MONEY MARKET REVIEW:

During the 1st quarter FY10-11 money market remained mostly liquid with the average overnight rates ranging from 11.50% to 12.50%. The T-bill for 3, 6 and 12 months were trading between the ranges of 12.45%-12.65%, 12.70%-12.95% and 12.90-13.20% respectively. However, SBP increased the Discount Rate by 50 Bps on September 29, 2010 as expected earlier which resulted in spike on T-bill yields as witnessed by 3 months T-bill traded above 12.80% in the market. During the period, SBP continues to monitor the market liquidity and kept its focus on interest rate volatility as reflected by Open Market Operations where as the money market hit the floor rate many times due to extra liquidity available in the system. Moreover, as a result of hike in discount rate from 13.00% to 13.50% and overall view of interest rates on higher side, financial institutions opted for investing in short term exposures as evident by heavy participation in 3 months treasury bills with a cut off yield at 12.75% in last auction. The interest rates are rising and there are great chances of further hike in interest rates so the fund will be able to invest on better rates and the current drop in yield will be regained hopefully 2nd quarter.

We expect the money market to remain liquid during the 2nd quarter FY10-11 with active intervention by Central Bank. Moreover, we expect the interest rates to remain on optimum levels with overnight rates hovering around 11.50% to 12.25% with some elevation in the yields of T-Bills in the coming auctions as the market is expecting higher inflation coupled with another hike in Monetary Poilcy to be announced by end November, 2010.

FUND PERFORMANCE

FSGF started the 1st quarter of FY10-11 at a NAV/unit of PKR at 100.22 (Ex-NAV) and closed the quarter at NAV of PKR 102.85 up by annualized 10.82% against the bench mark return of 12.62% on quarter to quarter basis and provided our valued investors with dividend of PKR 2.95 per unit. However, the average peer group return for the first quarter was 11.54%. On asset allocation side, the fund is highly liquid with our portfolio comprised 66% of cash, 22% short term placements in COI and TDRs with AA- rated banks & DFIs with maturity ranging from 7 days to 60 days only, 1.28% in commercial Paper, whereas investments and trading in T-bills remained at the same level of 6.72%, while TFCs exposure remained at 1.37% only. This little alignment in asset allocation has not compromised our asset quality as almost 98% of our fund is invested in AA- rated instruments or better. We will continue with our investment strategy

keeping the interest rate risk at lowest possible levels while ensuring highest credit quality within our portfolio and tap any short term opportunity in the market to pass on competitive returns to our unit holders.

Main reason for decline in EPU as compared to the same period of last year was distribution equalization adjustment arising on the net movement of units.

Reference to the amendments in the workers welfare fund as disclosed in the Note 11 to the financial statements, during the period Ministry of Labour & Manpower issued a clarification dated July 08, 2010 & further clarified it through its additional clarification dated July 15, 2010 which clearly states that mutual funds are products being managed by Asset Management Companies (AMCs). AMCs only are liable to contribute towards WWF. However the income of mutual funds, the product being sold, is exempted under the law ibid. MUFAP, on behalf of its member AMCs, obtained a legal opinion to assess the implications of the advice issued by the Ministry of Labour and Manpower. The legal opinion, among other things, stated that mutual funds are not required to provide for contribution to WWF and earlier provisioning, if any, can be reversed and the advice also suggests that provisioning was neither required nor necessary. However, audit firms are not convinced even on the clarification issued by Ministry of Labour and Manpower and are of the opinion that until the decision will be finalized from Honourable court or FBR issues a clear notification, such liability should be provided by funds. Management of FAML decided not to provide WWF Liability upto the materiality level and upon breach of materiality level it will be booked in the books of fund.

Accordingly, no provision in respect of WWF for the year ended June 30, 2009, June 30, 2010 and quarter ended September 30, 2010 amounting to Rs. 12,972,976, Rs. 14,237,820 and Rs. 3,744,470 respectively, has been made in these financial statements.

FUND RATING

FSGF maintained its rating of "A (f)" denoting high level of stability in the asset allocation mix of the portfolio and lower inherent investment policy risk pertaining to the overall asset allocation. This fund rating was assigned by JCR-VIS.

9. CONTINGENCIES AND COMMITMENTS

9.1 Through the Finance Act, 2008, an amendment was made in section 2(f) of the Workers' Welfare Fund Ordinance, 1971 (the WWF Ordinance) whereby the definition of 'Industrial Establishment' has been made applicable to any establishment to which West Pakistan Shops and Establishment Ordinance, 1969 applies. The Mutual Funds Association of Pakistan (MUFAP), on behalf of its members, filed a constitutional petition in the Honourable High Court of Sindh (SHC) praying it to declare that the funds are not establishments and as a result are not liable to pay contribution to the Workers' Welfare Fund (WWF). The SHC has rejected the petition on technical grounds stating that MUFAP is not the aggrieved party in this case and required the aggrieved parties to approach the courts for the said petition. In response, another petition has been filed with the SHC by some of mutual funds through their Trustee.

However, due to the fact that (a) a final decision in this matter by the SHC is currently pending, and (b) the amount involved is not material to the financial statements of the Fund taken as a whole, no provision in respect of WWF for the years ended June 30, 2009, June 30, 2010 and period ended September 30, 2010 amounting to Rs.12,972,976, Rs.14,237,820 and Rs. 3,744,470 respectively, has been made in these financial statements (see also note 23.2).

9.2 Commitments

There were no commitments as at September 30, 2010.

10. TAXATION

The income of the Fund for the year is exempt from tax under clause 99 of Part 1 of the Second Schedule to the Income Tax Ordinance, 2001, as the Fund intends to distribute more than 90% of its accounting income for the year, as reduced by the capital gains whether realised or unrealised, among its unit holders.
