DIRECTOR'S REPORT

The Directors of your Company are please to present the 25th annual report along with the audited accounts for the year ended June 30, 2017.

Performance Review

The company has processed seeds of Cotton and Wheat and produced Hybrid Corn. We continue to add new crops to our range of seeds that we provide to the farmer. We are actively involved in Hybrid Corn production. We benefitted from the farmers being positive about the cotton crop. Our results show an increase in third party cotton seed processing/delinting totaling 1,682 Metric Tons (2016: 1283 Metric Tons)

	2017 (M.Ton)	2016 (M.Ton)
Production	<u>2350</u>	<u>320</u>

Financial Results

The summary of financial results is being furnished hereunder for a quick glance.

	2017 (Rupees)	2016 (Rupees)
Sales	122,375,954	83,232,427
Cost of sales	95,118,324	61,565,184
Gross profit	27,257,630	21,667,243
Operating expenses	21,528,680	20,687,692
Finance & other charges	740,809	852,870
Other income	77,770	3,937,610
Profit / (loss) before taxation	5,065,911	4,064,291
Taxation	2,661,476	8,654,350
Profit/ (loss) after taxation	2,404,436	(4,590,059)

Review period has shown better performance from the company. Financials show an increase in sales while keeping costs in check. The main reason for this change has been the efforts and focus of our professional staff. Our new Hybrids produced good results and reports from market and farmers are positive. We hope sales of these seeds will increase further.

We continue to invest heavily in R&D of Hybrid Corn and other seeds. This has lowered profit margins but we consider it a worthwhile investment. We are hopeful of the coming quarter producing favorable results from Hybrid Corn sales. We are optimistic about the Yield results. Our sale of cotton seed in both fuzzy and delinted form has maintained high standards of quality.

The management has done extremely well in controlling administrative costs. Distribution has been made more effective while maintaining strict financial checks. The company meets all Prudential Regulations/Ratios of State Bank of Pakistan. We have the option of raising funds from banks but as a policy are not taking any loans.

**REVIEW REPORT TO THE MEMBERS ON STATEMENT OF
COMPLIANCE WITH BEST PRACTICES OF CODE OF
CORPORATE GOVERNANCE**

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Code of Corporate Governance prepared by the Board of Directors of **Data Agro Limited ("the Company") for the year ended June 30, 2017** to comply with the requirements of Rule 5.19 of the Rule book of the Pakistan Stock Exchange where the company is listed.

The responsibility for compliance with the Code of Corporate Governance is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code of Corporate Governance and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Code.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Code requires the company to place before the Audit Committee, and upon recommendation of the audit Committee, place before the Board for their review and approval, its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the Company for the year ended June 30, 2017.

NOTES TO THE FINANCIAL STATEMENT FOR THE YEAR ENDED JUNE 30, 2017

1. STATUS AND NATURE OF BUSINESS

The company was initially incorporated as a private limited company in Pakistan under the Companies Ordinance, 1984 on November 10, 1992 and was converted into a public limited company on March 06, 1994. The company is listed on Lahore and Karachi Stock Exchanges. The principal activity of the company is production, processing and grading of agro seeds. The registered office of the company is situated at 71/E-1, Hali Road, Gulberg III, Lahore, Punjab, Pakistan and principal place of business is at 8-Km Khanewal road, Kabirwala.

2. BASIS OF PREPARATION

2.1 BASIS OF MEASUREMENT

These financial statements have been prepared under the historical cost convention without any adjustment for the effect of inflation or reference to current values, except to the extent that land, building and certain plant and machinery have been included at revalued amounts, staff retirement benefits recognized at present value and financial assets has been measured and recorded at fair value.

2.2 STATEMENT OF COMPLIANCE

During the year, the Companies Act-2017 (the Act) has been promulgated, however, Securities and Exchange Commission of Pakistan vide its circular no. 17 of 2017 dated July 20, 2017 communicated that the Commission has decided that the companies whose financial year closes on or before June 30, 2017 shall prepare their financial statements in accordance with the provisions of the repealed Companies Ordinance, 1984. Accordingly, these financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprises of such International Financial Reporting Standards (IFRSs) issued by the International Accounting Standard Board (IASB) and Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan (ICAP) as are notified under the repealed Companies Ordinance, 1984, provisions of and directives issued under the repealed Companies Ordinance, 1984. In case requirements differ, the provisions or directives of the repealed Companies Ordinance, 1984 shall prevail.

2.3 FUNCTIONAL AND PRESENTATION CURRENCY

These financial statements are presented in Pakistan Rupees, which is the Company's functional and presented currency. All financial information presented in Pakistan Rupees has been rounded to the nearest rupees.

2.4 SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and related assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. The estimates and related assumptions are reviewed on an ongoing basis. Accounting estimates are revised in the period in which such revisions are made.

Significant management estimates in these financial statements relate to the useful life and residual value of property, plant and equipment, provision for doubtful receivables, slow moving inventory, defined benefits plans, accrued liabilities, taxation etc. However, the management believes that the change in outcome of estimates would not have a material effect on the amounts disclosed in the financial statements.

3. SIGNIFICANT ACCOUNTING POLICIES

**3.1 PROPERTY, PLANT AND EQUIPMENTS
OWNED ASSETS**

Property, plant and equipment are stated at historical cost or revalued amount less accumulated depreciation and impairment in value.

Cost of property, plant and equipment consists of purchase price/ construction cost (after trade discount and rebates, refundable taxes/duties) and relevant directly attributable cost for bringing the property, plant and equipment into its intended use. Pre-production and trial run operating results are charged to income.

Depreciation is charged on diminishing balance method at the rates specified in Note 11. Full month's depreciation is charged on addition, while no depreciation is charged in the month of disposal of assets and also no depreciation is charged if the assets residual value exceeds its carrying value, or in the pre-operation period.

Surplus on revaluation of building, plant and equipment due to incremental depreciation is directly charged to unappropriated profit and loss in accordance with section 235(2) of the Companies Ordinance, 1984 read with SRO 45(1)/2003 dated January 13, 2003 issued by the Securities and Exchange Commission of Pakistan.

Residual values and useful lives are reviewed at each balance sheet date and adjusted if expectations differ significantly from previous estimates. The management estimates that the financial impact of changes in the residual values and the useful lives during the year ended June 30, 2017 is immaterial.

Residual values are determined by the management as the amount expects it would receive currently for an item of property, plant and equipment if it was already of the age and in the condition expected at the end of the life based on the prevailing market prices of the similar assets already at the end of its useful lives.

Normal repair & maintenance costs are charged to the profit and loss account in the year in which these are incurred. Major renewals, improvements, cost or expenditure incurred on the property, plant equipment subsequent to their initial reorganization is capitalized when it increases the future economic lives of the relevant assets and it is probable that future economic benefits embodied within the item of addition will flow to the company and its cost can be measured reliably.

The gain or loss on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognized as an income or expense.

LEASED ASSETS

The leases, where all the risks and rewards incidental to ownership of the leased assets have been transferred to the company are classified as finance leases. Assets subject to finance lease are stated at the lower of present value of minimum lease payments under the lease agreements and the fair value of the leased assets less accumulated depreciation and accumulated impairment losses, if any.

The related rental obligations, net of finance charges, are included in liabilities against assets subject to finance leases. The liabilities are classified as current and long term depending upon the timing of the payment.

Each lease payment is allocated between the liability and finance charges so as to produce a constant periodic rate of interest on the balance outstanding. The interest element of the rental is charged to income over the lease term.

Assets acquired under a finance lease are depreciated over the useful life of assets on reducing balance method at the same rates that are applicable to the owned assets. Depreciation of lease assets is charged to profit and loss account.

Full depreciation on additions in leased assets is charged when an asset is acquired while no depreciation is charged in the year in which the asset is disposed off/ transferred to own assets.

CAPITAL WORK IN PROGRESS

Capital work in progress is stated at cost less any identifiable impairment loss and includes the expenditure on material, labour and appropriate overheads directly relating to the project. These costs are transferred to fixed assets as and when assets are available for intended use.

3.2 INTANGIBLE ASSETS

Intangible asset is an identifiable non-monetary item without physical substance.

Intangible assets are recognized when it is probable the expected future economic benefit will flow to the entity and the cost of the asset can be measured reliably.

Intangible assets are stated at cost less accumulated amortization and accumulated impairment losses, if any. Amortization is charged over the estimated useful life of the asset on a systematic basis applying the straight line method.

Useful lives of intangible operating assets are reviewed, at each balance sheet date and adjusted if the impact of amortization is significant.

The gain or loss on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is recognized as an income or expense.

3.3 IMPAIRMENT

The carrying amount of the company's assets are reviewed at each balance sheet date to determine whether there are any indications of impairment. If any such indication exist, the asset's recoverable amount is estimated and impairment losses are recognized in the profit and loss account. The recoverable amount is the higher of an assets fair value less costs to sell and value in use.

Where impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised recoverable amount but limited to the extent of initial cost of the asset. Reversal of impairment loss is recognized as income

3.4 STOCK, STORES AND SPARES

Inventories are valued at lower of cost and net realizable value as per requirements of IAS 2. Cost of major stock items is determined as follows;

- Stores, spares and loose tools	At moving average cost
- Raw material	At annual average cost
- Finished goods	Comprised of direct material, labour, and appropriate manufacturing overheads.
-Waste	At net realizable value.
-Material in transit	Are stated at invoice value plus other charges incurred thereon.

Net realizable value signifies the estimates selling price in the ordinary course of business less costs necessary to be incurred in order to make a sale.

3.5 LOANS AND ADVANCES

Loans and advances are recognized initially at cost and subsequently measured at amortized cost.

3.6 CASH AND CASH EQUIVALENTS.

For the purpose of cash flow statement ,Cash and cash equivalents comprise of cash in hand and balance with banks on current and deposit accounts.

3.7 STAFF RETIREMENT BENEFITS

Defined benefit plan

The Company operates an unfunded gratuity scheme for all of its permanent employees who have attained the minimum qualifying period for entitlement to the gratuity. Provisions are made periodically on the basis of actuarial valuations for the gratuity scheme. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the year in which they arise. Past service costs are recognized immediately in the profit and loss account.

THE PRINCIPAL ACTUARIAL ASSUMPTION USED IN THE VALUATION ARE AS FOLLOWS:

	2017	2016
Discount rate	7.75%	7.25%
Expected rate of increase in salaries	6.75%	6.25%
Expected mortality rate	EFU (61-66) mortality table	EFU (61-66) mortality table
Actuarial valuation method	Projected Unit Credit	Projected Unit Credit
Average expected remaining life of the employees	6 Years	6 Years

Actuarial valuations are conducted annually and the last valuations were conducted as on September 11, 2017 by Nauman Associates based on the "projected unit credit method"

3.8 TRADE DEBTS AND OTHER RECEIVABLES

Trade debts and other receivables are carried at original invoice amount less an estimates made for doubtful debts, if any, base on the review of all outstanding amounts at the year end. Debts considered irrecoverable, are written off, as and when identified.

3.9 REVENUE RECOGNITION

Revenue from sale of goods is measured at the fair value of consideration received or receivable and recognized on delivery of goods to customers when significant risks and rewards are transferred to the buyers.

Income from processing and harvesting services is recognized on accrual basis in accordance with the terms and conditions of the agreement with customers to the extent services are actually rendered and associated costs and outcomes of the transaction involving the rendering of such services can be measured reliably.

3.10 EXPENSE RECOGNITION

Expenses are recognized on accrual basis, or otherwise, as stated..

3.11 BORROWINGS

Loans and borrowings are recorded at the proceeds received. Financial charges are accounted for on accrual basis and are included in interest / mark-up payables on loans and other payables to the extent of amount remaining unpaid, if any.

3.12 BORROWING COST

Borrowing costs are recognized as an expense in the year in which these are incurred.

3.13 TRADE AND OTHER PAYABLES

Liabilities for trade and other amounts payable are carried at cost which is the fair value of the consideration to be paid in future for goods and services received, whether or not billed to the company.

3.14 RELATED PARTY TRANSACTIONS

Transactions and contracts with related parties (if any) are carried out at arm's length price determined in accordance with comparable uncontrolled price method.

3.15 FINANCIAL INSTRUMENTS

All the financial assets and liabilities are recognized at the time when the company becomes a party to the contractual provisions of the instruments. All financial assets and liabilities are initially measured at cost, which is the fair value of the consideration given and receivable respectively. These financial assets and liabilities are subsequently measured at fair value, amortized cost or cost, as the case may be. The particular measurement methods adopted are disclosed in the individual policy statements associated with each item.

Financial assets are derecognized when the rights to receive cash flows from the assets have expired or have been transferred. The company has transferred substantially all risks and rewards of ownership. Financial liabilities are derecognized when they are extinguished i.e. when the obligations are discharged, cancelled or expired.

A financial asset and a financial liability is set off and the net amount is reported in the financial statements if the company has a legally enforceable right to set off the transaction and also intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

Any gain or loss on the recognition and derecognition of the financial assets and liabilities is included in the income for the year in which it arises.

3.16 CONTINGENT LIABILITIES

Contingent liabilities are disclosed when there is possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company; or there is present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

3.17 TAXATION

CURRENT

Provision for current taxation is based on taxable income for the year at the current rates of taxation after taking into account tax credits and tax rebates available, if any.

DEFERRED

Deferred tax is recognized using the liability method, on all temporary differences at the balance sheet date calculated at the prevailing rates, between the tax bases of assets and liabilities and their carrying costs for the purposes of financial reporting. Deferred tax liabilities are recognized for all taxable temporary differences to the extent that such differences will reverse in the due future and taxable income will be available for deducting temporary differences.

The carrying amount of deferred tax asset is reviewed on the balance sheet date and is reduced to the extent that it is no longer probable that the sufficient taxable profit will be available to allow in all or part of it for the deferred tax asset.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the assets is realized or the liability is settled based on the tax rates that have been enacted currently or subsequently at the balance sheet date.

Unrecognized deferred income tax assets are reassessed at each balance sheet date and are recognized to the extent that it becomes probable future taxable profits will allow deferred tax asset to be recovered.

3.18 PROVISIONS

Provisions are recognized in the balance sheet when the company has a legal or constructive obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation.

3.19 RESEARCH AND DEVELOPMENT COST

Research and development cost are recognized in the year in which these are incurred.

3.20 OFF SETTING:

Financial assets and liabilities are offset and the amount is reported in the financial statements only when there is legally enforceable right to set-off the recognized amount and the company intends either to settle on a net basis, or to realize the assets and to settle the liability simultaneously.

3.21 EARNING PER SHARE

The company presents basic and diluted earning per share (EPS) for its ordinary shares. Basis EPS is calculated by dividing the profit or loss attributable to ordinary shareholders by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects for all dilutive potential ordinary shares.

3A CHANGES IN ACCOUNTING POLICIES

3A.1 Amendments in IAS-19(Revised)'Employee Benefits'

IAS-19(revised)-'Employee Benefits' effective for annual periods beginning on or after January 01,2013 amends the accounting for employee benefits. The standard requires immediate recognition of past service cost in the profit and loss account and also replaces the interest cost on the defined benefit obligation and the expected return on plan assets with a net interest cost based on the net defined benefit asset or liability and the discout rate, measured at he beginning of the year.

Further, the corridor approach has been eliminated and a new term "remeasurements" has been introduced. This is made up of actuarial gains and losses, the difference between actual investment returns and the return implied by the net interest cost. The standard requires "remeasurements" to be recongnized in the balance sheet immediately, with a charge or credit to other comprehensive income in the periods in which they occur.

The company has applied this change in accounting policy retrospectively in accordance with IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' and recorded unrecognized actuarial losses net of taxes associated with retirement benefit plan by adjusting balance of 'Revenue Reserves', 'deferred taxation' and Gratuity as at the beginning of the earliest year presented i.e. july 01,2013 in accordance with the requirements of IAS-1- Presentation of Financial Statements(Revised).

31. FINANCIAL INSTRUMENTS AND RELATED DISCLOSURES
FINANCIAL RISK MANAGEMENT

The Company has exposure to the followings risks from its use of financial instruments:

Credit risk
Liquidity risk
Market risk

The Board of Directors has overall responsibility for the establishment and oversight of Company's risk management framework. The board is also responsible for developing and monitoring the Company's risk management policies.

COMPANY RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company's Audit Committee oversees how management monitors and compliance with Company's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Audit Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

31.1- Credit risk

Credit risk represents the accounting loss that would be recognized at the reporting date if counter parties fail completely to perform as contracted and arise principally from trade receivables, loans and advances and trade deposits. Out of the total financial assets of Rs. 47,633,266/-,(2016: Rs. 45,811,977/-) financial assets which are subject to credit risk amount to Rs. 41,130,411 /- (2016:Rs 36,072,701/-).

To manage exposure to credit risk in respect of trade receivables. Management maintains procedures covering the application for credit approvals, granting and renewal of counter parties limit taking into account the customer's financial position, past track record, credit rating and other factors. As a part of these processes, exposures of credit risk are regularly monitored, assessed and customer are persuaded for prompt recovery. In addition to this the company has established an allowances for impairment that is estimate of expected losses in respect of trade debts. This allowance is based on the management assessment of specific loss component that relate to significant exposures. Sales to customers are also made against advance payment to further prudently manage the credit risk.

The Company limits its exposure to credit risk by following the polices and procedures of approval and continuous monitoring of loan and advances extended to staff and suppliers and maintain bank account only with counterparty that have high degree of credit rating. Advance tax is adjustable or recoverable from FBR which is a State authority and have high credit rating. Given these high credit ratings, management do not expect that any of these counterparty fail to meet its obligations.

The carrying amount of financial assets represents the maximum credit exposure before any credit enhancements. The maximum exposure to credit risk at the reporting date was:

	2017 Rupees	2016 Rupees
Trade debtors	34,120,028	30,819,081
Loan's and advances	7,010,383	6,846,660
Trade deposits	1,840,030	122,850
Cash and Bank balance	4,617,825	8,023,386
	<u>47,588,266</u>	<u>45,811,977</u>

The trade debts as at the balance sheet date are classified by Geographical area as follows:

	2017	2016
Foreign	-	-
Domestic	34,120,028	30,819,081
	<u>34,120,028</u>	<u>30,819,081</u>

Impairment Losses

The aging of trade debts at the reporting date was:

	2017		2016	
	Gross debts	Impaired	Gross debts	Impaired
Not past due	3,218,847	-	16,570,904	-
Past due 0-30 days	23,604,091	-	4,578,875	-
Past due 30-60 days	2,873,144	-	2,365,164	-
Past due 60-90 days	731,060	-	1,591,936	-
Over 90 days	5,341,886	(1,649,000)	6,362,780	(650,578)
	<u>35,769,028</u>	<u>(1,649,000)</u>	<u>31,469,659</u>	<u>(650,578)</u>

The movement in the allowance for impairment in respect of trade debts during the year was as follows:

	2017 Rupees	2016 Rupees
Balance at the beginning of the year	650,578	2,459,990
Provision made during the year	1,649,000	650,578
Written off during the year	(650,578)	(2,459,990)
Balance at the end of the year	<u>1,649,000</u>	<u>650,578</u>

Based on past experience and practice, consideration of financial position, past track records and recoveries, the Company believes that trade debtors past due to 60 days do not require any impairment allowance and no impairment loss is necessary in respect of remaining portion of past due over 90 days other than amount provided. Trade debts are essentially due from corporate entities and farmers and the Company is actively pursuing for prompt recovery of debts and does not expect these counter parties to fail to meet their obligations.

The allowance accounts in respect of trade receivables, loans and advances are used to record impairment losses unless the Company is satisfied that no recovery of the amount owing is possible, at that point the amount considered irrecoverable is written off against the financial asset directly. an amount of Bad debts of Rs. 650,578/- has been written off against the provision and the remaining Bad debts amount Rs.1,649,000/- has been written off directly in P&L against debtor.

31.2- Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding to an adequate amount of committed credit facilities and the ability to close out market positions due to dynamic nature of the business. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The maturity profile of the Company's financial liabilities based on the contractual amounts is as follows:

	2017		2016	
	Carrying amount	Contractual Cashflows	Carrying amount	Contractual Cashflows
Loans and other borrowings - Unsecured	24,378,943	-	26,378,943	-
Trade and other payables - Unsecured	21,722,670	21,722,670	9,532,861	9,532,861
	46,101,613	21,722,670	35,911,804	9,532,861

The Company is not materially exposed to liquidity risk as substantially all obligations, commitments of the company are of short term and routine in nature (Accrued expense) and are restricted to the extent of available liquidity except the long term unsecured interest free loan obtained from the directors redeemable on the option of the Company. As a part of liquidity risk management policy Company follows effective cash flow, planning, controlling and management procedures to ensure availability of funds through effective working capital management and to appropriate measures for new requirements.

31.3- Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will effect company's income or the value of its holdings of financial instruments. The objective of the market risk management is to manage and control market exposures within acceptable parameters, while optimizing the return on risk.

31.3.1- Foreign currency risk management

Foreign currency risk arises mainly where receivable and payables exist due to the transactions with foreign undertaking. Financial assets and financial liabilities of the company are not exposed to currency risk as a company has not entered into any transaction with any foreign undertakings.

31.3.2 - Interest rate risk management:

The Company's income and operating cash flows are substantially independent of changes in market interest rates. The Company has no significant long term interest bearing financial assets and liabilities whose fair value or cash flows will fluctuate because of changes in market interest rates. As there is no interest bearing financial asset and liability therefore disclosure requirement of effective rate of interest not attracted.

31.3.3 - Capital risk management

The company's objectives when managing capital are to safeguard the company's ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders, and to maintain a strong capital base to support the sustained development of its businesses.

The company manage its capital structure by effective cash flow management to ensure availability of funds and by monitoring return on net assets and make adjustments thereto in the light of changes in economic conditions. Consistent with others in the industry, the company manage its capital risk by monitoring its debt levels and liquid assets and keeping in view future requirements and expectations of the shareholders. Debt is calculating as total borrowings. Total capital comprises shareholders equity as shown in the balance sheet under share capital and reserves. In order to maintain or adjust the capital structure, the company may also adjust the amount of dividends paid to shareholders or issue new shares.

31.3.4 - Other price risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk). The company is not exposed to any price risk as there are no financial instruments at the reporting date that are sensitive to price fluctuations.

31.4- Fair Value of financial assets and financial liabilities

The carrying value of financial assets and liabilities reflected in the financial statements approximate to their fair value.

32. DATE OF AUTHORIZATION FOR ISSUE

The financial statements have been authorized for issue on October 08, 2017 by the board of directors of the company.
