.

Deferred tax

Deferred tax is provided for using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised on temporary differences relating to: (i) the initial recognition of goodwill; (ii) the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit.

Deferred tax is measured at tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

3.12 Revenue recognition

Mark-up / return on advances and investments is recognised on an accrual basis using the effective interest rate method. The effective interest rate is the rate that exactly discounts the estimated future cash payments and receipts through the expected life of the financial asset or liability (or, where appropriate, a shorter period) to the carrying amount of the financial asset or liability.

Where debt securities are purchased at a premium or discount, those premiums / discounts are amortized through profit or loss account over the remaining maturity, using the Effective Yield method.

Mark-up recoverable on classified loans, advances and investments is recognised on a receipt basis in accordance with the requirements of Prudential Regulations issued by the State Bank of Pakistan and the Securities and Exchange Commission of Pakistan. Mark-up on rescheduled / restructured loans, advances and investments is also recognised in accordance with the requirements of these Prudential Regulations.

The Group follows the effective interest method in accounting for the recognition of lease income. Under this method, the unearned lease income i.e. the excess of aggregate lease rentals and the estimated residual value over the cost of the leased assets is deferred and taken to income over the term of the lease, so as to produce a systematic return on the net investment in lease. Unrealised lease income pertaining to non-performing leases is held in suspense account, where necessary, in accordance with the requirements of the Non-Banking Finance Companies and Notified Entities Regulations, 2008. Processing, front-end fee, commitment fee, penal charges and commission are recognised as income when realised.

Ijarah rentals are recognised as income over the term of the contract net of depreciation expense relating to the Ijarah asset.

Fees and commission income are generally recognised on an accrual basis when the service has been provided. Fees and commission which in substance amount to an additional interest charge, are recognised over the life of the underlying transaction on a level yield basis.

Dividend income is recognised when the right to receive income is established.

The cost from award credits for loyalty points earned on use of various products of the Bank is measured by reference to their fair value and is recognised when award credits are redeemed.

Murabaha transactions are reflected as receivable at sale price. Actual sale and purchase are not reflected as the goods are purchased by the customer as agent of the Group. Profit on the sales revenue not due for payment is deferred by recording a credit to 'Deferred Murabaha Income' account.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2015

3.13 Derivative financial instruments

Derivative financial instruments are initially recognised at fair value and are subsequently remeasured at fair value. All derivative financial instruments are carried as assets when fair value is positive and liabilities when fair value is negative. Any change in the fair value of derivative financial instruments is taken to profit and loss account.

3.14 Provisions

Provisions for restructuring costs and legal claims are recognised when: (i) the Group has a present legal or constructive obligation as a result of past events; (ii) it is more likely than not that an outflow of resources will be required to settle the obligation; and (iii) the amount has been reliably estimated.

3.15 Fiduciary activities

The Group commonly acts in fiduciary capacities that result in the holding or placing of assets on behalf of individuals, trusts, retirement benefit plans and other institutions. These assets and income arising thereon are excluded from these financial statements, as they are not assets of the Group.

3.16 Segment reporting

A segment is a distinguishable component of the Group that is engaged either in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments. The Group's primary format for segment reporting is based on business segments. A brief description of the products and services offered by different segments of the Group is given in note 37 to these financial statements.

3.17 Offsetting

Financial assets and liabilities are set off and the net amount presented in the balance sheet when, and only when, the Group has a legal right to set off the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

3.18 Subordinated liabilities

Subordinated liabilities are initially measured at fair value plus transaction costs, and subsequently measured at their amortised cost using the effective interest method.

3.19 Non-current assets and disposal groups held for sale

Non-current assets and disposal groups comprising of assets and liabilities that are expected to be recovered primarily through sale rather than continuing use are classified as held for sale. Immediately before being classified as held for sale, the assets and components of disposal group are remeasured in accordance with the Group's accounting policies. Thereafter, the assets and disposal group are measured at the lower of their carrying values and fair values less cost to sell. Impairment losses on initial classification as held for sale and subsequent gains or losses on remeasurement are recognised in profit or loss.

3.20 Share-based compensation

Standard Chartered PLC operates various share-based compensation plans which are accounted for as equity settled share based payment transactions, regardless of inter group repayment arrangements. The cost for such share based payment transactions is determined by reference to the fair value of options at the grant date. The fair value is determined based on the market price or using an appropriate valuation technique. The cost is charged to profit and loss account and credited to equity as a contribution from parent. The liability for these transactions which is based on the fair value of these options at the settlement date is settled through debiting equity.

3.21 Acceptances

Acceptances comprise undertakings by the Group to pay bills of exchange drawn on customers. The Group expects most acceptances to be simultaneously settled with the reimbursement from the customers. Acceptances are accounted for as off-balance sheet transactions.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2015

3.22 Basic and diluted earnings per share

The Parent presents basic and diluted earnings per share (EPS) for its shareholders. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Parent by the weighted average number of ordinary shares outstanding during the period / year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, if any. There were no convertible dilutive potential ordinary shares in issue at 31 December 2015.

3.23 Dividend and appropriation to reserves

Dividend and appropriation to reserves, except appropriation which are required by law after the balance sheet date, are recognised as liability in the Group's financial statements in the year in which these are approved.

3.24 Borrowings / deposits and their cost

- Borrowings / deposits are recorded at the proceeds received.
- Borrowing / deposit costs are recognised as an expense in the period in which these are incurred using effective mark-up / interest rate method.

3.25 Financial assets and liabilities

Financial instruments carried on the balance sheet include cash and balances with treasury banks, balances with other banks, lendings to financial and other institutions, investments, advances, certain receivables, bills payable, borrowings from financial institutions, deposit accounts and other payables. The particular recognition methods adopted for significant financial assets and financial liabilities are disclosed in the individual policy statements associated with them.

3.26 Provision for guarantee claims and other off balance sheet obligations

Provision for guarantee claims and other off balance sheet obligations are recognised when intimated and reasonable certainty exists for the Group to settle the obligation. Charge to profit and loss account is stated net of expected recoveries.

3.27 New, Amended And Revised Standards And Interpretations of IFRSs

IFRS 10 'Consolidated Financial Statements', IFRS 11 'Joint Arrangements', IFRS 12 'Disclosure of Interests in Other Entities', IFRS 13 'Fair Value Measurements'.

These standards became applicable from January 1, 2015, as per the adoption status of IFRS in Pakistan.

IFRS 10 replaces the current guidance on consolidation in IAS 27 Consolidated and Separate Financial Statements. It introduces a single model of assessing control whereby an investor controls an investee when it has the power, exposure to variable returns use its power to influence the returns of the investee. IFRS 10 also includes specific guidance on de facto control, protective rights and the determination of whether a decision maker is acting as principal or agent, all of which influence the assessment. The application of IFRS 10 did not result in any investee being in control of the Bank.

IFRS 11 replaces IAS 31 Interests in Joint Ventures. It requires all joint ventures to be equity accounted thereby removing the option in IAS 31 for proportionate consolidation. It also removes the IAS 31 concept of jointly controlled assets. The application of IFRS 11 did not result in identification of any associate as a joint venture.

IFRS 12 prescribes additional disclosures around significant judgements and assumptions made in determining whether an entity controls another entity and has joint control or significant influence over another entity. The standard also requires disclosures on the nature and risks associated with interests in unconsolidated structured entities.

IFRS 13 Fair Value Measurement, consolidates the guidance on how to measure fair value, which was spread across various IFRS, into one comprehensive standard. It introduces the use of an exit price, as well as extensive disclosure requirements, particularly the inclusion of non-financial instruments into the fair value hierarchy. The related disclosures of IFRS 13 are included in note 36.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2015

3.28 New standards and interpretations not yet adopted

The following standards, amendments and interpretations of approved accounting standards will be effective for accounting periods beginning on or after 1 January 2016:

- Amendments to IAS 38 Intangible Assets and IAS 16 Property, Plant and Equipment (effective for annual periods beginning on or after 1 January 2016) introduce severe restrictions on the use of revenue-based amortization for intangible assets and explicitly state that revenue-based methods of depreciation cannot be used for property, plant and equipment. The rebuttable presumption that the use of revenue-based amortization methods for intangible assets is inappropriate can be overcome only when revenue and the consumption of the economic benefits of the intangible asset are 'highly correlated', or when the intangible asset is expressed as a measure of revenue.
- Investment Entities: Applying the Consolidation Exception (Amendments to IFRS 10 – Consolidated Financial Statements and IAS 28 – Investments in Associates and Joint Ventures) [effective for annual periods beginning on or after 1 January 2016] clarifies (a) which subsidiaries of an investment entity are consolidated; (b) exemption to present consolidated financial statements is available to a parent entity that is a subsidiary of an investment entity; and (c) how an entity that is not an investment entity should apply the equity method of accounting for its investment in an associate or joint venture that is an investment entity.
- Accounting for Acquisitions of Interests in Joint Operations – Amendments to IFRS 11 'Joint Arrangements' (effective for annual periods beginning on or after 1 January 2016) clarify the accounting for the acquisition of an interest in a joint operation where the activities of the operation constitute a business. They require an investor to apply the principles of business combination accounting when it acquires an interest in a joint operation that constitutes a business.
- Amendment to IAS 27 'Separate Financial Statement' (effective for annual periods beginning on or after 1 January 2016) allows entities to use the equity method to account for investments in subsidiaries, joint ventures and associates in their separate financial statements.
- Agriculture: Bearer Plants [Amendment to IAS 16 and IAS 41] (effective for annual periods beginning on or after 1 January 2016). Bearer plants are now in the scope of IAS 16 Property, Plant and Equipment for measurement and disclosure purposes. Therefore, a company can elect to measure bearer plants at cost. However, the produce growing on bearer plants will continue to be measured at fair value less costs to sell under IAS 41 Agriculture. A bearer plant is a plant that: is used in the supply of agricultural produce; is expected to bear produce for more than one period; and has a remote likelihood of being sold as agricultural produce. Before maturity, bearer plants are accounted for in the same way as self-constructed items of property, plant and equipment during construction.
- Annual Improvements 2012-2014 cycles (amendments are effective for annual periods beginning on or after 1 January 2016). The new cycle of improvements contain amendments to the following standards:
 - IFRS 5 Non-current Assets Held for Sale and Discontinued Operations. IFRS 5 is amended to clarify that if an entity changes the method of disposal of an asset (or disposal group) i.e. reclassifies an asset from held for distribution to owners to held for sale or vice versa without any time lag, then such change in classification is considered as continuation of the original plan of disposal and if an entity determines that an asset (or disposal group) no longer meets the criteria to be classified as held for distribution, then it ceases held for distribution accounting in the same way as it would cease held for sale accounting.
 - IFRS 7 'Financial Instruments - Disclosures'. IFRS 7 is amended to clarify when servicing arrangements on continuing involvement in transferred financial assets in cases when they are derecognized in their entirety are in the scope of its disclosure requirements. IFRS 7 is also amended to clarify that additional disclosures required by 'Disclosures: Offsetting Financial Assets and Financial Liabilities (Amendments to IFRS7)' are not specifically required for inclusion in condensed interim financial statements for all interim periods.
 - IAS 19 'Employee Benefits'. IAS 19 is amended to clarify that high quality corporate bonds or government bonds used in determining the discount rate should be issued in the same currency in which the benefits are to be paid.
 - IAS 34 'Interim Financial Reporting'. IAS 34 is amended to clarify that certain disclosures, if they are not included in the notes to interim financial statements and disclosed elsewhere should be cross referred.

Certain amendments / improvements may impact the financial statements of the Bank and the management is in the process of assessing the full impact of the change.

* The revaluation adjustment relates to the accumulated depreciation as at revaluation date that was eliminated against the gross carrying amount of the revalued buildings.

9.2 The Bank's owned land and buildings were revalued by independent accredited professional valuers, Iqbal A. Nanjee & Co. (Private) Limited and Colliers International. The valuation performed by the valuers was based on active market prices, adjusted for any difference in the nature, location or condition of the specific land and building. The date of revaluation was 31 December 2014. If the owned land and buildings were measured using the cost model, the carrying amounts would have been as follows:

	2015	2014
	----- (Rupees in '000) -----	
Cost	2,338,065	2,371,391
Accumulated depreciation	(979,580)	(889,717)
Carrying amount	1,358,485	1,481,674

The movement in surplus on revaluation of fixed assets is given in note 20.1 to the financial statements.

10.1 As at 31 December 2015, the gross carrying amount of fully amortised intangible assets (computer software) still in use amounted to Rs. 338.350 million (2014: Rs. 338.350 million).

10.2 The recoverable amount for the purpose of assessing impairment on goodwill on acquisition of Union Bank Limited was based on value in use. The calculations are based on the 2016 budget and forecasts for subsequent two years as approved by the management. These have then been extrapolated for a further period of 18 years using a steady long term forecast GDP growth rate and a terminal value determined based on a long term earnings multiple. The cash flows are discounted using a pre-tax discount rate which reflects the current market rate appropriate for the business. For the calculation as at 31 December 2015, the bank has used a long term forecast GDP growth rate of 4.96 percent and a discount rate of 22.91 percent. The management believes that any reasonable possible changes to the key assumptions on which calculation of recoverable amount is based, would not cause the carrying amount to exceed the recoverable amount.

21.5 Other contingencies			
Claims against the Bank not acknowledged as debt	21.5.1	24,417,886	25,151,427

21.5.1 These represent certain claims by third parties against the Bank, which are being contested in the Courts of law. The management is of the view that these relate to the normal course of business and the possibility of an outflow of economic resources is remote.

The Bank has identified that a regulatory authority has filed a case on the land where an office building is constructed and the bank owns a portion of that premises. A request for clearance of its premises from the competent court has been filed based on the fact that the bank is a bonafide purchaser of the premises having no relevance with the principal case. Considering the facts of the case and the opinion of legal expert, the management expects a favourable decision from the competent court. The Bank is also in litigation with various tenants for repossessing its office space in one of its other owned properties. A favourable decision of the High Court of Sindh has been received whereby the High Court has directed the Lower Court to expeditiously decide these Petitions on merit. The cases are now being tracked at the Rent Controller's court. Based on the facts of the case and the opinion of legal expert, the management expects a favourable decision from the dealing court.

29.2 The return for income year 2015 (Tax Year 2016) is due for filing by 30 September 2016.

The tax department amended the assessment for income years 2007 to 2014 (tax years 2008 to 2015 respectively) under the related provisions of the Income Tax Law, determining additional tax liability on account of various issues such as disallowances of expenses relating to provision against loans and advances, goodwill amortisation etc. The resultant tax demands have been paid by the Bank which includes Rs 7,542 million for which no provision has been made. Appeals against the amended assessment orders are pending before different appellate forums. The management considers that a significant amount of the additional tax liability is the result of timing differences and is confident that the issues in the above mentioned tax years will be decided in favour of the Bank at appellate forums. Accordingly, no additional provision is required.

The Commissioner (Appeals), during the year, has disposed off appeals for tax years 2011, 2012 and 2013, deciding certain issues including claim of provision for bad debts under seventh schedule in favour of the Bank, resulting in aggregate refund of Rs. 644 million due to the Bank.

The Tax Authorities have passed an order for the income years 2009 and 2010 levying Federal Excise Duty amounting to Rs.141 million on certain items. The Bank is contesting the order in the appeal. The Bank has paid entire amount under protest.

Further, an order for income year 2011 levying Federal Excise Duty of Rs. 515.6 million has been issued. The demand has been stayed by the Sindh High Court.

33 DEFINED BENEFIT PLANS

33.1 General description

Non Management Staff Pension Fund

The plan provides pension calculated at 50% of the average pensionable salary after completing 30 years of service. The employees of the bank are entitled to either pension or gratuity, but not both. However, the employees of ANZ Grindlays Bank transferred to the bank are entitled to both pension and gratuity and the minimum number of years required for entitlement of pension is 25 years for these employees. Pension is calculated as 1/120 times the last drawn merged salary for each year of service.

Non Management Staff Gratuity Fund

The plan provides a lump sum gratuity calculated at one month's salary for each completed year of service (maximum 40 months) after completing 5 years of service. For the employees of ex-ANZ Grindlays Bank, the plan provides a lump sum calculated at 50% of last drawn merged salary for each completed year of service (maximum 40 months) after completing 5 years of service. However, if the employee is not entitled for pension, the percentage is increased to 100%. The employees of SCB are entitled to either pension or gratuity, but not both. During the year the bank has converted its non management staff gratuity defined benefit scheme into defined contribution scheme. The conversion date is December 31, 2015.

Management Staff Pension Fund

The plan is closed to active employees. The entire liability is in respect of existing pensioners.

33.2 Principal Actuarial Assumptions

The last actuarial valuation of the scheme using projected unit credit method was carried out on 31 December 2015 and key assumptions used for actuarial valuation were as follows:

	2015	2014
Discount rate	9% p.a.	13.5% p.a.
Expected rate of increase in salary in future years	10% p.a.	11% p.a.

34 SHARE BASED PAYMENTS

The Bank's employees participate in the following share compensation plans operated globally by the ultimate holding company, Standard Chartered Plc (SCPLC). For employees in Pakistan, the Group has changed its arrangement to issue shares of SCPLC upon meeting the vesting conditions. Previously the Group operated cash equivalent or "phantom" arrangements under which employees can receive a cash benefit linked to either the growth in Group's share (Sharesave scheme) or the value of the Group's share (restricted / performance share awards) and the arrangement did not give an option to the Bank's employees to buy SCPLC shares. The market value of shares is denominated in pounds sterling at the time of grant. Phantom scheme not yet vested are still being accounted for cash settled basis.

The total expense recognised in respect of above schemes on equity settled basis amounts to Rs. 25.695 million (2014: Rs.82.231 million). As also explained in note 3.20 in detail, the Bank's liability towards its parent, however continues to be determined and recorded on cash settled basis for options not yet vested. The main features of each plan are as follows:

i) Standard Chartered Share Plan

The 2012 Standard Chartered Share Plan replaced all the Group's existing discretionary share plan arrangements following approval by shareholders at the Group's Annual General Meeting on 5 May 2011. It is the Group's main share plan, applicable to all employees with the flexibility to provide a variety of award types including performance shares, deferred awards (shares or cash) and restricted shares. Performance and restricted share awards will generally be in the form of nil price options to participate in the shares of SCPLC. The remaining life of the plan is ten years.

Movements in the number of share options held by the Bank's employees are as follows:-

As at 31 December 2015, total number of options exercisable were 10,933.

ii) International Sharesave Scheme

The International Share save Scheme was first launched in 1996 and made available to all employees of the Bank. Employees have the choice of opening a three-year or a five-year savings contract. Within a period of six months after the third or fifth anniversary, employees may exercise the awards and receive any benefit in cash; alternatively, the employee may elect to have the savings, plus interest, repaid in cash. The price at which they may purchase shares is at a discount of up to 20 percent on the share price at the date of the invitation. There are no performance conditions attached to options granted. The options granted do not confer any right to participate in any share issue of any other company.

Movements in the number of share options held by the Bank's employees are as follows:-

The intrinsic value of vested International Sharesave cash-settled awards as at 31 December 2015 was 2,408 thousand (2014: Rs. 32,854 thousand).

As at 31 December 2015, total number of options exercisable were 1,113.

iii) Restricted Share Scheme

The Restricted Share Scheme is a discretionary share incentive scheme for high performing and high potential staff at any level of the organisation whom the Group wishes to motivate and retain. Except upon appointment when an executive director may be granted an award of restricted shares, the Restricted Share Scheme is not applicable to the Group's executive directors, as it has no performance conditions attached to it. Fifty per cent of the award vests two years after the date of the grant and the remainder after three years. The awards granted under this scheme are nil cost options with any benefit payable in cash. The options granted do not confer any right to participate in any share issue of any other company.

Movements in the number of share options held by the Bank's employees are as follows:-

iv) Supplementary Restricted Share Scheme

The Group operates a Supplementary Restricted Share Scheme which can be used to defer part of an employee's annual bonus in shares. The plan is principally used for employees in the global markets area and is similar to the RSS outlined above for three important factors: executive directors are specifically prohibited from the plan; no new shares can be issued to satisfy awards; and there is no individual annual limit.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2015

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction. Fair value of financial instruments is based on:

Federal Government Securities	PKRV and PKISRV rates (Reuters page)
Sukuk Bonds (other than government)	MUFAP rates
Listed securities	Market prices

Fair value of fixed term advances of over one year, staff loans and fixed term deposits of over one year cannot be calculated with sufficient reliability due to non - availability of relevant active market for similar assets and liabilities. The provision for impairment of debt securities and loans and advances has been calculated in accordance with the Bank's accounting policies as stated in note 3.6.

36.1 The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

36.2 These financial assets and liabilities are for short term or reprice over short term. Therefore their carrying amounts are reasonable approximation of fair value.

39 Capital Adequacy Ratio (CAR) disclosure

Capital Structure

The State Bank of Pakistan through its BSD Circular No.07 dated 15 April 2009 requires the minimum paid up capital (net of losses) for all locally incorporated banks to be Rs. 10 billion on 31 December 2013 and onwards. The raise was to be achieved in a phased manner requiring Rs.10 billion paid up capital (net of losses) by the end of the financial year 2013. The paid up capital of the Bank for the year ended 31 December 2015 stands at Rs. 38.715 billion and is in compliance with the SBP requirement.

Furthermore, the State Bank requires the Bank to maintain prescribed capital to total risk-weighted assets ratios. The capital adequacy ratios of the Bank were subject to the Basel 3 capital adequacy guidelines stipulated by the State Bank through its BPRD Circular No.6 dated 15 August 2013. These instructions are effective from 31 December 2013 in a phased manner with full implementation intended by 31 December 2019. Under Basel III guidelines banks are required to maintain the following ratios on an ongoing basis:

Phase-in arrangement and full implementation of the minimum capital requirements:

S No.	Ratio	Year End						31 December 2019

*(Consisting of CET1 only)

Moreover, the State Bank, through its BPRD circular No. 02 dated 09 January 2015 issued revised instructions for calculation of risk weight on outstanding exposures against large unrated private sector borrowers. The circular requires that the risk weight on all unrated private sector borrowers with aggregate outstanding exposure from financial institutions (both fund-based and non-fund based) of Rs. 3.0 billion or above, net of liquid assets, shall be taken 125% for the year ended 31 December 2015 instead of previous requirement of 115% risk weight on all unrated private sector borrowers with aggregate outstanding exposure from financial institutions (both fund-based and non-fund based) of Rs. 5.0 billion or above, net of liquid assets.

Banking operations are categorised in either the trading book or the banking book, and risk-weighted assets are determined according to specified requirements that seek to reflect the varying levels of risk attached to assets and off-balance sheet exposures.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2015

The Bank's regulatory capital is analysed into three tiers, with total Tier 1 capital being the sum of CET1 and ADT1 below:

- Common Equity Tier I capital, which includes fully paid up capital (including the bonus shares), balance in share premium account, general reserves, statutory reserves as disclosed on the balance sheet and un-appropriated profits (net of accumulated losses, if any). Goodwill and other intangibles are deducted from Tier I capital.
- Additional Tier I capital, which includes perpetual non-cumulative preference shares and share premium resulting from the same. The Bank did not have any ADT1 as of 31 December 2015.

The deduction from Tier 1 Capital include mainly:

- i) Book value of goodwill / intangibles;
 - ii) Deficit on revaluation of available for sale investments
 - iii) Defined-benefit pension fund net assets
 - iv) Reciprocal cross holdings in equity capital instruments of other banks, financial institutions and insurance companies;
 - v) Investment in mutual funds above a prescribed ceiling;
 - vi) Threshold deductions applicable from 2015 on deferred tax assets and certain investments;
 - vii) 50% of investments in majority owned securities or other financial subsidiaries not consolidated in the statement of financial position.
- Tier II capital includes sub-ordinated debt, revaluation reserves on assets, exchange translation reserves and impairment allowances that are not held against identified debts. Information on the terms, conditions and other features of the Bank's sub-ordinated debt currently in issue is given in note 16 to these financial statements. There is a restriction on the amount of impairment allowances that are not held against identified debts upto 1.25 percent of credit risk weighted assets.

The deductions from Tier 2 include mainly:

- i) Reciprocal cross holdings in other capital instruments of other banks, financial institution and insurance companies;
- ii) 50% of investments in majority owned securities or other financial subsidiaries not consolidated in the statement of financial position, during transition phase.

The Bank remained compliant with all externally imposed capital requirements through out the year. Further, there has been no material change in the Bank's management of capital during the year.

Leverage Ratio

Tier-1 Leverage Ratio of 3% is being introduced in response to the recently published Basel III Accord as the third capital standard. Bank level disclosure of the leverage ratio and its components has started from 31 December 2015. As at 31 December 2015, the bank has a leverage ratio of 6.73 % (2014: 7.40 %) and Tier-1 capital of Rs. 36,137 million (2014: Rs. 35,258 million).

39.4 CAPITAL-ASSESSMENT AND ADEQUACY BASEL III SPECIFIC

39.4.1 Scope Of Applications

The Basel 3 framework is applicable to the Bank both at the consolidated level and also on standalone basis. Subsidiaries are included while calculating Consolidated Capital Adequacy ratio of the Bank using full consolidation method. The Standardized Approach is used by the Bank for calculating the Capital Adequacy ratio for Credit, Market and Operational Risk.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2015

39.4.2 Capital Structure

During 2012, the Bank issued unsecured, subordinated TFCs of Rs. 2,500 million by way of private placement. The instrument was issued at 0.75% above KIBOR to support the capital base of the Bank and is for a tenor of 10 years. The instrument is structured to redeem in two equal semi-annual instalments of 50% of the issue amount in 2022. The Bank may however call the TFC subject to prior approval of the State Bank, on any profit payment date after the 60th month from the issuance date. The instrument is also subject to a lock-in clause meaning neither principal nor profit may be paid (even at maturity) if such payment means that the Bank falls below or remains below its minimum capital requirements. The instrument is currently rated at AAA.

The instrument is classified as a liability and is subordinated to payment of principal and profit to all other indebtedness of the Bank, including deposits.

For further details of the capital instrument currently part of Tier 2 capital, please refer Note 16.

39.5 Capital Adequacy

The Bank's capital management approach is driven by its desire to maintain a strong capital base to support the development of its business, to meet regulatory capital requirements at all times and to maintain good credit ratings, maximising shareholder value and at the same time maintaining investor, creditor and market confidence.

The capital position is reviewed and monitored by the Asset and Liability Committee (ALCO) of the Bank. Regular reviews help to ensure that adequate levels of capital and an optimum mix of the different components of capital are maintained by the Bank to support the strategy. This is integrated with the Bank's annual planning process that takes into consideration business growth assumptions across products and business segments and the related impact on capital resources.

The following matters are taken into account while reviewing the Bank's capital position:

- a) current regulatory capital requirements and our assessment of future standards;
- b) demand for capital due to business growth forecasts;
- c) forecasted demand for capital to support credit ratings and as a signalling tool to the market;
- d) available supply of capital and capital-raising options

For calculation of Capital Adequacy Ratio, the Bank adheres to the calculation of capital requirements for credit, market and operational risk as per the guidelines of SBP.

For credit risk, the Bank uses the 'Standardized Approach'. The Bank uses reputable and SBP approved rating agencies (ECAIs) for deriving risk weights for specific credit exposures. These are consistently applied across the Bank's credit portfolio for both on and off balance sheet exposures. The ECAIs used for rating various types of exposures are tabled in note 39.6 to these financial statements.

For the purposes of Credit Risk Mitigation under the 'Standardised Approach', the Bank follows the instructions laid down by SBP vide their Circular No. 08 dated 27 June 2006 with regard to eligibility of collaterals, valuation and management. Where a transaction is secured by an eligible collateral and meets the eligibility criteria and minimum requirements as laid down by SBP, the Bank reduces its exposure under that particular transaction by taking into account the risk mitigating effect of the collateral for the calculation of capital requirement. Collaterals used include: Government of Pakistan guarantees, Inter-group guarantees, margins / liens and saving certificates.

The Bank calculates its capital requirement for market risk in its portfolio, based on the methodology provided by SBP which takes account of specific and general market risk capital charge for interest rate risk using the duration method.

For calculation of operational risk capital charge, the business activities of the Bank are divided into eight business lines: corporate finance, trading and sales, retail banking, commercial banking, payments and settlement, agency services, asset management and retail brokerage. The Bank's operations are mapped into these eight business lines as per the criteria laid down by SBP vide Circular No 08 dated 27 June 2006.

Within each business line, gross income is the broad indicator that serves as a proxy for the scale of business operations and thus the likely scale of operational risk exposure within each of these business lines. The capital charge for each business line is calculated by multiplying gross income by beta factors assigned by SBP to that business line. Beta serves as a proxy for the industry-wide relationship between the operational risk loss experience for a given business line and the aggregate level of gross income for that business line.

The total capital charge is calculated as the three-year average of the simple summation of the regulatory capital charges across each of the business lines in each year.

The 'Standardised Approach' is preferred over the 'Basic Indicator Approach' so as to arrive at a capital charge that is reflective of the risks associated with each of the Bank's business lines.

40. RISK MANAGEMENT

Through its risk management structure, the Bank seeks to manage efficiently the core risks: credit, market, operational, country, and liquidity risks. These arise directly through the Bank's commercial activities whilst compliance and regulatory risk, operational risk and reputational risks are normal consequences of any business undertaking.

The basic principles of risk management followed by the Bank include:

Balancing risk and return

Risk is taken in line with the requirements of the Bank's stakeholders. Risk should be taken within the Bank's risk appetite, consistent with the approved strategy. Any such risks are avoided which have a material probability of causing financial distress to the Bank or its clients or customers.

Responsibility

Given the Bank is in the business of taking risk, it is everyone's responsibility to ensure that risk taking is both disciplined and focused. The Bank takes account of its social responsibilities and its commitment to customers in taking risk to produce a return.

Accountability

Risk is taken only within agreed authorities and where there is appropriate infrastructure and resource. All risk taking must be transparent, controlled and reported.

Anticipation

The Bank looks to anticipate future risks and to ensure awareness of all risk.

Competitive Advantage

The Bank seeks to achieve competitive advantage through efficient and effective risk management and control.

Risk management

The Bank aims to implement best practices and have a specialist risk function of international standards, with strength in depth, experience across risk types and economic scenarios.

Ultimate responsibility for the effective management of risk rests with the Company's Board of Directors. Acting within an authority delegated by the Board, the Executive Committee reviews specific risk areas and monitors the activities of the Executive Risk Committee ("ERC") and the Asset and Liability Committee ("ALCO").

ERC headed by Country Chief Risk Officer (CCRO), through authority delegated by the Board through the Bank's Executive Committee, is responsible for credit risk, market risk, operational risk, compliance risk and regulatory risk, legal risk and reputational risk. ALCO, through authority delegated by the Board through the Bank's Executive Committee, is responsible for management of the Bank's liquidity, capital adequacy and structural foreign exchange risk. The Pension Executive Committee, through authority delegated by the Board through the Bank's Executive Committee is responsible for management of pension risk.

The day to day responsibility for managing risk rests with CCRO who oversees and manages the risk through a team of managers; Senior Credit Officer responsible for credit risk in Corporate & Institutional Clients and Commercial Clients, Country Credit Head responsible for credit risk in Retail Clients, Head of Special Assets Management responsible for remedial risk management, Head of Credit Risk Controls responsible for collateral management, security documentation, credit MIS and controls, Head of Market Risk responsible for liquidity risk and risks associated with price movements, arising from interest and exchange rate movements and Head of Operational Risk responsible for enterprise wide operations. The Bank has established policies, procedures, processes, and controls and have provided the Risk team adequate support by way of risk systems and tools for measuring and reporting risk for monitoring, controlling, reviewing and managing risk.

40.1 Credit risk

Credit risk is the risk that a counter party will not settle its obligations in accordance with agreed terms. Credit exposures may arise from lending, trade finance, securities and derivative exposures. Credit exposures include both individual borrowers and groups of connected counterparties and portfolios in the banking and trading books.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2015

The Board of Directors has delegated down the authority to ERC through the Bank's Executive Committee to establish risk appetite and make recommendations to the Board for approval of risk appetite and policies for managing credit risk. The CEO and the Executive Committee in turn rely on CCRO and the Risk Committee to determine these and recommend for their support and Board's approval. The ERC is also delegated down by the BOD responsibility to delegate credit authorities to independent Risk Officers.

Credit risk appetite is established through business strategy papers and underwriting standards by the business managers, which are approved by the Board once recommended, and supported by the Executive Committee.

Specific procedures for managing credit risk within Corporate & Institutional Clients, Commercial Clients and Retail Clients are determined at the Senior Credit Officer and Country Credit Head levels for their respective jurisdictions with specific policies and procedures being adapted to different risk environments and business goals. Credit analysis includes review of facility details, credit grade determination and financial spreading / ratio analysis. Portfolio review, Early Alerts and Stress Testing based on scenario analysis is a combined responsibility of Client Relationship and Risk and Finance function. Client relationship origination and credit approval roles are clearly segregated throughout Corporate & Institutional Clients, Commercial Clients and Retail Clients segments.

Credit concentration risk is governed by specific policy, the adherence to which is managed by the Executive Risk Committee (ERC). Credit concentration risk is principally managed based on three components: single name borrower exposure, industry concentrations and product concentration. In addition to the SBP specified prudential limits on single or group exposures, limits are also established by the CCRO and approved by CRC in line with the Credit Reference Level framework ("CRL").

40.1.1 Corporate and Institutional and Commercial Banking Clients

Within the two business segments, an alpha numerical risk grading system is used for quantifying the risk associated with a counter-party. The grading is based on a probability of default measure, with customers analysed against a range of quantitative and qualitative measures. Expected Loss is used for further assessment of individual exposures and portfolio analysis. There is a clear segregation of duties with loan applications being prepared separately from the approval chain.

40.1.2 Retail Banking Clients

For Retail Banking, program based standard credit application forms are generally used, which are processed in central units for different products and market segments. Retail Banking Analytics team has developed Bureau scores and uses Bureau data for portfolio monitoring and for underwriting new business.

40.2 Market Risk

The Bank recognises market risk as the exposures created by potential changes in market prices and rates. Market risk exposures arise primarily from interest rate and foreign exchange related contracts. The Bank has no significant exposure to equity and commodity price risk.

Market Traded Credit Risk approves the limits within delegated authorities and monitors exposures against these limits, and is locally under governance of Country Chief Risk Officer, who agrees policies and procedures and levels of risk appetite in terms of Value at Risk ("VaR"). Limits are then proposed by the business within the terms of agreed policy. These are agreed and delegated down by Executive Risk Committee (ERC) under delegated authority from the BOD. Policies cover both trading and non-trading books.

In addition to market risk policies, as well as VaR and other market risk limits, independent stress testing of portfolios, factor sensitivity measures and derivatives are also employed as additional risk management tools to manage and hedge market risk exposures. Risk models are periodically back tested against actual results to ensure that pre-determined levels of accuracy are maintained.

40.5 Yield / Interest Rate Risk

Yield risk is the risk of decline in earnings due to adverse movement of the yield curve. Interest rate risk is the risk that the value of financial instruments will fluctuate due to changes in the market interest rates. The Bank is exposed to various risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows. The Bank manages this risk by matching the re-pricing of assets and liabilities and off-balance sheet instruments.

40.6 Liquidity Risk

The Bank defines liquidity risk as the risk that the Bank either does not have sufficient financial resources available to meet all its obligations and commitments as and when they fall due, or can access them only at an excessive cost.

Liquidity risk, both short term and structural is monitored through the internal liquidity risk management framework and is managed through the Asset and Liability Committee ("ALCO"). This committee, chaired by the CEO, is responsible for both statutory and prudential liquidity.

A range of tools are used for the management of liquidity. These comprise commitment and wholesale borrowing guidelines, key balance sheet ratios, medium term funding requirements and day to day monitoring of future cash flows.

In addition, liquidity contingency funding plans are reviewed periodically to ensure that alternative funding strategies are in place and can be implemented on a timely basis to minimize the liquidity risk that may arise due to unforeseen adverse changes in the market place.

A substantial portion of the Bank's assets are funded by customer deposits made up of current and savings accounts and other deposits. These customer deposits, which are widely diversified by type and maturity, represent a stable source of funds.

The Bank also maintains significant levels of marketable securities either for compliance with local statutory requirements or as prudential investments of surplus funds.

40.7 MATURITIES OF ASSETS AND LIABILITIES - based on contractual maturity of assets and liabilities of the group

In accordance with the guidelines issued by SBP through BSD Circular Letter No. 3 of 2011 and BSD Circular Letter No. 2 of 2013, Banks are required to disclose maturities of assets and liabilities separately for 'contractual maturities' and 'expected maturities'. The expected maturities are calculated using three (3) years historical balances and identifying "Core" and "Non-Core" balances using monthly volatility analysis. Fixed / intangible assets are presented on the basis of their depreciation / amortisation schedule.

40.9 Operational Risk

Operational risk is the risk of a direct or indirect loss being incurred due to an event or action arising from the failure of technology, processes, infrastructure, personnel and impact of external events.

The Country Operational Risk Committee ("CORC") has been established to ensure that an appropriate risk management framework is in place at a grass root level, and to report, monitor and manage operational, social, ethical and environmental risk. The CORC is chaired by the CEO, and CCRO is an active member of this forum.

All business units within the Bank monitor their operational risks using set standards and indicators. Significant issues and exceptions are reported to CORC and are also picked up by the independent Risk function for discussion at the Country Risk Committee chaired by the CCRO. Disaster recovery procedures, business contingency planning, self-compliance assurance and internal audits also form an integral part of the operational risk management process.

41 ISLAMIC BANKING BUSINESS

The Bank is operating with 10 Islamic Banking branches at the end of current period (December 2014: 10 branches).

41.5 Profit & Loss distribution and Pool Management

The Bank manages following assets pools for profit and loss distribution:

- Islamic Export Refinance Scheme (IERS) Musharakah Pool; and
- Mudarabah Depositors Pool

a) IERS Musharakah Pool

Key features, risks, rewards and calculation of profit/loss of this pool are in compliance with the SBP IER Scheme and the relevant circulars issued by SBP from time to time.

Type of Pool	Profit rate and weightage announcement period	Average return on Pool Assets	Bank Profit	SBP Profit	Bank Profit %	SBP Profit %
IERF Pool	Monthly	7.17%	183,389	57,888	76.01%	23.99%

b) Mudarabah Depositors Pool

- General Depositors Pool
- Special Depositors Pool

i) Key features and risk & reward characteristics

Saadiq Current account is a shariah compliant non-profit bearing transactional account, based on the Islamic banking principle of "Qard". While Saadiq Savings & Term accounts are Shariah compliant account based on the Islamic principle of "Mudarabah".

Mudarabah is a partnership where one party gives money to other for investing in a business. The partner who is providing the money is "Rab-ul-Mal (Investor)" and the partner who manages the investment is "Mudarib" (working partner). The Bank (Mudarib) invests the funds given by the account holder "Rab-ul-Mal" in shariah compliant businesses to earn profits. This profit is shared on the basis of profit & loss sharing as per the pre-agreed ratio between the Bank and the customer.

In case of loss, the same is borne by the depositors in proportion to their investments, and the Bank (Mudarib) bears the loss of its efforts/services in managing Mudarabah.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2015

ii) Parameters used for allocation of profit, charging expenses and provisions

The profit for the deposit pool is calculated from income earned on all the remunerative assets booked by utilising the funds from the deposit pool and is distributed between Mudarib and Rab-ul-Mal based on declared sharing ratios (before start of every given month).

The ratio for Mudarib and Rab-ul-maal is 50:50 for general pool, where as for Special pool it is 40:60. No general or administrative expenses are charged to pools. No provision against any non-performing asset of the pool is passed on to the pool except for the actual loss / write-off of such non-performing asset.
