REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

The Board of Directors of BMA Asset Management Company Limited, the Management Company to BMA Chundrigar Road Savings Fund (BCSF) is pleased to present its report and financial statements of the Fund for the period ended December 31, 2010.

PROFILE

The launch announcement of the BMA Chundrigar Road Savings Fund (“BCSF”) was made on 14 August, 2007, Pakistan’s 60th year of independence and BCSF was formally launched on 23rd August. The BCSF seeks to provide its investors with an attractive rate of return by investing in all fixed income and money market instruments of low risk and short duration. The fund’s aim is to maintain a rupee-weighted average maturity for the investment portfolio of not more than 5 years. The benchmark for our return is one month KIBOR and all investment returns obtained from the Fund are exempt from capital gains, withholding and income tax.

FUND’S FINANCIAL PERFORMANCE

During 1HFY11 (Jun10-Dec10) the Fund earned PKR12.8 mn from income on investments, bank balances and term deposits. Due to unfavourable movement in TFC prices the fund had realized losses of PKR17.4mn, while unrealized gains stood at PKR30.2mn. Total income thus came to PKR29.1mn

Expenses for the half year totaled PKR3.4mn and consisted of PKR0.3mn remuneration to the trustee of the fund, PKR0.1mn fee to the SECP and PKR2.0mn remuneration to the management company. As a result net income for the year was PKR25.8 mn.

Total Income	29,141,228

Net Asset Value per unit (Rupees)	10.31

As of 31 December the net assets of the Fund were PKR175.9mn, of which 0.5% was held as cash while TFCs comprised the major investment with 96.4%. The weighted average time to maturity of the portfolio as of 31 December was 7.0 years.

Asset Allocation [31.12.10]

RETURN DURING THE PERIOD FOR INVESTORS

During the 6M period ended 31 December the Fund had generated an annualized return of 14.25% while 2QFY11 returns were 13.82%.

RECENT DEVELOPMENTS

Fund size has continued to decrease which accounts for the high exposure to TFCs and volatility in Fund returns. However the fund has managed to continue meeting redemptions and maintained itself as a going concern. Going forward it is expected that income from its Sukuk holdings of Maple Leaf and Kohat Cement will normalize.

MACROECONOMIC OUTLOOK

During the first half of fiscal year 2011 the SBP resumed the monetary tightening cycle with three consecutive discount rate hikes of 50bps each in Jul10, Sep10 and Nov10. Currently the discount rate stands at 14.0% and it is expected that during 2HFY11 a further increase of between 50bps-100bps is on the cards.

These projections are based on a number of factors which include; higher commodity prices, resurgent inflationary pressures and deficit monetization.

Higher commodities prices especially oil have the potential to derail the fragile macroeconomic stabilization program enacted in the wake of IMF financing. With the Arab blend of crude oil crossing the USD100/barrel mark (on the back of Middle East political instability), Pakistan's external accounts could see some pressure during 2HFY11.

With revisions in the prices of petroleum and utilities expected, we project that the full year average for the Consumer Price Index will come in between 15.0%-16.0%, which means that current interest rates are negative.

In addition the government has been unable to attract multilateral or unilateral aid flows/assistance to finance the increasingly large fiscal deficit. This deficit is projected to cross PKR1 trillion during FY11 and the burden of financing it has so far fallen to the SBP and domestic banks. With external assistance unlikely to materialize, pressure on liquidity, interest rates and private sector borrowing is expected to continue.

On the flip side the current account deficit recorded a very rare surplus of USD50mn during 1HFY11. FOREX reserves were at record levels of over USD17.0bn (providing 6M of import cover) and the PKR has resultantly been relatively stable against the USD over the last few months.

STRATEGY

In light of the above macroeconomic scenario, BCSF's strategy is likely to focus on the following;

- Allocation to TFCs will continue to be reduced so that NAV volatility can be minimized in the coming months.
- Continue to raise cash to ensure liquidity and ability to meet redemptions.

9. CONTINGENCY

The Finance Act 2008 introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF ordinance). As a result of this amendment, the WWF Ordinance has become applicable to all Collective Investment Schemes / mutual funds (CISs) whose income exceeds Rs 0.5 million in a tax year, have been brought within the scope of the WWF Ordinance, thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever is higher. In this regard, a constitutional petition has been filed by certain CISs through their trustees in the Honorable High Court of Sindh, challenging the applicability of WWF to the CISs, which is pending adjudication.

Subsequently, a clarification was issued by the Ministry of Labour and Manpower (the Ministry) which stated that mutual funds are not liable to contribute to WWF on the basis of their income. This clarification was forwarded by Federal Board of Revenue (FBR) (being the collecting agency of WWF on behalf of the Ministry) to its members for necessary action. Based on this clarification, the FBR also withdrew notice of demand which it had earlier issued to one of the mutual funds for collection of WWF. Notices of demand have also been issued to several other mutual funds and the matter has been taken up by the respective mutual funds with the FBR for their withdrawal on the basis of the above referred clarification of the Ministry.

On December 14, 2010, the Ministry filed its response to the constitutional petition pending in the Court on the subject of WWF applicability to the mutual funds. As per the legal counsel handling the case, there is a contradiction between the earlier clarification issued by the Ministry on the matter and the response filed by the Ministry in the Court recently.

The Management Company believes that there is no need to make provision on account of WWF contribution in the financial statements amounting to Rs. 1.6 million. Further, the Management Company also expects that the constitutional petition pending in the Honorable High Court of Sindh on the subject as referred above will be decided in favour of the mutual funds.
