- v) In case of corporate entity, the Board of Directors' resolution/power of attorney, along with the specimen signature of the nominee, shall be produced (unless it has been provided earlier) along with the proxy form to the Company.

5. Notice to Shareholders who have not provided CNIC:

CNIC of the shareholders is mandatory in terms of directive of the Securities and Exchange Commission of Pakistan contained in S.R.O. 831(1)/2012 dated July 05, 2012 for the issuance of future dividend warrants etc. and in the absence of such information, payment of dividend may be withheld in term of SECP's above mentioned directive. Therefore, the shareholders who have not yet provided their CNICs are once again advised to provide the attested copies of their CNICs directly to our Shares Registrar without any further delay.

6. Mandate for E-DIVIDENDS for shareholders:

In order to make process of payment of cash dividend more efficient, e-dividend mechanism has been envisaged where shareholders can get amount of dividend credited into their respective bank accounts electronically without any delay. In this way, dividends may be instantly credited to respective bank accounts and there are no changes of dividend warrants getting lost in the post, undelivered or delivered to the wrong address, etc. The Securities and Exchange Commission of Pakistan (SECP) through Notice No. 8(4) SM/CDC 2008 dated April 5, 2013 had advised all Listed Companies to adopt e-dividend mechanism due to the benefits it entails for shareholders. In view of the above, you are hereby encouraged to provide a dividend mandate in favor of e-dividend by providing dividend mandate form duly filled in and signed.

7. Electronic Transmission of Financial Statements Etc.:

SECP through its notification No. SRO 787(1)/2014 dated September 8, 2014 has allowed companies to circulate Annual Audited Financial Statements along with Notice of Annual General Meeting through email instead of sending the same through post, to those members who desires to avail this facility. The members who desire to opt to receive aforesaid statements and notice of AGM through e-mail are requested to provide their written consent on the Standard Request Form available on the Company's website: <http://www.yousufdewan.com/DSFL/index.html>.

CHAIRMAN'S REVIEW

I am pleased to present a report on the overall performance of the Board of Directors and effectiveness of the role played by the board in achieving the company's objectives. The board of directors is responsible for the management of the company, which formulates all significant policies and strategies. The board is governed by relevant laws & regulations and its obligation, rights, responsibilities and duties are as specified and prescribed therein.

The Board of Directors comprises of individuals with diversified knowledge who endeavour to contribute towards the aim of the Company with the best of their abilities.

An annual self-evaluation of the Board of Directors of the Company is carried out. The purpose of this evaluation is to ensure that the Board's overall performance and effectiveness is measured and benchmarked against expectations in the context of objectives set for the Company.

On behalf of the Board, I want to say how grateful I am to our team members for their commitment and dedication during the Covid-19 pandemic. While working alternatively, they have maintained high levels of service to the company as well as supporting the well-being of their families and colleagues. It is a credit to them and the senior management team that we have been able to operate in light of these challenging conditions. I am justly proud of all their efforts.

During financial year ended June 30, 2020, five board meetings were held. The Board of Directors of the Company received agendas and supporting material in advance prior to the board and its committee meetings. The non-executive and independent directors are equally involved in important decisions. The Board's overall performance and effectiveness for the year under review was satisfactory.

Muhammad Irfan Ali
Chairman Board of Directors

Dated: September 28, 2020
Place : Karachi.

DIRECTORS' REPORT

IN THE NAME OF ALLAH; THE MOST GRACIOUS AND MERCIFUL

IF YE GIVE THANKS, I WILL GIVE YOU MORE (HOLY QURAN)

Your directors present to you the Thirty First Report of the company together with the Audited Accounts for the year ending June 30, 2020.

OPERATING AND FINANCIAL RESULTS AT A GLANCE

	(Rupees In '000')
SALES (NET)	(Nil)
COST OF SALES	(624,114)
GROSS LOSS	(624,114)
OPERATING EXPENSES	(40,445)
OPERATING LOSS	(664,559)
FINANCE COST	(371,380)
LOSS BEFORE TAXATION	(1,035,939)
TAXATION	108,063
LOSS AFTER TAXATION	(927,876)

During the year under review, your company recorded turnover of Rs. Nil (2019: Nil.) There is gross loss amounting to Rs. 624.114 million. (2019: Rs. 689.392 million).

During current financial year company was unable to conduct 3rd Quarter Board of Directors meeting due to Covid-19 and pandemic situation, subsequently which was conducted on September 25, 2020.

We humbly and gratefully bow our heads before Almighty Allah, and pray for his blessings for early revival of our company during this difficult period.

THE YEAR UNDER REVIEW

Despite of our best efforts, manufacturing operation of the country's largest polyester and only acrylic manufacturing plant in the current financial year could not be started. It is unfortunate that due to closure of Dewan Salman Fibre Limited (DSFL), short fall in the demand of polyester fibre and acrylic fibre is met by import of these commodities. This not only results in spending of huge foreign exchange but also deprives people of the country to earn honorable livings.

Management of your company has made various proposals for the restructuring of the company and all these proposals have been discussed with financial institutions to make it workable but unfortunately positive results have not yet emerged.

Auditors of the company have qualified their report on certain instances, in para (a) of their report they did not agree with the going concern assumption used in preparation of financial statements accordingly they have given their adverse opinion on the financial statements. The management is in process of negotiation with banks and is confident that the outcome will be positive. The justifications regarding preparation of financial statements on going concern assumption are more fully explained in note 2 to the financial statement.

The company has not made provision of mark-up for the year amounting to Rs.2.295 billion (up to 30 June 2020: Rs.23.602 billion) on its mark-up bearing liabilities.

The management has approached its bankers/financial institutions for restructuring of its long-term and short-term obligations. The management is confident that the company's restructuring proposals will be accepted by the bankers/financial institutions. Therefore, the company has not made any provision for mark-up as they will not be payable.

Para (c) of the report relates to valuation and classification of investment in Dewan Petroleum (Pvt.) Ltd. using the equity method as required under International Accounting Standard – 28 ‘Investment in associates’ which the company has classified as held for sale. The auditors are of the view that since the shareholders’ approval sought by the company in extra ordinary general meeting held on June 23, 2008 stands expired during the year therefore the investment should be valued using equity method. Investment has been classified as held for sale upon management’s intention to sell the same within next accounting cycle in the manner to be deemed appropriate, equitable, fit and beneficial to the interests of the company, although the shareholders’ approval has been expired but the management will seek further shareholder’s approval before disposal of the same.

Para (d) of the report relates to Trade debts amounting to Rs. 1.473 billion are stagnant, not being recovered, against which a provision of Rs.0.737 billion has been made so far. Since these trade debts are doubtful of recovery therefore the provision should be made there against. Had provision been made, loss for the period would have been further higher by Rs.0.737 billion.

Management of your company making utmost efforts to recover these debts and we believe that there will be a positive response from debtors in future.

INDUSTRY OVERVIEW

In the year under review, global markets were shaken by the COVID-19 pandemic. Market conditions were suppressed in the first half of the financial year due to the trade war between USA and China. The situation started to improve in January 2020 when USA and China signed phase one of the trade agreement. Meanwhile the Coronavirus pandemic began to spread in the world. Most of the countries implemented lockdowns and business activities were halted. The situation eased up in May 2020 and gradually business activities were restored.

During the year under review, PTA and MEG prices witnessed decline which resulted a downward trend in the local PSF price. The capacity utilization of the domestic PSF manufacturers remained at the optimum level during the first two quarters of the fiscal year but later it was affected by the high volumes of imported PSF.

Pakistan domestic textile industry was greatly affected. The entire chain starting from spinning to garment manufacturing came under severe pressure due to complete lockdown. Demand of textile products in the country was declined, whereas the export orders were either cancelled or deferred by the international buyers. Therefore, the sales volume of PSF in the year under review was less than the previous year.

The State Bank of Pakistan lowered its benchmark interest rate to 7% in June 2020 as against 13.25% in July 2019 to continue supporting domestic economic activity.

In the year under review, your company remained closed.

PRINCIPAL ACTIVITIES OF THE COMPANY

Dewan Salman Fibre Limited is incorporated in Pakistan as a public limited Company and is listed on the Pakistan Stock Exchange. The Company’s principal activity was the manufacturing and sale of Polyester staple fibre (PSF) and Acrylic staple fibre (ACY) and Tow products. Currently the operations of your company are closed.

PRINCIPAL RISKS AND UNCERTAINTIES

The Company consider the following as key risks:

- Significant competition in international PSF market;
- Depreciation of Pak Rupee against US Dollar;
- Non-availability of banking lines.

TO THE MEMBERS OF DEWAN SALMAN FIBRE LIMITED****REVIEW REPORT TO THE MEMBERS ON THE STATEMENT OF COMPLIANCE CONTAINED
IN LISTED COMPANIES (CODE OF CORPORATE GOVERNANCE) REGULATIONS, 2019**

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 ('the Regulations') prepared by the Board of Directors ('the Board') of Dewan Salman Fibre Limited ('the Company') for the year ended 30 June 2020 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended 30 June 2020.

Further, we highlight the instance of non-compliance with the requirement of the Regulations as reflected in the paragraph 9 of the Statement of Compliance. The Company is required to have at least half of the directors on its board to be certified under any directors training program as at 30 June 2020, however, the Company has only two directors certified under director training program.

TO THE MEMBERS OF DEWAN SALMAN FIBRE LIMITED
REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS****Adverse Opinion**

We have audited the annexed financial statements of Dewan Salman Fibre Limited ('the Company'), which comprise the statement of financial position as at 30 June 2020, and the statement of profit or loss and other comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, because of the significance of matters discussed in basis for adverse opinion paragraph, the statement of financial position, statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof do not conform with the accounting and reporting standards as applicable in Pakistan and do not give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively do not give a true and fair view of the state of the Company's affairs as at 30 June 2020 and of the loss and other comprehensive loss, the changes in equity and its cash flows for the year then ended.

Basis for Adverse Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan ('the Code') and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse opinion.

- a) The financial statements of the Company for the year ended 30 June 2020 reflect loss after taxation of Rs.0.928 billion and as of that date it has accumulated losses of Rs.20.050 billion which resulted in net capital deficiency of Rs.12.759 billion and its current liabilities exceeded its current assets by Rs.17.997 billion and total assets by Rs.11.361 billion. The operations of the Company are closed since December 2008 due to working capital constraints. Furthermore, the Company has been unable to ensure timely repayment of debts owing to financial institutions due to liquidity problems and short-term finance facilities have expired and not been renewed by banks. Following course, certain lenders have gone into litigation for repayment of liabilities through attachment and sale of Company's hypothecated / mortgaged properties and certain lenders have also filed winding up petitions. These conditions lead us to believe that the going concern assumption used in preparation of these financial statements is inappropriate; consequently, the assets and liabilities should have been stated at their realizable and settlement amounts respectively.
- b) The Company has not made provision of markup for the year amounting to Rs.2.295 billion (up to 30 June 2020: Rs.23.602 billion) (refer note 27.1) on account of restructuring proposal offered to the lenders as described in note 2 to the financial statements. Non-provisioning of markup is based on management's hope that the restructuring proposal will be accepted by lenders in the proposed manner. In our opinion, since the proposal has not been accepted by the lenders so far and the lenders, instead of accepting the restructuring proposal, have preferred filing suits against the Company, therefore the provision of markup should be made in these financial statements. Had the provision of markup been made in the financial statements, the loss after taxation for the year would have been higher by Rs.2.295 billion and markup payable would have been higher and shareholders' equity would have been lower by Rs.23.602 billion.

- c) Investment in associate company 'Dewan Petroleum (Private) Limited' is disclosed as non-current assets held for sale (refer note 22 to the financial statements) although the resolution for the permission to sale the same has been expired during the financial year 2009, which is non-compliance of IFRS 5 Non-current assets held for sale. This investment is required to be accounted for at equity method as prescribed in International Accounting Standard – 28 'Investment in associates'. We are unable to quantify the effect of the same as latest audited accounts of Dewan Petroleum (Private) Limited were not made available;
- d) Trade debts amounting to Rs.1.473 billion are stagnant, not being recovered, against which a provision of Rs.0.737 billion has been made so far (refer note 17 to the financial statements). Since these trade debts are doubtful for recovery therefore the provision should be made there against. Had the provision been made, loss for the year would have been further higher by Rs.0.737 billion;
- e) We did not observe counting of physical inventories as at 30 June 2020 as the management did not carry out the same. We are unable to satisfy ourselves by alternative means concerning the inventory quantities held at 30 June 2020 which are stated in the balance sheet at net value of Rs.0.586 billion;

Key Audit Matter(s)

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report other than the matters described in the basis for adverse opinion section.

Information Other Than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. As described in the basis for adverse opinion section of our report, we have concluded that the other information is materially misstated for the same reason.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) Except for the effects of the matters discussed in the Basis for Adverse Opinion paragraph, proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) Because of the matters described in Basis for Adverse Opinion section, the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have not been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) however, the same are in agreement with the books of account and returns;
- c) Except for the effects of the matters discussed in the Basis for Adverse Opinion paragraph, investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) No Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2020

1 STATUS AND NATURE OF BUSINESS

The Company was incorporated in Pakistan on 4 October 1989 under repealed Companies Ordinance 1984, now Companies Act, 2017 and its shares are listed on Pakistan Stock Exchange. It is engaged in manufacturing and sale of polyester, acrylic fibre and tow products. However, the operations of the Company are closed since December 2008.

The geographical location and address of Company's business units including plant is as under:

- The registered office of the Company is situated at Plot No. 6, street no. 9, Fayyaz market, G-8/2, Islamabad, Pakistan.
- The factory office of the Company is situated at Plot No. 1, Dewan Farooque Industrial Park, Hattar, District Haripur (K.P.K), Pakistan.
- The corporate office of the Company is situated at Finance and Trade Centre, Block-A, 2nd Floor, Shahrah-e-Faisal, Karachi, Pakistan.

2 GOING CONCERN ASSUMPTION

The financial statements for the year ended 30 June 2020 reflect loss after taxation of Rs.0.928 billion (2019: Rs.1.710 billion) and as of that date it has accumulated losses of Rs.20.050 billion (2019: Rs.19.390 billion) which have resulted in net capital deficiency of Rs.12.759 billion (2019: Rs.11.832 billion) and its current liabilities exceeded its current assets by Rs.17.997 billion (2019: Rs.17.632 billion) and total assets by Rs.11.361 billion (2019: Rs.10.355 billion). The operations of the Company are closed since December 2008 due to working capital constraints. Further, the Company has been unable to ensure timely repayments of debts owing to financial institutions due to liquidity problems and short term finance facilities have not been renewed by banks. Following course most of the lenders have gone into litigation for repayment of liabilities through attachment and sale of Company's hypothecated / mortgaged properties and certain lenders have also filed winding up petitions. These conditions indicate the existence of material uncertainty, which may cast significant doubt about Company's ability to continue as going concern.

These financial statements have been prepared on going concern assumption because the above conditions are temporary and would reverse. The management is confident that the outcome will be positive as the Company is negotiating re-profiling of the debt with all the lenders and is expected to be closed in near future. Accordingly the Company has approached its lenders for the restructuring of its entire debt in the following manner:

- a) All the debt obligations of the Company be converted into interest bearing long term loan in proportion to their respective current exposures;
- b) Principal to be repaid in 12 years in equal quarterly installments commencing from the 28th month of the restructuring date;
- c) Mark-up payable as on 31 December 2008 to be freezed and paid quarterly over a period of three years commencing after 3 months from the restructuring date;

The management believes that the restructuring proposal presented is workable and would enable the Company to service its debts. Therefore, the management is confident that the proposal will be accepted by its lenders. Accordingly, these financial statements have been prepared on a going concern basis.

3 BASIS OF PREPARATION

3.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan with the exception of departure of IFRS as mentioned in note 27.1 to the financial statements, for which the management concludes that provisioning of mark up would conflict with the objectives of the financial statements. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and

- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017 have been followed.

3.2 Basis of measurement

These financial statements have been prepared under the historical cost convention except the obligation in respect of gratuity fund which is measured at present value and certain property, plant and equipment which are carried at revalued amounts.

3.3 New standards, amendments to approved accounting standards and new interpretations

3.3.1 Standards, interpretations and amendments to published approved accounting standards that are not yet effective

The following amendments to existing standards and interpretations have been published and are mandatory for the year ended 30 June 2020 and are considered to be relevant to the Company's financial statements:

	Effective Date (Period beginning on or after)
IFRS 9 Financial Instruments [Amendments]	01 January 2019

IAS 19 Employee Benefits [Amendments]	01 January 2019
IFRS 3 Business Combinations [Amendments]	01 January 2019
IFRS 11 Joint Arrangement [Amendments]	01 January 2019

3.3.2 Standards, interpretation and amendments to approved accounting standards that are not yet effective

	Effective Date (Period beginning on or after)
Conceptual Framework in IFRS Standards [Amendments]	01 January 2020
IFRS 7 Financial Instruments: Disclosures [Amendments]	01 January 2020
IFRS 9 Financial Instruments [Amendments]	01 January 2020
IAS 16 Property, Plant and Equipment [Amendments]	01 January 2020
IAS 37 Provisions, Contingent Liabilities and Contingent Assets [Amendments]	01 January 2020
IFRS 16 Leases [Amendments]	01 June 2020
IAS 1 Presentation of Financial Statements [Amendments]	01 January 2020
IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors [Amendments]	01 January 2020
Annual improvements to IFRS Standards 2018-2020	01 January 2020

3.4 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. The financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency and have been rounded off to the nearest rupee.

3.5 Use of estimates and judgements

The preparation of the financial statements in conformity with approved accounting standards as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of policies and the reported amounts of assets and liabilities and income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant affect on the amounts recognised in the financial statements are as follows:

3.5.1 Operating fixed assets, revaluation and depreciation

The Company reviews appropriateness of the rate of depreciation, useful lives and residual values used in the calculation of depreciation. The estimates of revalued amounts of revalued assets are based on valuations carried out by a professional valuer. Further, where applicable, an estimate of the recoverable amount of assets is made for possible impairment on an annual basis. In making these estimates, the Company uses the technical resources available with the Company. Any change in the estimates in the future might affect the carrying amount of respective item of property, plant and equipment, with corresponding effects on the depreciation charge and impairment.

3.5.2 Trade debts and amount due from related parties

The Company reviews its doubtful debts at each reporting dates to access whether provision should be recorded in the statement of profit or loss. In particular, judgment by management is required in the estimates of the amount and timing of future cash flows when determining the level of provision required. Such estimates are based on assumptions about a number of factors and actual results may differ, resulting in future changes to the provisions.

3.5.3 Income tax

In making the estimates for income tax currently payable by the Company, the management considers the current income tax laws and the decisions of appellate authorities on certain issues in the past.

3.5.4 Stores and spares

The Company reviews the net realizable value (NRV) and impairment of stores and spare parts to assess any diminution in the respective carrying values and wherever required provision for NRV / impairment is made. The calculation of provision involves the use of estimates with regards to future estimated use and past consumption along with stores and spares holding period.

3.5.5 Staff retirement benefits

Certain actuarial assumptions have been used as disclosed in these financial statements (note 8.1.1) for the actuarial valuation of unfunded gratuity scheme. Changes in these assumptions in future years may effect the liability under this scheme in those years.

4 SIGNIFICANT ACCOUNTING POLICIES

Except as described below in note 4.1, the significant accounting policies are consistently applied in the preparation of these financial statements are the same as those applied in earlier period presented.

4.1 IFRS 16 'Leases'

The Company has adopted IFRS 16 'Leases' from 01 July 2019. The standard introduces a single, on-balance sheet accounting model for leases. As a result, the Company as a lessee has recognised right-of-use assets representing its right to use the underlying assets and lease liabilities representing its obligations to make lease payments.

The Company has applied IFRS 16 using the modified retrospective approach and has not restated the comparative information presented for 2019, as permitted under the specific transitional provisions in the standard.

Lease liabilities include the net present value of the following lease payments:

- Fixed payments (including in-substance fixed payments), less any lease incentives receivable;
- Variable lease payment that are based on an index or a rate;
- Amounts expected to be payable by the lessee under residual value guarantees;
- The exercise price of a purchase option if the lessee is reasonably certain to exercise that option; and
- Payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be determined, the lessee's incremental borrowing rate is used, being the rate that the lessee would have to pay to borrow the funds necessary to obtain an asset of similar value in a similar economic environment with similar terms and conditions.

Right-of-use assets are measured at cost comprising the following:

- The amount of the initial measurement of lease liability;
- Any lease payments made at or before the commencement date less any lease incentives received;
- Any initial direct costs; and
- Restoration costs.

The company has not elected to recognise right-of-use assets and lease liabilities for short-term leases of properties that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term. There is no impact of adaptation of IFRS 16 in the financial statements.

4.2 Property, plant and equipment and depreciation

Owned:

Item of property, plant and equipment is recognized as asset when it is probable that future economic benefits associated with the asset will flow to the company and its cost to the company can be measured reliably.

An item of property, plant and equipment, which qualifies for recognition as an asset, is initially measured at its cost. Cost includes expenditure that is directly attributable to the acquisition of the item. Subsequent to initial recognition items of property, plant and equipment are carried at a revalued amount, being its fair value at the date of the revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. Revaluations are made with sufficient regularity such that the carrying amount does not differ materially from that which would be determined using the fair value at the balance sheet date.

Any revaluation increase arising on the revaluation of assets is recognised in other comprehensive income and presented as a separate component of equity as "Revaluation surplus on property, plant and equipment", except to the extent that it reverses a revaluation decrease for the same asset previously recognised in profit or loss, in which case the increase is credited to profit or loss to the extent of the decrease previously charged. Any decrease in carrying amount arising on the revaluation of assets is charged to profit or loss to the extent that it exceeds the balance, if any, held in the revaluation surplus on property, plant and equipment relating to a previous revaluation of that asset. The revaluation reserve is not available for distribution to the Company's shareholders. The surplus on revalued assets to the extent of incremental depreciation charged (net of deferred tax) is transferred to unappropriated profit.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the income statement during the financial year in which they are incurred.

Capital work in process is stated at cost, less any recognized impairment loss. Depreciation on these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is charged so as to write off the cost or revaluation of assets, other than leasehold and freehold land and capital work-in-process, over their estimated useful lives, using the reducing balance method, on the basis of rates specified in note 13. Depreciation on additions is charged from the month of acquisition or transfer of assets from capital work in progress on proportionate basis.

The gain or loss arising on the disposal or retirement of an asset is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in income statement.

Leased:

Assets subject to finance lease are initially recorded at lower of the present value of minimum lease payments under the lease agreements and the fair value of leased assets. The related obligation under the finance lease less financial charges allocated to future periods are shown as liability.

Depreciation charge is based on the reducing balance method at the rates specified in Note 13. Depreciation on additions is charged from the month of acquisition or transfer of assets from capital work in progress on proportionate basis.

Maintenance and normal repairs are charged to income as and when incurred; major renewals and improvements are capitalized and the assets so replaced, if any, are retired.

The gain or loss arising on the disposal or retirement of an asset is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in income statement.

4.3 Staff retirement benefits

The Company operates an unfunded Gratuity Scheme (the Plan) for eligible employees of the Company. The Company's obligation under the scheme is determined through actuarial valuation carried out at each year end under the Projected Unit Credit Method. Remeasurements which comprise actuarial gains and losses and the return on plan assets (excluding interest) are recognized immediately in other comprehensive income.

The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contribution and benefit payments. Net interest expense and current service cost are recognized in statement of profit or loss. The latest actuarial valuation was conducted by a qualified professional firm of actuaries using the "Projected Unit Credit Method".

4.4 Taxation

Current

Provision for current taxation is based on current rates of tax after taking into account tax credits and rebates available, if any.

Deferred

Deferred tax is recognized on all major timing differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amount used for taxation purposes.

4.5 Trade and other payables

Trade and other payables are recognized initially at fair value plus directly attributable cost, if any, and subsequently measured at amortized cost.

4.6 Borrowing costs

Borrowings costs are recognized as an expense in the period in which these are incurred except to the extent of borrowing cost that are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing costs, if any, are capitalized as part of the cost of the relevant asset.

4.7 Investment in associates

Associates are entities over which the Company exercises significant influence. Investment in associates is accounted for using equity basis of accounting, under which the investment in associate is initially recognised at cost and the carrying amount is increased or decreased to recognise the Company's share of profit or loss of the associate after the date of acquisition. The Company's share of profit or loss of the associate is recognised in the Company's statement of profit or loss. Distributions received from associate reduce the carrying amount of the investment. Adjustments to the carrying amount are also made for changes in the Company's proportionate interest in the associate arising from changes in the associates' other comprehensive income that have not been recognised in the associate's profit or loss. The Company's share of those changes is recognised in other comprehensive income of the Company. The carrying amount of the investment is tested for impairment, by comparing its recoverable amount (higher of value in use and the fair value less costs to sell) with its carrying amount and loss, if any, is recognised in profit or loss. If the Company's share of losses of an associate equals or exceeds its interest in the associate, the Company discontinues recognising its share of further losses. If the associate subsequently reports profits, the investor or joint venturer resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

4.8 Stores and spares

These are valued at average cost except for those in transit, which are valued at cost. Provision for obsolete items is based on their condition as at the financial position date depending upon the management's judgement.

4.9 Stock in trade

Raw and packing materials except for those in transit are valued at lower of average cost and net realizable value.

Work-in-process is valued at material cost only. Conversion costs are not included as these are not significant.

Finished goods are valued at lower of cost, which includes prime cost and appropriate portion of production overheads, and net realizable value.

Items in transit are valued at cost comprising invoice values plus other charges incurred thereon.

Net realizable value signifies the estimated selling price in the ordinary course of business less cost necessarily to be incurred to make the sale.

4.10 Trade debts

Trade debts and other receivables are stated initially at fair value and subsequently measured at amortized cost using the effective interest rate method, if applicable, less provision for impairment, if any. A provision for impairment is established where there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables. Trade debts and receivables are written off when considered irrecoverable.

Offsetting of financial assets and financial liabilities

A financial asset and a financial liability is offset and the net amount reported in the balance sheet if the Company has a legally enforceable right to set-off the recognised amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

4.11 Foreign currency translation

Foreign currency transactions during the year are recorded at the exchange rates approximating those ruling on the date of the transaction. Monetary assets and liabilities in foreign currencies are translated at the rates of exchange which approximate those prevailing on the balance sheet date. Gains and losses on translation are taken to statement of profit or loss.

4.12 Transactions with related parties

All transactions with related parties are priced on an arm's length basis using Comparable Uncontrolled Price Method.

4.13 Revenue recognition

- Sales are recorded on dispatch of goods to customers.
- Return on bank deposits and investments are recognised on accrual basis.
- Dividend income is recognised when the Company's right to receive the dividend is established.

4.14 Provisions

Provisions are recognised in the balance sheet when the Company has a legal or constructive obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimates.

4.15 Cash and cash equivalent

Cash and cash equivalents comprise cash and cheques in hand, balances with banks, term deposits with original maturity period of three months or less, short term running finances and temporary book overdrawn balances.

4.16 Non-current assets held for sale

Non-current assets classified as held for sale are measured at the lower of their carrying amounts and fair value less cost to sell. Impairment losses on initial classification as held for sale and subsequent gains and losses on remeasurement are recognized in profit or loss.

4.17 Financial instruments

4.17.1 Initial measurement of financial asset

The Company classifies its financial assets into following three categories:

- Fair value through other comprehensive income (FVOCI);
- Fair value through profit or loss (FVTPL); and
- Measured at amortised cost.

A financial asset is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

Subsequent measurement

Debt Investments at FVOCI

These assets are subsequently measured at fair value. Interest / mark-up income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognised in the statement of profit or loss account. Other net gains and losses are recognised in other comprehensive income. On de-recognition, gains and losses accumulated in other comprehensive income are reclassified to the statement of profit or loss account.

Equity Investments at FVOCI

These assets are subsequently measured at fair value. Dividends are recognised as income in the statement of profit or loss account unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in other comprehensive income and are never reclassified to the statement of profit or loss account.

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest / mark-up or dividend income, are recognised in the statement of profit or loss account.
Financial assets measured at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest / mark-up income, foreign exchange gains and losses and impairment are recognised in the statement of profit or loss account.

4.17.2 Non-derivative financial assets

All non-derivative financial assets are initially recognised on trade date i.e. date on which the Company becomes party to the respective contractual provisions. Non-derivative financial assets comprise loans and receivables that are financial assets with fixed or determinable payments that are not quoted in active markets and includes trade debts, advances, other receivables and cash and cash equivalent. The Company derecognises the financial assets when the contractual rights to the cash flows from the asset expires or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risk and rewards of ownership of the financial assets are transferred or it neither transfers nor retain substantially all of the risks and rewards of ownership and does not retain control over the transferred asset.

4.17.2.1 Trade debts, advances and other receivables

These are classified at amortised cost and are initially recognised when they are originated and measured at fair value of consideration receivable. These assets are written off when there is no reasonable expectation of recovery. Actual credit loss experience over past years is used to base the calculation of expected credit loss.

4.17.2.2 Cash and cash equivalents

For the purpose of presentation in statement of cash flow, cash and cash equivalents includes cash in hand, balances with banks and investments with maturities of less than three months or less from acquisition date that are subject to insignificant risk of changes in fair value and short term borrowings availed by the Company, which are repayable on demand and form an integral part of the Company's cash management.

4.17.3 Financial liabilities

Financial liabilities are initially recognised on trade date i.e. date on which the Company becomes party to the respective contractual provisions. Financial liabilities include mark-up bearing borrowings and trade and other payables. The Company derecognises the financial liabilities when contractual obligations are discharged or cancelled or expire. Financial liability other than at fair value through profit or loss are initially measured at fair value less any directly attributable transaction cost. Subsequent to initial recognition, these liabilities are measured at amortised cost using effective interest rate method.

4.17.3.1 Mark-up bearing borrowings and borrowing costs

Mark-up bearing borrowings are recognised initially at fair value, less attributable transaction costs. Subsequent to initial recognition, mark-up bearing borrowings are stated at amortised cost, while the difference between the cost (reduced for periodic payments) and redemption value is recognised in the statement of profit or loss account over the period of the borrowings using the effective interest method.

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of the relevant asset.

4.17.3.2 Trade and other payables

Trade and other payables are recognised initially at fair value plus directly attributable costs, if any, and subsequently measured at amortised costs.

4.17.4 Derivative financial instruments - other than hedging

Derivatives that do not qualify for hedge accounting are recognised in the statement of financial position at estimated fair value with corresponding effect to statement of profit or loss account. Derivative financial instruments are carried as assets when fair value is positive and liabilities when fair value is negative.

4.17.5 Derivative financial instruments - cash flow hedges

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in fair value of the derivative is recognised in other comprehensive income and accumulated in hedging reserve. Any ineffective portion of changes in fair value of derivative is recognised immediately in the statement of profit or loss account. The amount accumulated in equity is removed therefrom and included in the initial carrying amount of non-financial asset upon recognition of non-financial asset.

The fair value of forward exchange contracts is estimated using appropriate valuation techniques. These are carried as assets when the fair value is positive and liabilities when the fair value is negative.

4.17.6 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when the Company has currently legally enforceable right to set-off the recognised amounts and the Company intends either to settle on a net basis or to realise the assets and to settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in normal course of business and in the event of default, insolvency or winding up of the Company or the counter parties.

4.18 Impairment**4.18.1 Financial assets**

The Company recognises loss allowances for Expected Credit Losses (ECLs) in respect of financial assets measured at amortised cost.

The Company measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- Debt securities that are determined to have low credit risk at the reporting date; and
- Other debt securities and bank balance for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables are always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than past due for a reasonable period of time. Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

Loss allowances for financial assets measured at amortised cost are deducted from the Gross carrying amount of the assets.

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering of a financial asset in its entirety or a portion thereof. The Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due. The adoption of the expected loss approach has not resulted in any material change in impairment provision for any financial asset.

4.18.2 Non-financial assets

The carrying amounts of the Company's non-financial assets, other than deferred tax assets and inventories are reviewed at each balance sheet date to determine whether there is any indication of impairment. If such indication exists, the asset's recoverable amount, being higher of value in use and fair value less costs to sell, is estimated. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in the statement of profit or loss.

6.1 This represents surplus on revaluation of freehold land, leasehold land, non-factory building, factory building and plant and machinery. The latest revelation has been carried out at 30 June 2017 by an independent valuer M/s. Anderson Consulting (Private) Limited. The basis of revaluation are stated below:

Land

Valuation of land is determined by obtaining key market data from property brokers, dealers and estate agents to ascertain the asking and selling prices of the property of the same nature in the immediate neighborhood and adjoining areas.

Building

Revalued amount of building has been determined by reference to present depreciated replacement values after taking into consideration covered area and type of construction, age of civil and ancillary structures, physical conditions and level of preventive maintenance carried out by the Company.

Plant and machinery

Revalued amount of plant and machinery has been determined by reference to present depreciated replacement values after taking into consideration the existence, level of maintenance and assessment of value of the machinery on the basis of its present conditions. Since the plant is not operational therefore assessment is carefully made to establish if the machinery can be put into operation after routine maintenance. New price is calculated according to the market values, applied suitable depreciation as per their condition, usage, life and maintenance and determined its Current Market Values.

- 6.2 The revaluation surplus on property, plant and equipment is a capital reserve, and is not available for distribution to the shareholders in accordance with section 241 of the Companies Act, 2017.

7.1.2 This represents US Dollars 30 million term loan obtained from IFC to finance the setting up specialty fibre project and repayment of high cost loans. This is secured by way of hypothecation charge on all the present and future property, plant and equipment of the Company.

7.1.3 This represents the financing of US Dollars 4 million obtained under the "Convertible C Loan Agreement" dated 16 June 2003 from IFC to finance the setting up specialty fibre project and repayment of high cost loans. This is secured by way of first ranking security interests in all assets subject to the security documents.

A commitment fee shall be paid to IFC @ 0.5 % per annum beginning on the date of this agreement until the date of disbursement on the basis of a 360-days year and the actual number of days in the relevant period.

This loan shall repay the entire outstanding amount of the C Loan on the fourteenth interest payment date @ 5% per annum from the date of execution of this agreement i.e., February 24, 2004 unless prior to the fourteenth interest payment date, subject to any prior conversion of all or part of the C Loan pursuant to the conversion option. "The conversion option may be exercised by IFC one or several times, each time by delivering a notice of conversion. IFC shall subscribe for the conversion shares at the conversion price and shall pay by setting off with the C Loan. The conversion period commencing on the second anniversary of the date of this agreement and ending on the date when all amounts of whatsoever nature, outstanding has been paid to the entire satisfaction of IFC.

According to agreement the basic conversion price is Rs.20/- per share. The conversion price per share obtained by applying the formula "to multiply the basic conversion price with initial number of share divided by number of issued, subscribed, paid up shares as of the settlement date." and the conversion shares calculated by applying the formula "the part of the C Loan to be converted into US / Pak Rs official rate as of the settlement date divided by conversion price per share".

There is further extension of convertible C Loan agreement with the acceptance of US Dollar 1 million dated 14 May 2004 with all the terms and conditions of the said agreement remains unchanged.

10.1 The facilities for various loans and finances under mark-up arrangements available from various banks amount to Rs.8.766 billion (2019: Rs.8.766 billion) and carry mark up ranging from 1% to 4% (2019: 1% to 4%) over one to six months KIBOR. These facilities are secured by hypothecation of the Company's stock-in-trade and book debts and are generally for a period of one year renewable at the end of the period. These facilities have not been renewed by the banks, however, the renewal would take place at the finalization of the financial restructuring process. During the year, the Company a settlement has been made and consequently entire liability has been paid as morefully explain in note 11.1 to the financial statements. The lenders listed above are in litigation with the Company as more fully explained in note 12.1(a) to the financial statements.

11 OVERDUE PORTION OF LONG TERM LIABILITIES			
Overdue portion of long term loans	7	4,611,774	4,522,524
Overdue portion of lease liabilities	11.1	7,300	54,145
		4,619,074	4,576,669

11.1 The Company entered into lease agreements with various leasing companies to acquire gas generators to reduce the power costs. The rentals under these lease agreements are payable quarterly up to the period ended June 2011. Mark up rate ranging from 13.71% to 14.38% (2019: 13.71% to 14.38%) per annum have been used as discounting factors. The cost of operating and maintaining the leased assets will be borne by the Company. The Company intends to exercise its option to purchase the leased assets at its aggregate residual value of Rs.8.498 upon the completion / settlement of the respective lease. During the year under consideration, the Company has been paid entire principal liability of a financial institution plus cost of funds. Consequently, short amount against cost of fund has been provided in these financial statements and has been taken to profit or loss account.

12 CONTINGENCIES AND COMMITMENTS

12.1 Contingencies

(a) In respect of liabilities towards banks / financial institutions disclosed in note 7, 9, 10 and 11 to the financial statements, most of banks / financial institutions have filed suits in Honorable High Court of Sindh at Karachi for recovery of their liabilities through attachment and sale of Company's hypothecated / mortgaged properties. The aggregate suits amount is Rs. 22.110 billion, out of total suits amount four of the banks having suit to the extent of Rs. 2.435 billion has also filed winding up petition u/s 301 of the Companies Act, 2017. Since the Company is in dispute with banks / financial institutions therefore the estimated financial effect of litigations is not being disclosed, as it may have adverse affect on Company's position in the suits.

The management has disputed the claim and is strongly contesting the cases. The management has filed counter claims alleging that the banks claims are highly exaggerated as they have charged mark-up on mark-up and other levies higher than the rate of mark-up agreed and other charges in violation of State Bank of Pakistan rules and all other applicable laws of Pakistan. The management is hopeful that the decision will be in favour of the Company and the base less suits shall be rejected by the concerned courts. Since all the cases are pending before Honorable Courts therefore the ultimate outcome cannot be established at this stage. Since the banks / financial institutions are in litigation with the Company, therefore balance confirmations have not been received there from.

(b) The Company is defendant in a legal proceeding initiated by certain transporters for an aggregate amount of Rs.31.127 million (being pending bill of Rs.27.127 million and Rs.4 million as delayed payment charges) which is pending before Hon'able Lahore High Court (Rawalpindi Bench), the outcome of which cannot be established at this stage. The management, based on the strength of its case and the advice of its lawyers, believes that no additional liability will arise out of these proceedings; hence no provision for delayed payment charges has been made in these financial statements.

(c) Guarantees given by the commercial banks on behalf of the company amounted to Rs.78.30 million (2019: Rs.78.30 million).

27.1 The Company has not made the provision of mark-up amounting to Rs.2.295 billion (Upto 30 June 2020: Rs.23.602 billion) keeping in view of the financial restructuring proposed to the lenders as disclosed in note 2. Management is hopeful that the restructuring proposal will be accepted by the lenders. Had the provision been made the loss for the year would have been increased by Rs.2.295 billion and accrued mark-up would have been increased and shareholders' equity would have been decreased by Rs.23.602 billion. The said non-provisioning is departure from the requirements of IAS-23 'Borrowing Costs'.

33 FINANCIAL INSTRUMENTS AND RELATED DISCLOSURES

The Company is exposed to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital.

Risk management framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors is responsible for developing and monitoring the Company's risk management policies.

The Company's objective in managing risk is the creation and protection of shareholders value. The Company's risk management policies are established to identify and analyse the risk faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Board of Directors reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

33.1 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economics, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

Exposure to credit risk

In summary, the maximum exposure to credit risk as at 30 June 2020 and 30 June 2019 was as follows:

	2020		2019	
	Financial assets	Maximum exposure	Financial assets	Maximum exposure
	----- (Rupees in '000) -----		----- (Rupees in '000) -----	
Long term investments	--	--	25,205	25,205
Trade debts	736,647	736,647	928,042	928,042
Short term deposits	151,437	151,437	160,553	160,553
Advances	13,611	13,611	13,440	13,440
Other receivables	5,873	5,873	78,355	78,355
Cash at banks	14,439	14,439	15,755	15,755
	922,007	922,007	1,221,350	1,221,350

The Company manages credit risk of receivables through the monitoring of credit exposures and continuous assessment of credit worthiness of its customers. The Company believes that it is not exposed to any major concentration of credit risk as its customers are credit worthy and dealing banks possess good credit ratings.

33.2 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company aims to maintain the level of its cash and cash equivalents at an amount in excess of expected cash outflows on financial liabilities by continuous monitoring of forecast and actual cash outflows. The Company also monitors the level of expected cash inflows on trade and other receivables together with expected cash outflows on trade and other payables.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted and include estimated interest payments.

	Carrying amounts	Contractual cash flows	Six months or less	Six to twelve months	One to two years	Two to five years
2020						
<i>Non-derivative financial liabilities</i>	(Rupees in '000)					
Long term loans	4,860,333	4,991,419	4,611,774	--	--	379,645
Trade and other payables	947,794	947,794	947,794	--	--	--
Short term borrowings	13,770,926	--	--	--	--	--
	19,579,053	5,939,213	5,559,568	--	--	379,645
2019						
<i>Non-derivative financial liabilities</i>	(Rupees in '000)					
Long term loans	4,746,109	4,902,169	4,522,524	--	--	379,645
Trade and other payables	943,208	943,208	943,208	--	--	--
Short term borrowings	13,794,714	--	--	--	--	--
	19,484,031	5,845,377	5,465,732	--	--	379,645

All the financial liabilities of the Company are non derivative financial liabilities. The contractual cash flow relating to the above financial liabilities have been determined on the basis of mark-up rates effective as at 30 June.

33.3 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

33.3.1 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign currency risk arises mainly where receivables and payables exist due to transactions entered into foreign currencies.

The Company is exposed to foreign currency risk primarily with respect to loans and bank balances denominated in US Dollars (USD).

Exposure to currency risk

The summary of the quantitative data about the Company's exposure to foreign currency risk is as follows:

<u>Assets / (liabilities)</u>	2020 ------(Rupees in '000)-----	2019
Loans	(3,543,750)	(3,454,500)
Bank balances	<u>10,758</u>	<u>10,481</u>
	<u>(3,532,992)</u>	<u>(3,444,019)</u>
The following significant exchange rate has been applied:		
USD to PKR (Reporting date rate in Rupees)	<u>168.75</u>	<u>164.50</u>

Sensitivity analysis

At reporting date if PKR against US Dollar had strengthened by 10% against the US Dollar with all other variables held constant loss / profit for the year would have been lower / higher by the amounts shown below, mainly as a result of foreign exchange loss on translation of foreign currency liabilities.

Effect on loss	<u>353,299</u>	<u>344,402</u>
----------------	----------------	----------------

The 10% weakening of the PKR against US Dollar would have had an equal but opposite impact on the loss for the year on the basis that all other variables remain constant.

33.3.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

At the reporting date, the interest rate profile of the Company's interest-bearing financial instruments was:

Fixed rate instruments at carrying amounts:

Financial assets		
Balance with banks	<u>10,758</u>	<u>10,481</u>
Financial liabilities		
Long term loans	<u>3,543,750</u>	<u>3,454,500</u>

Variable rate instruments at carrying amounts:

Financial liabilities		
Loans	<u>1,068,024</u>	<u>1,068,024</u>
Short term borrowings	<u>13,768,050</u>	<u>13,791,838</u>
	<u>14,836,074</u>	<u>14,859,862</u>

Fair value sensitivity analysis for fixed rate instruments:

The Company does not account for any fixed rate financial assets at fair value through profit or loss, therefore a change in interest rates at the reporting date would not affect profit or loss.

Cash flows sensitivity analysis for variable rate instruments:

Since the Company has not made provision for mark-up on its variable rate instruments therefore cash flow sensitivity analysis is not being given.

**33.4 Fair value of the financial instruments**

The carrying amounts of financial assets and financial liabilities approximate their fair value as assets and liabilities are either short term or are repriced frequently. The fair value is determined on the basis of non observable market data. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique.

Fair value hierarchy

The Company measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The Company does not have any investments to be carried at fair value.

33.5 Capital risk management

The Company's prime objective when managing capital is to safe guard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits to other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

39 IMPACT OF COVID-19 ON FINANCIAL STATEMENTS

The sudden spread of COVID-19 has disrupted lives, livelihoods, communities, and businesses worldwide. In March 2020, the relevant authorities announced a temporary lockdown as a measure to reduce the spread of the COVID-19. Complying with the lockdown, the Company offices were also temporarily closed. At that difficult time, our focus was to safeguard the well-being of everyone. Further due to the measures taken by the Government to control the pandemic has also badly affected the economic activity and businesses have come to a halt not only in Pakistan but globally as well. The Company believes that this crisis presents an opportunity to take bold actions and show leadership and solidarity. The level of communication has been significantly increased and associates have been empowered to work remotely.

The revenue of the Company was not impacted by COVID-19 due to the closure of the company's plant operations since December 2008 and remained closed during the year. The management has assessed the accounting implications arising out of these developments on these financial statements, including but not limited to the following areas:

- The impairment of tangible and intangible assets under IAS 36, "Impairment of non-financial assets"
- The net realizable value of Inventory under IAS 2, "Inventories"

Based on the assessment, there is no significant accounting implication arising out of the effects of COVID-19 in these financial statements.

حصص کی آمدنی

زیر جائزہ مدت کے دوران حصص کا خسارہ منفی 2.53 روپوٹ ہوا جبکہ گزشتہ سال 2019 میں یہ خسارہ منفی 4.67 روپوٹ ہوا تھا۔

حصص یا فٹنگی:

حصص کی حصول کی درخواست، سالانہ روپوٹ کے ساتھ منسلک ہے۔

اظہار تشکر:

بورڈ کمپنی کو اپنے قابل قدر حصص یافتگان، وفاقی اور صوبائی حکومت کے کارکنوں، بینکوں اور مالیاتی اداروں اور سلسبیل کے گاہکوں سے امید ہے کہ، ماضی کی طرح ان کا تعاون، حمایت اور سرپرستی جاری رہے گی۔

بورڈ اپنی کمپنی کے ایگزیکٹوز، عملے کے ارکان کی طرف سے پیش کی گئی گراں قدر خدمات، وفاداری اور قابل ستائش کوششوں کو نہ صرف سراہتا ہے بلکہ وہ انہیں کمپنی کا سب سے قیمتی اثاثہ سمجھتا ہے۔

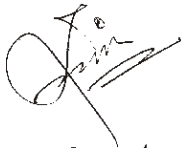

آڈیٹرز:

کمپنی کے موجودہ آڈیٹرز میسرز فاروق علی اینڈ کمپنی چارٹرڈ اکاؤنٹنٹ اور میسرز فیروز شریف طارق اینڈ کمپنی چارٹرڈ اکاؤنٹنٹ نے اس سال اپنی خدمات کی مدت مکمل کر لی اور کارپوریٹ گورننس کے کوڈ کے مطابق دوبارہ اپنی خدمات مہیا کرنے کی خواہش ظاہر کی ہے۔ آڈٹ کمیٹی نے بھی اگلے سال کی عمومی اور سالانہ اجلاس تک کے لیے انکی دوبارہ تقرری کی سفارش کی ہے۔

اختتام:

آخر میں ہم اللہ کے حضور یہ دعا مانگتے ہیں کہ رسول اللہ حضرت محمد صلی اللہ علیہ وسلم کے صدقے میں اپنے رحم و کرم اور برکتیں ہم پر نازل فرما۔ ہمیں صراطِ مستقیم عطا فرما۔ ہماری قوم اور ملک میں خوشحالی، امن، ہم آہنگی، تمام امت مسلمہ میں حقیقی اسلامی روح، بھائی چارگی اور اتحاد عطا فرما۔ آمین، ہمہ آمین۔

پیرا (ج) رپورٹ کے مطابق کمپنی نے دیوان پٹرولیم میں سرمایہ کاری کی درجہ بندی انٹرنیشنل اکاؤنٹنگ اسٹینڈرڈ کی شق 28 کے مطابق تعلق داروں کے ساتھ سرمایہ کاری میں کی ہے جبکہ یہ سرمایہ کاری فروخت کے لیے رکھ چھوڑے اثاثہ جات کے خانے میں موجود ہے۔ کمپنی اس سرمایہ کاری کو اگلے مالیاتی سال میں فروخت کرنے کا ارادہ رکھتی ہے تاکہ حاصل ہونے والی رقم کمپنی کی پیداواری سرگرمیاں دوبارہ شروع کرنے میں مددگار ثابت ہو۔ اس مقصد کے لیے 2008 میں ایک خصوصی قرارداد منظور کی گئی تھی جو کہ مذکورہ سال میں ہی اپنی معیاد پوری کر چکی۔ چنانچہ اس سرمایہ کاری کو فروخت کرنے کے لیے حصص یافتگان سے دوبارہ منظوری لی جائے گی۔

آڈٹ رپورٹ یہ بھی واضح کرتی ہے۔ کہ تجارتی قرض 1.473 بلین روپے جس پر 0.737 بلین روپے کے سود کا تخمینہ لگایا گیا ہے ابھی تک واپس نہیں لیے گئے اور جو سود کا شمار ہیں۔ چونکہ ان قرضوں کی واپسی مشکوک ہے اس لیے نقصان کا تخمینہ لگانا ضروری ہے۔ اس بات کو مد نظر رکھتے ہوئے کمپنی نے مزید 0.737 بلین روپے نقصان کا تخمینہ لگایا ہے۔

آپ کی کمپنی کی انتظامیہ ان قرضوں کی وصولی کے لیے اپنی انتہائی کوشش کر رہی ہے۔ ہمیں قرضداروں سے مثبت رویے اور جلد از جلد قرضوں کی وصولی کی امید ہے۔

صنعت کا مجموعی جائزہ

زیر جائزہ مالی سال میں عالمی مارکیٹیں کوڈ-19 جیسے وبائی امراض سے لرز گئیں۔ امریکہ اور چین کے مابین تجارتی جنگ کی وجہ سے مالی سال کے پہلے نصف حصے میں مارکیٹ کے حالات دبے ہوئے تھے۔ صورتحال جنوری 2020 میں اس وقت بہتر ہونا شروع ہوئی جب امریکہ اور چین نے تجارتی معاہدے کے ایک مرحلے پر دستخط کیے۔ اسی اثنا میں دنیا میں کورونا وائرس پھیلنے لگا۔ لاک ڈاون نافذ کرنے والے بیشتر ممالک میں کاروباری سرگرمیاں رک گئیں۔ وبائی صورتحال مئی 2020 میں کم ہو گئی اور آہستہ آہستہ کاروباری سرگرمیاں بحال ہو گئیں۔

زیر غور سال کے دوران، پی ٹی اے اور ایم ای جی کی قیمتوں میں کمی دیکھی گئی جس کے نتیجے میں مقامی پی ایس ایف کی قیمتوں میں مندی کا رجحان رہا۔ مقامی پی ایس ایف مینوفیکچررز کی صلاحیت کا استعمال مالی سال کے پہلے دو حلقوں کے دوران زیادہ سے زیادہ سطح پر ہالیکن بعد میں یہ درآمد شدہ پی ایس ایف کی اعلیٰ مقدار سے متاثر ہوا۔

پاکستان کی مقامی ٹیکسٹائل کی صنعت بہت متاثر ہوئی۔ مکمل لاک ڈاون کی وجہ سے کٹائی سے لے کر گارمنٹس مینوفیکچرنگ تک کا سارا سلسلہ شدید دباؤ میں آیا۔ ملک میں ٹیکسٹائل کی مصنوعات کی طلب کو مسترد کر دیا گیا، جبکہ برآمدات کے احکامات کو یا تو منسوخ کر دیا گیا یا بین الاقوامی خریداروں نے ان کو موخر کر دیا۔ لہذا، زیر جائزہ سال میں پی ایس ایف کی فروخت کا حجم پچھلے سال سے کم تھا۔

کمپنی کی بنیادی سرگرمیاں

دیوان سلمان فائبر لمیٹڈ ایک پبلک لمیٹڈ کمپنی ہے اور پاکستان اسٹاک ایکسچینج میں ایک لسٹڈ کمپنی کے طور پر درج ہے۔ کمپنی کی بنیادی سرگرمی پالینسٹر اسٹیل فابری، آکراننگ اسٹیل فابری اور ٹاؤ کی صنعت کاری اور فروخت ہے۔ تاحال آپ کی کمپنی کی پیداواری سرگرمیاں معطل ہیں۔

بنیادی خطرات اور تحفظات

کمپنی مندرجہ ذیل نکات کو اہم خطرات تصور کرتی ہے:

بین الاقوامی پی ایس ایف مارکیٹ میں مقابلہ بازی

امریکی ڈالر کے خلاف پاک روپیہ کا عدم استحکام

بینکنگ لائسنس کی غیر دستیابی

کمپنی اندرونی اور بیرونی خطرات اور غیر یقینی صورتحال کے اثرات کو کم کرنے کے لیے کوشاں ہے۔

ڈائریکٹرز کا جائزہ

کمپنی کے بورڈ آف ڈائریکٹرز کی طرف سے مالی سال 2019-2020 کی سالانہ یعنی کہ 30 جون 2020 کے لیے اکتیسویں آڈٹ شدہ مالیاتی گوشوارے حاضر خدمت ہیں۔

مالیاتی صورتحال کا جائزہ

(000' روپے)	
(صفر)	مجموعی فروخت
(624,114)	فروخت اور ترسیل کے اخراجات
(624,114)	مجموعی نقصان
(40,445)	انتظامی اخراجات
(664,559)	انتظامی نقصان
(371,380)	مالیاتی نقصان
(1,035,939)	قبل از ٹیکس نقصان
108,063	ٹیکس
(927,876)	بعد از ٹیکس نقصان

زیر جائزہ مدت کے دوران کمپنی کی مجموعی فروخت صفر رہی (2019: صفر)، کمپنی کا مجموعی نقصان 624.114 ملین روپے (2019: 689.392 ملین روپے) رہا۔ موجودہ مالی سال کے دوران کمپنی کو 19 اور بائی صورتحال کی وجہ سے تیسری سہ ماہی کے بورڈ آف ڈائریکٹرز کا اجلاس منعقد نہ کر سکی، بعد ازاں، یہ اجلاس 25 ستمبر 2020 کو منعقد ہوا۔

ہم اللہ تبارک و تعالیٰ کے حضور سربسجود ہیں اور دعا گو ہیں کہ وہ اپنی رحمت سے ہماری کمپنی پر سے مشکل وقت کو آسان فرمادے۔ (آمین)

زیر جائزہ مالیاتی سال

باوجود انتھک محنت اور کوششوں کے آپ کی کمپنی جو کہ ملک کے سب سے بڑے پالیسٹر اور ملک کے واحد کرائٹنگ کی پیداوار کا باعث تھی۔ اس سال بھی اپنے آپریشن شروع کرنے میں ناکام رہی ہے۔ اسکی بنیادی وجہ آپ کی کمپنی کا مسلسل دس سال سے بند رہنا، بین الاقوامی اور مقامی مارکیٹوں میں پالیسٹر اور آکرائٹنگ کی طلب میں نمایاں کمی ہیں۔ جسکی وجہ سے کمپنی کو زرمبادلہ کی مدد میں بھاری نقصان تو اٹھانا پڑ ہی رہا ہے ساتھ ساتھ کمپنی سے منسلک ملازمین کی بنیادی ضروریات زندگی بھی متاثر ہو رہی ہیں۔

آپ کی کمپنی کے انتظامیہ نے کمپنی کی بحالی کے لئے مختلف تجاویز پیش کی ہیں اور ان تمام تجاویز کو مالیاتی اداروں کے ساتھ قابل عمل بنانے کے بارے میں تبادلہ خیال کیا گیا ہے لیکن بد قسمتی سے مثبت نتائج ابھی تک ابھرتے نظر نہیں آئے ہیں۔

آپ کی کمپنی کے آڈیٹرز نے اپنی رپورٹ میں کچھ مشاہدات کی نشاندہی کی ہے۔ جیسے کہ پیرا (ا) میں رپورٹ کرتے ہیں کہ وہ گوبینگ کنسرن کے مفروضے پر مالیاتی رپورٹس کی تیاری پر راضی نہیں، اور اپنی منہی رائے رکھتے ہیں۔ جبکہ کمپنی کے مطابق مینجمنٹ بینکاروں سے مسلسل مذاکرات کے عمل میں ہیں اور پر امید ہیں کہ نتیجہ مثبت ہوگا۔ مالیاتی رپورٹس کی گوبینگ کنسرن کے مفروضے پر تیاری کی مزید تاویلات اگلے پیرا میں دیکھی جاسکتی ہے۔

زیر جائزہ مدت میں کمپنی نے بینکوں کو واجب الادا رقم پر سود جو کہ 2.295 بلین روپے (جون 2020 تک 23.602 بلین روپے) بننا ہے پر سود کا تخمینہ نہیں لگایا۔ کمپنی کی انتظامیہ بینکوں/مالیاتی اداروں سے رابطے میں ہے تاکہ قرضوں کی واپسی کی نئی شرائط پر غور کیا جاسکے۔ انتظامیہ کو یقین ہے کمپنی کی قرضوں سے متعلق گزارشات کو مالیاتی اداروں کی طرف سے قبول کیا جائے گا، لہذا کمپنی نے سود کے حوالے سے کوئی تخمینہ نہیں لگایا ہے۔

5. تاحالی سی این آئی سی فراہم نہ کرنے والے شیئرز ہولڈرز کو نوٹس

سکیورٹیز اینڈ ایکسچینج کمیشن آف پاکستان کے ایس آر او (1)831/2012 مورخہ 5 جولائی 2012ء میں درج ذیل ہدایات کے مطابق شیئرز ہولڈرز کو ڈیویڈنڈ وارنٹس وغیرہ کے اجراء کے لیے سی این آئی سی لازمی ہے جس کی عدم موجودگی میں ڈیویڈنڈ کی ادائیگی ایس ای سی پی کی مندرجہ بالا ہدایات کے مطابق روکی جاسکتی ہے لہذا جن حصص یافتگان نے تاحالی سی این آئی سی فراہم نہیں کیے ہیں ان کو ایک بار پھر ہدایت کی جاتی ہے کہ اپنے سی این آئی سی کی تصدیق شدہ کاپی بلا تاخیر براہ راست ہمارے شیئرز رجسٹرار کو فراہم کریں۔

6. شیئرز ہولڈرز کے لیے ای ڈیویڈنڈ مینڈیٹ

نقد منافع تقسیمہ کی ادائیگی کو مزید بہتر بنانے کے لیے ای ڈیویڈنڈ میکانزم متعارف کرایا گیا ہے جس کے تحت حصص یافتگان ڈیویڈنڈ کی رقم فوری طور پر اپنے متعلقہ بینک اکاؤنٹ میں الیکٹرانکلی وصول کر سکتے ہیں اس طریقہ سے ڈیویڈنڈ ان کے بینک اکاؤنٹ میں منتقل ہو جائے گا اور بذریعہ ڈاک گمشدگی، عدم وصولی اور غلط پتے پر وصولی وغیرہ کے خدشات نہیں ہوں گے، سکیورٹیز اینڈ ایکسچینج کمیشن آف پاکستان (ایس ای سی پی) کے نوٹس نمبر 8(4) ایس ایم/سی ڈی سی 2008 مورخہ 5 اپریل 2013ء کے ذریعہ تمام لسٹڈ کمپنیوں کو حصص ہولڈرز کے مفاد میں ای ڈیویڈنڈ میکانزم کو اختیار کرنے کی ہدایات جاری کی گئی ہیں، مندرجہ بالا کے پیش نظر آپ کو ڈیویڈنڈ مینڈیٹ فارم پر اور دستخط کے ہمراہ جمع کرا کے ڈیویڈنڈ مینڈیٹ فراہم کیا جا رہا ہے۔

7. مالی گوشواروں وغیرہ کی الیکٹرانکلی ترسیل

ایس ای سی پی نے اپنے اعلامیہ نمبر ایس آر او (1)787/2014 مورخہ 8 ستمبر 2014ء کمپنیوں کو سالانہ آڈٹ شدہ مالی گوشواروں مع سالانہ اجلاس کے نوٹس ڈاک کی بجائے بذریعہ ای میل ان ممبران کو ارسال کرنے کی اجازت دے دی ہے جو اس سہولت سے استفادہ حاصل کرنے کے منتھی ہیں، مذکورہ بالا گوشوارے اور سالانہ اجلاس عام کے نوٹس بذریعہ ای میل وصول کرنے کے خواہشمند ممبران سے درخواست ہے کہ وہ کمپنی کی ویب سائٹ <http://www.yousufdewan.com/DSFL/index.html> شیئرز رجسٹریکسٹ فارم پر اپنی خواہش تحریری طور پر فراہم کریں۔
