DIRECTORS' REPORT

On behalf of the Board, I am pleased to present the half yearly results of the Bank for the period ended June 30, 2010. The highlights of the half year under review are:

(Rs. In m)	June-10	Dec-09	Growth (%)
Total Deposits	33,139	27,987	18.4%
Total Assets	40,799	34,271	19.0%
Total Financing net	15,637	13,282	17.7%
Total Investment	6,572	6,813	(3.5%)
Share-holders equity	4,709	4,725	(0.3%)
Branches	102	102	
	June-10	June-09	
Basic Earnings/(loss) per share	(0.031)	(0.499)	93.8%

The loss during the quarter and for the half is mainly due to change in accounting policy for recognizing revenue on the Istisn'a transactions which has been brought in line with the AAOFI Standard. All of the income not recognized during this period is expected to be realised during the same calendar year. Aside from this, the Bank continued to record impressive growth in deposits (+ 18.40%), Financing (+ 17.70%) and Assets (+ 19.00%). Liquidity position of the Bank remained excellent. BankIslami is probably the only Bank which has depository products ranging upto ten years with less than 6% corporate concentration. There is no change in forecast for the year i.e. Profit on full year basis.

Having said that, at the time of writing the report, there is no credible assessment of the impact of damage due to recent floods. Specifically, on the Bank, all of our branches remained operational though the deposit intake has some what slowed down. While it is early to make any assessment, the Directors intend reviewing the situation in the next one month and its impact on the Bank.

The Bank has been assigned a long term entity rating of 'A' and short term rating of 'A-1' by Pakistan Credit Rating Agency Limited (PACRA).

On the capital front, the Bank is engaged in a dialogue with State Bank with various options which include issuing right shares and/or acquisition and subsequent merger of another Bank. We expect to resolve this issue Inshallah by end of this quarter.

The Board would like to place on record its deep appreciation to the State Bank which has supported us with an un-wavering commitment. Gratitude is also due to the Securities and Exchange Commission. Finally, we are thankful to our employees and customers for their patronage and support.

On behalf of the Board

Hasan A. Bilgrami

AUDITORS' REPORT TO THE MEMBERS ON REVIEW OF INTERIM FINANCIAL INFORMATION

Introduction

We have reviewed the accompanying interim condensed Statement of financial position of BankIslami Pakistan Limited (the Bank) as at 30 June 2010 and the related interim condensed profit and loss account, interim condensed statement of comprehensive income, interim condensed cash flow statement and interim condensed statement of changes in equity and explanatory notes (here-in-after referred to as "interim financial information") for the six-months period then ended. Management is responsible for the preparation and presentation of this interim financial information in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting.

Emphasis of matter

Without qualifying our conclusion, we draw attention to note 1.2 to the accompanying interim financial information which fully explains matters regarding the Bank's capital shortfall and its future plans including the injection of additional equity to comply with the regulatory capital requirements. Accordingly, the Board of Directors of the Bank is of the view that the Bank would have adequate resources to continue its business on a sustainable basis in the foreseeable future. Further, the Bank has applied to the State Bank of Pakistan for relaxation from minimum capital requirements.

FOR THE HALF-YEAR ENDED JUNE 30, 2010

2.3 These financial statements are separate financial statements of the Bank in which investments in subsidiaries are accounted for on the basis of direct equity interest and are not consolidated.

3. STATEMENT OF COMPLIANCE

3.1 These interim condensed financial statements of the Bank for the six months period ended June 30, 2010 have been prepared in accordance with the requirements of the International Accounting Standard 34 - Interim Financial Reporting, provisions of the Companies Ordinance, 1984, Banking Companies Ordinance, 1962 and directives issued by the SECP and the SBP. In case where requirements differ, the provisions of the Companies Ordinance, 1984, the Banking Companies Ordinance, 1962 and the said directives have been followed.

However, investments have been classified, accounted for and valued in accordance with the requirement of various circulars issued by SBP.

3.3 The disclosures made in these interim condensed financial statements have been limited based on the format prescribed by the SBP vide BSD Circular letter No. 2 dated May 12, 2004 and International Accounting Standard 34, "Interim Financial Reporting" and do not include all of the information required in the annual financial statements. 	Half year ended 30, June 2010 (Rupees '000)
Decrease in other assets	29,496
Increase in deferred tax assets	10,195
Increase in accumulated loss	19,271

The adoption of the above said standards, amendments and interpretations did not have any affect on the interim condensed consolidated financial statements of the Group.

5 BASIS OF CONSOLIDATION

The consolidated financial statements incorporate the financial statements of the Bank and BanIslami Modaraba Investment Limited. All intra-group transactions, balances, income and expenses are eliminated in full on consolidation.

5.1 Business combinations

Acquisition of subsidiary is accounted for using the purchase method. The cost of the business combination is measured as the aggregate of the fair values (at the date of exchange) of assets given, liabilities incurred or assumed, and equity instruments issued by the Bank in exchange for control of the acquiree, plus any costs directly attributable to the business combination. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition under IFRS 3 Business Combinations are recognized at their fair values at the acquisition date.

Goodwill arising on acquisition is recognised as an asset and initially measured at cost, being the excess of the cost of the business combination over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities recognized. If, after reassessment, the Group's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities exceeds the cost of the business combination, the excess is recognized immediately in profit or loss.

**NOTES TO THE INTERIM CONDENSED CONSOLIDATED
FINANCIAL STATEMENTS**
FOR THE HALF YEAR ENDED JUNE 30, 2010 (UNAUDITED)

5.2 Goodwill

Goodwill arising on the acquisition of a subsidiary or a jointly controlled entity represents the excess of the cost of acquisition over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities of the subsidiary or jointly controlled entity recognised at the date of acquisition. Goodwill is initially recognized as an asset at cost and is subsequently measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill is allocated to each of the Group's cash – generating units expected to benefit from the synergies of the combination. Cash – generating units to which goodwill has been allocated will be tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash – generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. An impairment loss recognized for goodwill is not reversed in a subsequent period.
